PRESIDENT CLINTON□, S LANDS LEGACY INITIATIVE:

Forging a Conservation Vision for the 21st Century  
January 12, 1999

President Clinton, in the FY 2000 budget he will submit to Congress, is proposing a \$1 billion Lands Legacy initiative to expand federal protection of critical lands across America, help states and communities preserve local green spaces, and strengthen protections for our oceans and coasts.

This landmark initiative -- a 125 percent increase over FY 1999 funding -- represents the largest one-year investment ever in the preservation of America's lands legacy. It includes \$900 million from the Land and Water Conservation Fund (LWCF), marking the first time any Administration has requested full funding from LWCF, which draws revenues from federal offshore oil sales. To sustain these efforts in the new century, the President commits to work with Congress to create a permanent funding stream beginning in FY 2001.

The Lands Legacy initiative continues the Clinton-Gore Administration's vigorous efforts to save America's natural treasures. And, by providing significant new resources to states and local communities, it forges a new conservation vision for the 21st century -- one that recognizes the importance of preserving irreplaceable pieces of our natural legacy within easy reach of every citizen.

Lands Legacy will be administered by the Department of the Interior (DOI), \$579 million; the Department of Agriculture (USDA), \$268 million; and the Department of Commerce's National Oceanic and Atmospheric Administration (NOAA), \$183 million. It will be coordinated with the \$1 billion Livability Agenda announced by Vice President Gore of January 11 through interagency cooperation and consultation.

In addition, the President is calling on Congress to extend permanent wilderness protection to more than 5 million acres in 17 national parks and monuments, including Yellowstone, Grand Teton, Glacier, Great Smoky Mountains and Cumberland Gap.

#### Saving America's Natural Treasures

**Federal Acquisitions** - The initiative increases federal land acquisition funding through the Land and Water Conservation Fund by 26 percent to a total of \$413 million (\$295 million for DOI, and \$118 million for USDA). In recent years, the Administration has dedicated LWCF funds to protecting Yellowstone National Park from mining, saving ancient redwoods in California's Headwaters Forest, preserving Civil War battlefields, completing the Maine-to-Georgia Appalachian Trail, and acquiring more than 100 other natural and historic sites across the country. Priorities for FY 2000 include acquisition of over 450,000 acres in California's Mojave Desert, 100,000 acres for addition to New England wildlife refuges and national forests, and lands critical to the ongoing restoration of Florida's Everglades.

**Protecting Our Parks** - The President also is calling on Congress to grant permanent wilderness protection to over 5 million acres within Arches, Big Bend, Bryce Canyon, Canyonlands, Capitol Reef, Crater Lake, Glacier, Grand Teton, Great Smoky Mountains, Rocky Mountain, Yellowstone and Zion National Parks; Cedar Breaks, Colorado and Dinosaur National Monuments; Assateague Island National Seashore/Chincoteague National Wildlife Refuge; and Cumberland Gap National Historic Park. Granting these areas the highest level of federal protection available would, in the words of the Wilderness Act of 1964, recognize them as areas "where the earth and its community of life are untrammelled by man, where man himself is a visitor who does not remain."

### Helping States and Communities Preserve Green Spaces

Land Acquisition Grants - Lands Legacy includes \$150 million through LWCF for matching grants to state, local and tribal governments, and nonprofit land trusts, for acquisition of land and easements for urban parks, greenways, outdoor recreations, wildlife habitat, and coastal wetlands. The DOI program retools the LWCF state grants program for "smart growth" and open space preservation. Grants will be awarded on a competitive basis, with priority going to projects consistent with statewide "smart growth" plans.

Open Space Planning Grants - The initiative proposes a new \$50 million program of matching grants to states to develop open space preservation and "smart growth" strategies. States would use a variety of data and tools to identify priority areas for urban development, farmland, and conservation. The program, administered by DOI, would award grants competitively, with priority going to proposals that tie state plans to regional strategies for managing the economy, job growth, and infrastructure development.

