Wir bitten Sie höflichst zu veranlassen, dass uns nähere Einzelheiten genannt werden, damit wir die Anfrage umgehend zu Erledigung bringen können."

Re: Your letter dated August 11, 1949, concerning your claim against the Belgian firm, Societe Belge Rouleau & Billes, Brussels, Belgium.

11 August 1949

Vereinigte Kugellagerfabriken
 Schweinfurt
 U.S. Zone, Germany

Reference is made to your MGAK(1) declaration of foreign assets which listed the following claims:

- (a) book claims - small items - RM 5,862
- (b) book claims against Societe Belge Rouleau & Billes
 SKV, Brussels - RM 55,229

Information received from Belgian authorities indicates that the Belgian firm which was questioned on this matter has contested the amount of your claim. In order to assist you in reconciling your statements with those made by the Belgian firm there is attached hereto for your inspection and verification a statement of account prepared by the Belgian firm. In order to further assist you in your efforts at reconciliation there are quoted below certain comments made by Belgian custodian authorities:

1. Certain goods were received without invoice. In order to keep its accounts up to date, the Belgian firm drew up its own pro forma invoices. Similarly, for certain rejected goods, it drew up pro forma credit notes.
2. On 31.10.45, the German firm sent the Belgian firm two invoices:

Invoice No. 23 002167 of 31.5.44 RM. 5,870.63 and
 " " 23 002172 " 26.5.44 RM. 0.40.

These invoices were rejected because the goods were never received.

3. As is shown in the attached statement of account, the Belgian firm made three payments of a total of RM. 2,892 through the Central Board of Quotas and Licences before the goods were imported.

The Belgian firm debited the German firm with this sum but does not know whether the latter did in fact receive it.

4. Did the German firm receive all payments previous to the attached statement of account, payments which the Belgian firm entered in its accounts at the time they were made?

Taking into account the information submitted with this letter, and on the basis of the perusal of your records, it is requested that you prepare a comprehensive statement, if possible supported by documentary evidence, which would aid Belgian authorities in determining the exact amount of the Belgian firm's indebtedness.

Replies received 6 Sept 49

Reference is made to your MAX(1) declaration of foreign assets in which you reported the following book claims:

book claims - small items - RM 604
book claims against E. Paul & Co., Brussels - RM 32,771.

When confronted with your claim, the Belgian firm stated

that it had paid to the Central Board of Quotas and Licences 3,315 bfrs. and 5,863.15 bfrs. in your favour. On 26 Aug 44, it instructed the Banque de la Societe Generale de Belgique to transfer RM 28,192.50 in favour of Kugelfischer Georg Schäfer & Co. The Societe Generale de Belgique did in fact forward this sum on 29 Aug 44 to the Bank of Issue, Brussels, for transfer to the Belgo-German Clearing in favour of Kugelfischer's account no. 616/8 with the Reichsbank, Schweinfurt Branch. The Bank of Issue credited this sum to the Deutsche Verrechnungskasse on 29 Aug 44.

Belgian authorities added in this connection that the Belgian firm, on 8 June 1945, paid to the Custodian a sum in Belgian francs corresponding to what it considered the balance of its debt to your firm, i.e. RM 2,918.90.

It is requested that you peruse your records with a view to ascertaining whether or not the statements of the Belgian firm described above are correct. It is further requested that you submit to this office information, if possible supported by documentary evidence, which would enable Belgian authorities to determine the exact indebtedness of the Belgian firm.

We hand you herewith an extract of account specifying our claim against the firm E. Paul & Cie., Bruxelles. With regard to the explanations of the Belgian firm we beg to state that we had received from E. Paul & Cie. a letter dated 26/8/1944, advising us of their transfer of

RM 28.192,50;

the payment, however, did not arrive any more, owing to the circumstances existing at that time.

Another payment of RM 2.918,90 in June 1945 is not known to us.

We hope to have given you herewith all details needed, and remain,
yours respectfully,

Wir bestätigen den Empfang Ihres Schreibens vom 10. August 1949 und gestatten uns hierauf folgendes zu erwidern:

Es trifft durchaus zu, dass unsere Gesellschaft nicht zu den deutschen Versicherungsgesellschaften gehört, die in Belgien tätig waren. Infolgedessen kann auch ein Rechenschaftsbericht über die Tätigkeit unserer Gesellschaft in Belgien nicht vor-gelegt werden.

