## ORTHODOX CHURCH

Hersbruck, October 26, 1948

JOHN, Bishop of Riga

at present in Hersbruck

Amberg, Straße 62/8

To

General Clay,  
Commander-in-Chief of US-Forces in Germany  
Frankfurt/M.

Dear Sir,

With my emigration from Latvia I carried out with me one of the many images of the Virgin Mother, a type of the image which is called "Tihvin".

Shortly some representative of the Military Authority of Nuremberg showed a very great interest for this image. The last inspection has taken place to-day October 26, 1948 by Mr. Kormendi, representative of the Military Authority of Nuremberg. He expressed the supposition that this image could be taken from me and it is even possible that same will be delivered to the Soviet Authorities.

In taking this image with me I had in view the spiritual feeding of my unhappy Latvian flock, which has lost its home, relations, churches and other places that are holy for it and is compelled to live in emigration. Above mentioned image serves for it as consolation and encouragement in its grave destiny.

With my present letter I apply to you and ask you for your help. I beg that this image shall not be taken away from me and my flock. Please give order that this image may stay further to me, as the Bishop of the Latvian Orthodox Church, disposal as long as I am living in emigration and until that time when it will be possible for me to return to my country which is released from bolshevism.

I am, dear Sir

very truly yours

JOHN, Bishop of Riga

## MEMORANDUM

TO : General Clay  
 SUBJECT : "Madonna of Fischvin"

1. A claim was received from the U.S.S.R. for the "Madonna of Fischvin", alleged to have been removed from Latvia by Bishop John of Riga when he fled from the Soviet Armies. Preliminary investigation raised doubt as to the identification of the picture. A second investigation showed that a picture answering this description was in the possession of Bishop John now residing at Hirschbruck, Germany. He was instructed that it should not be moved without further permission from Military Government.

2. The attached cable from Theophilus, Metropolitan of the Orthodox Church in North America, is at variance with Bishop John's letter, attached. If the picture was actually removed from Latvia, the Soviets are not recognized as the proper recipient for the claimed item. Since it is not clear whether it was removed from Latvia or from the U.S.S.R., and since the export of such items from Germany requires a license, it is believed that the instruction given to Bishop John to hold the picture in its present location until a final decision is made is proper.

3. It is recommended that if its provenance can be definitely established as Latvia, the picture should be released to Bishop John when he emigrates to the United States.

4. If you approve the recommendation in paragraph 3 above, we will advise John, Bishop of Riga and Theophilus, Archbishop of San Francisco accordingly.

1	Prop Div OMGUS APO 742	Rest Br, PD OMGUS APO 403	27 Oct 48	Attn: Mr. McJunkins  1. For your information, the following facts are cited regarding the claim sent by General Zorin regarding the so-called "Madonna of Tischvin".

2. A second thorough investigation was made on the basis of further information furnished by Capt. Sidorin, Soviet Restitution Mission, of the premises at Ambergerstr. 64, Hersfeld near Nürnberg. This revealed that the Bishop Ioann of Riga has in his possession, installed in his chapel, a madonna of a similar type, but not the same as the claimed madonna (which is well known and of which a photograph was shown to our investigators). The madonna now in Hersfeld was brought from Riga, Latvia, by Bishop Ioann of Riga when he was evacuated from there in 1944. He claims it as the property of the Greek Orthodox Church. It appears to be old, and of good but not outstanding quality. It has the usual metallic covering of silver and gilt ornamentation over all except the head and hands.

3. Bishop Ioann of Riga has been instructed that he must not remove this picture without specific permission of Military Government. In view of the fact, however, that it was removed from Riga, Latvia, and that it is claimed independently by a refugee from there, the claim is considered dropped by this office. Your concurrence would be appreciated.

Dear General Zorin:

In reply to your letter of the 6 of October 1948, I wish to state that an investigation has been made of the former Bishop of Riga, Ioann at Herabruch near Nuremberg.

Bishop Ioann does not have the icon, "Saint Mary of Tichvin" referred to. He has indicated under oath that the last he knew of this picture it was still in a minnery in Riga, Latvia. He does not know whether it was later removed by the Germans, nor anything else which might assist in finding the icon.

The Chief of Reparations  
and Deliveries of SMAG

6 October 1948

Dear Mr. McJunkins,

The former Bishop of Riga IOANN (John) lives in Hersbruck near Nuremberg.

According to information just received by our Restitution Mission in your Zone, Bishop Ioann has a valuable Russian Ikon : "Saint Mary of Tichvin".

During the occupation of part of Soviet territory the Germans removed this Ikon by force to Germany. Later they gave the ikon to Bishop Ioann.

I would be much obliged if you would be good enough to arrange for a speedy return of the ikon "Saint Mary of Tichvin" to the Soviet Union.

Sincerely yours,

**SUBJECT:** Letter of 20 May 1949 from French Political Advisor entitled "Restitution of Works of Art"

**TO:** Mr. Gantenbein

It is suggested that the reply to the French Political Advisor's letter of 20 May include the following ideas:-

It is a well known fact that the US authorities have considered of great importance the restitution of works of art and other cultural properties looted from the occupied countries by Nazi Germany during the recent war. Every effort has been made in the US zone to locate such looted property and to return it to the country of origin. During the four years of occupation since the cessation of hostilities a great volume of such properties have been returned to France from the US zone of Germany as well as to the other previously occupied countries.

Accordingly, the remaining task of restitution can be accomplished with greatly reduced facilities and personnel. However, the US Government has not announced any intention of discontinuing the restitution of cultural objects of considerable value or importance to the cultural heritage of the claimant nation.

The suggestion that the works not identified could be sold to the United States for the benefit of German Jews is without foundation as such a plan has not even been contemplated by the US zone authorities.

In view of the fact that the Occupation authorities have not indicated any intent to discontinue restitution of valuable works of art it appears unnecessary to consider at this time any special organization to deal with the question of return of properties to looted countries.