Cooperative Endangered Species Conservation Fund - The initiative proposes \$80 million -- a \$66 million increase -- for state and local land acquisition to protect threatened and endangered species. By supporting Habitat Conservation Plans and other flexible tools under the Endangered Species Act, the Fund promotes collaborative strategies that sustain both wildlife and economic development. The program is administered by the U.S. Fish and Wildlife Service.

Forest Legacy Program - To protect private for

Message Creation Date was at 12-JAN-1999 10:33:00

PRESIDENT CLINTON□!,S LANDS LEGACY INITIATIVE:

Forging a Conservation Vision for the 21st Century  
January 12, 1999

President Clinton, in the FY 2000 budget he will submit to Congress, is proposing a \$1 billion Lands Legacy initiative to expand federal protection of critical lands across America, help states and communities preserve local green spaces, and strengthen protections for our oceans and coasts.

This landmark initiative -- a 125 percent increase over FY 1999 funding -- represents the largest one-year investment ever in the preservation of America's lands legacy. It includes \$900 million from the Land and Water Conservation Fund (LWCF), marking the first time any Administration has requested full funding from LWCF, which draws revenues from federal offshore oil sales. To sustain these efforts in the new century, the President commits to work with Congress to create a permanent funding stream beginning in FY 2001.

The Lands Legacy initiative continues the Clinton-Gore Administration's vigorous efforts to save America's natural treasures. And, by providing significant new resources to states and local communities, it forges a new conservation vision for the 21st century -- one that recognizes the importance of preserving irreplaceable pieces of our natural legacy within easy reach of every citizen.

Lands Legacy will be administered by the Department of the Interior (DOI), \$579 million; the Department of Agriculture (USDA), \$268 million; and the Department of Commerce's National Oceanic and Atmospheric Administration (NOAA), \$183 million. It will be coordinated with the \$1 billion Livability Agenda announced by Vice President Gore of January 11 through interagency cooperation and consultation.

In addition, the President is calling on Congress to extend permanent wilderness protection to more than 5 million acres in 17 national parks and monuments, including Yellowstone, Grand Teton, Glacier, Great Smoky Mountains and Cumberland Gap.

#### Saving America's Natural Treasures

Federal Acquisitions - The initiative increases federal land acquisition funding through the Land and Water Conservation Fund by 26 percent to a total of \$413 million (\$295 million for DOI, and \$118 million for USDA). In recent years, the Administration has dedicated LWCF funds to protecting Yellowstone National Park from mining, saving ancient redwoods in California's Headwaters Forest, preserving Civil War battlefields, completing the Maine-to-Georgia Appalachian Trail, and acquiring more than 100 other natural and historic

sites

across the country. Priorities for FY 2000 include acquisition of over 450,000 acres in California's Mojave Desert, 100,000 acres for addition to New England wildlife refuges and national forests, and lands critical to the ongoing restoration of Florida's Everglades.

Protecting Our Parks - The President also is calling on Congress to grant permanent wilderness protection to over 5 million acres within Arches, Big Bend, Bryce Canyon, Canyonlands, Capitol Reef, Crater Lake, Glacier, Grand Teton, Great Smoky Mountains, Rocky Mountain, Yellowstone and Zion National Parks; Cedar Breaks, Colorado and Dinosaur National Monuments; Assateague Island National Seashore/Chincoteague National Wildlife Refuge; and Cumberland

Gap National Historic Park. Granting these areas the highest level of federal p

rotection available would, in the words of the Wilderness Act of 1964, recognize them as areas "where the earth and its community of life are untrammelled by man, where man himself is a visitor who does not remain."

Helping States and Communities Preserve Green Spaces

Land Acquisition Grants - Lands Legacy includes \$150 million through LWCF for

matching grants to state, local and tribal governments, and nonprofit land trusts, for acquisition of land and easements for urban parks, greenways, outdoor recreations, wildlife habitat, and coastal wetlands. The DOI program

retools the LWCF state grants program for "smart growth" and open space preservation. Grants will be awarded on a competitive basis, with priority going to projects consistent with statewide "smart growth" plans.