Bei der Meldung gemäss Formular MGAX (1) handelte es sich vielmehr um folgenden Tatbestand:

Eine Anzahl Firmen waren bei unserer Gesellschaft gegen Verluste versichert, die sie an ins Ausland gelegten Waren oder Vorauszahlungen erleiden würden. Nach Eintritt eines Versicherungsfalles und Zahlung der Entschädigung durch unsere Gesellschaft gingen nach den Bedingungen des Versicherungsvertrages die Ansprüche gegen die ausländischen Schuldner zum Teil auf unsere Gesellschaft über. Die deutschen Versicherungsnehmer waren aber verpflichtet, diese Ansprüche im eigenen Namen weiterhin geltend zu machen.

Nach dem Erlass des Gesetzes Nr. 53 forderten wir die in Frage kommenden Versicherungsnehmer auf, die erforderlichen Meldungen dieser Vermögenswerte im Ausland sowohl für ihren wie für unseren Anteil auf Formular MGAX (1) zu erstatten. Nur in den Fällen, in denen wir im unklaren darüber waren, ob ein Versicherungsnehmer die Meldung seinerseits erstatten würde, haben wir vorsorglich unseren Eventualanspruch ebenfalls auf dem Vor-druck MGAX (1) angemeldet.

In dem von Ihnen unter b) erwähnten Fall handelte es sich um die Forderung der Fa. Brown, Boveri & Cie. A.G., Mannheim an L'Electricité industrielle Belge, Brüssel, RM 257.773.59. Davon war ein Betrag von RM 206.218.87 auf uns übergegangen, den der Gläubiger mit seinem Anteil zusammen anmelden sollte.

Die Unterlagen über eine Meldung der von Ihnen unter a) und c) angeführten Fälle können von uns nur dann festgestellt werden, wenn Sie uns die Versicherungsnehmer bekanntgeben, die die Entschädigung s.Zt. erhalten haben und die im Vordruck MGAX (1) sicher genannt sind.

Re - Hf/Go. 30. August 1949

In Beantwortung Ihres obigen Schreibens teilen wir Ihnen nachstehend die Tatsachen mit, die sich heute noch über das Verhältnis zwischen der Firma Nestor Ceuppens & Fils S.P.R.L. in Brüssel und uns feststellen lassen. Ein Teil unserer Unterlagen ist leider nach Einstellung der Kampfhandlungen und Einzug der Besatzungsstruppen im Jahre 1945 verloren gegangen.

Wir standen seit 1925 mit der o.Handelsgesellschaft Maurice & Nestor Ceuppens, Brüssel, in Geschäftsverbindung. Die Firma kam 1932 in Zahlungsschwierigkeiten, die sie auch in den folgenden Jahren nicht überwinden konnte. Sie schuldete uns damals rund RM 27.000,--. Um wieder flott zu werden, traf sie im Herbst 1933 ein Arrangement mit ihren Gläubigern in der Weise, daß die Aktive ihres Handelsgeschäfts zur Befriedigung ihrer sonstigen Gläubiger benutzt werden sollten, während wir uns bereit erklärt, unsere Forderung einstweilen zu stunden. Die Abdeckung dieser Forderung sollte in der Weise geschehen, daß wir einer neu gegründeten Société anonyme des Anciens Etablissements Ceuppens frères, in der Herr Nestor Ceuppens maßgebend mitarbeitete, unsere Vertretung übertrugen. Vom Tage der Übernahme dieser Vertretung ab sollten von den Provisionen auf künftige durch die neue Gesellschaft vermittelte Geschäfte jeweils 50 % zur Abdeckung der alten Schuld benutzt werden. Die Firma wurde später in Nestor Ceuppens & Fils S.P.R.L. umgeändert.

