TEXT:

Q Any kind of FDA announcement today, food safety announcement?

MR. MCCURRY: There's no food safety announcement today. I think it's been reported various places that the White House is considering a new initiative to ensure the safety of fruits and vegetables consumed by the American public, especially those that come from foreign sources. The White House is considering that, and I do expect the White House will announce something soon about steps the President wants to take to direct the FDA to issue better guidance on agricultural practices and good manufacturing practices. And the President will likely have some things to say about legislation that will improve the FDA's authority to regulate imported fruits and vegetables coming from other countries in a way similar to what the USDA already does with respect to meat products -- meat and poultry products.

Q When might that be?

MR. MCCURRY: Sometime next week perhaps.

Per our discussion this afternoon on Race Initiative next steps, Judy mentioned that the Initiative Staff will distribute a draft one-page workplan in each of the different areas to serve as starting points for discussion. Attached is a draft workplan for the policy working group with some ideas on goals, process, products, and resources. Please take a look and give me any comments so that I can incorporate your ideas before our Wed. 1PM meeting. Thanks. ===== ATTACHMENT 1 =====

I have used the DPC policy teams as the basic structure to assign individuals on my Policy Planning and Research staff to different policy areas as follows:

Education - David Campt and Scott Palmer

Economic Opportunities (including housing) - John Goering and Ana Lopez

Health - David Campt

Administration of Justice - John Goering

These are preliminary assignments but I think it will help us get started. Please include me in the various subgroup meetings for the time being so that I can get a broad sense of where we are going. But I will generally depend on our staff here for more detailed feedback. Thanks. We are all looking forward to working with you on these issues.

Although this is NOT yet public information, the White House plans to announce on Tuesday, October 14, that the President has used his line-item veto authority on the Defense appropriations bill.

To help you explain the President's decision to your constituencies, OMB's Jack Lew and Gordon Adams will hold a briefing on Tuesday morning, 9 a.m., in the Roosevelt Room, to outline the particulars.

We hope you find the briefing useful. We are trying to respond to the concerns that many of you raised about having a sufficient heads-up and understanding beforehand, so you can better do your own thing.

Please let me know whether you think we've left anyone off this list.

**PRESIDENT CLINTON USES LINE-ITEM VETO
ON DEFENSE APPROPRIATIONS ACT OF 1998**

October 14, 1997

- President Clinton used the line-item veto today to cancel 13 projects in the Defense Appropriations Act of 1998.
- The President's action will save \$144 million in budget authority in 1998.
- The Defense Appropriations Act included funding for over 750 projects, costing about \$11 billion, that the President did not request in his 1998 budget.
 - The Administration carefully reviewed those unrequested projects and found that while most of them have merit, some do not.
- The Administration has chosen criteria that are appropriate to each appropriations bill under review.
- For the Defense Appropriations Act, the President considered such factors as:
 - **whether he requested the projects in his 1998 budget,**
 - **whether they contribute to our national security, and**
 - **whether they fit with our long-range defense plans.**
- The President's action will in no way adversely affect our military capability, the readiness of our forces, or their operations in defense of our Nation.
 - The Defense Department has determined there is no national security requirement for these projects.
- The President left thousands of projects in the bill, including the vast majority that Congress added, reflecting his commitment to the military readiness of American forces and Congress' role in shaping appropriations bills.
 - In fact, his actions mean that he has agreed to a net addition of about \$1 billion in Defense Department funding above the level in the Bipartisan Budget Agreement.

THE LINE ITEM VETO ACT

- o **Scope of Authority.** President may cancel any item of discretionary or direct spending or any limited tax benefit, if he sends a special message to Congress identifying the item within 5 days (excluding Sundays) of signing the bill containing the item.
- o Cancellations transmitted to Congress are effective upon receipt by Congress, and remain effective unless overturned by a disapproval law.
- o The item veto may only be used on items in bills the President signs --he may not veto items that become law without his signature.
- o **Definition of Item.** The President may cancel (not reduce) whole individual "items" of discretionary spending --defined as any dollar amount in an appropriations bill or report, or any amount required to be allocated by a specific proviso in a bill or represented separately in explanatory text in a report.
- o President may cancel only the amount of spending --not conditions or restrictions on spending.
- o The President may also cancel any "item of new direct spending" --defined as a specific provision of law estimated to result in an increase in direct spending, relative to the baseline.
- o **Limited Tax Benefits.** "Limited tax benefits" that may be canceled include only revenue-losing provisions applying to 100 or fewer beneficiaries in a fiscal year (where the beneficiaries are not similarly treated), or transitional relief to 10 or fewer beneficiaries. Congress may specify in tax legislation whether the bill contains any provisions subject to cancellation authority.
- o **Lockbox.** Includes a "lockbox" mechanism: discretionary cancellations trigger automatic cap reductions, and paygo savings from cancellations are not put on paygo scorecard.
- o **Congressional procedure.** The Congress has 30 session days following a cancellation message to consider disapproval legislation, under expedited procedures.
- o Disapproval bills introduced in the House must disapprove all cancellations made with respect to a particular law. Bills introduced in the Senate may select particular cancellations. However, the bills may be amended in both chambers to alter the list of cancellations.