Open Space Planning Grants - The initiative proposes a new \$50 million program

of matching grants to states to develop open space preservation and "smart growth" strategies. States would use a variety of data and tools to identify

priority areas for urban development, farmland, and conservation. The program,

administered by DOI, would award grants competitively, with priority going to

proposals that tie state plans to regional strategies for managing the economy,

job growth, and infrastructure development.

Cooperative Endangered Species Conservation Fund - The initiative proposes \$80

million -- a \$66 million increase -- for state and local land acquisition to

protect threatened and endangered species. By supporting Habitat Conservation

Plans and other flexible tools under the Endangered Species Act, the Fund promotes collaborative strategies that sustain both wildlife and economic development. The program is administered by the U.S. Fish and Wildlife Service.

Forest Legacy Program - To protect private forest land that provides critical

wildlife habitat and is threatened by development, the initiative proposes

\$50 million -- an increase of more than six-fold -- for matching grants to states for the purchase of permanent conservation easements. Use of protected lands for forestry and compatible activities is permitted. The program is administered by the U.S. Forest Service (USFS), and the proposed funding would protect roughly 135,000 acres.

Urban and Community Forestry - The initiative proposes \$40 million -- a 29 percent increase -- for matching grants to states and communities to establish, maintain, and expand urban and community forests and related green spaces. The program, administered by USFS, operates in partnership with 8,000 volunteer organizations in more than 10,000 communities. The proposed funding would support 75,000 projects in more than 10,000 communities.

Farmland Protection Program - To protect farmland and sustain rural economies, Lands Legacy would provide \$50 million in matching grants to states, communities, tribes and land trusts for the purchase of permanent conservation easements on farmland threatened by development. The program, administered by USDA's Natural Resources Conservation Service (NRCS) was created by the 1996 Farm Bill. Through mid-1998, \$35 million in federal funding had leveraged an estimated \$230 million in easements, protecting about 127,000 acres.

Smart Growth Partnership - Lands Legacy proposes a new revolving loan program to support acquisition of land and easements in rural areas. The Partnership, administered by USDA, would make loans to intermediate borrowers (state, local and tribal governments, and nonprofit corporations), which in turn would loan funds to rural businesses, land trusts and other nonprofit organizations. Proposed funding of \$10 million would support \$50 million in loans. Priorities are supporting "smart growth" strategies and helping owners of underproducing forest land at risk of sale improve forest productivity.

Urban Parks and Recreation Recovery - The initiative proposes \$4 million in matching grants and technical assistance for the restoration of parks in economically distressed urban communities. The program, administered by the National Park Service, awarded over 1200 grants from 1978 to 1995 but has remained unfunded since 1995.

#### Protecting Our Oceans and Coasts

National Marine Sanctuaries - Lands Legacy proposes \$29 million -- a 107 percent increase -- to strengthen protections at 12 marine sanctuaries off California, Florida, Georgia, Hawaii, Louisiana, Massachusetts, North Carolina, Texas, Washington, and American Samoa, and to plan for future marine

sanctuaries. The funding will allow NOAA to accelerate the adoption and implementation of management plans for existing sanctuaries and expand outreach activities with coastal communities.

Coastal Zone Management Act Program - To help promote "smart growth" strategies along America's coasts, the initiative proposes \$90 million, a 55 percent increase, to help states implement Critical Coastal Area Management and Restoration Plans. The matching grants can be used to acquire lands or to undertake other efforts to protect wildlife habitat, protect life and property from coastal hazards, and revitalize ports and urban waterfronts.

National Estuarine Research Reserves System - The initiative proposes \$19 million, a 375 percent increase, to expand a network of critical estuaries representing all the biological regions along America's coasts. NOAA provides guidance and matching funds to states to acquire land, protect resources and conduct research and education. Twenty-two reserves in 19 states and territories manage about 500,000 acres. The proposed funding would double the protected acreage.