Außerdem sollte unsere Forderung hypothekarisch auf dem Grundstück Boulevard Baudouin 10 in Brüssel sichergestellt werden. Das ist später auch geschehen. Die Hypothek wurde jedoch im Jahre 1941 mit unserer Zustimmung gelöscht, nachdem sich die Schuld inzwischen durch die erwähnten Gutschriften aus Provisionen erheblich vermindert hatte. Sie stand am 1. Januar 1942 noch mit RM 22.542,28 zu Buch und ist im Jahre 1944 bei uns auf RM 1,-- abgebucht worden weil mit weiteren Provisionseingängen nicht mehr zu rechnen war und eine Verpflichtung zur baren Zahlung von vornherein nicht bestand.

SUBJECT: Your Letter dated 10 Aug 1949.

In answer to your above letter the following may serve to inform you of the facts as they can be ascertained today about the relation between Messrs. Nestor Ceuppens & Fils S.P.R.L. in Brussels and ourselves. Unfortunately part of the records has been lost when fighting ceased and the occupation troops moved in during 1945.

We have been in business relation with open partnership Maurice & Nestor Ceuppens, Brussels, since 1925. In 1932 the firm came into difficulties that it was unable to overcome in the following years. At that time the firm owed us about RM 27.000--. In order to make a new start, the firm made an arrangement with its creditors in Autumn 1933 to the effect, that the assets of its trading business were to be used to satisfy its other creditors, while we agreed to defer payment of our claim for the time being. To settle our claim, it was arranged that we entrusted a firm to be newly founded, the Société anonyme des Anciens Etablissements Ceuppens frères, with our agency, in which Mr. Nestor Ceuppens worked in a managing capacity. From the day of taking over our agency, 50 % of the commission on business mediated by the new company were to be used to pay the old debt. Later the company's name was changed into Nestor Ceuppens & Fils S.P.R.L.

Besides our claim was to be safeguarded by entering a mortgage on the lot Boulevard Baudouin 10 in Brussels. This was done later. However, the mortgage was cancelled with our consent in 1941, the debt having decreased considerably by the afore said commission credited against the debt. On 1 Jan 1942 the debt appeared in our books with RM 22.542,28 and in 1944 it was written off but for RM 1--, because it was not to be expected that any future commission accrued and no obligation existed from the very beginning to pay the debt in cash.

If the remaining nominal claim was declared by us on form MGAX(1) on the basis of Law Nr. 53, we did so providentially on the

basis of vouchers that did not show the character of our claim. Because the doubtfulness of the claim was clear from the fact of its having been written off in 1944, we have expressly said so in our declaration of foreign assets.

The Belgian firm is contesting the above claim.

In a letter dated 26.9.1946, copy of which is attached (Annex 1), this firm gave certain explanations which justify its point of view and supplied in annex a letter sent on 5.5.1941 by the German firm; this letter seems to confirm entirely the view of the Belgian firm.

The German firm should be asked to supply evidence in support of its position.

According to the list of debtors, it seems at first sight that this Company only did business with electrical firms. Before making enquiries of the above-mentioned debtor firms we should like to receive information on the possible activities in Belgium of the Hermes Insurance Company and on the claims which it is putting forward: nature, date, delivery, contract, etc.

In conformity with information which we had previously received, we claimed this amount from the Belgian firm in 1946.

The latter then explained that it had paid to the Central Board of Quotas and Licences 3,315 Bfrs. and 5,863.15 Bfrs. in favour of the German firm. On 26.8.44, it instructed the Banque de la Societe Generale de Belgique to transfer RM. 28,192.50 in favour of Kugelfischer Georg - Schaffer & Co. The Societe Generale de Belgique did in fact forward this sum on 29.8.44 to the Bank of Issue, Brussels, for transfer to the Belgo-German Clearing in favour of Kugelfischer's account No. 616/8 with the Reichsbank, Schweinfurt Branch. The Bank of Issue credited this sum to the Deutsche Verrechnungskasse on 29.8.44.

Finally, on 8.6.45, the Belgian firm paid to our Office a sum in Belgian francs corresponding to what it considered was the balance of its debt with Kugelfischer, i.e., RM. 2,918.90.

There remains, however, an unexplained difference of RM. 1,394.40.

The German firm should be asked to give further details taking into account the facts stated above.

It should be noted that:

1. certain goods were received without invoice. In order to keep its accounts up to date, the Belgian firm drew up its own pro forma invoices. Similarly, for certain rejected goods, it drew up pro forma credit notes.
2. On 31.10.45, the German firm sent the Belgian firm two invoices:

Invoice No. 2J 002167 of 31.5.44 RM. 5,870.63 and
" " 2J 002172 " 26.5.44 RM. 0.40.

