ARNHEM, January 3, 1949  
 VELPERWEG 76

Mr. Robert M. Hanes,  
 A.P.O. 757  
 HICOG - Economic Affairs,  
FRANKFURT, Germany.

Dear Mr. Hanes,

Referring to our conversation on December 21st in Frankfurt, I should like to make the following remarks:

During this conversation I told you that one of the most important problems the Netherlands have to face in connection with the future relations with the Western German State lies in the way measures taken by our Government concerning enemy property will be safeguarded.

As an example I told you what happened with our own company. We own 99,15% of the shares of the Vereinigte Glanzstoff-Fabriken A.G. at Wuppertal and some other subsidiaries. On the other hand about 1/4 of our share-capital was German-owned before the war. Now during the war the Germans succeeded in buying A.K.U.-shares at the Amsterdam Stock Exchange to such an extent that at the present moment roughly 60% of our share capital would have been in German hands, had not the Germans been expropriated by the measures of our Government.

Up till now the Germans do not recognise the measures of the Netherlands Government and in our opinion there is no doubt whatsoever that this will remain so unless the Germans are forced to recognise these measures in a peace treaty or in a preliminary agreement which ends the state of war. If this were effected, this would mean the embodiment of the measures of the Netherlands and other allied Governments in German Law. In our view this is the only good solution, as it prevents a German judge to declare allied measures invalid (i.e. against the German "ordre public").

DIRECTIE

January 3, 1950

Mr. Robert M. Hanes - Frankfurt.

- 2 -

Needless to say what would happen, if a solution of this problem were left out of an agreement with Germany. Returning to our own company: a German judge would consider 60% of the A.K.U.-share capital as German-owned; or the Germans would be considered to be beneficial owners of part of Vereinigte Glanzstoff. Our agreement with the United States custodian, who has vested 1/4 of our property in the United States, would have to be undone.

I felt very happy that you gave me this opportunity to bring this problem to your attention and that I found understanding for it on your side. I also feel very grateful to you as you declared yourself prepared to discuss this problem with your legal branch and to let me know your opinion. Your first idea was that "it would not hurt" to send a Memorandum to the High Commission at Petersberg so as to induce this body to take a definite point of view, but that you would rather talk this over with your legal branch beforehand.

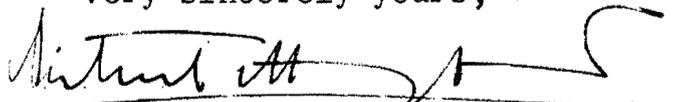

I'll be very much interested to have your opinion and with the greatest pleasure I will give suit to your kind invitation and come back to Frankfurt to discuss this problem with you once more.

I sincerely hope you had a good time at Innsbrück, and that sun and snow have done their work properly and made you return with a nice tan and the best skier of the district.

Will you please remember me to Mr. John McCloy?

With kindest regards and my best wishes for 1950,

Very sincerely yours,

(Jhr. Dr. E.B.F.R.G. Wittert van Hoogland).

REF: 62 Adolf HEIDENHOFF - Wuppertal  
SUBJECT: GERMAN EXTERNAL ASSETS IN PORTUGAL - CITATIONS  
Frankona Ruck und Mitversicherungs A/G Berlin

The Allied Committee for German External Assets in Portugal has requested this Embassy to forward to you for appropriate action the twenty-one citations with appendices listed below.

In regard to Citation No. 37 (See HICOG Note to this Embassy, dated June 7, 1950) the Allied Committee was notified on January 10, 1952 by the Portuguese Inspectorate General of Credit and Insurance that this citation "must be served even though it concerns recoverable values probably connected with goods which the importer in Portugal has never received".

Citation No. 62 is a duplicate citation; it is forwarded because the original has not been received by the Committee and is presumed to have been lost.

Citation No. 220 is returned for reservice since it was not completed in a manner acceptable by the Inspectorate General.

The Allied Committee reports that certificates of service for citations No. 225 (addressed to B. Schots-Sohn, Mainz) and No. 271 (addressed to Universum Film A.G., Berlin) have not been received as yet by the Committee. These citations were forwarded to Germany on May 23, 1951 and October 18, 1951, respectively.

Herrn Notar Dr. Alex M a t s c h k e ,

FRANKFURT/MAIN

Grosse Friedbergerstrasse 44-46

Ich nehme Bezug auf Ihr Schreiben vom 10. ds. Mts. betr. "Notariatsgebuehrenrechnung". Sowohl der Inhalt Ihres Schreibens selbst als derjenige Ihres Schreibens vom 23.11.1951 an die "HICOG, Finance-Division, Frankfurt am Main, Head-Quarters-Building (Hochhaus), ist diesem Konsulat vollkommen unverstaendlich.

