#### JOINT RESOLUTION

Authorizing the President, or such officer or agency as he may designate, to conclude and give effect to agreements for the settlement of intercustodial conflicts involving enemy property.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the President, or such officer or agency as he may designate, is authorized to conclude and give effect to agreements to further the amicable and expeditious settlement of intercustodial conflicts involving enemy property, subject to the following:

(1) The authority herein granted shall extend only to agreements with governments with which the United States was not at war in World War II.

(2) Such agreements shall be in accordance with the policy of protecting and making available for utilization the American and nonenemy interests in such property and further the elimination of enemy interests in such property and the efficient administration and liquidation of enemy property in the United States.

(3) For the purposes of this resolution, the United States as to any intergovernmental agreements hereafter negotiated shall seek treatment equal to that accorded United States nationals for persons who, although citizens or residents of an enemy country before or during World War II, were deprived of full rights of citizenship or substantially deprived of liberty by laws, decrees, or regulations of such enemy country discriminating against racial, religious, or political groups: *Provided*, That on the effective date of this resolution such persons were (1) permanent residents of the United States and (2) had declared their intention to become citizens of the United States in conformity with the provisions of the Nationality Act of 1940, as amended; and that such persons shall have acquired citizenship of the United States prior to the effective date of any intergovernmental agreement hereafter negotiated.

(4) Reimbursement to the United States by other governments pursuant to such agreements shall be administered as vested property: *Provided*, That nothing contained in this Act shall hinder, restrict or limit the payment of claims from the War Claims Fund established by section 13 of the War Claims Act of 1948 (Public Law 896, 80th Cong., July 3, 1948; 62 Stat. 1240; 50 U. S. C. App. 2001-2013), as amended.

Approved September 28, 1950.

order in which notices of claims therefor were received and may return any property or interest if the value thereof, taken together with the aggregate value of property and interests already returned pursuant to such proviso, does not exceed \$5,000,000."

Sec. 2. There shall be included in the report made to Congress pursuant to section 6 of the Trading With the Enemy Act, as amended, a statement of (1) the names and nationalities of persons who have filed notice of claim for the return of any property or interest under section 1 of this Act, the date of the filing of such notice of claim, and the estimated value of the property or interest, and (2) the names and nationalities of persons to whom returns have been made of any property or interest under section 1 of this act and the value of such property or interest.

Approved September 29, 1950.

### EXECUTIVE ORDER 10244

DESIGNATING THE SECRETARY OF STATE AND THE ATTORNEY GENERAL AS THE OFFICERS TO PERFORM CERTAIN FUNCTIONS WITH RESPECT TO THE SETTLEMENT OF INTERCUSTODIAL CONFLICTS RELATING TO ENEMY PROPERTY

By virtue of the authority vested in me by the Constitution and laws of the United States, including the Trading With the Enemy Act of October 6, 1917 (50 U. S. C. 1 et seq.), as amended, and the act of September 28, 1950 (Public Law 857, 81st Cong.), and as President of the United States, it is hereby ordered as follows:

1. The Secretary of State and the Attorney General are hereby jointly designated as the officers authorized to conclude and give effect to agreements relating to the settlement of intercustodial conflicts involving enemy property made pursuant to the said act of September 28, 1950, and to exercise all powers incident thereto which are conferred by such act, including, without limitation, the powers to receive, transfer, release, or return property, interests therein, or proceeds thereof.

2. It is the policy of this Order that the Secretary of State, with the concurrence of the Attorney General, shall perform all functions necessary or appropriate to give effect to any agreement made pursuant to the said act of September 28, 1950, with relation to the protection of American interests in property outside the United States, and that the Attorney General, with the concurrence of the Secretary of State, shall perform all functions necessary or appropriate to give effect to any such agreement with relation to property subject to the jurisdiction of the United States, and that all other functions relating to the effectuation of any such agreement shall be performed as may be agreed by the Secretary of State and the Attorney General. However, no action taken hereunder by either the Secretary of State or the Attorney General shall be considered to be invalid on the ground that under the provisions of this order such action was within the jurisdiction of the Secretary of State rather than the Attorney General, or vice versa, or that concurrence was not obtained, or that such action was not joint.

3. The Secretary of State and the Attorney General may each delegate to the other or to any other officer, person, or agency within his respective department such of his functions under this order as he may deem necessary.

4. Any money, property, or interest received as reimbursement by the United States by virtue of any agreement made pursuant to the said act of September 28, 1950, shall be administered and disposed of by the Attorney General as vested property pursuant to the said Trading with the Enemy Act, as amended. Any other money, property, or interest received by the Secretary of State or the Attorney General pursuant to any such agreement shall be administered and disposed of pursuant to the provisions of such agreement.

### EXECUTIVE ORDER 10254

TERMINATING THE PHILIPPINE ALIEN PROPERTY ADMINISTRATION AND TRANSFERRING ITS FUNCTIONS TO THE DEPARTMENT OF JUSTICE

By virtue of the authority vested in me by the Constitution and the laws of the United States, including the Trading with the Enemy Act of October 6, 1917, 40 Stat. 411, as amended, the Philippine Property Act of 1946, 60 Stat. 418, as amended, section 1753 of the Revised Statutes, the Civil Service Act, 22 Stat. 403, and section 101 (b) of Re-

organization Plan No. 1 of 1947, 61 Stat. 951, and the President of the United States, and in effectuation of those provisions of the General Appropriation Act, 1951, relating to the Philippine Alien Property Administration, it is ordered as follows:

1. The Philippine Alien Property Administration, established by Executive Order No. 9818 of January 7, 1947, is hereby terminated. All authority, rights, privileges, powers, duties, and functions vested in such Administration or in the Philippine Alien Property Administrator or transferred or delegated thereto are hereby vested in or transferred or delegated to the Attorney General, as the case may be, and shall be administered by him or under his direction and control by such officers and agencies of the Department of Justice as he may designate.

2. All property or interests vested in or transferred to the Philippine Alien Property Administration or the Administrator thereof, and all proceeds thereof, which are held or administered by the Philippine Alien Property Administration or the Administrator thereof are hereby transferred to the Attorney General of the United States.

3. All personnel, records, files, furniture, funds, authorizations, equipment, and supplies of the Philippine Alien Property Administration are hereby transferred to the Department of Justice.

4. All necessary expenses incurred in the administration or operation of the functions, duties, authority, rights, privileges, and powers hereby vested in or transferred or delegated to the Attorney General shall be paid, to the extent permitted and in the manner prescribed by law, from funds or property or interests vested in or transferred to the Attorney General by or pursuant to the authority contained in this order, so as to prevent diminution of funds otherwise available for the War Claims Fund under section 39 of the Trading with the Enemy Act, as amended by section 12 of the act of July 3, 1948, 62 Stat. 1246.

This order shall become effective at the close of business in Washington, D. C., on June 29, 1951, and shall at that time supersede all prior Executive orders to the extent that they are in conflict with this order.

## Basic Policies and Problems

The Office of Alien Property in the Department of Justice is charged with the responsibility of vesting enemy interests in property in the United States owned or controlled directly or indirectly by the Governments and nationals of Germany and Japan, and of administering and disposing of such property in accordance with the provisions of the Trading With the Enemy Act, as amended.

Enemy property, when identified, is vested in the name of the Attorney General by the issuance of vesting orders and the vested property is administered in the national interest by the Office. All vested property, with the exception of a few specified classes, is reduced to cash by sale or liquidation at the earliest practicable time. The disposition of the proceeds of sale or liquidation of vested property is carried out in the manner prescribed by the Congress. By legislation the Congress has provided for the payment of debt claims to American creditors of enemy nationals, the return of vested property to nonhostile persons, and the transfer of the net proceeds of German and Japanese property to the War Claims Fund.