These invoices were rejected because the goods were never received.

3. As is shown in the attached statement of account, the Belgian firm made three payments of a total of RM. 2,892 through the Central Board of Customs and Licences before the goods were imported.

The Belgian firm debited the German firm with this sum but does not know whether the latter did in fact receive it.

4. Did the German firm receive all payments previous to the attached statement of account, payments which the Belgian firm entered in its accounts at the time they were made?

You have been good enough to communicate the particulars of the entry "small items above".

The debtors in question state that they know nothing of the deliveries charged against them and that they did not receive any invoices. Some of them point out that since most of the invoices are dated August 1944, it is likely that the goods were never delivered. However, as far as we know, the goods were never received by the debtors but that they never reached their destination, any more than the invoices, owing to events during that period. The Cie Continentale du Pegamoid, 291 Chaussee de Mons, (RM. 491.70), goes as far as to say that they had had no relations with the firm Wacker Alexander since 13.5.41. In view of all this and of the extent of the claim, it would be useful to have the question re-examined and to obtain the necessary documents and details to enable us to proceed with our investigations in connection with the debtors.

For your information, the Belgian firm Raepset-Van-Diest, Brussels, (1Yass - RM. 19) has not yet been identified, as we have not been given its address.

The items in question, a list of which was communicated to us in 1945, were seized at that time.

According to our information, Jost was living in a furnished attic at the above address, the home of Mme. Fiermans. On 5.6.45, the following items of furniture, not belonging to Mme. Fiermans, were seized and sold for Bfrs. 479,74:

2 Chairs, 1 table, 1 divan, 1 small stove, 1 vacuum cleaner (out of order).

In view of the value given by Jost to his furniture, it would be interesting to obtain a description of it and to know to whom it was entrusted by Jost.

Questioned on the subject of the 600 frs. claim put forward by Jost, Mme. Fiermans has declared that she owes him nothing. Further details are needed.

In reply to our enquiries on this matter, the Belgian firm seemed to remember that, shortly before the destruction of the Pharmacie Nemery in August 1944, Riedel had placed substantial orders which were to be divided among their clients on Riedel's account.

However, these orders never reached their destination.

The letters and invoices concerning these orders were destroyed during the bombing of Namur in August 1944.

In conclusion, the accounts of the Belgian firm are perfectly clear and up-to-date.

The attached statement of account should be shown to the German firm in order to enable it to compare it with its own accounts and to make whatever observations it wishes.

On January 1945, in a raid conducted by the Americans, which included the British Royal Air Force and the Royal Canadian Air Force, the building of the Riedel company "Riedel De Haen, Chemists & Druggists", an important pharmaceutical plant,

This plant was completely destroyed without any survivors or damage to the surrounding buildings. The destruction was caused by intense bombing by the American bombers, which had been engaged in the intense bombing of Berlin, Germany. In addition, an intense fire was caused by the intense bombing.

However, before and after the arrival of the fire, there was no fire to Mr. Robert Chapman, the American chemist, who had been working for the Riedel company "Riedel De Haen" for the last several years, excepting the first year, which ended at present he is still with the firm of the firm as a chemist.

On 25 November 1944, at the request of Mr. Robert Chapman, the aircraft by which the plane was damaged was recalled by the Department of Defense of America. He held the certificate of qualification as a pilot.

Reiterated, you will also find a letter from the company "Buderus & Jung'sche Handelsges." (see above) the name of the firm mentioned above) in which is referred to with its particular the mortgage to be cancelled. We will send NESTOR CEUPPENS of this letter by fax as soon as possible.

NESTOR CEUPPENS
28, rue Joseph Vander Linden,
Uccle.

Uccle, 26.9.1946.

If these claims do remain by any chance an unpaid balance, we are compelled because of it and it was the good faith that we did not think it necessary to declare a debt, which was impossible to estimate and whose value could not be as rightly known.

OFFICE DES SEQUESTRÉS,
38a, Boulevard Bischoffsheim,
Brussels.

Sirs,

Your ref : Fm/11120/D/TH/DH.

