TEXT:

Ken tells me that Frank plans to emphasize how we are saving 55,000 kids in press conference in response to questions on childrens' SSI. This is getting a lot of press interest (Pear, Havemann will come to SSA press conference today to cover this).

I wanted to flag this to you because it increases the risk that people figure out we spent \$2 billion and they add it to the fix package total. That \$2b is nowhere in our documents. We can say this is an administrative interpretation, not a policy change, so it shouldn't be added to \$17.9, but it is a risk.

## **ADDITIONAL TALKING POINTS ON CHILDREN'S SSI**

- The Administration's position on this issue reflects the best understanding of Congressional intent.
- It is a middle ground position. It is not the position that disability advocates have urged on the Administration. But it is less harsh than a prior understanding of the law, under which 55,000 additional children would have been cut off.
- This interpretation ensures that severely disabled children and their families are protected under the new law, while tightening standards for the program in accord with congressional intent.
- In addition, the President is proposing legislation as part of his budget to allow all children who lose benefits as a result of this change to retain Medicaid. For many families on SSI, the most valuable part of their benefit is not the monthly cash payment, but Medicaid coverage.

## Supplemental Security Income New Childhood Disability Standard February 6, 1997

The welfare law required SSA to provide a new tightened definition of childhood disability for the SSI program, which provides monthly cash payments and Medicaid for low-income disabled children. SSA was challenged with formulating a standard that both meets the intent of Congress to tighten eligibility and ensures that severely disabled children and their families are protected under the new law. SSA is announcing that standard at 2 PM today.

### SSA's Standard:

- The Administration is confident that the standard in the regulations SSA has developed meets the letter and the spirit of the law in ensuring that needy children with severe disabilities are protected.
- *Numbers:* Of the approximately 950,000 children currently receiving benefits, CBO estimated that between 100,000 and 260,000 children would lose benefits under the new eligibility definition in the welfare law. SSA estimated last year that 190,000 children would lose benefits; **SSA estimates that under its new standard the total number of children who will be removed from the rolls is 135,000 -- in the low range of CBO's initial estimates for the law.**
- *Type of Disability.* Most of those affected under SSA's standard can be categorized as children with less severe mental impairments -- such as less severe learning disabilities or behavioral disorders. The new rules provide guidelines for evaluating more severe impairments -- such as Down's Syndrome, severe mental retardation or autism -- to ensure that such children remain eligible under the new standard. Because disability determination is a complex issue, regulations in this area are difficult and complicated. For a description of the more specific details of the regulation, the SSA Commissioner should be contacted.

### Medicaid Coverage:

- The President is also proposing a legislative change to soften the impact of the eligibility changes. The legislative change would allow disabled children who lose their SSI eligibility under the new definition of childhood disability to retain their Medicaid health coverage -- so that the medical needs of these families continue to be met.

### Ongoing Evaluation:

- SSA will track the effects of the implementation of this law. If they discover that revisions or improvements in the law are needed, they will recommend such changes.

**A BALANCED BUDGET THAT REFLECTS AMERICA'S VALUES.**

President Clinton's budget demonstrates that we can move the country beyond the false choices of the past -- and that we can finish the job of balancing the budget, to lower interest rates and keep the economy growing, while still investing in key priorities such as education that help the American people thrive and our economy grow.

**A DETAILED PLAN TO BALANCE THE BUDGET IN 5 YEARS.**

- **Protect and Strengthen Medicare & Medicaid.** Extend the life of the Medicare Trust Fund well into the next century. Protect the fundamental guarantee of health benefits for the disabled, nursing home residents, & strengthen health coverage for children.
- **Invest in Education -- our nation's number 1 priority for preparing for the next century.**
- **Strengthen environmental protections.**
- **Build on the Vice-President's efforts to make our government work better and cost less.**
- **Provide middle-class tax relief to pay for education, health care, to help raise a child and buy and sell a home.**

**BUILD ON PRESIDENT CLINTON'S RECORD ON DEFICIT REDUCTION.**

- We have cut the deficit by 63% after it had quadrupled during the previous 12 years.
- We now have a smaller deficit as a share of GDP than any other major country in the world.
- FY98 budget builds on this progress and reaches balance by 2002 while investing in the future.

