TEXT:

After last night's rehearsal, we worked with Michael to rewrite the reference to school discipline in an effort to address the point Janet and Minyon raised.

I also called Wade Henderson to get his advice. He said discipline is a concern for all parents, and it was fine to talk about it in the way we discussed, as long as the details of the legislation are sensitive to the concerns you brought up last night. We'll be meeting with civil rights leaders several times over the next several weeks as we write the bill, and we'll make sure to get this right.

Wade thought the Times story on education was terrific, and was glad that we're finally talking about holding states and school districts accountable for results. (He also appreciated the Post story on civil rights enforcement.)

**Q. How will the public health infrastructure initiative outlined in today's Washington Post provide additional services and access to basic health care for the uninsured?**

**A:** By investing \$1 billion over 5 years to better coordinate and provide community-based health services, this initiative will help community health centers, rural health clinics, public hospitals, academic health centers and other providers to pool resources and better target and serve vulnerable populations. A number of communities across the nation (e.g., the Sunset Park Community Health Center, which serves over 80,000 residents of S.W. Brooklyn) have utilized these type of systems to more effectively utilize their limited resources to provide a greater range of services to the uninsured. They are able to offer a much fuller array of primary and preventive care services, including rehabilitation, early intervention programs, health promotion, mental health and substance abuse services. This initiative recognizes the fact that our health care infrastructure is being overburdened by serving increasing numbers of uninsured at a time when indirect subsidies from private and public insurers are decreasing.

*The Employment Non-Discrimination Act ("ENDA").* This bill would outlaw discrimination in hiring, firing and promotions based on sexual orientation. It is designed to protect the rights of all Americans to participate in the job market without fear of unfair discrimination. The Act provides an exemption for small businesses, the Armed Forces, and religious organizations, including schools and other educational institutions that are substantially controlled or supported by religious organizations. The bill specifically prohibits preferential treatment on the basis of sexual orientation, including quotas. President Clinton and Vice President Gore are the first President and Vice President ever to back civil rights legislation for gays and lesbians. President Clinton originally announced his support for the legislation in October, 1995.

**The Hate Crimes Prevention Act.** This measure expands the principal federal hate crimes statute. The current statute prohibits any use of force that is based on a person's race, color, religion, or national origin and that is intended to interfere with certain specified federally protected activities. The Hate Crimes Prevention Act would strengthen and expand the ability of the Justice Department to prosecute hate crimes by removing needless jurisdictional requirements for existing crimes. Further, it would give Federal prosecutors the power to prosecute hate crimes committed because of the victim's sexual orientation, gender or disability. President Clinton originally announced his support for the bill on November 10, 1997 at the first-ever White House Conference on Hate Crimes.

TEXT:

Bruce, thanks for agreeing to call Ray Sheppach, Gov. Hunt, and Gov. Carper today regarding the NYT headline "Clinton to Urge More U.S. Control on Aid to Schools." Please give me and Fred a report once the calls are completed. I need to see the talking points that are put together on this today as well.

I will invite Michael Cohen to join me, Fred, and Chris Jennings for NGA /state DC reps briefing on SOTU tomorrow at 10:30am. The two hot issues I anticipate are Tobacco recouplement and now Education mandates. In the Q/A for education points, I think we need to address the question that will be asked: So, if any state refuses to comply with the President's new "mandate" what are the consequences?

Automated Records Management System  
Hex-Dump Conversion

As part of his FY 2000 budget, the President will propose a series of initiatives that will help families, including benefits for parents who stay at home, subsidies to help families pay for child care, and increased funding for after-school programs.

**Providing Tax Relief to Parents Who Stay at Home.** The President will propose to extend the benefits of the Administration's Child and Dependent Care Tax Credit (CDCTC) to stay-at-home parents with children under one by assuming child-care expenses of \$500 per child per year.

Under current law, the CDCTC is equal to a percentage of the taxpayer's employment-related expenditures for child or dependent care, with the amount of the credit depending on the taxpayer's income. Last year, the Administration proposed to increase the credit from its current rate of 30% for those with incomes under \$30,000 to 50%, and gradually phase it down to 20% at \$59,000 of income. This year's budget reiterates that proposal.

This year, the Administration will propose a new stay-at-home tax credit that builds on our CDCTC proposal by allowing all families, including those where one parent stays at home, with a child under the age of one to have assumed expenses of \$500 per year per child. The maximum benefit for a stay-at-home family with one child under one would be \$250 a year. The President's budget proposal will provide an average tax credit of \$178, at a cost of \$1.3 billion over five years, which will benefit 1.7 million families. In the last Congress, a number of members in both parties put forward child care initiatives which included similar stay-at-home tax credits. Such bills were proposed by Senators Chafee and Hatch, Senator Dodd, and Representatives Levin and Kennelly.