Jurisdiction is also exercised by the Office over certain assets in the United States of designated foreign countries and their nationals which are subject to blocking and licensing. This program is designed to separate enemy assets from those of nonhostile foreign nationals for the purpose of vesting the former and releasing the latter. Blocked assets of countries that are beneficiaries under the European Recovery Program are released in such a manner as to aid the program.

### VESTING POLICY

#### Property of Enemy Nationals

The Office has limited its vesting program to property located in the United States on or prior to December 31, 1946, and accretions thereto, which is owned or controlled directly or indirectly by the Governments of Germany and Japan, individuals resident in those countries, business enterprises organized under their laws, and business enterprises organized under the laws of other foreign countries in which the former categories have substantial interests.

As a practical matter the vesting of German assets in the United States which were blocked as of January 1, 1947, has continued pursuant to a specific proviso in the Joint Resolution of the Congress terminating the state of war between the United States and Germany.<sup>1</sup> In view of the nominal value of known unvested Japanese assets in the United States, the Office has not seized any Japanese property since the Treaty of Peace with Japan<sup>2</sup> went into effect on April 28, 1952.

It can be seen, therefore, that the vesting program of the Office of Alien Property has been substantially completed. It is estimated that at the end

<sup>1</sup>65 Stat. 451, approved Oct. 19, 1951. See Appendix, Exhibit F, p. 116.

<sup>2</sup>Executive A.82nd Cong., 2d sess.

of the fiscal year 1952 there remained to be vested approximately \$4,000,000 of German property in the United States.<sup>3</sup>

### Value of Vested Property

As of June 30, 1952, the Office had vested property with an estimated net value at dates of vesting of \$388,629,000.<sup>4</sup> Together with appreciation of vested property of approximately \$101,502,000 and income from vested property of \$50,544,000, the total estimated value of all vested property at June 30, 1952, was \$540,675,000.<sup>5</sup> The estimated net value of property vested during the fiscal year 1952 was \$12,681,000. The net values of vested property at dates of vesting classified by the different types of property, together with comparable data on the number of vesting orders issued, are presented in table 1. A further breakdown has been made between vested property of German and Japanese nationals and that of other nationals since the Congress has prescribed the manner in which the proceeds of the vested property of each category of nationals are to be disposed.

<sup>1</sup> Exclusive of patents, copyrights, and trade-marks, and other properties on which dollar valuations are not practicable; of net income and appreciation of vested properties since dates of vesting; and of property located in the Philippine Islands, which is being handled separately, since the net proceeds after liquidation and settlement of claims and suits, must be turned over to the Government of the Philippines by the terms of the Philippine Property Act of 1946 (60 Stat. 418).

<sup>2</sup> See p. 8, *infra*.

### ADMINISTRATION AND LIQUIDATION OF VESTED PROPERTY

As soon as practicable after vesting, the Office endeavors either to liquidate or sell to nationals of the United States most of the property under its administration. Pending its liquidation or sale, vested property is administered in the national interest in a manner designed to conserve and increase its value.

<sup>3</sup> On April 15, 1953, the Office terminated the vesting of German property.

<sup>4</sup> The estimated value of \$9,058,000 of vested property located in the Philippine Islands, which has been shown in the past as an addition to net equity vested and a deduction from it for "transfer to the Philippine Alien Property Administration," has been omitted this year from the net equity figures of the Office. For further details, see p. 6, *infra*.

<sup>5</sup> Before deductions, both administrative and those required by law. For the deductions, see Ch. II, table 5, p. 14.

The many valuable German and Japanese-vested patents, with the exception of those in which nonenemies have or claim interests, are licensed to American industry on a nonexclusive, royalty-free basis. Vested nonenemy and Italian patents are subject to return to their former owners under the provisions of section 32 of the Trading With the Enemy Act, as amended.<sup>6</sup> Pending such return, these patents are licensed on a nonexclusive, royalty-bearing basis if satisfactory terms can be agreed upon by the former owner and the applicant for a license.

### Liquidation and Sale

The Office received a total of \$57,800,000 during the fiscal year 1952 as net proceeds of the sale and liquidation of vested property and the receipt of funds considered vested per intercustodial agreements<sup>7</sup> and collected \$4,299,000 as net income from vested property. As of June 30, 1952, total net proceeds amounted to \$268,218,000 and total net income equalled \$48,704,000.

For policy or legal reasons the following classes of vested properties were not sold or liquidated during the fiscal year: (1) patents, copyrights, or trade-marks; (2) properties of nationals of countries other than Germany and Japan, which are being withheld from sale at the request of the Department of State; and (3) properties against which title claims or suits for return were pending.<sup>8</sup>

As of June 30, 1952, approximately \$150,000,000 of vested property had not been reduced to cash because of the above mentioned legal or foreign policy reasons. Excluded from this figure are values for patents, copyrights, and trade-marks on which dollar values cannot be computed.

### DISPOSITION OF VESTED PROPERTY

The disposition of vested property or the proceeds of its sale or liquidation, has been determined by the Congress through the enactment of various amendments to the Trading With the Enemy Act, as amended.

### Creditors of Former Owners of Vested Property

Section 34 of the Trading With the Enemy Act, as amended, permits the payment of certain debt claims to creditors of the former enemy owners of vested property. Such creditors must be citizens of the United States or Philippine Islands or residents of this country since December 7, 1941.

Debt claims against property subject to a title claim or section 9 (a) suit are not generally paid until such title claim or suit has been settled. The Office, upon allowance of a title claim under section 32 to a nonresident or a foreign corporation, must give notice in the *Federal Register* of intention to return at least 30 days prior to making the return. During this 30-day period, debt claimants may attach the property and proceed to have the validity of the debts determined in the courts.

During the fiscal year, 425 debt claims were disposed of, with 79 claims being allowed in the aggregate amount of \$437,227<sup>9</sup> and 346 claims disallowed or withdrawn or disposed of through consolidation.

<sup>6</sup> 50 U. S. C. App. sec. 32.

<sup>7</sup> See p. 8, *infra*.

<sup>8</sup> Certain properties subject to administrative title claims, but not involved in section 9 (a) litigation, were sold where continued retention of the properties would result in loss or deterioration.

<sup>9</sup> Because of the insolvency of 7 of the debtors' accounts, payments totalling only \$214,529 were made on these allowed claims during the 1952 fiscal year.

323867

### Nonhostile Persons Whose Property Has Been Vested

The administrative return of vested property to nonhostile persons is authorized by section 32 of the Trading With the Enemy Act, as amended.<sup>10</sup> Generally speaking, vested property can be returned to the following: non-enemy governments; citizens of allied and neutral countries not voluntarily resident in enemy countries during the war period; corporations of non-hostile countries that are not enemy controlled; certain American citizens regardless of their residence during the war; enemy citizens who continuously resided outside enemy or enemy-occupied territory since December 6, 1941, and who were not engaged in business in such territory; victims of enemy persecution who would otherwise have been ineligible because of enemy citizenship or residence in an enemy country; and the Government, nationals and residents of Italy who were previously ineligible because of their earlier enemy status.

The Office processed a total of 1,093 title claims during the fiscal year 1952. Of this total, the number allowed was 452 and the number disallowed or withdrawn was 641. Returned to former owners during the fiscal year were \$5,765,000 of cash and appraisable property, 325 patents, 19 part interests in patents, 9 patent applications, 16 interests in patent contracts, and certain other industrial properties.