**MEETING REPUBLICANS HALFWAY ON MEDICARE.**

On difficult issues such as Medicare reforms, the President shows that he is serious about reaching a bipartisan agreement to balance the budget.

- **The President's Balanced Budget uses responsible Medicare policies to strengthen the life of the Trust Fund without placing unnecessary burdens on beneficiaries.** The President's plan achieves \$100 billion of savings over 5 years (\$138 billion over 6 years) through several reforms including reducing reimbursement to managed care. The plan also guarantees the solvency of the Part A trust fund until 2007 while maintaining choice and the high-quality of Medicare services.

**TAX CUTS FOR FAMILIES WHEN THEY NEED IT MOST.**

The President's budget provides about **\$100 billion of tax cuts over the next five years** to help families:

- Raise their **children** (\$500 per child),
- Send them to **college** (\$1,500 HOPE Scholarship and \$10,000 tuition tax deduction),
- Save for the **future** (penalty-free withdrawals from IRAs for education and first homes; tax-free savings for education through combined use of the tuition tax deduction and education IRA);
- Buy and sell their **homes by the exclusion of \$500,000 of capital gains** on the sale of the home,
- **Move from welfare** to work with tax incentives to businesses, by allowing employers a 50% credit on the first \$10,000 of annual wages that they pay to long-term welfare recipients.
- And tax incentives to boost **investment** in distressed areas and promote hiring of the economically disadvantaged.

**INVESTING IN THE FUTURE.** The President's budget maintains our critical priorities by increasing our investments in health care, education and training, the environment and science and technology. It also establishes new initiatives important new initiatives to help prepare America for the 21st century.

**Health Care:**

- Helps an estimated **3.2 million families, including 700,000 children**, keep their health care coverage for up to six months until their breadwinners find new jobs.
- Provides **health insurance coverage** for millions of children who are uninsured.
- Invests more in the **Ryan White AIDS program and in biomedical research** at NIH to find ways to prevent and treat diseases.
- Establishes a new **Alzheimer's respite benefit** within Medicare and provides for an **annual mammogram** without copayments.

**Education and Training:**

- Increases funding for **Head Start** by 55%, from \$2.8 billion in FY93 to \$4.3 billion in FY98.
- Increases **GOALS 2000** funding by 26% to help states raise educational achievement.
- Doubles funding to \$500 million next year for the **Technology Literacy Challenge** and a related program to help ensure that all children are technology literate by the turn of the century.
- Includes the largest increase in the maximum **Pell Grant scholarship** in two decades, a \$1.7 billion increase in aid over FY97, and expanded eligibility for at least 348,000 more students.
- Creates the **America Reads Challenge** to help insure that all children can read well and independently by the end of third grade (\$2.5 billion over five years.)
- Creates a \$5 billion new **school construction** fund over four years to spur \$20 billion in school construction and renovation.

**Environment:**

- Funds the **Kalamazoo Initiative** to protect communities from **toxic pollution** by the 2000.
- Increases funds for the **National Park System** to help improve park facilities and further protect our national and cultural treasures.

- Increases funds for the Drug Courts initiative, for drug testing, for the **Safe and Drug-Free Schools** initiative and other programs to fight drugs.
- Funds **7,359 Border Patrol agents** -- 85% more than in FY93 -- to control illegal immigration.

**A BALANCED BUDGET PLAN THAT CLOSES LOOPHOLES AND SPECIAL INTEREST PROVISIONS.**

To protect priorities like Medicare, Medicaid, education and the environment, the President believes we should also be closing loopholes and special interest provisions.

- The President's budget proposes approximately **\$34 billion** of business tax base broadeners, tax loophole closers and tax compliance measures for FY 1998-2002.

**LET'S BUILD ON OUR PROGRESS.**

We have cut the deficit by 63%. Deficit reduction has reduced interest rates, and spurred strong investment and the creation of over 11 million new jobs. Now, we must work together to achieve a real and solid balanced budget that keeps America strong and growing.