An Example:

A couple with \$30,000 in annual income in which one parent stays at home, would be able to claim \$500 in assumed child care expenses. At this income level, they would now be able to take 50% of those expenses as a credit, thereby enabling them to receive a \$250 tax credit.

**Giving Greater Tax Relief for Child Care to Three Million Working Families.** The Child and Dependent Care Tax Credit provides tax relief to taxpayers who pay for the care of a child under 13 or a disabled dependent or spouse in order to work. The credit is equal to a percentage of the taxpayer's employment-related expenditures for child or dependent care, with the amount of the credit depending on the taxpayer's income. The President will propose to increase the credit for families earning under \$60,000, providing an additional average tax cut of \$345 for these families and eliminating income tax liability for almost all families with incomes below 200% of poverty (\$35,000 for a family of four) that claim the maximum allowable child care expenses. The President's budget will include \$5 billion over five years to expand the Child and Dependent Care Tax Credit for nearly 3.3 million working families paying for child care.

**Expanding the Child Care Block Grant to Create Better, Safer and More Affordable Child Care:**

- **Providing Child Care Subsidies to More than One Million Additional Children:** The President will propose to expand the Child Care and Development Block Grant to help

**Automated Records Management System**  
**Hex-Dump Conversion**

working families struggling to afford child care. This block grant is the primary federal subsidy program to pay for child care, enabling low-income parents to work. Funds are distributed by formula to the states to operate direct child care subsidy programs, as well as to improve the quality and availability of care. Today, however, millions of families who are eligible for assistance with their child care costs do not receive any help. In FY 1997, states provided child care assistance to only 1.25 million of the 10 million low-income children eligible for assistance. The President's budget will increase funding for child care subsidies by \$7.5 billion over five years, enabling the program to serve an additional 1.15 million children by FY 2004.

- **Promoting Early Learning:** The President will propose to increase the block grant to provide challenge grants to communities (distributed by states) to improve early learning and the quality and safety of child care for children ages zero to five. Research shows that children's experiences in the earliest years are critical to their development and ability to reach school ready to learn. The President's budget will provide \$3 billion over five years to help get children ready to learn.
- **Improving Child Care Quality:** Last year, Congress fully funded the President's request to increase investment in improving child care by providing States with additional resources for quality enhancement efforts such as performing inspections of child care facilities, providing resource and referral services for parents, assisting providers with training and scholarships, and creating networks for family day care providers. The President's FY 2000 budget will provide \$173 million for this initiative.

**Creating New Child Care Tax Incentives for Businesses.** The President will propose to create a new tax credit for businesses that provide child care services for their employees, by building or expanding child care facilities, operating existing facilities, training child care workers, or providing child care resources and referral services. The credit covers 25% of qualified costs, but may not exceed \$150,000 per year. The President's budget will include approximately \$500 million over five years for these tax credits.

**Serving over a Million Children through After-School.** The President will propose to triple funding for the 21st Century Learning Center Program, which supports the creation and expansion of after-school and summer school programs throughout the country. The program increases the supply of after-school care in a cost-effective manner, primarily by funding programs that use public school facilities and existing resources. In awarding these new funds, the Education Department will give priority to school districts that are ending social promotion by requiring that students meet academic standards in order to move to the next grade. The President's budget will include \$600 million in FY 2000 to help roughly 1.1 million children each year participate in after-school and summer school programs.

Md. Mortgage Co. Disputes Clinton

Filed at 5:43 a.m. EST

By The Associated Press

COLUMBIA, Md. (AP) -- A mortgage company is disputing an  
announcement by the Clinton administration that it has agreed to  
a \$6.5  
billion settlement of discrimination accusations.

The head of Columbia National Inc. denied that the company, the  
Department of Housing and Urban Development and the Fort Worth  
Human Relations Commission reached a settlement.

Chief Executive Officer Dave Gallitano said the only agreement with HUD is to continue the company's mission to bring home mortgage loans to low-to-moderate income families.

"The statements released by the White House and HUD are inaccurate and very misleading," Gallitano said in a statement.

Columbia National was accused of violating the Fair Housing Act by making too few loans to minority or low-to-moderate income families.