The provisions of section 9 (a) of the Trading With the Enemy Act, as amended,<sup>11</sup> offer a judicial remedy for nonenemy claimants of vested property by permitting them to bring actions under this section in a Federal district court for the return of their vested property.

### Nationals of Former Enemy Countries

At the request of the Department of State, most of the vested property of nationals of Bulgaria, Hungary, Italy, and Rumania is being withheld from sale or liquidation. The treaties of peace with these countries provide for the return of any vested property, or the proceeds therefrom, in excess of claims of the United States Government and its nationals.<sup>12</sup>

**NATIONALS OF ITALY.**—Italian assets in the United States consisting of blocked property and vested property are being released or returned to their former owners under the terms of a general settlement agreement between the Governments of Italy and the United States. The blocked property is being released by the Office upon certification by the Italian Government that there are no ineligible interests in the specific properties claimed.<sup>13</sup>

The return of vested Italian property is being carried out under the authority of section 32 of the Trading With the Enemy Act, as amended.<sup>14</sup> The procedure involved requires the Italian Government to issue certificates to the Office of Alien Property in respect of citizenship, residence, ownership, and non-collaboration with Germany after September 8, 1943, of Italian claimants under this section.

Some Italian property may not be returned by the United States since the general settlement agreement provided for the retention of vested property formerly owned by specified classes of Italian nationals, such as war criminals

and others who continued to aid the enemy cause after Italy became a co-belligerent. The ultimate disposition of any Italian property not returned will be determined by the United States, in consultation with the Italian Government.

**NATIONALS OF BULGARIA, HUNGARY, AND RUMANIA.**—Due to the unsettled international situation, the decision with respect to the ultimate disposition of the remaining vested and blocked Bulgarian, Hungarian, and Rumanian property in the United States is still pending.

### Nationals of Germany and Japan

The War Claims Act of 1948<sup>15</sup> provides for the manner of disposal of vested property, or the proceeds therefrom, formerly owned by the Governments and nationals of Germany and Japan.<sup>16</sup>

Under the provisions of the War Claims Act of 1948 a War Claims Commission was established, which in conjunction with the Federal Security Administrator, was authorized to make adjudications and awards on certain classes of claims arising out of World War II, primarily those of American internees and prisoners of war maltreated by the enemy during their imprisonment. The act added section 39 to the Trading With the Enemy Act, as amended,<sup>17</sup> which specifically provided that property of the Governments and nationals of Germany and Japan shall not be returned except as authorized in section 32,<sup>18</sup> and no compensation shall be paid with respect to such property. The net proceeds available after completion of administration of German and Japanese property are to be covered into the Treasury under a War Claims Fund. The administrative expenses of the War Claims Commission and the awards which the act authorizes are to be paid out of the fund.

During the fiscal year ended June 30, 1952, two transfers of \$30,000,000 each were made by the Office to the War Claims Fund<sup>19</sup> bringing the total amount transferred to the fund to \$150,000,000 at the close of the fiscal year.

### PHILIPPINE VESTED PROPERTY

The transfer of the administration of vested property located in the Philippine Islands from the Philippine Alien Property Administration to the Office of Alien Property effective as of June 29, 1951, has made mandatory a change in the method of presentation of the progress of liquidation of this property.

The provisions of Executive Order No. 10254 of June 15, 1951, effecting the transfer of jurisdiction and administration, also stipulated that all necessary expenses incurred in the administration of Philippine property be paid from funds or property or interests so transferred, so as to prevent diminution of funds otherwise available for future transfer to the War Claims Fund.<sup>20</sup> This provision was necessary because the terms of the Philippine Property Act of 1946,<sup>21</sup> provided that the proceeds of Philippine vested property, after liquidation and provision for the disposition of claims and suits, be turned over to the Republic of the Philippines.

<sup>10</sup> 60 Stat. 50, 60 Stat. 784, 64 Stat. 1080, 50 U. S. C. App. sec. 32.

<sup>11</sup> 50 U. S. C. App. sec. 9.

<sup>12</sup> These treaties were ratified by the United States Senate on June 5, 1947, and came into force on September 15, 1947.

<sup>13</sup> As of June 30, 1952, the ineligible interests were limited to those persons in Germany, Japan, Hungary, Bulgaria, Rumania, Latvia, Estonia, Lithuania, Czechoslovakia, and Poland.

The Office, on January 7, 1947,<sup>22</sup> had transferred vested Philippine property to the Philippine Alien Property Administration valued at an estimated \$9,058,000.<sup>23</sup> The progress of the conversion of vested property into cash proceeds and the necessary deductions therefrom are shown in table 2.

<sup>2</sup> A reserve for expenses is provided for by the Act. The figures used here are provided for by a reserve of 20 percent of the realization proceeds only.

Through June 30, 1952, a total of \$8,236,310 had been realized from the sale and liquidation of vested Philippine property. In addition, a total of \$556,970 of net income had been received from vested property, of which more than \$218,000 had been received during the fiscal year 1952. At the close of the fiscal year, approximately \$183,107 of vested property had not been sold or liquidated.

Section 3 of the Philippine Property Act of 1946 provided that the proceeds of Philippine vested property, after liquidation and provision for the disposition of claims and suits, be turned over to the Government of the Republic of the Philippines. Under this section, there have been six transfers of cash made between September 7, 1949, and February 19, 1952, the dates of the first and last transfers, totaling \$2,275,030.

Section 5 of the Act also provided for the transfer to the Philippine Republic for a nominal cash consideration vested shares of agricultural corporations, agricultural lands, miscellaneous personal property and improved property in Manila urgently needed administratively by the Philippine Government. The statute requires that in all cases of transfer, the Philippine Government agrees to indemnify fully the United States for all claims payable under the Trading With the Enemy Act, as amended, and for all costs and expenses of administration. Under this section of the Act, between August, 1946, and June 29, 1951, the dates of the first and last transfers, 86 transfers have been made of vested shares in agricultural corporations, agricultural lands, miscellaneous personal property and improved real

property, totaling as follows: 230,000 hectares<sup>24</sup> of agricultural land located in Davao Province, of which the Japanese held leasehold interests in 150,000 hectares; 400,000 square meters of residential and commercial land, 50 buildings, and 3,000 items of machinery and other personal property, located chiefly in or near Manila; and 135 sunken vessels.

## LITIGATION

The Office of Alien Property is involved in a variety of suits concerning property under the control of the Attorney General. This litigation arises as a result of the administration of the Trading With the Enemy Act, as amended.

At the end of the fiscal year approximately 124 section 9 (a) suits to recover vested property were pending. These suits seek the return of vested property valued at approximately \$144,000,000. In addition during the fiscal year the Office was active in 236 cases to enforce delivery of vested property and to preserve property already vested. In litigation involving estates and trusts, the Office was active in 1,429 cases during the fiscal year and closed 312 cases. At the end of the fiscal year, there were pending 1,117 cases involving estates and trusts.

## INTERCUSTODIAL PROBLEMS

During World War II all of the principal allied governments established programs seizing enemy assets within their jurisdictions. As a result of such seizures many jurisdictional problems involving conflicting claims to the same asset have arisen among the enemy property custodians of the allied governments.