Automated Records Management System
Hex-Dump Conversion

- o **Effective dates.** Item veto authority became effective on January 1, 1997 and will sunset on January 1, 2005.

**CANCELLATION OF
DOLLAR AMOUNT OF DISCRETIONARY BUDGET AUTHORITY
Report Pursuant to the Line Item Veto Act, P.L. 104-130**

Bill Citation: "Department of Defense Appropriations Act, 1998" (H.R. 2266)

1(A). Dollar Amount of Discretionary Budget Authority: \$30,000 thousand for Operation and Maintenance, Air Force project "SR-71" on page 75 of House Report 105-265 dated September 23, 1997.

1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would provide manning, operations and support to sustain SR-71 training requirements during fiscal year 1998 and provide for a 30-day operational deployment capability. The SR-71 is a high-speed, high-altitude, long-range, multi-sensor, all-weather, wide-area surveillance aircraft. **There is no military requirement to continue to operate the SR-71. The project is being canceled because it was not requested in the President's FY 1998 Budget and the Department of Defense has determined that it would not make a significant contribution to US military capability.**

1(D). Estimated Fiscal, Economic, and Budgetary Effect of Cancellation: As a result of the cancellation, Federal outlays will not increase, as specified below. This will have a commensurate effect on the Federal budget deficit and, to that extent, will have a beneficial effect on the economy.

1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would modify cameras, enhance radar processing, install a Global Positioning System navigation system, and improve electronic intelligence for the SR-71 reconnaissance aircraft. The SR-71 is a high-speed, high-altitude, long-range, multi-sensor, all-weather, wide-area surveillance aircraft. There is no military requirement to continue to operate the SR-71. The project is being canceled because it was not requested in the President's FY 1998 Budget and the Department of Defense has determined that it would not make a significant contribution to US military capability.

1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: The President's FY 1998 Budget supports ongoing work to demonstrate and export new environmentally acceptable technology to the industrial base and to train the industrial base on the use of new technology. The appropriated increase would support life-cycle environmental and manufacturing technologies research specifically related to weapons systems and munitions technology assessment and analysis. The Army does not believe this additional research merits funding at this time.

1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would research and develop alternative fuel cell technology that converts chemical energy to electricity. It has primary applications for the Department of Energy which has responsibility for alternative energy research. The project is being canceled because it was not requested in the President's FY 1998 Budget and the Department of Defense has determined that it would not make a significant contribution to US military capability.

1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would research less-invasive surgery techniques that could potentially result in faster healing, less hospital time, and reduced costs. However, the Department already funds microsurgery programs with specific military applications. The project is being canceled because it was not requested in the President's FY 1998 Budget and the Department of Defense has determined that it would not make a significant contribution to US military capability.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would research a new machine that delivers radiation therapy for cancer treatment. The appropriated funds constitute a grant to a private organization for medical research that should be funded through a peer review process. The project is being canceled because it was not requested in the President's FY 1998 Budget and the Department of Defense has determined that it would not make a significant contribution to US military capability.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project is intended to enable the Navy to achieve further cost reductions in the application of a magnetorestrictive, iron/terbium/dysprosium alloy for new high performance sonar systems. This effort is to be undertaken through a partnership between any entity which has made a financial commitment and has experience in the production of the alloy and the National Center of Excellence in Metal Working Technology. 1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would continue development, testing, and calibration of components for a mobile, high power broadband acoustic surveillance source that is based upon the adaptation of commercial air-gun technology. Technical review in the Department of Defense has concluded that this technology will not be effective, except in shallow water regions where there are no current requirements. 1(C),(E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: This project would develop a rural technology model of a five state rural region of Montana, North Dakota, South Dakota, Wyoming and Idaho. The project is being canceled because it was not requested in the President's FY 1998 Budget and the Department of Defense has determined that it would not make a significant contribution to US military capability.

1(D). Estimated Fiscal, Economic, and Budgetary Effect of Cancellation: As a result of the cancellation, Federal outlays will not increase, as specified below. This will have a commensurate effect on the Federal budget deficit and, to that extent, will have a beneficial effect on the economy.