President Clinton announced the settlement Monday in a tribute to Martin Luther King Jr., saying the Columbia, Md.-based lender agreed to make \$6 billion in home mortgage loans available over five years to minorities and low- to moderate-income families in 28 states.

The company also will spend \$529 million on programs designed to increase home ownership among minority and poor families, the president said.

But Columbia National said the \$6.5 billion figure actually represent the "volume of loans we made over the past five years." It said it was told HUD had made no finding of discrimination.

TEXT:

If it's not too late, I'd suggest the following changes to what Cynthia sent over on Friday to reflect what's now in the speech and the \$1 billion WTW amount released to the Post . I've mentioned these to Ruby for her talking points as well.

Welfare Rolls Decline as More Recipients go to Work

The President announced that the percentage of the U.S. population on welfare is at its lowest level in 30 years and the welfare rolls have fallen by nearly half since the President he took office. The percent of welfare recipients working has tripled since 1992 and all states met the first work participation rates required under the welfare reform law. Two years ago the President challenged the business community to create jobs so that people can move from welfare to work. Today, 10,000 companies of all sizes, industries, and from all regions have joined the Welfare to Work Partnership and are successfully hiring and retaining hundreds of thousands of former welfare recipients.

Additional Welfare-to-Work Assistance for Those Who Need it Most

The President announced that he will propose \$1 billion in additional funding for his Welfare-to-Work program to ensure those remaining on the welfare rolls who face the greatest challenges can succeed in the workforce and to increase the employment of low-income fathers so they can better support their children. This funding will help 200,000 people move from welfare to work and will help increase child support collections, which have gone up 80 percent since 1992.

**SAVING SOCIAL SECURITY NOW  
AND  
MEETING AMERICA'S CHALLENGES  
FOR THE 21st CENTURY**

**In His State of the Union Address, President Clinton Put Forward His Framework To Save Social Security Now, While Meeting America's Challenges for the 21st Century.** The President and Vice President's framework strengthens Social Security by:

- Transferring 62 percent of the projected budget surpluses over the next 15 years -- more than \$2.7 trillion -- to the Social Security system.
- Investing a portion of the transferred surpluses in the private sector to achieve higher returns for Social Security -- just as any state or local government, or private pension does -- after working with Congress to **devise a mechanism to ensure that the investments are made independently and without political interference. We will support using a broad-based neutral approach managed by the private sector with minimum administrative costs.**
- Keeping Social Security solvent until 2055.
- Calling for a bipartisan effort to make the hard-headed but sensible and achievable choices needed to save Social Security until at least 2075. As part of this effort, President Clinton and Vice President Gore believe that we must:
  - Reduce poverty among elderly women -- particularly widows, who have a poverty rate nearly twice the overall poverty rate for older Americans.
  - Eliminate the confusing and out-dated earnings test so that we stop discouraging work and earnings among older Americans.

**After Social Security Reform Is Secured -- Consistent With the President's "Save Social Security First" Commitment -- the President Proposes To:**

- **Strengthen Medicare for the 21st Century.** The President's framework will reserve 15 percent of the projected surpluses for Medicare, ensuring the Medicare Trust Fund is secure for 20 years. The President believes that these new resources should be used to help achieve broader, bipartisan reforms -- which should include a prescription drug benefit.
- **Create New Universal Savings Accounts -- USA Accounts.** The President's framework will reserve 11 percent of the projected surpluses to create new Universal Savings Accounts (USAs) so all working Americans can build wealth to meet their retirement needs. To help Americans save and to strengthen our current pension system, the government will provide an equal dollar contribution for most Americans. In addition, the government will match a portion of each additional dollar an individual puts voluntarily into his/her USA account -- with larger matches going to lower-income workers.
- **Prepare America for the Challenges of the Future.** The President's framework will reserve 11 percent of the projected surpluses for military readiness and pressing national

domestic priorities, such as education and research.

**Automated Records Management System  
Hex-Dump Conversion**

**SAVE SOCIAL SECURITY NOW:  
STRENGTHENING SOCIAL SECURITY FOR THE 21st CENTURY**

**In His State of the Union Address, President Clinton Put Forward A Framework To Strengthen Social Security Now.** Since its creation more than 60 years ago, Social Security has been a bedrock of retirement security for Americans. There are 76 million baby boomers looking ahead to retirement. By 2030, there will be twice as many elderly as there are today, putting pressure on the Social Security system. After 2032, if we do nothing, the Trust Fund will be exhausted and Social Security will have only enough resources to cover 72 cents per dollar of promised benefits. President Clinton and Vice President Gore believe we must act now to tackle this tough, long-term challenge. That is why they are proposing to:

**Use the Budget Surplus To Save Social Security Now**

- **“Saving Social Security First.”** Last year, in his State of the Union Address, President Clinton promised to save the budget surplus until we knew how much would be needed to save Social Security for the 21st century. This year, in his State of the Union Address, President Clinton reiterated his pledge to save Social Security first -- committing to reserve the budget surplus until Social Security reform is secured.
- **62 Percent of the Projected Budget Surpluses Will Be Used to Save Social Security.** President Clinton proposes to transfer 62 percent of the projected budget surpluses over the next 15 years -- more than \$2.7 trillion -- to Social Security.