## SUMMARY OF TAX CUTS IN THE PRESIDENT'S BUDGET

**\$100 BILLION IN TAX CUTS.** President Clinton's 1998 budget provides nearly \$100 billion of tax cuts through FY 2002, including a child credit for middle-income families; tax cuts for education and training; expanded IRAs; targeted home-ownership tax cut; and tax incentives to boost investment in distressed areas and to promote hiring of the economically disadvantaged.

**MIDDLE-CLASS TAX CUTS (\$90.8 BILLION).** These proposals will help middle-class families pay the bills, raise their children, send them to college, upgrade their skills, and save for retirement.

- **Tax Credit for Dependent Children (\$46.7 billion):** Phased-in \$500 tax credit for dependent children.
- **Education and Training Tax Incentive (\$38.6 billion):** HOPE Scholarship tax credits of up to \$1,500 per year, for first two years of post-secondary education; a \$10,000 tax deduction for post-secondary education and training; income exclusion for forgiveness of certain student loans; and extending the exclusion for employer-provided educational assistance, reinstating exclusion for graduate courses, and providing small businesses a 10% income tax credit for employee education expenses.
- **Expand Individual Retirement Accounts (IRAs) (\$5.5 billion):** Double, over time, the income limits on deductible IRAs; expand penalty-free withdrawals to cover post-secondary education, unemployment expenses, and first-time home purchases; and add new "special" back-loaded IRAs.

**TARGETED HOME-OWNERSHIP TAX CUT (\$1.5 BILLION).** Allow exclusion of \$500,000 (\$250,000 singles) of capital gains from selling a home. This would exempt over 99% of home sales from capital gains taxes and dramatically simplify taxes and record-keeping for over 60 million homeowners.

### TAX INCENTIVES FOR DISTRESSED AREAS (\$2.4 BILLION)

- **"Brownfields" Initiative:** Allow immediate expensing of certain costs to encourage firms to clean up abandoned, contaminated industrial properties in distressed urban & rural areas.
- **Incentives to Empower Communities:** Stimulate revitalization of economically distressed urban & rural communities by designating 20 additional Empowerment Zones and 80 additional Enterprise Communities, providing new tax incentives, additional small business expensing, and new private activity boards.

- **Community Development Financial Institutions (CDFI) Tax Credit:** Provide \$100 million of credits to be allocated among equity investors in community development banks.

**WELFARE-TO-WORK INITIATIVE (\$0.5 BILLION).** To encourage hiring of long-term welfare recipients, provide a new welfare-to-work credit through September 30, 2000. It would allow employers a 50% credit on the first \$10,000 of annual wages that they pay to long-term welfare recipients for up to two years. Also expand the Work Opportunity Tax Credit to include certain able-bodied adults, ages 18-50.

**SMALL BUSINESS AND FARM ESTATE TAX RELIEF (\$0.7 BILLION).** To address cash-flow problems that may arise upon the death of a farmer or small business owner, increase the amount of property eligible for a favorable interest rate on deferred tax from \$1 million to \$2.5 million.

**OTHER INITIATIVES.** Extend for one year expiring tax provisions (R&E credit, Work Opportunity Tax Credit, others) (*\$2.7 billion*). Modify statutes of limitations on tax refunds to treat the disabled fairly (*\$0.05 billion*). Revitalize DC with tax incentives (*\$0.26 billion*) and provide a more efficient and effective tax incentive for Puerto Rico (*\$0.417 billion*). Allow FSC software benefits for computer software licenses (*\$0.56 billion*).

## THE PRESIDENT'S MEDICARE REFORM PACKAGE

President Clinton's balanced budget balances our values and protects our priorities. It achieves \$100 billion in real scorable savings over 5 years, places no undue burdens on beneficiaries, modernizes and improves the program, and extends the life of the Medicare Trust Fund to 2007. This plan meets Republicans halfway -- and they have responded in a constructive and positive manner. The President looks forward to working with both Congressional Democrats and Republicans in a bipartisan process to protect Medicare.