We have the honour to acknowledge receipt of your letter of 29 June.

Contrary to what is implied in your letter, there is now no dispute as to the claim of the firm "Buderus Jung'sche Handelsges." against Mr. Ceuppens, since the debt was cancelled in 1941. This, at least, is what we infer from the facts and circumstances, which can be summarised as follows:

On 7 January 1935, in a deed certified by the Vanisterbeek, solicitor in Brussels, Mr. Nestor Ceuppens signed an acknowledgement of debt for an amount of 50,000 HM., secured by mortgage, in favour of the above-mentioned firm.

This amount was stipulated as repayable without any interest whatever "by means of retentions not exceeding 50% on the commissions which might in future be owing by the creditor company either to Mr. Nestor Ceuppens or to the limited company 'Anciens Etabl. Ceuppens' in Brussels, in accordance with previous verbal agreements".

However, before and after the signature of this deed, commissions were paid to Mr. Nestor Ceuppens, to the "Anciens Etabl. Ceuppens", and to the private company "Nestor Ceuppens & Sons" by the above-mentioned firm, amounting to a large sum, which cannot at present be calculated without the help of the firm in question.

On 25 November 1941, at the request of Mr. Nestor Ceuppens, the mortgage by which the claim was secured was cancelled by the Registrar of Mortgages of Brussels. We hold the certificate of cancellation at your disposal.

Enclosed, you will also find a letter from the company "Buderus'sche Eisenwerke" (new name of the above-mentioned firm) in which it advised us that it authorised the mortgage to be cancelled. We will send you the original of this letter if you so require.

These facts led us to conclude that the debt was extinguished.

Were there to remain by any chance an unpaid balance, we are entirely unaware of it and it was in good faith that we did not think it necessary to declare a debt, which was impossible to calculate and whose existence seemed to us highly improbable.

Yours faithfully,

We beg to assure you that it is our desire to make all necessary arrangements to have your letter sent to the addressee at the earliest opportunity. Mein Bruder kam Samstag aus dem Krankenhaus und fand bei seinen Papieren die beim Steuerberater vermutete Aufstellung der in Holland hinterlegten Papiere mit Kurswertangaben vom 1.4.1939. Leider geht auch aus dieser Aufstellung nichts Genaueres über das belgische Papier hervor, als bei der Aufstellung, die ich seinerzeit bei der Landeszentralkbank abgab. Es ist mir daher leider unmöglich, die von Ihnen gestellten Fragen zu beantworten. Die einzige Möglichkeit wäre, bei dem holländischen Advokat nachzufragen. Seine Adresse ist: Mr.J.G.Nysingh, Advocaat Zwolle Koestraat 10. Mein Bruder wird am Donnerstag die Formulare MGAX(1) bei der Landeszentralkbank abgeben.

N.G. Elwert, Univ. & Verl. Buchhdlg.

It is impossible to supply details of the separate items as we have no access to the necessary books. The statements made are correct if answered by "None". As to the rest of the items it may be stated in general that we, on the whole, traded with German firms of which a large proportion may be assumed to exist no longer, especially those in former German or German-occupied territory. Some of these firms may possibly reappear in Germany so that their debts to us may be described as highly questionable internal ones. The existing claims, etc., have been put down to the best of our knowledge as far as this was possible without reference being had to our books. A truly correct account may be given only after contact has been established with the respective debtors and creditors when important problems, e.g., concerning an effected dispatch, might be clarified.

As we expect our business soon to resume operations, most probably under a new management, we beg to be permitted to supply the desired information later on.

The following remarks refer to the details as indicated :

F. Claims for shipments of the publishing department to bookstores in different countries, chiefly German. Claims of more than RM 100.-- on individual Austrian firms only. The larger part of these claims may be assumed to be voided as the firms concerned (especially if situated in the former eastern territories of Germany) no longer exist. There are only a few of RM 100.-- altogether.

Claims for shipments by the bookstore and second-hand department to private customers, in different countries. The only essential claim is on Dil Tarih, Ankara, amounting to about RM 2500.--; all the other claims amount to less than RM 100.--.