These conflicts take various forms. For example, the Attorney General has vested 100 shares of stock directly from the registration books of the issuing domestic corporation and has received from the latter a new certificate representing the 100 vested shares. The old certificate, representing the same 100 shares, is located in an allied country and the custodian of that country has seized it and claims the underlying property which it evidences. A second type of problem arises in the case of foreign currency bank accounts. A bank organized in an allied country has a dollar account on its books for a German resident in Germany and maintains cover for the obligation by carrying an account in a United States bank. The custodian of the allied country has seized the obligation owed by the bank in his country to the German national; the Attorney General has vested the dollar account in the bank in this country because it was beneficially owned by the German national.

A third type of conflict arises in the case of business enterprises. A company organized in an allied country is partially or wholly owned by a German resident in Germany. The custodian of the allied country has seized those shares of the company stock which were owned by German nationals. The company has assets in the United States; e. g., a bank account, securities and a subsidiary. If the corporation had been 50 percent or more German owned or otherwise German controlled, the Attorney General has vested all of its assets located in this country.

These examples raise many important legal and policy questions. Since litigation would be costly and drawn out and most of the conflicts are between the Custodians of Allied Governments, the better way to settle the dif-

<sup>24</sup> A hectare=10,000 square meters=2.471 acres.

ferences appears to be international negotiation and agreement. Accordingly, discussions were undertaken by delegates to the Inter-Allied Reparation Agency in Brussels, Belgium, beginning in June, 1946.<sup>25</sup> These negotiations eventuated in an international agreement, commonly known as the Brussels Intercustodial Agreement of December 5, 1947. This Agreement, which went into effect on January 24, 1951, has been signed by the Governments of Belgium, Canada, Cuba, Denmark, Haiti, Honduras, Luxembourg, Nicaragua, The Netherlands and the United States. It is no longer open for signature by additional countries.

Legislation authorizing the President, or such officers and agencies as he may designate, to conclude and implement agreements for the settlement of intercustodial conflicts was approved on September 28, 1950.<sup>26</sup> By Executive Order No. 10244 of May 17, 1951 the President authorized the Secretary of State and the Attorney General to implement the statute.<sup>27</sup>

The Brussels Intercustodial Agreement of December 5, 1947 treats only of German external assets. In general it provides that: (1) securities in both registered and bearer form, currency and evidences of indebtedness shall be released to the custodian of the country of issue; (2) bank accounts maintained in one signatory country by a bank in another signatory country for the account of an enemy shall be divided equally by the custodians of the two countries involved; (3) the custodian of the country having primary administration over an estate or trust shall administer all assets wherever located and shall retain the enemy interest in the estate or trust; (4) with respect to German owned or controlled enterprises organized under the laws of signatory countries (primary countries) and having assets in other signatory countries (secondary countries) the custodians of the secondary countries shall, with certain exceptions, release control over the assets of such enterprises in their territories but shall receive in reimbursement that percentage of the value of the assets released as is equal to the agreed percentage of enemy interest in the enterprise; and (5) with respect to enterprises organized under the laws of Germany in which there is a 25 percent or more interest of nonenemy nationals of the signatory countries, nonenemy owners who are nationals of signatory countries shall recover the assets in signatory countries to the extent of their ownership in the enterprise.

During the fiscal year ended June 30, 1952, the Office conducted negotiations with several allied governments for the purpose of resolving intercustodial conflicts. Settlement was reached with the Government of The Netherlands regarding approximately \$10,000,000 of blocked securities issued by firms in the United States. These securities were registered in the names of Dutch Administration Offices which had in turn issued their own bearer certificates. The Office of Alien Property agreed to unblock the securities and the Government of The Netherlands agreed to pay the Attorney General the sum of \$3,500,000 as representative of the German interest in the securities. The first installment of \$850,000 has been paid on this account and the remainder is to be paid by October, 1953. This money will be treated as German vested property by the Office as provided for under the statute of September 28, 1950.<sup>28</sup>

<sup>25</sup> IARA was created under the Paris Agreement on Reparation from Germany, of January 24, 1946, as an instrumentality for allocating German reparations among the 19 signatory governments, including all major allied powers except Russia and China.

During the fiscal year negotiations were conducted with representatives of the Government of Norway which resulted in a draft of an intercustodial agreement covering about 30 cases and involving approximately \$1,500,000. This agreement awaits formal approval of both countries.

## FOREIGN FUNDS CONTROL

The blocking controls asserted over certain assets in the United States of designated foreign countries and their nationals continued during the fiscal year ended June 30, 1952, pursuant to Executive Order No. 8389 of April 10, 1940, as amended,<sup>29</sup> No. 9989 of August 20, 1948,<sup>30</sup> and No. 10348 of April 26, 1952.<sup>31</sup>

During the fiscal year approximately 900 applications were filed with the Office requesting unblocking of or permission to deal in the assets which remained blocked. The very substantial decrease in the number of applications filed was due primarily to the decrease in the amount of assets which remained blocked. With respect to the 900 applications, unblocking applications were granted generally in those cases where sufficient proof was submitted as to the beneficial ownership and the nonenemy status of the owners of the blocked assets. In those cases in which the owners of the blocked assets were citizens and residents of countries receiving aid under the European Recovery Program, the appropriate governments were furnished the pertinent information and thereby given an opportunity to assert control over the dollar assets prior to their unblocking.

The furnishing of information in such cases was in accordance with the program outlined in the February 2, 1948 letter from the Secretary of the Treasury Snyder, as Chairman of the National Advisory Council, to the late Senator Arthur H. Vandenberg, then Chairman of the Senate Foreign Relations Committee. Unblocking licenses were generally denied to nationals of enemy or former enemy countries, except Italy, unless proof was furnished that such nationals were eligible for the return of their properties, if vested, pursuant to the provisions of section 32 of the Trading With the Enemy Act, as amended.

As a further step in implementing the Snyder-Vandenberg program, during the fiscal year copies of 898 reports relative to blocked assets were made available to the governments of countries receiving aid under the European Recovery Program. These reports covered properties, valued at \$12,750,000, alleged to be owned by persons who were citizens and residents of such countries, including properties for which unblocking applications had never been filed. This step gave the governments of these countries a further opportunity to marshal and use dollar assets in this country to reconstruct their economies.

As part of the settlement reached with the Netherlands Government,<sup>32</sup> General License No. 99 was issued on October 20, 1951,<sup>33</sup> unblocking the \$10,000,000 of American securities against which Dutch Administration Offices had issued bearer certificates, a portion of which had been German owned. Another step in terminating blocking controls was the issuance of General License No. 100 of January 23, 1952.<sup>34</sup> The effect of this license was to unblock all obligations expressed in German currency owed by a

person in the United States to a person in Germany which are secured by mortgages on real estate located in Germany.

During the fiscal year further progress was made in connection with the "looted" securities program. This program was initiated after the termination of hostilities in Europe to assist in the restoration of securities looted by the Germans during the occupation of Western Europe. During the preceding fiscal year an agreement had been entered into with the Netherlands Government, in which country most of the looting occurred, and more stringent prohibitions were imposed on all dealings in these securities, described in lists appended to General Ruling Nos. 5 and 5B.<sup>85</sup> During the fiscal year ended June 30, 1952, vesting orders were issued vesting obligations owed by domestic corporations evidenced by such looted securities as had not been deposited with the Federal Reserve Bank of New York as required by General Ruling No. 5B. The total value of the obligations vested was approximately 3 million dollars. It is expected that the Netherlands Government, acting on behalf of its nationals from whom the securities were looted, will file claims for the return of the vested property.