Dieses Konsulat wurde unterm 23. November 1951 lediglich ersucht - seitens des "Office of the United States High Commissioner for Germany, 16 Frankfurt am Main, Headquarters Building, Office of Economic Affairs, Finance Division - die "Vollladung" der "Generalinspektion fuer das Kredit- und Versicherungswesen", Lissabon, gerichtet an Herrn Direktor Alfred Feldes zu beglaubigen. Diese Beglaubigung kann jedoch erst nach erfolgter Zwischenbeglaubigung eines Notars, dessen Unterschrift bei diesem Konsulat hinterlegt ist, <sup>erolgen.</sup> Die genannte alliierte Behoerde teilte in demselben Schreiben vom 23.11.51 mit, dass " Dr. Alex Matschke, notary, has been requested to submit his signature for authentication to your office".

Da am 7. Januar 1952 immer noch keine Nachricht von Ihnen erhalten bzw. keine Hinterlegung Ihrer Unterschrift als Notar erfolgt war, schrieb ich an dieselbe alliierte Behoerde, dass die gewünschte Beglaubigung deshalb auch noch nicht vorgenommen werden konnte.

Wie anfangs erwaeht, sind Ihre beiden Schreiben fuer das Konsulat e i n R a e t s e l , besonders die angebliche Zustellung durch das Konsulat und die Angelegenheit Ihrer Gebuehrenrechnung.

Das Konsulat von Portugal und keiner seiner Beamten haben weder eine Beschlagnahme verfuegt, noch ist ihnen irgend-<sup>hat</sup> etwas darueber bekannt und /auch in keiner Weise mit diesen Angelegenheiten zu tun. In Deutschland besteht nur dieses Konsulat in Hamburg, sodass es dem Anschein nach eine irrefuehrende Verwechslung

 d'avoirs au Portugal.

Réf.: v. lettre No. 1865 - AH (P2) du 18 juillet 1951.

Me référant à votre lettre du 18 juillet 1951, j'ai l'honneur de vous donner ci-après, au nom du Sous-Comité des Intérêts Etrangers et des Créances de la Haute Commission Alliée en Allemagne, les renseignements que vous avez sollicités:

A.- Un certain nombre des 60 citations transmises par votre lettre du 10 mars 1951 n'ont pu être remises directement, selon la procédure habituelle, en raison de l'imprécision trop grande des adresses fournies ou de la résidence des destinataires en zone soviétique d'Allemagne.

Des démarches ont été faites pour assurer la publication d'une liste de ces citations en souffrance à la fois au Journal Officiel de la Haute Commission Alliée et dans deux ou plusieurs journaux allemands à grand tirage. Cette publication pourrait être faite à la fin de ce mois.

B.- a) La citation No. 2 concernant M. Adolf HEIDERHOFF d'Elberfeld, propriétaire d'un avoir d'Esc. 5.630,89, transmise par vos soins le 9 février 1950, ne semble pas avoir été reçue par les services intéressés en Allemagne. Les autorités britanniques, qui auraient dû en être saisies, n'en ont pu trouver trace.

Il serait donc utile que vous en fassiez tenir un duplicata.

b) Les citations Nos. 190 et 197 concernant la firme ZEISS-

 tes de cette zone en ont adressé les Accusés de Réception à l'am-  
 bassade des Etats Unis d'Amérique à Lisbonne par lettre du 29 jan-  
 vier 1951.

c) Les citations No. 196 et 205 concernant SCHILLING et  
 SCHMIDT de Freiburg im Breisgau ont été remises en zone française.  
 Une déclaration des intéressés renonçant à toute procédure en rai-  
 son de la modicité des avoirs dont ils sont titulaires au Portugal,  
 a été transmise par les autorités françaises du Land Bade au Con-  
 sulat Général du Portugal à Hambourg le 21 mai 1951. Le Consulat  
 Général du Portugal à Hambourg a accusé réception de cet envoi par  
 lettre No. 49 du 29 mai 1951.

d) La citation No. 214 concernant M. Rudolf BYBEKARKEN de  
 Berlin-Frehnu, a été remise à l'intéressé par les autorités du  
 Secteur français de Berlin.

Dear Mr. Pandrill:

With reference to your letter and our telephone conversation, I enclose herewith copy of a letter which I addressed to M. Suchard concerning the note of July 18, 1951 from the Allied Committee on German External Assets in Portugal.

As far as citation no. 2 is concerned, it is listed in our records as "British Zone" and I must assume that it was transmitted to you although Mr. Sorter's files do not contain any copies of letters of transmittal to you prior to July 31, 1950 when we transmitted 25 citations beginning with no. 113. There is another citation to the same Adolf Heiderhoff (no. 62) and you may wish to check whether the two were served together.