K. Advance payments had been made to foreign second-hand book dealers especially in Belgium, Holland and Denmark, and several publishing houses, the books ordered not having arrived, however. The principal claim is on the second-hand book store Tulkens, Brussels, amounting to from RM 6000.-- to 7000.-- All the other claims amount to a few marks only. It may be assumed that a considerable part of the books paid for have been shipped and were lost owing to air attacks. Shipments being made at the risk of the addressee the respective claims may be considered void. A final solution will not be possible until contact with the firms involved has been established.

L. From before the war we hold remainders of orders by several customers (e.g., our author Professor Wolff, London), both books and journals. Altogether a few copies only.

M. Claims on us arising from subscriptions to journals and books of very low amounts. In how far there may exist claims on us arising out of the loss of shipments or errors on our part will not be known until contact has been established.

There have accumulated claims on us arising from royalties payable to foreigners formerly resident in Germany, whose present addresses are not known to us. These debts have so far been treated as debt owing to residents in Germany.

Auf Ihre Anfrage gestatten wir uns folgendes klarzustellen:

Unsere Anmeldung vom 11.4.46 beruhte auf einer Lieferung von Rollfilmspulen der Firma Gustav Rafflenbeul, Schwelm/Westf. an die Firma Gevaert, Photo-Produktion N.V., Oude-God/Antwerpen. Auf Grund dieser Lieferung hatten wir Gevaert mit den Kosten dieser Spulen belastet. Inzwischen hat sich aber herausgestellt, dass wir diese Kosten selbst zu tragen und daher Gevaert zu unrecht darauf belastet haben.

Mit der Aufklärung dieses unseres Irrtums ist unsere Anmeldung vom 11.4.46 gegenstandslos geworden, und wir müssen sie daher zurücknehmen.

Wir bitten, die Property Control & External Assets Branch zu unterrichten und unser früheres Versehen gütigst zu entschuldigen.

Anmeldung gem. Gesetz Nr. 53 der Mil. Reg.

Wir bitten, zu entschuldigen, daß wir infolge Arbeitsüberhäufung erst jetzt in der Lage waren, die Angelegenheit zu untersuchen, um Ihre Rückfrage zu beantworten.

Wie wir bereits bei der Anmeldung mit Formblatt MCAX (1) am 7.6.45 bemerkten, sind die Bücher unserer Gesellschaft durch Kriegseinwirkung s.Zt. verlorengegangen. Erhalten blieben uns lediglich die getrennt aufbewahrten Rohbilanz- bzw. Saldenbücher mit Eintragungen der Monatssalden v. 1.4.43 bis 30.9.44. Die Anmeldung erfolgte aufgrund dieser Saldenbücher mit dem Vorbehalt, daß es möglich sei, daß verschiedene Forderungen in der Zeit vom 30.9.44 bis Kriegsende sich verändert haben bzw. ganz oder teilweise ausgeglichen wurden.

Durch den Verlust der Unterlagen ist es uns leider nicht möglich, die Fragen b bis d genauer zu beantworten.

Nach den erwähnten Saldenbüchern standen zum 30.9.44 offen:

1. bei Südostropa SA Brüssel, Rue du Lombard 39, ... RM 179,25

davon auf Unterkonto Allgemeine Unkosten:

zum 1.4.43.....	RM 90,35
Zugang Mai 1943.....	RM 25,50
Zugang September 1943.....	RM 25,50 RM 141,35

auf Unterkonto Warenlieferungen:

zum 1.4.43.....	RM 37,90
-----------------	----------

Vermutlich handelt es sich bei diesen Posten um Belastungen für Warenmuster.

2. bei Gaston Denidder, Brüssel, Chaussee de Waterloo 365

zum 1.4.43.....	RM 2.295,70
-----------------	-------------

Worauf sich diese Forderung bezog, ist nicht feststellbar.

Ihrem Wunsche gemäß reichen wir Ihnen die Rückfrage der Militärregierung vom 15.2.49 (386/213) im Original zurück und vorliegendes Schreiben in zweifacher Ausfertigung ein.

Die Zellstoff-Fabrik Waldhof, Hauptverwaltung Wiesbaden, schreibt unter dem 27. 4. 49 59/Bdt.:

"Die gesamten Anmeldungen für unser Unternehmen erfolgten durch die Hauptverwaltung, die sich 1945/46 in Kelheim befand. Aber auch die danach noch ergangenen Meldungen folgten von dem neuen Sitz der Hauptverwaltung Wiesbaden aus an Sie.