Coral Reef Restoration - Lands Legacy proposes \$10.3 million -- a \$10 million increase -- to protect fragile coral reefs from pollution and other human impacts. NOAA, in conjunction with DOI, would restore injured reefs in Puerto Rico, Florida, Hawaii and U.S. territories, and develop a coral nursery to grow donor material for restoration projects.

Coastal Dredge Area Restoration - The initiative proposes \$10 million for NOAA to work with the U.S. Army Corps of Engineers to use material dredged from ports and shipping channels to restore coastal habitats. Dredging is critical to keep shipping lanes open and deepen channels to accommodate larger ships. Reusing dredge spoils benefits the environment and reduces disposal costs.

Fisheries Habitat Restoration - To restore declining fisheries, the initiative proposes \$25 million for NOAA's National Marine Fisheries Service to acquire and protect critical habitat. Efforts would focus on Northeast and Middle Atlantic coast, the Gulf Coast, the West Coast, Alaska, and other regions that participate in the National Estuary Program or have multiple threatened or endangered species.

Message Creation Date was at 12-JAN-1999 10:30:00

PRESIDENT CLINTON AND VICE PRESIDENT GORE:

## A HISTORIC COMMITMENT TO PRESERVING OUR LANDS

January 12, 1999

Today, at the National Arboretum in Washington, D.C., President Clinton and Vice President Gore announce a \$1 billion Lands Legacy Initiative -- the largest one-year investment ever in the protection of America's land resources. This FY 2000 budget proposal -- a 125-percent increase over FY 1999

-- expands federal efforts to save America's natural treasures and provides significant new resources to states and communities to protect local green spaces. To sustain these efforts in the new century, the President commits to work with Congress to create a permanent funding stream beginning in FY 2001.

In addition, the President calls on Congress to extend permanent wilderness protection to more than 5 million acres within 17 national parks and monuments.

This landmark initiative charts a new conservation vision for the 21st century, preserving irreplaceable pieces of our natural legacy within easy reach of every citizen.

Saving America's Natural Treasures. At the start of this century, President

Theodore Roosevelt called on Americans to save the best of our natural endowment for all time. His legacy is seen across the country, in our parks, our forests, and our wildlife refuges. President Clinton has continued to fulfill this vision by protecting Yellowstone Park from mining, creating a 1.7

million-acre national monument in Utah's spectacular red-rock country, and

forging a historic agreement to save ancient California redwoods. The Lands Legacy Initiative expands these efforts with \$442 million for federal land acquisitions. Priorities include:

- Mojave Desert - Acquiring 450,000 acres within and around Mojave and Joshua Tree National Parks.

- New England Forests - Acquiring additional land within national forests and wildlife refuges in Maine, Vermont, New Hampshire and New York.

- Everglades - Acquiring lands critical to ongoing federal-state restoration efforts.

- Lewis and Clark Trail - Protecting the explorers', historic route along the Missouri River.

- Civil War Battlefields - Acquiring lands within Gettysburg, Antietam and other battlegrounds.

Protecting our Parks. In addition, the President is calling on Congress to grant permanent wilderness protection to over 5 million acres within the backcountry of Yellowstone, Grand Teton, Glacier, Great Smoky Mountains, Cumberland Gap and 12 other national parks and monuments, giving these lands

the highest level of federal protection available.

A Conservation Vision for the 21st Century. A new century poses new conservation challenges.

Beyond saving America's "crown jewels," we must work as well to preserve natural wonders in our very backyards that grow scarcer every day.

Protecting

local green spaces helps improve air and water quality, sustain wildlife, provide families with places to play and relax, and make our communities more

livable. Lands Legacy, to be coordinated with the Livability Agenda announced

yesterday by Vice President Gore, provides \$588 million to state and local governments, private land trusts, and other nonprofit groups for:

Land Acquisition Grants - \$150 million in matching grants for land or easements

for urban parks, greenways, outdoor recreation, wetlands, and wildlife habitat.