**Invest A Portion of the Surpluses To Achieve Higher Returns for Social Security**

- **Invest Portion of Surpluses To Achieve Higher Returns, Working With Congress to Devise A Mechanism to Ensure Independent and Non-Political Investments.** We want to work with Members of Congress from both sides of the aisle to craft a bipartisan Social Security plan which invests a portion of the surplus transferred to Social Security to achieve higher returns, and includes **a mechanism to ensure that investments are made independently and without political interference.** We will support using a **broad-based neutral approach managed by the private sector with minimum administrative costs.**
  - To achieve higher returns for Social Security, less than one-quarter of the transferred surpluses will be invested in the stock market.

**Save Social Security Until 2055 -- And Work Together To Save It Until At Least 2075**

- **President’s Framework Keeps Social Security Solvent Through 2055.** By transferring 62 percent of the projected surpluses for the next 15 years to Social Security and investing a portion of them in the market -- just like any private or state or local government pension

does -- we will ensure that Social Security is on sound footing for 55 years -- until 2055.

- **Must Work Together -- Across Party Lines -- To Make Hard-Headed, But Sensible and Achievable Choices To Save Social Security for 75 Years.** President Clinton's goal is to save Social Security for 75 years. To do so, he believes we must work together in a bipartisan way to make the hard-headed, but sensible and achievable choices to save Social Security through at least 2075.

#### **Publicly Held Debt Will Fall To Lowest As Share of GDP Since 1917**

- **Turning Around America's Fiscal Position.** Under Presidents Reagan and Bush, the debt held by the public quadrupled, rising from \$785 billion in 1981 to \$3.2 trillion in 1993. As a share of the economy, the publicly held debt increased from 26 percent in 1981 to 50 percent in 1993. Since President Clinton took office, the publicly held debt as a share of GDP has dropped to about 45 percent.
- **Debt-to-GDP Ratio Will Fall to Lowest Level Since 1917.** Under the President's framework, current projections suggest that the publicly held debt, as a share of GDP, will fall from about 45 percent today to less than 10 percent in 2014 -- its lowest level since 1917.

#### **Reduce Poverty Among Elderly Women -- Particularly Widows**

- **Poverty Rates Among Elderly Women -- Particularly Widows -- Remain High.** The poverty rate for all elderly women was 13.1 percent in 1997. For widowed women, poverty rates are especially high: the poverty rate is 18.0 percent for widowed women -- nearly four times the poverty rate of married women (4.6 percent) and much higher than the poverty rate of widowed men (11.4 percent).
- **President's Framework Would Lower Poverty Rates Among Elderly Women -- Especially Widows.** Currently, widow benefits vary from 50 to 67 percent of benefits for a married couple when both members were alive. The official poverty thresholds imply that a widow needs over 75 percent of a couple's income to maintain her pre-widowhood consumption. This is a key reason why widow poverty is so much higher than overall elderly poverty. The President is committed to reducing the loss of Social Security income at widowhood.

#### **Eliminate the Out-Dated and Confusing Earnings Test**

- **President Clinton Believes We Should Eliminate The Earnings Test.** President Clinton believes that the earnings test has outlived its use. Today, it primarily serves to confuse people, and to discourage them from working. We want to work with Members of Congress to eliminate the earnings test as part of a comprehensive package to strengthen Social Security for the 21st century.

- **Earnings Test Should Be Eliminated Because It Is Out-Dated And Confusing -- And It Discourages Work and Earnings Among the Elderly.** The Social Security earnings test is a confusing relic of a past era. It discourages the elderly from working. It is administratively complicated; administering the earnings test imposes significant administrative burden on the Social Security Administration. Finally, eliminating the earnings limit would have almost no effect on the long-run actuarial balance of the Social Security system.