Unsere Prüfung ergab nun folgendes:

Bei dem Posten US § 1 137-- handelt es sich um den Betrag der Rechnung vom 6. 12. 1939 unseres Werkes Mannheim an die Firma Compagnie d'Elevage et d'Alimentation du Katanga, Brüssel, 4 Rue d'Egmont.

Der Betrag von L 48.2.2 betrifft die Rechnung vom 10. 8. 1939 unseres Werkes Mannheim an die Firma Papeteries de Belgique Société Anonyme, Duffel/Belgien und Lembeq und Brüssel.

Laut den Akten unserer Abteilung Buchhaltung zahlten diese beiden Firmen die genannten Beträge in Schecks, die die Reichsbank nicht einlöste. Zu jener Zeit bestand zwischen Belgien und Deutschland ein Verrechnungsverkehr. Es ist uns bisher nicht gelungen, weiteres festzustellen.

Bei der Durchsicht des sehr umfangreich gewordenen Aktes unserer Anmeldungen finden wir keinen Posten über den von Ihnen genannten Betrag von RM 8 199.--. Wir bitten Sie um Mitteilung, auf welcher Meldung sich dieser Posten befindet, damit wir auch darüber Recherchen anstellen können.

Ihre Anfragen bitten wir zu richten an:

11. Mai 1949

Die Landeszentralbank von Bayern, Regensburg, bat mit Schreiben vom 22. Februar 1949 unser Werk Kelheim, wie wir jetzt erfahren, in Ihrem Auftrag, um nähere Auskunft über die von uns seinerzeit gemeldeten Forderungen in Belgien, und zwar

§ 1.157.--

E 48.2.2 sowie

RM 8.199.--

Über die beiden erstgenannten Posten konnten wir der Landeszentralbank von Bayern, Regensburg, mit Schreiben vom 27. April 1949 Auskunft geben, nicht aber wegen des Postens von DM 8.199.--. Die gesamten Meldungen an die Militärregierung geschahen durch die Hauptverwaltung, die damals, und zwar bis zum August 1946 in Kelheim war, an die Reichsbankstelle Regensburg. Diese erhielt auch alle Nachtragsmeldungen.

Die Landeszentralbank von Bayern, Regensburg, teilt uns mit Schreiben vom 2. Mai 1949 (X,5 Schw/Ka) mit, daß sie unsere Angaben, betreffend die Posten § 1.157.--, E 48.2.2 an Sie weitergeleitet hat und gibt uns anheim, uns wegen des Betrages von RM 8.199.-- direkt mit Ihnen in Verbindung zu setzen.

Wir sind zu Dank verbunden, wenn uns mitgeteilt wird, auf welcher unserer Meldungen der Posten von DM 8.199.-- zu finden ist, da wir ihn bisher nicht ermitteln konnten.

Hochachtungsvoll!

MEMORANDUM

INTER ALLIED REPARATION AGENCY, BRUSSELS

Ref.: LEM/8.US.

31 January, 1949.

To : Mr. H. Sorter,
 Property Division CMGUS,
 Wiesbaden, Germany.

From : L.E. Madison
 I.A.R.A. Brussels.

Subject : US/MGAX/IARA. 5 - Belgian MGAX
 Tabulations.

We have just received the following statement from the Belgian Delegate to I.A.R.A., giving his Custodian's views regarding the MGAX and BKAX tabulations for Belgium:-

"Regarding the listing of 'small items' more details are essential in order to allow us to proceed with an investigation; namely the name of the debtors, the amount due as well as the nature of the claim."

We are informing the Belgian Delegate that we are forwarding a request to you for detailed information regarding those small items shown in the tabulations as having a value of \$500.- (or 22,000.- Bfrs.) or over. For your convenience I am enclosing a list of these items in the order in which they appear in the tabulations.

It would be helpful if the following information could be obtained for each of the items:-

- a) Name of the Belgian Debtor
- b) Exact nature of the claim
- c) The date of acquisition of the claim
- d) The currency in which the claim is expressed, and
- e) Any special remarks with regard to the claim.

L. E. Madison