Dear M. Suchard:

I refer to the letter of the Allied Committee for German External Assets in Portugal dated July 18, 1951 (ref. no. 1865-AM (F2)) copy of which you will no doubt have received through your Embassy in Lisbon.

In paragraph B, the letter lists six citations which are said not to have been returned. Citation no. 2 concerns the British Zone and Mr. Pendrill is trying to trace it. Nos. 190 and 197 were served in our zone and the acknowledgments were forwarded to our Embassy in Lisbon with our letter of January 29, 1951. Nos. 196, 205 and 214 were forwarded to you with Mr. Sorter's letter of October 10, 1950.

As to paragraph A, I advised our Embassy in Lisbon a short while ago that we expected to consummate service by publication by the end of this month.

I would suggest that as Chairman of our Committee you answer the Allied Committee's letter as soon as we find out about citation no. 2. Mr. Caldecourt is in agreement with this suggestion.

OFFICIAL BUSINESS--INFORMAL

August 29, 1951.

Dear Mr. Richards:

Your letter of July 13th to Mr. Sörter concerning certain paintings, found in the former German Legation in Lisbon and which are now in the possession of the Allied Committee for German External Assets, was sent to me for reply.

The paintings are definitely the property of the Bavarian State Picture Galleries (Bayerische Staatsgemäldesammlungen) and should not be considered as "official German property abroad". The pictures were loaned to the former German Legation in 1928 which fact precludes the possibility of restitution claims. A list of the paintings compiled by the administration of the Art Gallery is attached for your information.

It will be much appreciated if you would inform this office when the release of the property can be expected. The Art Gallery desires to leave the paintings in Lisbon for the decoration of the future German Legation. They propose to make new loan arrangements with the Federal Ministry of Foreign Affairs in Bonn as soon as they receive word that their claim to the property has been recognized by the Allied Commission.

Sincerely yours,

SUBJECT:- German External Assets in Portugal

1. We are considering what reply, if any, should be made to letter 1865 - AH(F2), dated 18th July, from the Allied Committee for German External Assets in Portugal.
2. With regard to paragraph A of the letter, do you think it would suffice to say that arrangements are about to be made for the simultaneous publication of a list of undelivered citations in the Official Gazette of the Allied High Commission and in a few German newspapers of wide circulation?
3. With regard to paragraph B, none of the six citations referred to appears to have been received by us, so perhaps you or the French may be able to answer the question in that paragraph.
4. If you think a reply is necessary, should we reply jointly or individually? Or perhaps the question might be brought up at the next meeting of the Foreign Interests Sub-Committee.

ALLIED COMMITTEE FOR GERMAN  
 EXTERNAL ASSETS IN PORTUGAL

LISBON, July 18th, 1951  
 LISBONNE

COMMISSION ALLIÉE POUR LES BIENS  
 ALLEMANDS AU PORTUGAL

AV. ALVARES CABRAL, 28, 4.º D.  
 TEL.: 6 5189

Ref: 1865-AH (F2)

The Allied Committee for German External Assets in Portugal presents its compliments to the Sub-Committee for Property Control of the Allied High Commission in Germany.

A. On March 10th last, the Allied Committee sent its note N° 1525 to the Allied representatives of the High Commission in Germany dealing with German external assets. It concerned sixty citation certificates (of which a list was attached to the aforementioned letter). All of these were citations of writs to be served by public notice and apparently not yet executed.

The Inspectorate of Credit and Insurance of the Portuguese Ministry of Finance recently approached a representative of the Allied Committee in Portugal and informed him of the inconvenience resulting from the delays undergone by the transmission of these documents.

If it is not possible to follow up the obligations mentioned in the Accord of February 21st, 1947, about this subject, it would doubtless be helpful if the Allied Committee in Lisbon were informed of this so that it might study, with the Portuguese officials, the dispositions which might be taken to replace the deficiency in the procedure arising from the lack of citation certificates.

B. Moreover, the Allied Committee begs to draw the attention of the Allied officials in Germany to the six following citations:

<u>Date of transmission to the American Embassy in Lisbon</u>	<u>Ref. N°.</u>	<u>Addressee</u>	<u>Sum</u>

MEMORANDUM TO: Mr. Kazanjian (American Embassy)

SUBJECT: Citations to be served in Germany

In agreement with previous letters and decisions, I am sending you herewith 26 citations (and their respective appendixes. The list of these formula is attached to the present memorandum (3 copies). The distribution of these to their respective sector of Western Germany is left up to the Allied Officials there ...

We would be grateful if you would forward these documents to the Office of the United States High Commissioner for Germany (External Assets Branch, Property Division, Office of Economic Affairs - Attention: Mr. H. Sorter, Frankfurt/M., Germany).