**MEETING AMERICA'S CHALLENGES  
FOR THE 21st CENTURY**

**After Social Security Reform Is Secured -- Consistent With the President's "Save Social Security First" Commitment -- The President Proposes To Meet The Following Three Challenges:**

**STRENGTHENING MEDICARE FOR THE 21st CENTURY**

**RESERVE 15 PERCENT OF THE PROJECTED SURPLUSES FOR MEDICARE, EXTENDING THE LIFE OF THE MEDICARE TRUST FUND UNTIL 2020.**

- **We Must Prepare for the Health Care Challenges of the Next Century.** In its 30-year history, Medicare has contributed to longer lives and better lives for America's elderly and disabled. However, Medicare -- like Social Security -- will be impacted by the tidal wave of the "Senior Boom." Its enrollment is expected to double by 2030. In addition, Medicare -- as well as the private sector -- faces escalating health care costs. As a result, the Medicare Trust Fund is expected to run out in 2008, if no actions are taken.
- **Reserving Nearly One in Six Dollars of Surplus to Help Keep Medicare Safe Until 2020.** The President's framework would reserve 15 percent of the projected surpluses -- \$650-\$700 billion -- over the next 15 years for the Medicare Trust Fund. These funds would be prohibited from being used for any other purpose, ensuring that the money will go to help the health care needs of older and disabled Americans. Even in the absence of broader reforms, the President's framework would guarantee that Medicare can continue to provide its critical health services until 2020 -- doubling the life of the Medicare Trust Fund and providing the strongest outlook in the last 25 years.
- **New Funds Should Be Used To Help Achieve Broader, Bipartisan Reform.** The President believes that the Medicare Commission and Congress should utilize these new dedicated dollars as part of broader, bipartisan reforms. Such reforms, including the development of a long-overdue prescription drug benefit, are essential to provide efficient health care to the elderly and people with disabilities in the 21st century.

**UNIVERSAL SAVINGS ACCOUNTS (USAs)**

**RESERVE 11 PERCENT OF THE PROJECTED SURPLUSES TO CREATE NEW UNIVERSAL SAVINGS ACCOUNTS (USAs) SO EVERY WORKING AMERICAN CAN BUILD WEALTH AND A NEST EGG TO MEET THEIR RETIREMENT NEEDS.**

- **USA Accounts Will Help Americans Build Wealth for Their Retirement -- Strengthening Personal Savings and Pensions.** To help supplement Social Security, the President proposes to create USA accounts to help strengthen two legs of retirement security: personal savings and pensions. Under the President's framework, we will reserve 11 percent of the projected surpluses over the next 15 years -- averaging about \$33 billion per year -- to create Universal Savings Accounts (USAs), so that every working American can build wealth and a nest egg for retirement.
- **We Want to Work With Congress And Experts To Determine Precisely How USA Accounts Will Be Structured So That They Are Progressive And Help Working Americans Save for Retirement.** President Clinton believes the government should provide most Americans with a flat contribution. In addition, the government will match a portion of each dollar an individual puts into the account -- with larger percentage matches going to lower-income workers. However, we want to work with Members of Congress and pension and personal savings experts, to ensure that USA accounts build on the current private-sector pension system, are progressive, and help working Americans save for their futures. Therefore, the exact size of the contributions, match rates, and income limits will be determined later.

**MILITARY READINESS AND  
OTHER CRITICAL INVESTMENTS IN AMERICA'S FUTURE**

**RESERVE 11 PERCENT OF THE PROJECTED SURPLUSES FOR MILITARY READINESS AND PRESSING NATIONAL DOMESTIC PRIORITIES, SUCH AS EDUCATION AND RESEARCH.**

- **Ensuring That America's Military Continues to be Ready for the Challenges of the 21st Century.** Early in January, President Clinton proposed a bold, new strategy to ensure that America's military continues to be fully prepared to protect our national interests as the world's most powerful fighting force. President Clinton believes this approach will provide the resources to meet his proposed detailed blueprint for military readiness.
- **Ensuring We Meet Other Critical Investments In America's Future.** In addition to military readiness, the setting aside of 11 percent of the projected surpluses -- nearly \$500 billion -- will allow America to meet its other critical investment needs, such as education and research.

TEXT:

There is a Native American component to two of the initiatives which are not mentioned in the paragraphs:

1. Under "Recruiting Outstanding New Teachers for Our Nation's Public Schools," there is also a new initiative that funds 1000 new Native American teachers who will teach in areas of high concentrations of Native Americans.

2. Under "Modern School Buildings to Improve Student Learning," there is also a component that allows tribes and tribal organizations to issue bonds to build and renovate BIA-funded schools.
