Subject: I think we should encourage Maria Echaveste and Doris Matsui

to use the meeting next week with service-related nonprofits to not only encourage them to make a Summit commit to Texas Pathfinders but to become our non-profit leaders in the welfare to work effort.

Do you agree? How can we make this happen? Bruce, can you talk to Maria and I'll talk to Doris?

Subject: Re: Legal Boundaries on Welfare to Work Outreach 

Bill--Elena and I reviewed your legal memo and have a couple more questions for you. Better said, here is what we want to do, tell us how it can be done.

We want to identify individuals with the proper stature in the nonprofit and in the religious community who could organize their community around the welfare to work implementation. Such a person might do outreach and identify other like-minded individuals, provide information and technical assistance to businesses and state governments as to the capacity and abilities of the nonprofit and religious communities to aid in the job creation for welfare recipients. How we work with such individuals is very critical. We will want to communicate and provide information regarding creative ideas we discover, refer innovative programs for replication, etc. Please tell us how we can accomplish this. Thank you, Maria and Elena