*The President's plan reforms and improves Medicare by:*

- Extending the life of the Medicare Trust Fund to 2007.
- Bringing the program into the 21st century by:
  - ⇒ *Providing more choice by establishing new private health plan options.*
  - ⇒ *Establishing market-oriented purchasing for Medicare including new prospective payment systems and competitive bidding authority and centers of excellence to improve quality and cut back on costs.*
- Adding Medigap protections to increase the security of Medicare beneficiaries.

*The President's plan explicitly:*

- Saves \$34 billion by reducing reimbursement to managed care through a phased in reduction in HMO payment rates and an indirect reduction in HMO payments associated with the traditional fee-for-service cuts.
- Saves \$33 billion in hospital expenditures through reductions in hospital updates, capital payments etc.
- Saves about \$14 billion over 5 years through the transition to and establishment of a new prospective payment system and other programmatic changes in reimbursement to home health care.
- Saves about \$7 billion over 5 years through the transition to and establishment of a new prospective payment system and other programmatic changes in reimbursement to nursing home facilities.
- Saves about \$7 billion over 5 years through a modification of physician updates.
- Saves about \$9 billion over 5 years through new provisions to combat fraud and abuse.
- Saves about \$10 billion over 5 years by extending current law that sets the Part B premium at 25% of program costs.
- Invests \$15 billion over 5 years in preventive health care to improve seniors' health status, in establishing a new Alzheimer's respite benefit starting in 1998 and in buying down excessive outpatient copayments to the traditional 20% level.

## PRESIDENT CLINTON'S RECORD ON DEFICIT REDUCTION

- **CUT THE DEFICIT BY 63 PERCENT.** President Clinton has reduced the budget deficit by 63 percent -- from \$290 billion in FY 1992 to \$107 billion in FY 1996. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **LOWEST DEFICIT SINCE THE EARLY 1970'S.** The deficit has fallen from 4.7 percent of GDP in FY 1992 to 1.4 percent in FY 1996 -- the lowest for any year since 1974. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **LOWEST DEFICIT OF ANY MAJOR ECONOMY.** The total U.S. deficit in 1996 as a percentage of the economy was lower than for any other major country. [OECD, *Economic Outlook*, December 1996.]
- **MAKING GOVERNMENT MORE EFFICIENT.** Federal employment has fallen by 275,000 from its 1993 base. Federal employment as a share of total employment is the smallest it has been since the early 1930's. [Based on data from OMB, *FY 1998 Budget*, February 1997.]

### AS A RESULT OF PRESIDENT CLINTON'S EFFORTS TO REDUCE THE DEFICIT, ECONOMIC PERFORMANCE HAS IMPROVED DRAMATICALLY:

- **INVESTMENT BOOM.** Deficit reduction has lowered interest rates and spurred investment. Equipment investment has grown by 10 percent per year under President Clinton -- faster than any Administration since John F. Kennedy was President. [Based on data from the Bureau of Economic Analysis, Department of Commerce.]
- **EMPLOYMENT BOOM.** Since January 1993, the economy has added more than 11 million new jobs -- a faster rate of job growth than under any Republican Administration since the Roaring 1920's. [Based on data from the Bureau of Labor Statistics, Department of Labor.]
- **THE LOWEST COMBINED RATE OF UNEMPLOYMENT AND INFLATION SINCE JOHNSON.** The combined rate of unemployment and inflation has been lower under President Clinton than for any Administration since Lyndon Johnson was President. [Based on data from the Bureau of Labor Statistics, Department of Labor.]