Planning Grants and Loans - \$50 million in matching grants for open space planning, and \$10 million to support \$50 million in low-interest loans to rural

areas for "smart growth" planning and development.

Farmland Protection - \$50 million for easements on threatened farmland and open space.

Urban Parks and Forests - \$40 million to maintain and expand urban and community forests, and \$4 million to renovate parks in distressed urban neighborhoods.

Forest and Wildlife Protection - \$50 million for easements to protect critical

forest habitat, and \$80 million for habitat conservation plans to protect endangered species.

Protecting our Oceans and Coasts. Lands Legacy includes funds for federal and

state efforts to protect ocean and coastal resources: \$29 million to expand and

protect national marine sanctuaries; \$90 million to states to protect and restore coastlands; \$19 million to states for estuary protections; and \$45 million to restore coral reefs, fisheries and marine habitats.

###

TEXT:

Attached is the concept paper that Andrea and I worked on re: the ESL/Civics initiative. We are still looking at some of the details, but wanted to get your input, etc. The one more substantive question is whether we want to set aside some portion of the money for a state-only competition, and leave the rest for a competition open to CBOs, churches, etc. Education has argued that the state-only set-aside helps institutionalize the effort and promotes states' leveraging existing literacy block grant funds. The down side is, perhaps, less of a community based focus and less money used for direct services (though we could, i suppose, build in a requirement that the funds be used in a way that is community-based and that the bulk of the grant must be used for services).

We are also not sure how much detail on this part of the initiative we would want to release with the budget or whether this initiative will be part of the SOTU. NEC has indicated that they would like to do a larger literacy event, of which this would be a part. We are following up with them to determine if this is for real.

## ENGLISH LANGUAGE AND CIVICS EDUCATION

### Purpose

Many people who are new to America need more than just our welcome: in order to succeed and become full participants in American life, they need to be able to speak and read in English and they need to understand how our American system works -- in the areas of school, work, and community life. The evidence from within immigrant communities demonstrates high levels of enthusiasm for learning English and participating in civic life; however, the demand for instruction in these areas far outweighs the current supply.

Our goal is to help states and communities provide expanded access to high quality English language proficiency instruction, linked to practical instruction in civics, history, and life skills including how to navigate the banking system, the public education system, and/or the workplace. This initiative is designed both to help meet the extraordinary demand for English and civics instruction in immigrant communities as well as to demonstrate the commitment of both immigrants and the larger American society toward full integration of new Americans into our social and civic life.

### Rationale

- There is an increased demand for English language instruction in immigrant communities. English language instruction is the fastest growing component in adult education -- enrollment in ESL has increased 72% over the past ten years. Also, many of the more effective ESL programs teach English in combination with more practical skill building, such as how to navigate school, work, public services, etc.
- The link to civic education promotes "One America" goals -- assisting new immigrants to become full participants in American life.
- Because each community has different needs and different populations of immigrants, we should encourage communities to develop English language / civic education projects tailored to their specific needs and populations.

### Eligible Grantees

States will compete for \$30 million in grants to support ESL/civics instruction on a state-wide basis. These grants would range in value from \$3 - \$5 million. States could then effectively leverage their own ESL funds in support of this initiative. States would be required to provide a match of at least 25% (consistent with the basic grant)

Community-based organizations, local education agencies, tribally-controlled schools, institutions of higher education (including community colleges), public libraries, and other non-profits (such as unions, churches, and schools) would compete for \$40 million in funds. The non-state grants would range in value from \$150,000 to \$1.5 million.

**Automated Records Management System**  
**Hex-Dump Conversion**

Total Funding Level

The initiative would be funded at \$70 million for FY 2000 -- \$30 million for the state competition; \$40 million for the competition that includes community-based organization, etc..

How does it work?

