System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas—Clinton Presidential Records: White House Office of Records Management (WHORM) Alpha Files, Clinton Presidential Records: WHORM Alpha Project, Clinton Presidential Records: WHORM Subject Files, Clinton Presidential Records: WHORM

(CL), Clinton Presidential Records: WHORM (OP), Clinton Presidential Records: White House Staff and Office Files, and Clinton Presidential Records: Automated Records Management System [Email]. The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Alpha file was compiled by the White House Office of Records Management from 1993 – 1996 and is a series of documents arranged by name of persons, organizations, or events. The WHORM Subject file was compiled by the White House Office of Records Management and is a series of categories designated by a letter/number combination. In addition, there are WHORM, WHORM Counsel, WHORM (CL), WHORM (OP), WHORM (Too Late); WHORM (Various Offices); and WHORM (Alpha Project) series. Staff and Office files were maintained at the folder level by staff members within their individual offices and document all levels of administration activity. WHORM files are processed at the document level; whereas, Staff and Office files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. The Automated Records Management System (ARMS) is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential email. The ARMS database is comprised of six sub-series of email records called "buckets." The buckets generally represent a specific White House office. The buckets are titled: NPR for National Performance Review, OPD for Office of Policy Development, POTUS for President of the United States, WHO for White House Office, CEA for Council of Economic Advisers, and Default for emails not associated with an office. The OPD bucket contains email created or received by an individual with an Office of Policy Development (OPD) White House user account. The WHO bucket contains email created or received by individual with an Executive Office of the President White House user account not identified as CEA, NPR, or OPD. The Default bucket contains email created or received by unknown or un-recognized email accounts. Email found within the Default bucket often includes email created or received by offices or individuals outside the Executive Office of the President. ARMS emails are arranged by topic, there-under by bucket, and there-under chronologically by creation date. FOIA 2018-0040-F-F includes WHORM records from these subject codes: [BE003] [Business-Economics-Industry] [BE003-04] [Business-Economics-Communications Industry] [FG006-01] [Federal Government-White House Office] [GI001] [Gifts-From the President] [GI002] [Gifts-To the President] [ME002]