As of June 30, 1952, in addition to property of Germany, Japan, and their nationals, the bulk of the property in the United States that continued to be blocked was owned by the Governments or nationals of Bulgaria, Hungary, Rumania, Estonia, Latvia, Lithuania, Poland and Czechoslovakia. Additional blocked property was held for nationals of Austria, Belgium, Denmark, France, Greece, Italy, Luxembourg, The Netherlands, Norway, Sweden and Switzerland who had not taken advantage of the procedures available for unblocking. At the end of the fiscal year it was anticipated that, as a further step in liquidating the blocking controls, the property in this latter group would be unblocked in the near future.

## General Description of Controlled Property

This chapter presents descriptive and statistical information in summary form relating to the properties controlled by the Office of Alien Property. Excluding blocked foreign assets,<sup>1</sup> controlled property has been divided into two categories: (1) vested property, and (2) property held in safekeeping. Since vested property is by far the most important type in terms of dollar value and over-all significance, most of the statistical tables and descriptive summaries relate to this category.

### VALUE OF CONTROLLED PROPERTY

Property administered by the Office has been evaluated in two ways for purposes of this report, namely *total property controlled* and *net equity vested*. *Total property controlled* means the total amount or value of property over which the Office exercises control through vesting and deposit for safekeeping. *Net equity vested* means the estimated value of the vested property actually held by the Office of Alien Property on the date indicated.

As of June 30, 1952, total controlled property amounted to \$388,830,000. Of this amount, \$296,890,000 represented net equity vested.<sup>2</sup> The \$91,940,000 difference represents (1) \$3,896,000 of property held in safekeeping, and (2) the \$88,044,000 difference between the total assets of controlled enterprises in which interests have been vested and the estimated net value of the vested interests.

#### Property Not Included in Evaluations

There are some types of property, e. g., industrial property, held by the Office which have not been evaluated. Were it practical to value these properties, the amount shown for net equity would be higher. The following summary indicates such properties held as of June 30, 1952:

Type of property	Number of items
Patents	42,611
Part interests in patents	285
Patent applications	1,683
Abandoned patent applications	525
Unpatented inventions	810
Copyrights (estimated)	500,000
Trade-marks	353
Interests in ships	3
Interests in patent contracts	1,137

<sup>1</sup> Approximately 24,320 of these patents have expired.

Also excluded from the evaluations of property are assets, either directly vested or owned by business enterprises in which the Office holds substantial interests, which are located in enemy or formerly enemy-occupied countries.

<sup>2</sup> For details of the blocked foreign properties program, see Ch. I, pp. 9-10.

<sup>3</sup> Property remaining from World War I is excluded from these figures and is treated separately. See pp. 20-21, *infra*.

## NET EQUITY VESTED

In this section of the report, net equity vested as of dates of vesting means the total value of all property vested valued as of the dates when vesting occurred, without regard to any dispositions of the property since vesting. Net equity vested as of June 30, 1952, means the value on June 30, 1952, of the vested property which was still held by the Office on that date. This amount reflects changes in value of vested property and income earned thereon as well as dispositions of vested property by the Office, since vesting.

### Property Vested During Fiscal Year 1952

Net equity vested<sup>3</sup> during the fiscal year 1952 amounted to \$12,681,000, of which more than 80 percent was accounted for by personal property. Table 4, classified by type of property, shows net equity vested during the fiscal year, during earlier years, and during the entire period to June 30, 1952.

<sup>2</sup> Net equity vested in accrued royalties on copyrights and copyright contracts, is valued by the Office only after receipt of the principal cash involved. For the fiscal year 1952, allocable expenses exceeded principal cash received by the Office by \$4,000.

<sup>3</sup> All net equity figures include any amounts received from allied governments per intercustodial agreements; as the Trading With the Enemy Act, as amended, provides that such sums be treated as vested property subject to the War Claims Act. 50 U. S. C. App. Sup. 40.

### Changes in Net Equity Vested

Total net equity has declined from \$388,629,000 as of dates of vesting to \$296,890,000 as of June 30, 1952. The factors responsible for the \$91,739,000 decline are shown in table 5. The more important reasons for the reduction in net equity were: the transfer of funds to the War Claims Fund pursuant to the War Claims Act of 1948;<sup>4</sup> the use of funds to defray the administrative expenses of the Office; and the return of property to successful title claimants—discussed in the succeeding paragraph. As shown in table 5, the decline in net equity was offset substantially by the appreciation of the vested interests in business enterprises and by income from vested properties.

<sup>1</sup> The figures in this column include approximately \$2,500,000 of property formerly owned by residents of Austria, Sudetenland, and Danzig who were regarded as nationals of Germany at the time of vesting.

<sup>2</sup> Funds for administrative expenses and the War Claims Commission (\$180,390,000) have been deducted from this figure. These funds have not been allocated to specific alien property accounts and as a consequence have not been deducted from the nationality columns. The totals of all the nationality columns, therefore, exceed the \$296,890,000 net equity as of June 30, 1952, by \$180,390,000.

<sup>3</sup> Value of property returned and cash realized from real estate vested from Italian nationals exceeds the value of such property at dates of acquisition by \$366,000.

<sup>4</sup> Cash received by the Office as a result of the vesting of personal property of Bulgarian nationals exceeds the value of such property at date of vesting by \$4,000.

<sup>1</sup> Appreciation and depreciation of properties other than interests in business enterprises cannot be computed. Other properties are, therefore, carried at the same values on June 30, 1952, as at dates of vesting.

<sup>2</sup> Total amounts only are shown inasmuch as the charges have not been allocated to specific alien property accounts. The totals of all the nationality columns, therefore, exceed the \$296,890,000 net equity as of June 30, 1952, by \$180,390,000.

### Cash Income From Vested Property

Net income received from vested property during the fiscal year 1952 amounted to \$4,299,428, an increase of slightly more than \$300,000 from the total of the previous fiscal year. The major portion of the increase was due to a substantial advance in the amount of royalties collected from patents, patent applications and patent contracts. The allocation of cash income by type of property from which the income was received is shown in table 9.

### Cash Proceeds of Liquidation and Sale

Cash proceeds from the sale and liquidation of vested property during the fiscal year was the largest ever recorded for any fiscal year since 1942. A total of \$57,799,596 was received during the fiscal year making an overall total of \$268,217,864 received through June 30, 1952. The increased tempo of the sale and liquidation of stocks and bonds and the sale of the vested interest in Schering Corp. during the fiscal year 1952 provided the main reasons for the more than doubling of the total sales and liquidations

323874

for the previous fiscal year. Data on the net proceeds from the sale and liquidation of vested property is presented in table 10.

### SUPERVISED PROPERTY

The total value of the properties placed under the supervision of the Office was \$31,238,000. Of this amount business enterprises represented \$30,220,000. All of the properties placed under supervision had been released as of June 30, 1952. No properties were placed under supervision during the fiscal year.

**Table 9.—CASH INCOME ON PROPERTY VESTED, CLASSIFIED BY TYPE OF PROPERTY, MAR. 11, TO JUNE 30, 1952**

NOTE.—These figures are net of direct expenses paid in connection with the operation of the vested property during the period of the Office's ownership. The classification according to type of property is based on the form in which property was held at the time the income was produced. For example, cash income on real estate distributed to the Attorney General from a trust is classified as income on real estate rather than as income on trusts.

### PROPERTY HELD IN SAFEKEEPING

The Office has acquired some properties without the issuance of supervisory or vesting orders. As of June 30, 1952, the estimated value of such properties was \$3,895,757. Of this amount, \$2,836,652 was in stocks.

323875

## ASSETS REMAINING FROM WORLD WAR I

The value of World War I assets held as of June 30, 1952, amounted to \$2,053,474.26.

