Agenda Proposal #1
President's Advisory Board On Race
Phoenix, January 13-14, 1998

The meeting on *Race in the Workplace* will focus on three key questions:

How much diversity is there in employment in America and how much has it changed?

Are there continuing disparities in employment? What are the main causes of these disparities?
Does discrimination continue to effect employment opportunities for minorities?

What governmental and non-governmental programs and policies are most effective in addressing the causes of labor market disparities? How much more needs to be done to reduce and eliminate disparities and how long should such programs continue?

Day 1:

- 10:00am - 1:00: The day begins with a meeting of regional corporate leaders, labor union representatives, and employees with Labor Secretary Herman moderating the discussion. The meeting will focus on means by which these entities will increase their involvement in promoting racial diversity in the workplace;
- 2:00 - 4:00p.m: Board members will next visit several local Promising Practices;
- 5:00 - 7:00pm: There will be a meeting with regional leaders of American Indian tribes to hear their concerns.

Day 2: There will be in-depth discussions of the facts and concerns about employment discrimination and disparities followed by an afternoon discussion of methods to redress these problems including a forum discussing the merits of affirmative action and other tools.

- 9:30am-11:30am: The first round table discussion will focus of continuing racial disparities and discrimination in labor markets. This would include a discussion of in employment discrimination making use of the testimony of testers and some current cases.
- 1:30 - 3:30pm: The second round table would focus on potentially useful policies to promote employment diversity including affirmative action. This would include a discussion of whites fears about the employment advancement of minorities; the "perception of loss" and an assessment of "reverse discrimination."
- 5:00 - 7:00pm: The day will conclude with a community forum in which Board members learn of the race concerns in the Phoenix area.

Agenda Proposal #2
President's Advisory Board on Race
Phoenix, January 13-14, 1998

Theme: Race in the Workplace -- despite gains, significant disparities still exist between minorities and whites, and there is still clear evidence of employment discrimination. There is, therefore, a need for carefully-designed responses to address these issues, and we know of a number of promising practices.

Day 1

The primary purpose of the first day is to acquaint Board members with local businesses which exhibit promising practices.

10am - 4pm, ongoing throughout day

Board members arrive and visit different promising practice sites around the area, especially business sites.

5pm - 7pm

Evening forum with tribal leaders (open to the public)-- this forum is part of the outreach that will take place with each board meeting to hear concerns and issues from local people.

Day 2

Instead of going from a local to a national perspective as we did in Fairfax, we could go from a national perspective and then conclude with local leaders (in the corporate forum) signing on to play a leadership role in their communities to address many of the issues raised in the morning session.

9:30am - 9:45am

Statistical overview (Janet Yellen?) showing progress of minorities but continued existence of disparities.

9:45am - 11:45am

Engaging roundtable discussion on key economic opportunity issues, from a national perspective. Experts address key questions, including: why do disparities persist and what can we do about them? Should affirmative action programs continue? Is there reverse discrimination and what can be done about it?

1pm - 3pm

Corporate/Employee Forum -- Secretary Herman would host this group of regional corporate and labor leaders as well as non-union employees. They would discuss what they learned from the morning session and how they might address the issues raised. The objective is to enlist their support to play leadership roles in supporting the President's Initiative on Race.

5pm - 7pm

Community forum for the Board to hear race concerns of local community. Open to public.

**January 13th and 14th
Phoenix, Arizona**

Automated Records Management System
Hex-Dump Conversion

Statement of why we are in Phoenix. Local politician?? Address the negative history and the future potential of this very high growth state.

Day 1

AM

What: Outreach meeting
Who: Corporate; labor; employee
Why: Discuss concerns/questions/input re: race and diversity in the workplace

PM

What: Native American outreach
Who: Tribal leaders
Why: To familiarize the Board with issues in Indian country, with a focus on employment and educational concerns.

Day 2

Both panels would be moderated with Q&A following the second panel. I'm not sure that either should have a Phoenix focus, given that all indications are that there is not much to focus on re: this issue.

AM

What: Panel 1: Is there equal opportunity in employment?
Who: Someone who says **yes**; someone who says **no**; someone who says **depends**.
Could include folks from EEOC and OFCCP who could discuss recent cases, have charts and graphs, etc. (wage gap; income issues; glass ceiling)
Why: To discuss the issue of whether discrimination continues to be a problem.

PM

What: Panel 2: Is affirmative action the answer?
Who: Someone who says **yes**; someone who says **no**; someone who says **depends**.
This panel of labor market experts (economists?) could address questions of White backlash; controlling employer preferences that may be racially motivated; need to overcome old boy network, etc.
Why: To discuss solutions employed to overcome discrimination, and whether they help or hurt racial reconciliation and equal opportunity.

Elena,

I have several big picture things that I need to talk to you about regarding the Race Initiative. I am going to be around most of the day tomorrow (Wed.) and will be available over the week-end (though moving to our new place on Friday, believe it or not). Of course, feel free to call me at home P6/(b)(6) or at Avner's P6/(b)(6) to set something up. [001]
Thanks.