The competitive grant project would be run out of the Department of Education's Office of Vocational and Adult Education (OVAE).

Grants can be used for varied purposes related to the program including English language/civics instruction, staff materials, personnel training, and support services including child care and transportation costs for program participants (if not otherwise available).

We would require a strong accountability component: grant recipients will report semi-annually to the Secretary of Education.

Who can we serve?

With \$70 million, the initiative will be able to provide ESL/civics instruction (for 8-16 weeks) to approximately 150,000 people. **(need to confirm whether there are restrictions on serving only legal immigrants).**

Grant application requirements:

(1) English language education should be linked to instruction on the rights and responsibilities of citizenship (including civics and U.S. history); the rights and responsibilities associated with being residents in their communities; and/or navigating various parts of American life, including how to use the banking system, accessing employment and improving work skills, navigating the public school system, using the public transportation system, accessing child care, dealing with housing issues, voting, paying taxes, etc. Each program should provide a contextualized basis for the language instruction itself.

(2) Proposals should identify how the applicant plans to determine the impact of their program; we will expect applicants to have quality controls to assess the impact of their work. State applicants will need to demonstrate a clear need for increased funds for ESL services in their state.

(3) Applicants should consider ways to effectively link with state or local educational institutions.

(4) Proposals should recognize the unique needs of this population by incorporating flexible and non-traditional approaches, such as evening and week-end hours, technology as a tool to expand access, and workplace and/or community-based sites, etc.

**Automated Records Management System  
Hex-Dump Conversion**

- (5) Encourage the use of volunteers, including Americorps and VISTA volunteers, mentors from the students' country of origin, and the Retired Senior Volunteer Corps.
- (6) Encourage partnerships with employers and/or employer groups to help improve the employment and life skills of their workforce.
- (7) Encourage strong links with existing programs at the state, local, and community level, including education, employment, refugee resettlement, housing, and transportation programs.
- (8) Must demonstrate significant unmet need for these services.

Current Initiatives

The Department of Education currently funds a \$361 million Adult Education basic grant program. Under this program, the states decide how much of their Adult Education money to devote to ESL. Last year, 46% of these dollars (\$166 million) went to ESL programs administered by states. However, in many areas there are long waiting lists.

In FY 99, the Department of Education received \$7 million for ESL demonstration programs. They have not yet decided precisely what to do with it. Some of this money could be used to provide research and evaluation of the various programs funded under this initiative.

For the last five years, the Department of Health and Human Services Office of Refugee Resettlement (ORR) has operated the Community and Family Strengthening Program which addresses the needs of refugees becoming part of the community as well as the community learning about refugees. These projects are designed by the communities to respond to the priorities they determine. However, only about 10% of new immigrants are refugees, so these programs do not reach the vast majority of immigrants.

TEXT:

And here's a list of our welfare announcements overall:

(1) Welfare caseloads have fallen below 8 million (down 43% since he took office and 35% since he signed the welfare reform bill)

(2) 10,000 companies have joined the Welfare-to-Work Partnership,

(3) The federal government has met our goal of hiring 10,000 welfare recipients by 2000 (we have to round slightly to get there)

(4) The budget will include \$1 billion more in Welfare-to-Work funds and to help those welfare recipients still on the rolls who face the greatest challenges get jobs and succeed in the work force, with a new emphasis on increasing the employment of low income fathers so they can better meet their responsibilities to their children.