During the fiscal year ended June 30, 1952, a total of \$467,318.35 was transferred to the Secretary of the Treasury for deposit in the "German Special Deposit Account" under the provisions of Public Law 375,<sup>5</sup> making a grand total of \$6,664,787.06 so transferred. On June 30, 1952, \$50,000 was held by the Office subject to call of the Treasurer of the United States under this law. It is anticipated that when an audit of all World War I accounts and claims is completed, additional sums may be available for transfer.

Also during the year, \$195,539.06, representing unclaimed German funds, was transferred to the Treasury in accordance with the provisions of section 25 (d) of the Trading With the Enemy Act, as amended. There was also transferred during the fiscal year \$45,265.49 under the provisions of the Settlement of War Claims Act of 1928.<sup>6</sup>

A total of \$64,900.76 was paid 74 claimants during the fiscal year.

Of the cash assets held in the amount of \$2,003,158.48 as of June 30, 1952, \$359,598.89 is claimed by French nationals, \$239,442.35 is claimed by Austrian nationals, and \$1,404,117.24 is claimed by persons of other nationalities. At the start of the fiscal year 1952, there were pending 248 claims in the amount of \$406,073.45 filed by French nationals. During the year, 37 French claims were allowed and paid amounting to \$52,268.12. Additional sums in the amount of \$38.48, representing 20 percent withheld, and \$21.30, covering section 26 (a) interest, were transferred to the "German Special Deposit Account." In addition, income and estate taxes amounting to \$3,146.66 were paid with respect to the property and income covered by the allowed claims.

There were pending at the beginning of the fiscal year 192 claims filed by Austrian citizens in the amount of \$247,500.63. During the year, 30 Austrian claims were allowed and paid in the amount of \$8,007.90. Three other Austrian claimants were not eligible for the return of their property, and cash in the amount of \$50.38 covering the amount of their claims was transferred to the "German Special Deposit Account" under Public Law 375.

There were 7 claims allowed and paid during the fiscal year which had been filed by persons of other nationalities, amounting to \$4,624.74. Income and estate taxes were paid in the amount of \$811.38 with respect to the funds covering these claims.

## Business Enterprises

The Office of Alien Property has vested controlling or substantial interests in 433 business enterprises whose total assets amount to \$407,654,000 as of dates of assumption of control. As of June 30, 1952, the Office had under its administration 154 enterprises with total assets of \$274,031,000, of which \$118,612,000 represents the value of the Attorney General's interest.

In the case of a corporation, the Office vests the enemy-owned capital stock. Where partnerships and other types of unincorporated business enterprises are involved, the Office vests the enemy proprietary interests where the enterprise is partially enemy-owned and all of the assets where the enterprise is wholly enemy-owned. In the case of certain unincorporated banks and insurance companies, however, the Office has vested the remaining excess assets after payment of claims and liabilities in accordance with the law of the state or territory in which the institution is located. The Office, in addition to vesting ownership interests, also vests the interests of creditors.

### GENERAL DESCRIPTION OF VESTED ENTERPRISES

#### Interests Vested During Fiscal Year

The vesting program regarding interests in business enterprises has been completed. Creditor interests of vested business enterprises are still being vested in small amounts.

#### Status of Vested Enterprises

Of the 433 vested enterprises, the Office has continued 105 as going concerns while the remaining 328 were either in liquidation at date of vesting or have been placed in liquidation. Of the 105 continued in operation, 50 have been sold, 21 returned to nonhostile persons, and 1 company was merged with another vested enterprise. The Office has completely liquidated 186 of the 328 enterprises in liquidation, and in addition, has sold 2 companies in liquidation and has returned the vested interests in 19 companies in liquidation. The Office continues to hold vested interests in 33<sup>1</sup> going business enterprises and 121 inactive enterprises in liquidation as of June 30, 1952.

#### Size and Business Activity

At dates of assumption of control, 10 of the companies had assets in excess of \$10,000,000, while 42 others had assets exceeding \$1,000,000. As of

<sup>1</sup> This figure does not include certain minority stock interests which, although of substantial value, did not justify taking supervision of the particular enterprises.

June 30, 1952, the Office still had controlling interests in 4 companies whose assets exceeded \$10,000,000, and in an additional 16 with assets exceeding \$1,000,000.<sup>2</sup>

The following summary, arranged according to the nationality of the former owners of the 433 enterprises, indicates the distribution of the enterprises and their total assets at date of assumption of control:

Nationality of former ownership	Number of companies	Total assets
German.....	219	\$290,337,000
Japanese.....	175	100,715,000
Italian.....	33	13,564,000
Other.....	6	2,538,000
Total.....	433	407,654,000

Table 13 groups the 433 business enterprises according to the kinds of business in which they are or were engaged and shows total assets in each group.

#### Percent of Controlling Interests Vested

The Office has vested 50 percent or more of the controlling interests, or 100 percent of the assets in 371 cases, or 86 percent of the companies. Table 14 indicates the percentage of assets or controlling interests vested by type of enterprise.

### CONSOLIDATED BALANCE SHEETS

Consolidated comparative balance sheets of all 433 vested enterprises as of dates of assumption of control and of the 154 enterprises still held as of June 30, 1952, are presented in table 15. The three middle columns of the table indicate changes during the period of administration by the Office.

#### Assets

Total assets were \$407,654,000 at dates of assumption of control as compared with \$274,031,000 as of June 30, 1952. The sale and return of enterprises with total assets of \$175,259,000 caused a substantial decline in the overall total assets figure. However, the books of the companies indicated increases in domestic assets of \$64,613,000 and decreases in foreign assets of \$22,977,000, resulting in a net increase of \$41,636,000.

As in past years, the increase in domestic assets of enterprises in which the Office has a substantial control represents improvements in manufacturing facilities and working capital of several important corporations. The expansion of these corporations has been financed primarily from operating profits.

<sup>2</sup> The difference in the number of companies at dates of assumption of control and at June 30, 1952, does not solely reflect companies sold, returned or liquidated, as several companies, whose total assets at dates of assumption of control did not reach either \$10,000,000 or \$1,000,000, have reached these figures while under the control of the Office of Alien Property.

<sup>4</sup> For an explanation of the factors producing this change, see table 16.

### Liabilities

The total liabilities as of dates of assumption of control amounted to \$136,631,000 as compared with \$102,754,000 on June 30, 1952. There was an increase in liabilities on the books of the companies amounting to \$16,653,000.

The Office has vested liabilities of the companies owed to enemy nationals of \$14,835,000. The unliquidated value of these interests at June 30, 1952, amounted to \$3,573,000.

### Net Worth

Total net worth of all vested enterprises has declined from \$271,023,000 at dates of assumption of control to \$171,277,000 as of June 30, 1952. This net reduction of \$99,746,000 is accounted for by (1) the sale of companies having a total net worth of \$118,924,000; (2) the return to non-hostile persons of companies having a total net worth of \$5,805,000; and (3) offset partly by an increase of \$24,983,000 in net worth on the books of the companies.

The factors responsible for this increase of \$24,983,000 in net worth, as shown in table 16, were net operating profits of \$124,173,000, capital gains

of \$3,250,000, and liquidating gains of banks and insurance companies of \$1,706,000. Net worth was reduced by distributions of profits and liquidating payments of cash and other assets to owners (including the Attorney General) amounting to \$104,146,000.