Civil Rights Enforcement

The Administration is committed to strengthening civil rights enforcement across agencies. In the near future, we will focus on increasing funds for civil rights enforcement across agencies, tied to programmatic changes to increase compliance with the laws on the books and the development of new methods of dispute resolution that will allow for claims to be resolved more quickly, without compromising fairness. This will be particularly important in the areas of employment and housing, where we continue to see evidence that racial and ethnic discrimination plays a role in denying opportunities.

Health

The Administration is developing an initiative that will address racial disparities in health care.

Education

The Administration is developing an Education Opportunity Zones initiative. This initiative will provide funding to approximately 25 high-poverty urban and rural school districts to adopt a school reform agenda that includes ending social promotions, removing bad teachers, reconstituting failing schools, and adopting district-wide choice.

Economic Opportunity

The Administration is developing policies to create better economic opportunities for minorities, including . . .

Elena,

I am leaving in a few minutes, so I suppose we can have our conversation about the Race Initiative another day. Actually, I am going to be at my house packing for the rest of the day and into the night and wouldn't at all mind your calling me there to talk. Though I am moving tomorrow (so more or less out of commission) you can call me over the week-end (at my new number: P6(b)(6)). [062]

A lot of my thinking about this has been informed both by conversations with folks at the Initiative and my involvement in the planning of the last Board meeting (Fairfax) and the upcoming meeting in Phoenix. Apparently, the folks at the PIR (including Judy) have had some big picture discussions about the objectives of the Board and the Initiative and have asked to meet with Sylvia about this next week (maybe Monday). I am not sure what the agenda of this meeting is or even if it is going to happen. Either way, we should talk before then.

julie

TEXT:

Elena, I think you know all of this anyway, but here's what I know. The agreement is to spend \$2.5 billion on benefit restorations to legal immigrants. The initial list was:

- (1) food stamps for legal immigrant families with children, regardless of date of entry;
- (2) food stamps for refugees and asylees for 7 years instead of 5;
- (3) Medicaid/CHIP for children who entered the country after the law was signed; and
- (4) food stamps for the Hmong (a compelling group who fought in the Vietnam War).

Most of the cost (\$2 billion) is the first item.

However, immigration advocates that OMB consulted objected strenuously -- particularly Greenstein. They were delighted with the size of the package, but felt we were making a big tactical mistake by leaving out the disabled and elderly (who cost \$400 million). Our rationale for doing so was that they already benefitted from the major SSI/Medicaid restorations enacted this summer, so it's time to help a new group. Greenstein's response is that (1) the disabled/elderly are the Ag Committee's top priority and, if we don't propose this restoration, Congress will have an excuse to ignore this issue altogether; (2) we are spending a lot of money on prospective restorations for families with children that are unlikely to be enacted; and (3) the disabled/elderly are compelling enough that leaving them out entirely leaves us vulnerable as debate on this proceeds.

OMB's solution is a partial restoration for the disabled/elderly -- the non-disabled elderly over 75, and the disabled. This is paid for by deeming sponsor income for those with affidavits of support, plus some other money OMB dug up.

TEXT:

Josh Gotbaum does not have access to his e-mail system this morning and has asked me to forward this note to all of you for him.

Attached is a table of selected Labor/HHS General Provisions related to health that will require policy decisions in order to print the FY 1999 Budget Appendix. Traditionally, the Budget shows the prior year's (i.e., FY 1998 enacted) appropriations language, and brackets language proposed for deletion, and italicizes any new or revised language.

Due to the FY 1999 Budget print schedule, we are requesting your views/comments on these General Provisions by January 5. Please let us know by then whether or not you agree with the recommendations in the attached file, or if you think we need to meet on any of these issues.

The file to the right shows:

1. The FY 1997 enacted language.
2. Our proposed language in the FY 1998 Budget.
3. The FY 1998 enacted language.
4. OMB staff and HHS (where available) recommendations for the FY 1999 Budget.

The provisions we've included are:

1. Needle Exchange - Probably the stickiest issue this year. It will require extensive consultation within the Administration. Detailed background on this issue is included below.
2. Human Embryos/cloning - The recommendation would repeat the FY 1998 Budget policy of deleting the language with a footnote saying we don't recommend addressing this issue in legislation. However, the world of cloning has changed in the past year, and we may need to rethink our position. Detailed background on this issue is also included below.
3. Abortion/Hyde Amendment - We would repeat the FY 1998 Budget policy of deleting the language with a footnote saying we'll work with Congress to address the issue. Note that while the FY 1998 enacted language was more expansive than in past years, we would still recommend returning to the FY 1998 Budget policy.
4. Family Planning - We would repeat the FY 1998 enacted language.
5. Limitation of the use of funds for promotion of controlled substances - We would repeat the FY 1998 enacted language, which is the same as was proposed in the FY 1998 Budget.

CLICK ON THE SECTIONS BELOW FOR BACKGROUND ON NEEDLES AND CLONING

NEEDLE EXCHANGE

Statutory Restrictions on the Use of Federal Funds for NEPs:

Since 1988, US Appropriations or Authorization law has placed a conditional prohibition on the use of Federal funds for the operation of needle exchange programs.

