OFFICE OF THE ASSISTANT SECRETARY OF DEFENSE  
FOR PRODUCTION & LOGISTICS

DATE June 28, 1993

MEMO FOR Mr. Jose Cordero

SUBJECT: DoD Personnel and Jobs in Law Enforcement

Per our conversation last week, the attached pages contain data prepared by DoD's Defense Manpower Data Center (DMDC). The data is taken from two electronic databases that DMDC maintains.

The first is the Defense Outplacement Referral Service or DORS, which lists mini-resumes of separating personnel. Tables 1 through 4 list the geographic preferences of separating personnel who have indicated an interest in law enforcement (2 and 4) or law enforcement or security guard positions (1 and 3).

The second is the Transition Bulletin Board or TBB, which lists job openings. Tables 5 through 8 detail job openings listed in the TBB by geographic region for law enforcement (6 and 8) or law enforcement or security guard work (5 and 7).

Please let me know if Mr. Berteau or I can be of further assistance.

TO: Ken Schafflen  
THRU: Rex Klaurens  
FROM: Frank Schleenter  
SUBJECT: Law Enforcement, Part II

Here's the additional information on law enforcement candidates and opportunities in DOR8 and the Transition Bulletin Board (TBB). Per your request, we're also forwarding stats that show combined law enforcement and security guard totals (the previous data contained only law enforcement occupations.) A note or two of explanation is in order.

Page 1 of the data shows the geographic preference by region of the country for the 2,005 DOR8 applicants who wish to be employed in either law enforcement or security guard professions. Since applicants often enter multiple geographic preferences when completing a DOR8 application, we've counted applicants in every region they're willing to work. For example, a single individual may be counted in New England and also in the Mountain States if he or she entered both regions on their application. Because of this, the total of the "# of Applicants" column is more than 2,005. Page 2 contains the same data for the 1562 applicants who indicated interest only in law enforcement occupations. (We gained four applicants over the previous 1558 total in the two days between the runs.) Pages 3 & 4 show similar data by state of preference.

We also looked at the TBB to see the geographic location of advertised jobs. As with DOR8, we're including data for both law enforcement and guards, and law enforcement only. Pages 5-8 show these data for regions and states. Many of the ads represent multiple jobs and/or multiple locations so the stats must be viewed with caution in this area. To illustrate, we've included a couple of ads from the TBB.

Please let us know if we can be of further assistance.