### ATTORNEY GENERAL'S INTEREST IN VESTED ENTERPRISES

The interests of the Office in both net worth and obligations of the vested companies are shown in table 15. Book values, although constituting the best available basis for valuation, do not accurately portray the value of the Office's interests in certain of the enterprises. Accordingly, two general types of adjustments have been made, as follows: (1) in determining net equity vested, assets located in enemy and formerly enemy-occupied countries have been treated as valueless and the book value reduced accordingly; and (2) the book value of vested creditor interests has been adjusted to reflect the amounts that the Office can expect to receive upon liquidation of the companies.

After making the above adjustments, the Attorney General's net equity in vested enterprises is estimated at \$171,614,000 at dates of assumption of

control and \$118,612,000 as of June 30, 1952. Table 17 shows net equity vested classified according to the character of the interest.

An analysis of the \$53,002,000 decline in net equity from dates of assumption of control to June 30, 1952, is presented in table 18. The major portion of the decline was caused by the sale of interests in business enterprises and the payment of liquidating dividends to the Office by enterprises in liquidation. Offsetting the decline to a great extent was the net appreciation of interests in business enterprises.

### OPERATION OF VESTED ENTERPRISES AS GOING CONCERNS

Of the 433 enterprises in which substantial interests have been vested by the Office, 105 have been operated as going concerns. The sale of 50 companies, the return of 21 to former owners, and the merging of 1 concern, leaves 33<sup>3</sup> continued in operation as of June 30, 1952.

## Total Assets and Kinds of Business Activity

The total assets and kind of business activity in which the 33 going enterprises are engaged are shown in table 19. Due to the sale or return of 72 active business enterprises with total assets of \$173,329,000, total assets of going concerns showed a decline from dates of assumption of control to the close of the fiscal year 1952 from \$241,180,000 to \$200,966,000.

## Control Exercised by the Office

In all cases when the Attorney General acquires a substantial voting stock interest in a corporation, the vested shares are voted for the election of directors to the extent permitted by the corporation's bylaws. There have been instances when arrangements were made to elect one or more directors when the vested shares represented a substantial minority interest.

Responsibility for the conduct of the business of an active corporation rests with its board of directors and officers. Each active business enterprise operates under a general authorization by the Office permitting such transactions as are necessary to the normal functioning of the business. These authorizations, however, prohibit any unusual transactions, such as the sale of a substantial part of the assets of the corporation or the issuance of additional capital stock. Certain specific types of transactions may also be prohibited by the general authorization, depending upon the circumstances in a particular case. Before any prohibited transaction may be undertaken by the enterprise concerned, a special authorization must be obtained from the Office.

## SALE OF VESTED ENTERPRISES AS GOING CONCERNS

During the fiscal year interests in 4 active business enterprises were sold by the Office, making a total of 50 sold to June 30, 1952. The Office has now received a total of \$88,792,000 from the sale of vested interests in going business enterprises.

### Enterprises Sold During Fiscal Year

**SCHERING CORPORATION.**—The vested shares of stock of Schering Corporation were sold by the Office on March 13, 1952, at a public sale on a sealed bid basis to an underwriting group represented by Merrill Lynch, Pierce, Fenner & Beane, Kidder, Peabody & Co., and Drexel & Co. for \$29,131,960.00. The vested interest consisted of all the issued and outstanding shares (440,000) of no par value common stock of the corporation.<sup>4</sup>

**JETTER & SCHEERER PRODUCTS, INC.**—Jetter & Scheerer Products, Inc., is a corporation organized under the laws of the State of New York and engaged in the production and sale of surgical instruments. Pursuant to Vesting Order No. 590, dated December 29, 1942, the Office vested 200 shares (100%) of the common stock of the corporation registered in the name of Ernest S. Beck, but beneficially owned by Fritz Scheerer of Tuttingen, Germany. In addition, Vesting Order No. 590 vested an account payable on the books of the corporation, and owed to the German Jetter & Scheerer corporation in an amount of \$127,054.33 and interest from April 1, 1941.

The petition filed by Beck under section 9 (a) of the Trading With the Enemy Act, as amended, to recover the 200 shares of common stock of the corporation vested by Vesting Order No. 590, was dismissed by the United States District Court for the District of Connecticut on March 30, 1949, and this judgment was affirmed by the United States Court of Appeals for the Second Circuit on May 19, 1950. No appeal was taken from this decision prior to expiration of the time for appeal.

As a means of making the company more attractive to prospective purchasers, a plan of reorganization was developed under which the total outstanding shares (50) of 6% cumulative preferred stock, owned by Beck, were purchased by the corporation in March 1951 and retired. The authorized stock of the corporation, by an amendment to the Certificate of Incorporation, was reduced to \$25,000, consisting of 250 shares of common stock of \$100.00 par value. All the issued and outstanding shares (200) were in the name of the Attorney General. In addition, the Attorney General forgave the vested debt of the company on February 15, 1951, which by December 31, 1950, had amounted with accrued interest to \$192,155.21. The net result was that \$95,372.28 was credited to donated surplus, thus making a much more attractive balance sheet from a prospective purchaser's point of view.

On August 6, 1951, a prospectus was issued inviting sealed bids for the purchase of the vested shares of stock. The sale was advertised in the *New York Times* of August 6, 1951, and opening of bids was set for August 29, 1951. When the sealed bids were opened at the New York office of the Office of Alien Property, Carrell G. Ziegler had submitted the highest of three bids in the amount of \$73,000, and on September 4, 1951, his bid was accepted by the Office. Closing took place on September 12, 1951. Ex-

<sup>4</sup> For a description of the sale and other details, see Ch. IV, "Selected Vested Enterprises," pp. 43-45.

323880

penses of the sale in the amount of \$1,500 were paid by Mr. Ziegler in addition to his bid price.

**FERD. MULHENS, INC.**—Ferd. Mulhens, Inc., is a corporation organized under the laws of the State of New York and engaged in the manufacture of toiletries and perfumeries. Pursuant to Vesting Order No. 407, dated November 28, 1942, and amended December 16, 1946, the Office vested all the outstanding stock of the corporation, consisting of 1,000 shares of no par value common stock and 3,000 shares of 6% cumulative preferred stock of \$100 par value and any indebtedness owed the Swiss firm of Paul Peter Muelhens (Aktiengesellschaft für Aetherische Oele, also known as "Clarus") by Ferd. Mulhens, Inc. By Vesting Order No. 523, dated December 18, 1942, Vesting Order No. 1059, dated March 11, 1942, and Vesting Order No. 1590, dated June 3, 1943, the Office vested certain trade-marks registered in the United States owned by Ferd. Mulhens, Inc. and Paul Peter Muelhens of Cologne, Germany. Also vested were certain non-registered trade-marks, label copyrights and registrations owned by the same companies.

Pursuant to a plan of reorganization, the Attorney General, by private sale on June 15, 1951, assigned to the company for a consideration of \$10.00 all the registered and unregistered trade-marks, copyrights, and registrations with all the goodwill appurtenant thereto. On June 19, 1951, the Attorney General forgave the vested debts mentioned above, and surrendered for cancellation the 3,000 shares of 6% cumulative preferred stock. The company amended its certificate of incorporation to eliminate all the authorized preferred shares.

A prospectus was issued inviting sealed bids for the purchase of all the capital stock of the company. The sale was advertised in the *Wall Street Journal* on October 3, 1951, and *Drug Trade News* on October 15, 1951, and opening of bids was set for October 25, 1951. At the appointed time in the New York office of the Office of Alien Property, the nine bids received were opened and the highest bidder was Mr. Raymond E. Lee, with a bid of \$126,500. Mr. Lee was notified of the acceptance of his bid on October 25, 1951, and on November 1, 1951, the sale was closed. Expenses of the sale in the amount of \$1,500, in addition to the high bid of \$126,500, were paid by the successful purchaser.

