System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas—Clinton Presidential Records: White House Office of Records Management (WHORM) Subject Files, and Clinton Presidential Records: ARMS Emails. The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Alpha file was

compiled by the White House Office of Records Management from 1993 – 1996 and is a series of documents arranged by name of persons, organizations, or events. The WHORM Subject file was compiled by the White House Office of Records Management and is a series of categories designated by a letter/number combination. In addition, there are WHORM, WHORM Counsel, WHORM (CL), WHORM (OP), WHORM (Too Late); WHORM (Various Offices); and WHORM (Alpha Project) series. The Automated Records Management System (ARMS) was a database that contained email records of the Executive Office of the President. This system held, and allowed access to, unclassified Presidential email. The ARMS database was comprised of seven sub-series of email records called "buckets." The buckets generally represented a specific White House office. The buckets were titled: NPR for National Performance Review, NSC for National Security Council, OPD for Office of Policy Development, POTUS for President of the United States, WHO for White House Office, CEA for Council of Economic Advisers, and Default for emails not associated with an office. FOIA 2020-0753-F includes WHORM records from these subject codes: BE Business – Economics FI004 Budget – Appropriations.