Currently, there are three statutory restrictions on the use of Federal funds for the operation of needle exchange programs:

The Alcohol, Drug Abuse, and Mental Health Administration (ADAMHA) Reorganization Act of 1992, prohibits the use of Substance Abuse and Mental Health Services Administration Block grant funds for needle exchange programs unless the Surgeon General determines that they are effective in reducing the spread of HIV and the use of illegal drugs. The statute does, however, allow Federal research and evaluation of existing needle exchange programs.

Section 422 of the 1996 Ryan White CARE Act reauthorization places a flat prohibition on the use of Ryan White funds for needle exchange.

Sections 505 & 506 of the FY 1998 L/HHS / Ed Appropriations bill read:

505: Notwithstanding any other provision of this Act, no funds appropriated under this Act shall be used to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.

506: Section 505 is subject to the condition that after March 31, 1998, a program for exchanging such needles and syringes (referred to in this section as an "exchange project") may be carried out in a community if (1) the Secretary of Health and Human Services determines that exchange projects are effective in preventing the spread of HIV and do not encourage the use of illegal drugs; and (2) the project is operated in accordance with criteria established by such Secretary for preventing the spread of HIV and for ensuring that the project does not encourage the use of illegal drugs.

This limitation has been in Labor/ H appropriations language in some form since 1990. In the FY 1998 Appropriations bill, the Appropriators split the provision into two provisions and added the six-month moratorium on certification and the language requiring that the exchange programs must be operated in accordance with criteria established by the Secretary.

In the past, the Administration has worked to avoid an outright ban on the use of Federal funds for NEPs (like the current Section 505) and maintain the authority of the Secretary to certify that Federal funds can be used for such programs.

RECOMMENDATION:

There have been several studies done on the efficacy of NEPs in recent years, and there is current data available to meet the first requirement in this language (e.g. that NEPs are successful in preventing the spread of HIV), but HHS maintains that the data on the second provision (that NEPs do not encourage the use of illegal drugs) is still inconclusive. HHS is expecting the results of additional studies on NEPs in the coming year and wants to maintain the Secretary's authority to continue to evaluate the evolving scientific data on this issue and to certify that Federal funds can be used for NEPs.

To maintain maximum flexibility for the Secretary, we recommend bracketing (deleting) Section 506 and modifying Section 505 by re-proposing the language that was proposed in the FY 1998 Budget on this issue:

505: Notwithstanding any other provision of this Act, no funds

appropriated under this Act shall be used to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug unless the Surgeon General determines that such programs are effective in preventing the spread of HIV and do not encourage the use of illegal drugs.

[Note: The words "or syringes" were added in FY 1998 enacted language -- they were not proposed in the 98 Budget. Our recommendation would repeat "or syringes" in the FY 1999 Budget.]

ALTERNATE RECOMMENDATION:

In addition to bracketing section 506, we could add a footnote similar to that placed on the Hyde language deletions: The Administration proposes to delete this provision and will work with Congress to address this issue.

Also, rather than repeat the language in the FY 1998 Budget that gave the authority to certify NEPs to the Surgeon General to the Secretary of Health and Human Services, we could maintain the language that was made by Congress in the FY 1997 Labor/HHS/Ed Appropriations bill that gave such authority to the Secretary of Health and Human Services. This may be something the Administration wants to consider given the upcoming confirmation hearings for Surgeon General nominee David Satcher.

Background on Human Embryos/Cloning

Both the House and Senate L/HHS bills for FY 1998 extended the FY 1996 and FY 1997 appropriations Act ban on using Federal funds on human embryo research, and modified it to include research involving "human diploid cells." NIH staff advise that in practice, this extension does not differ from the original ban on human embryo research and would have no effect on NIH's present research efforts. The words "human diploid cells" were apparently added in an attempt to address cloning.

A diploid cell is produced after fertilization occurs in humans -- it is one stage of a developing embryo. Diploid cells could theoretically be produced via somatic cell nuclear transfer, which is more commonly referred to as "cloning." The FY 1996 and FY 1997 L/HHS Acts barred Federal funding for the creation of human embryos for research purposes or performing research on human embryos that subjects them to significant risk. The prohibition on creating embryos for research purposes would, de facto, prohibit creating a human embryo through cloning technology. This is why including diploid cells in the embryo research ban does not differ practically from banning the creation of human embryos.

The FY 1998 Budget proposed to delete the embryo research ban, stating that the Administration "does not support addressing this issue in legislation." In December 1994, the President had issued a statement barring the use of Federal funds for creating human embryos for research purposes. On June 9, 1997, the President announced that he was sending proposed legislation to the Congress, the "Cloning Prohibition Act of 1997," which would prohibit any attempt to create a human being using somatic cell nuclear transfer. The Administration did not oppose the language in the FY 1998 bill in its letters or SAP's.

Observations: Last year's budget's proposal to delete this provision came before the cloning debate of last spring (e.g., Dolly).