(5) Announce the availability of \$240 million this spring for the third round of Welfare-to-Work Competitive grants focusing on individuals with the greatest challenges (substance abuse, low basic skills/ESL, disabilities)

(6) 25,000 more welfare-to-work housing vouchers,

(7) \$150 million for Access to Jobs transportation,

(8) \$20 million for Individual Development Accounts,

Andrea Kane

**Caseloads Continue Their Record Declines:** New caseload data show the welfare rolls have fallen below 8 million for the first time since 1969 and have fallen nearly 2 million since last year's State of the Union. The welfare rolls have declined by 43 percent since January 1993, when they stood at 14.1 million, and by 35 percent since their August 1996. The percentage of the U.S. population on welfare is at its lowest in 30 years -- 2.9 percent (in 1968 it was 2.8 ). **The number of people on welfare is at its lowest in 29 years (in 1969 there were 6.7 million people on the rolls).** [Note: we're counting years through 1998 since that's when data is from -- we could probably add another year if we wanted to count through 1999 since that's when we're releasing the data]

	Number of people on welfare (millions)	Decline since taking office (#) (%)	Decline since signing law (#) (%)	Decline since prior SOU (#) (%)	President's Statements
Oath of Office (1/93)	14.1				
Welfare Bill Signing* (8/96)	12.2	1.9 14%			"Today, we are taking an historic chance to make welfare what it was meant to be: a second chance, not a way of life."
1997 State of Union (10/96 data)	11.9	2.2 16%	.3 2%		"Now each and every one of us has to fulfill our responsibility -- indeed, our moral obligation -- to make sure that people who now must work, can work. Now we must act to meet a new goal: 2 million more people off the welfare rolls by the year 2000."
1998 State of Union (9/97 data)	9.8	4.3 31%	2.4 20%	2.1 18%	"Last year, after a record four-year decline in welfare rolls, I challenged our nation to move 2 million more Americans off welfare by the year 2000. I'm pleased to report we have also met that goal, two full years ahead of schedule."
1999 State of Union (9/98 data)	8.0**	6.1 43%	4.3 35%	1.8 18%	

\* These are the actual caseload numbers for August 1996, which were not yet available when the President signed the bill into law. The President's August 1996 statements were based on May 1996 data.

\*\* The actual figures are just under 8 million (7,986,000).

Subject: A reminder about guidance

A plea to those of you who provide guidance. Please remember that our deadline for guidance EVERY DAY is 11:00am unless you hear otherwise. There are no exceptions. It is unfair for us to expect Joe to prepare adequately in less time than the 11:00 deadline provides. If, for some reason, and these cases should be RARE, you absolutely cannot get your guidance in, please call me and let me know WELL BEFORE the 11:00 deadline. Thanks so much.

TEXT:

He still wants to remove "remains committed to protecting tobacco farmers and their communities" and to keep in "to fulfill national commitments" in the Medicaid chapter. he feels strongest about the second, says he worked the language out with Jack but is willing to consider alternative suggestions. I told him no way, we want our edits. He is going to call me again when he returns to the building (he was calling from a loud restaurant which made conversation difficult).

On farmers, he thinks we're making a mistake giving people a sound bite that they quote and follow by saying we did nothing in the budget for them.

On Medicaid recoupment, I think he's totally wrong, but what about proposing back

"work with the states and the Congress to enact tobacco legislation that, among other things, resolves these federal claims in exchange for a commitment by the states to use tobacco money to fulfill national commitments to support national and state priorities including for efforts to reduce youth smoking, public health and children's programs, and affected rural communities"

Protect farmers and farming communities. The Administration remains committed to protecting tobacco farmers and their communities, and is monitoring closely on-going efforts by state, farmer, and industry representatives to provide funding and purchase commitments to tobacco farmers. The Administration will look forward to working with all parties, as needed, to ensure the financial well-being of tobacco farmers, their families, and their communities. Farmers never marketed cigarettes to children; they should be protected.

Since US taxpayers paid a substantial portion of the Medicaid costs that were the basis for much of the state settlement with the tobacco

companies, Federal law requires that the Federal government recoup its share. However, the Administration will again support legislation to waive direct Federal recoupment, if states agree to use a portion of funds from the settlement for programs currently financed by Federal taxpayers. is open to will working with the states and the Congress to enact tobacco legislation that, among other things, resolves these federal claims in exchange for a commitment by the states to use tobacco money to fulfill national commitments for efforts to reduce youth smoking, public health and children's programs, and affected rural communities.