### THE EXPERTS AGREE THAT ECONOMIC PERFORMANCE HAS BEEN REMARKABLE;

- ✓ **Money Magazine:** President Clinton has "presided over the kind of economic progress any Republican President would be proud to post." [*Money Magazine*, August 1996]
- ✓ **Paul Volcker, former Chairman of the Federal Reserve:** "It's been a remarkable period of steady growth, low inflation and low unemployment." [8/3/96]
- ✓ **Allen Sinai, a leading economic forecaster:** "When the history book on this business cycle upturn is written, it will go down as the best ever, compared with other post-World War II upturns." [10/23/96]

**THE FACTS ON GOVERNMENT SPENDING UNDER PRESIDENT CLINTON**

**SPENDING IS LOWER TODAY UNDER REAGAN OR BUSH:**

- **FEDERAL SPENDING WAS LOWER IN 1996 -- AND IS EXPECTED TO REMAIN LOWER IN 1997 -- THAN IN ANY YEAR SINCE 1979.** Federal outlays as a share of GDP were lower in 1996 than in any year since 1979. And current projections suggest no increase in outlays as a percent of GDP during 1997. Outlays under President Clinton have been a smaller share of GDP than under Reagan or Bush. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **SINCE PASSAGE OF PRESIDENT CLINTON'S 1993 DEFICIT REDUCTION PACKAGE, EXPECTED GOVERNMENT SPENDING BETWEEN 1993 AND 2002 HAS FALLEN BY MORE THAN \$1.4 TRILLION.** The President's budget will cut net spending by an additional \$275 billion by 2002 -- for a total spending cut between 1993 and 2002 of more than \$1.7 trillion. That's about \$25,000 for a family of four. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **GROWTH IN TOTAL FEDERAL SPENDING HAS BEEN LOWER UNDER CLINTON THAN UNDER REAGAN OR BUSH.** Real Federal outlays have grown by 0.7 percent per year under President Clinton -- lower than under President Bush (2.6 percent per year) or President Reagan (2.6 percent per year). [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **WHILE MAINTAINING CRUCIAL INVESTMENTS IN PEOPLE, REAL DISCRETIONARY SPENDING HAS FALLEN UNDER PRESIDENT CLINTON -- A BETTER RECORD THAN UNDER REAGAN OR BUSH.** Real discretionary outlays have *fallen* by 2.5 percent per year under President Clinton -- lower than under President Bush or Reagan. [Based on data from OMB, *FY 1998 Budget*, February 1997.]
- **NON-DEFENSE DISCRETIONARY SPENDING IS NOW A SMALLER SHARE OF THE ECONOMY THAN IN 8 OF THE 12 YEARS UNDER REAGAN OR BUSH.** Non-defense discretionary outlays are now lower than in 8 of the 12 Reagan-Bush years. With the President's balanced budget plan, non-defense discretionary outlays will fall by 9 percent in real terms between 1997 and 2002. [Based on data from OMB, *FY 1998 Budget*, February 1997.]

⇒ **SPENDING GROWTH LOWER UNDER CLINTON THAN UNDER REAGAN OR BUSH**

	<b>Federal outlays (% of GDP)</b>	<b>Real growth in Federal outlays (percent per year)</b>
<b>CLINTON</b>	<b>21.3</b>	<b>0.7</b>
<b>BUSH</b>	<b>22.1</b>	<b>2.6</b>
<b>REAGAN</b>	<b>22.5</b>	<b>2.6</b>

[Based on data from OMB, *FY 1998 Budget*, February 1997.]