May I take this opportunity to remind you that we have never been informed of the action taken about citations by public notice, for those cases for which personal citations was possible. Would it not be a good idea to ask our officials in Germany what they intend to do about them.

Several times during my stay in Germany I was asked whether we knew how many citations there will be. It might be a good thing to say once more that we still do not know the number which the Portuguese authorities intend to prepare but that, following information we have recently extracted from declarations made in Germany under Law 53, about which we are reminding the Portuguese, they have decided to make a special effort to clear that part of the liquidating procedure as quickly as possible.

This will prepare the Allied officials of the High Commission in Germany for the reception, in the near future, of more of these citation formula.

We refer to your letter of January 23, 1951, in which you sent us a copy of a report from the Allied Committee for German External Assets in Portugal in which the Committee inquires:-

- "(a) whether the three Property Elements in Germany could draw up a list of all persons who after receiving citations filed appeals against the proposed seizure of their assets;
- (b) whether the three Property Elements in Germany could study the appeals thus filed in order to determine whether it is worthwhile to bring these cases to the higher court if ruled in favor of the appellants in the first instance."

We agree that with the limited personnel at our disposal it would be difficult for us to undertake the work outlined above, and accept your suggestion that the Committee should be asked to obtain the information called for in (a) from the competent Portuguese authorities. So far as (b) is concerned for our part if the Committee would furnish us with a list of the appeals, together with an outline of the grounds on which they had been put forward, we would be prepared to pass them on to our Investigations Branch for examination and report. It may be that this Branch would be able to furnish rebutting material from their existing files without a great deal of research.

Gentlemen:

There is attached hereto a copy of a letter from the American Embassy at Lisbon enclosing copy of a report prepared by the Allied Committee for German External Assets in Portugal, dated January 4, 1951, in which the Committee inquires:

- (a) whether the three Property Elements in Germany could draw up a list of all persons who after receiving citations filed appeals against the proposed seizure of their assets;
- (b) whether the three Property Elements in Germany could study the appeals thus filed in order to determine whether it is worthwhile to bring these cases to the higher court if ruled in favor of the appellants in the first instance.

As you know, all persons receiving citations were simultaneously authorized to file appeals if they so desire. With the limited personnel at my disposal it would be very difficult for me to obtain this information, particularly with respect to the content of the appeals filed. I believe it would be more reasonable to suggest that the Allied Committee in Lisbon ascertain the desired information from the competent Portuguese authorities. If you agree, I will send a reply along these lines to Lisbon, on behalf of the three Elements of the Allied High Commission.

Very truly yours,

ALLIED COMMITTEE FOR GERMAN (14)  
INTERNAL ASSETS IN PORTUGAL

REPORT ABOUT THE APPEALS TO BE PRESENTED BY THE  
ALLIES AGAINST DECISIONS REGARDING GERMAN  
ASSETS TO BE LIQUIDATED IN PORTUGAL

A. OUTLINE OF THE PROBLEM

1) The matter of the credit of 444,562,62 escudos deposited in a Portuguese Bank in the name of Mannheimer Versicherungsgesellschaft, Mannheim, at present in Bonn, has drawn the Allied Committee's attention to a particular aspect of the procedure instituted in application of the Accord of February 21st, 1947, and the Portuguese Decree-law 37.377.

(The "Mannheimer Versicherungsgesellschaft" case has been the subject of report No 1324 of December 14th, 1950, drawn up by the Committee.)

2) The Allied Committee is not informed by the Allied authorities in Germany of the cases where the German recipients of citations had opposed the seizure of their assets in Portugal.

3) But, when the interested party makes use of his right of opposition, the cases are judged in the first instance by the Inspectorate General of Credit and Insurance, and in the second instance by the Special Tribunal set up under Article 4 of the Portuguese Decree-law 37.377.

4) When necessary, the legal representatives of the Allied Governments are qualified to appeal against the decisions taken.

5) This appeal is submitted to the regulations of Portuguese law and the functions of the Special Tribunal are subject to rules of procedure.

6) The Committee should therefore be in a position, when it wishes to exercise its right of lodging appeal in some case or other, to find in its dossiers the information which might help to support it.

It is therefore necessary for the Allies to be in a position to constitute these dossiers whose juridical basis should be unquestionable. Moreover it is necessary that the documentary proofs should conform to the requirements of Portuguese procedure regarding form and basis.

7) Only the Allied authorities in Germany know if, on one hand, the recipients of citations have used their right of opposition, and on the other hand what arguments they have used as a basis for their opposition.

8) The files belonging to these cases in Germany ought to furnish the Allies with the necessary information, whether this be juridical or merely administrative. It is, in fact, necessary for the Allies to be able to check their own national authorities of the proceedings brought by the interested parties.
