Subject: Justice letter opposing HR 1252 - Judicial Reform Act

A House Judiciary subcommittee is scheduled to markup HR 1252 tomorrow - June 10th. In clearance is a Justice letter opposing several provisions in the bill including - (1) three judge court for certain injunctions; (2) proceedings on complaints against judicial conduct; and (3) limitation on court imposed taxes.

Justice is going to add a sentence to the letter opposing the bill in its entirety.

I need your comments or sign-off on the Justice letter ASAP - they need to get the letter signed and up to the Hill before the markup tomorrow.

Thanks

Subject: FLSA

At some point this week, we should have a chat about FLSA. I think my boss is (believe it or not) with the Administration on this issue, although I still need to confirm this. If the Majority follows Ways and Means on this issue, my first thought is to try to strike the state option to include other benefits and concede the "not employees" and TANF+food stamps calculation. (I don't have a lot of confidence I can get all the Dems to that position, let alone going any further but we haven't really talked it through yet.) But I wouldn't be surprised if you all want a pure motion to strike.

Moynihan is meeting with McEntee late today. I should have a better sense of where we're at after that. But I don't see a lot of go-to-the-mat labor champs on our committee.

**Good News for American Education at Close of School Year**  
June 9, 1997

**U.S. 4th Grade Students Are Internationally Competitive in Science and Math.** President Clinton announced today the fourth-grade results of the Third International Math and Science Study (TIMSS), which show that U.S. students score above the international average in both science and math, compared with 25 other participating countries. The President welcomed the news, calling the results a good first step toward our national goal of being first in the world in math and science, and a clear indication that our students and schools can compete with those all over the world.

- In science, U.S. students' average score was 565 -- 41 points above the international average science score of 524. U.S. fourth graders were outperformed only by students in Korea, and, in turn, scored higher than students in 19 other countries.
- In math, U.S. students' average score was 545 -- 16 points above the international average of 529. Only seven countries -- Singapore, Korea, Japan, Hong Kong, Netherlands, the Czech Republic and Austria -- outperformed U.S. students, while U.S. students outperform those in 12 other countries.

President Clinton added that these results show that U.S. schools are improving. The mathematics results in particular show gains from a previous international assessment, which had indicated that U.S. students performed below the international average.

**National Standards and Tests for 8th Grade Math Needed for Continued Progress.** While U.S. 4th grade math and science achievement is strong, achievement in 8th grade is relatively weak, especially in math, based on TIMSS results released in November. However, we know that American 8th graders can attain the same high results, or better, if states and school districts make the changes that are necessary: raising expectations, adopting challenging curricula, improving teaching, and holding students and schools accountable for their performance.

The President's proposal for national standards and a national test in math is an essential tool in raising achievement. The test will help parents, teachers and school districts set high expectations and measure progress. It will help identify which schools need help. And it will help determine what works and what doesn't.

The voluntary national test in 8th grade math will be based on the existing, widely accepted National Assessment of Educational Progress (NAEP) test, and will also be linked to TIMSS, allowing students, parents and teachers to see how schools and students did compared with international benchmarks. The new test will help place a sharper focus on the critical late elementary, middle school and junior high school years--precisely the years when U.S. achievement appears to falter. It will also help schools and districts make sure that students have mastered the basics of math, including the essentials of algebra and geometry, by the end of grade 8, to give students the foundation to take tough math and science courses in high school to prepare for college and high-skills jobs.

**Kentucky to Participate in The Voluntary National Tests in 4th Grade Reading And 8th Grade Math.** The President also announced that Governor Paul Patton of Kentucky has asked that Kentucky be included in the voluntary national tests in 4th grade reading and 8th grade math when the tests are first given in the Spring of 1999. Governor Patton joins a growing list of educational leaders in California, Maryland, Massachusetts, Michigan, North Carolina and West Virginia in endorsing the tests.

TEXT:

Lisa Kountoupes called with a quick request for some words to deal with Tanner language reportedly to be accepted by W&M for welfare to work, concerning performance measures and performance bonuses. The language she had did not appear to make any connection between WTW funds and TANF.

As before, my concern is with establishing a way of ensuring that what is achieved with WTW money is additive to what will be achieved with TANF money, and not paying off twice for the same placement. The language in the e-mail below is an effort to give whomever she is talking with something to work with on these points.

These sentences are consistent with the what's been said at the meetings we've had with Haskins and with the Senate Ds, and with what I told you I said to Chad Jenkins and to Ed Lorenzen last week.

Subject: Performance language

Lisa: Here are some sentences that could help make the WTW performance language more effective. Without the texts of the base Tanner, we can't know for sure where they go, but if you send this up and make our point clear, they should be able to fit it in. Its also attached below:

Performance goals for each applicant for Welfare to Work funds (formula

and competitive) shall be increments to the performance levels that will be achieved with TANF funds, based on documentation provided by the applicant.

Performance bonuses shall only be provided based on documented performance that exceeds the performance expected under TANF.

Once performance measures are established for the TANF Performance Fund, the Secretary may modify performance measures and bonus standards for Welfare to Work to be consistent with those TANF Performance Fund measures.

**MONDAY: PRESIDENT PROPOSES LAW TO BAN HUMAN CLONING**

**Today at the White House, President Clinton announces that he is sending to Congress new legislation prohibiting anyone -- in the public or private sector -- from creating a child through human cloning, to make sure scientific exploration is guided by our commitment to human values, the good of society, and our basic sense of right and wrong:**

- In March, after a breakthrough in animal cloning, the President banned the use of federal funds for cloning human beings, urged the private sector to observe the ban voluntarily, and asked the National Bioethics Commission to review the legal and ethical issues raised by the new cloning technology.
- In its report to the President today, the National Bioethics Commission concludes that attempting to clone a human being is unacceptably dangerous to the child and morally unacceptable to society.
- The President is sending legislation to Congress to ban the use of new cloning techniques to create a child. Because these techniques hold out the promise of revolutionary new treatments in other areas, the legislation would not ban their use to clone DNA and cells, nor would it ban animal cloning.
- Until the President signs this legislation, his ban on the use of federal funds for human cloning will stay in effect, and he will continue his call for a voluntary private sector ban.

**SATURDAY: PRESIDENT ANNOUNCES WHITE HOUSE CONFERENCE ON HATE CRIMES, AND JUSTICE DEPARTMENT REVIEW OF FEDERAL LAWS**

**In his weekly Radio Address on Saturday, President Clinton called for an all-out assault on hate crimes -- to conquer the dark forces of hatred and division that still exist in our society, so that we can move forward into the 21st Century as One America:**

- The President condemned crimes of hatred -- committed solely because of the victim's race or religious faith, national origin or sexual orientation, gender or disability -- as "acts of violence against America itself."
- The President announced that he will convene the first White House Conference on Hate Crimes this November 10th -- to take a serious look at the laws and remedies that can make a difference in preventing hate crimes; to highlight solutions that are working in communities across the country, and to continue the frank and open dialogue we need to build One America across all difference and diversity.
- In preparation for the conference, Attorney General Reno has begun a thorough review of the laws concerning hate crimes and the ways in which the federal government can make a difference to help us to build a more vigorous plan of action.