**THE CLINTON ADMINISTRATION'S BUDGET ASSUMPTIONS:  
ESTABLISHING A CREDIBLE RECORD OVER THE PAST 4 YEARS**

- **A RECORD OF CREDIBLE FORECASTS.** For the past four years, the Clinton Administration has used middle-of-the-road economic forecasts for budgetary purposes. *For four years in a row, growth has been higher and the deficit has been smaller than we had projected.*
- **ACTUAL DEFICITS HAVE BEEN SMALLER THAN WE PREDICTED.** Between FY 1994 and FY 1996, **the actual deficit has on average been about \$50 billion lower than we had projected the year before.** CBO has been less accurate: their estimates have been off by \$59 billion on average.
- **THE 1996 DATA CONFIRM THE CREDIBILITY OF OUR FORECASTS.** The most recently available economic data confirm the credibility of our forecasts. **Our estimates of growth and the deficit for 1996 were too cautious --** and turned out to be more accurate than the Congressional Budget Office's forecasts.
  - In last year's budget, we projected that real growth during 1996 would be 2.2 percent. But the GDP data released last Friday indicate that growth in 1996 was 2.5 percent (on a year-over-year basis). While both the Administration's forecast and the CBO's forecast were conservative, ours was more accurate (CBO had predicted 2.0 percent). Over the past four years, our real GDP forecasts have been more accurate than CBO's.
  - The FY 1996 deficit was smaller than we had projected. Our projection for the FY 1996 deficit was \$170 billion in February 1994 and \$197 billion in February 1995. CBO's projections were \$177 billion in February 1994 and \$211 billion in February 1995. The actual deficit was only \$107 billion. Again, while both the Administration and CBO forecasts were conservative, ours were more accurate.
- **NO MORE ROSY SCENARIOS.** As in each of the four years that we have been in office, our estimates of growth in 1996 were thus too low and our estimates of the deficit too high -- confirming that the Clinton Administration does not use rosy scenarios for its budget projections.
- **MAINSTREAM PROJECTIONS FOR THE FUTURE.** Our forecasts for the next 5 years are also mainstream and conservative. For key budgetary variables such as GDP growth (2.2 percent per year) and GDP inflation (2.6 percent per year), **our assumptions match those of the Blue Chip private sector consensus.** While we think that the economy can grow faster than these forecasts would suggest, we continue to use prudent projections for budgetary purposes.

Do you know yet if we are going to release the WTW plan, rework it, send up principles to the Hill, or something else? Since the SOTU, I've been fielding a flood of calls on this from both the agencies and outside people/groups. I've managed to avoid saying much of anything on it, but outside pressure for definitive direction from the Administration is mounting. Also, many folks are proceeding on the assumption that what was released at the Convention is the plan, and they are mounting their attacks accordingly (particularly two of our favorites: Bob Greenstein and Wendall Primus).

Any advice?

I don't mind attacks from Bob and Wendell; that will help. I need to sit down with Ken and Gene soon. But I'm adamant that we not send up a bill. We should look at the blue dog bill and see if we can live with it. They're giving mayors 20% of the money.

FYI, he is meeting tomorrow morning with the Washington representatives from the five corporations we've enlisted in the welfare to work effort.

Originally, I was going to speak to them just to give them some background on the issue, but it turns out there is legal problem, so, instead, we recruited Will Marshall to speak to them.

I also put written background info. together for Eli on specifically what corporations can do to put recipients to work -- how the WOTC works, the mechanics of the wage subsidy, using intermediaries, etc.

SUBJECT: Washington state wanting to buy food stamps

TO: Elena Kagan ( CN=Elena Kagan/OU=OPD/O=EOP @ EOP [ OPD ] )  
READ: UNKNOWN

TEXT:

I am delinquent in getting back to you on a question you asked about Washington's request that we sell them food stamps. You asked what was happening, and if it is too late to pursue with USDA the notion of allowing this.

It's not too late. The new Governor still hasn't formally communicated to USDA whether he likes the old Governor's proposal in this area or not, but informally they hear he will probably want it, perhaps in modified form. So there's no rush and it's still active. USDA continues to have major legal doubts and some policy doubts. Ken agrees with you that he'd like to try it if possible. I have a memo from his staff that I will pass along to you. And, as you can see from the attached, Ken is setting up a meeting for next Wednesday with USDA to pursue this further. So, while my slowness may have caused OMB to get the upper hand again in scheduling meetings, perhaps we can make progress together with them on the substance.

(FYI, I suspect a lot of the issue at the meeting will be whether this can be done from a legal perspective.)

The latest from Ashley Raines (Office of Administration) this evening: in an effort to decide whether NEC would build an office like the one planned for Elena, Kathleen Wallman called Sylvia Matthews. Now Sylvia is deciding whether any construction should take place on the second floor with respect to both Elena's office and NEC. Ashley thinks the CoS may make the final decision.

Bruce: it would be helpful for you to call Sylvia and weigh in with her on how important building the office is to you, DPC operations, etc.

The bottom line for now is that the construction is definitely off for this weekend.

Of course, I will be keeping in close contact with Ashley on this. If there is something more I can do, please let me know ASAP. Thanks.