**J. M. LEHMANN COMPANY, INC.**—J. M. Lehmann Co., Inc., is a corporation organized under the laws of the State of New York and engaged in the manufacture, sale and servicing of medium heavy machinery principally for the paint, lacquer, ink, soap, and chocolate industries. Pursuant to Vesting Order No. 29, dated June 18, 1942, the Office vested 1,225 shares of \$100 par value common stock of the company, representing 84.19 percent of the issued and outstanding shares, which were registered in the name of Franz B. Lehmann, a resident of Dresden, Germany.

Although several claims for the return of all or portions of the vested shares had been filed from time to time, there was no pending litigation under section 9 (a) of the Trading With the Enemy Act, as amended, which would have acted as a legal bar to the sale of the vested shares.

Accordingly, on December 20, 1951, the Attorney General announced the sale of the 1,225 shares of the company, with bids to be opened on January 30, 1952, at the New York office of the Office of Alien Property. The sale was advertised in various New York newspapers on December 20, 1951. On January 30, 1952, 13 bids had been received and were opened. The highest in the amount of \$520,019 was submitted by Sigmund Morey, of New York, whose bid was accepted by the Office on February 14, 1952.

Closing of the sale took place on February 25, 1952. The high bid was in addition to an amount of \$5,500 for expenses of the sale, to be paid by the successful purchaser.

### Sales Procedure

The policy of the Office regarding its vested interests in business enterprises is to dispose of such interests as rapidly as circumstances permit. All pending litigation contesting title must be eliminated before such interests can be sold.

The Office generally utilizes a public sale by means of sealed bids in disposing of its substantial vested interests. This procedure affords the widest possible participation in the sale. A prospectus is prepared containing detailed information on the operations of the company and the procedures for the sale, accompanied by a statement of terms and conditions, form of bid, questionnaire, and notice of sale.

Where the interests to be sold either represent voting control or majority control of a particular company and it appears probable that the offering will be of interest to underwriters who intend to make an immediate public distribution of the shares under circumstances requiring registration of the securities, the Office directs the company to file a registration statement with the Securities and Exchange Commission. Such registration statement meets the same requirements of the Commission as any registration statement filed by a private concern issuing shares of stock for public distribution. In other cases where a registration statement is not deemed necessary, the Office attempts to conform to the standards of the Securities and Exchange Commission in its prospectus and related documents, although no registration statement is filed with the Commission.

Each sale is advertised in newspapers and national periodicals, in order to afford the widest possible coverage for the proposed sale. In addition, the Office maintains a mailing list of interested persons, numbering approximately 3,000, who receive notices of sales at the time of public announcement of sale. A prospectus and related sales documents are made available to all persons who request them.

A period of 20 days or more is generally allowed from the time of the announcement to the date for opening bids to afford prospective purchasers sufficient time to appraise the value of the interests being offered for sale. In order for the Office to establish the eligibility of a purchaser, a questionnaire must be filed at the time specified in the statement of terms and conditions governing the sale. The questionnaire affords the Office full information on matters concerning antitrust questions and the citizenship qualification of the bidder.

Bids are submitted on a form of bid provided for that purpose. Each offer must be accompanied by a deposit specified in the statement of terms and conditions governing the sale. The deposit is applied to the purchase price of the successful bidder, while all other deposits are returned to unsuccessful bidders at or before the time of announcement of award to the successful bidder.

Depending upon the nature of the offering, the Attorney General allows himself anywhere from 24 hours to 30 days to consider the acceptability of the bids received. The time period is always stated in the statement of terms and conditions. The purchaser is required to pay the balance of the purchase price above his deposit at the time of the consummation of the sale. All proceeds from the sale of vested interests are deposited in the Treasury of the United States as required by law.

## LIQUIDATION OF VESTED ENTERPRISES

Of the 433 business enterprises in which substantial interests have been vested by the Office of Alien Property, 328 companies were either in liquidation at the time of assumption of control by the Office or were placed in liquidation because they were unable to operate profitably or because their continued operation would not serve the national interest. Of this number, 29 enterprises are banks and insurance companies which are discussed in the succeeding section of this chapter. The nature of the remaining 299 companies and their total assets are shown in table 20.

### Procedure in Liquidation of Corporations

The first step in the liquidation of corporations is the cancellation of the existing certificates for vested stock and the issuance of new certificates in the name of the Attorney General. The corporation is then restaffed with personnel of the Office of Alien Property. When necessary the corporate structure is amended to facilitate liquidation and corporate procedures. Inventory and appraisal of all physical property follow, together with a review of all other assets and a determination of the corporation's fiscal and tax status. Liquidation of the physical property may be carried out through usual trade channels, by public sale, or through negotiated offers, depending on the method most advantageous to the Office and the corporation. Other assets, such as receivables and claims, must also be reduced to cash.

Claims against the corporation are reviewed, their validity determined, and necessary steps taken to dispose of them. Following the issuance of a dissolution order by the Office, the proceeds of the liquidation are distributed in accordance with applicable State and Federal laws.

**ACCOUNTS RECEIVABLE.**—In collecting accounts receivable, it is first necessary to develop information to show that the debt is due and owing by

the person, firm, or corporation indicated to be the obligor by the books of the company. In some instances, making and enforcing the demand results in counterclaims by the obligor based on agreements alleged to have been made prior to vesting between the company and the obligor. If the files of the company are not sufficiently clear to refute such claims, a compromise offer of settlement may be sought. When the initiation of a suit to enforce collection is necessary, the matter is referred to counsel for the company.

**PAYMENT OF CLAIMS.**—Among the primary responsibilities of the Office in its liquidation program is the prompt payment of valid claims against corporations. Payments are made as the liquidation of assets progresses. In the case of an insolvent corporation having substantial assets, pro rata payments are made to the extent possible from available funds to all creditors whose claims have been allowed. Funds are reserved for the payment of contingent claims.

**LIQUIDATING DIVIDEND.**—In 100 percent stock vestings, the declaration and payment of a liquidating dividend is preceded by:

1. Liquidation of assets, either completely or to the point where there are sufficient funds to pay all creditors' claims in full.
2. Payment of creditors' claims.
3. Dissolution of the corporation.

Because means of expeditious closing of corporate cases are not always provided in applicable state statutes, the Office has accelerated the final distribution of dividends to itself in cases where it is sole stockholder by issuing "Dissolution Orders"; these orders are directives to the corporate officers and directors and provide for the manner of winding up corporate affairs and making final distribution of assets. Dissolution orders are based on a review of all actions taken since the capital stock of the corporations was vested and a determination of the extent to which the liquidation and dissolution of the companies in accordance with state law have progressed. The orders provide for the payment of a final liquidating dividend either wholly in cash or partly in unliquidated assets. Liquidating dividends are paid partially in kind if the nature of some of the assets would delay the complete liquidation of a corporation. Dividends paid in kind generally consist of securities and accounts receivable involving difficult collection problems. The dissolution order speeds up the payment of a liquidating dividend by directing the turning over to the Office, as the sole shareholder, all remaining assets after creditors' claims have been paid, without waiting for the expiration of the statutory period which may be required under applicable laws of the state in which the company is incorporated. The order also provides for exculpation of the officers and directors in making such payments before the expiration of the waiting period.

Where the vested interest of the Office is a majority interest but not 100 percent, the same procedure is followed in making liquidating distributions, except that before the dissolution order is issued it is necessary for the other shareholders, exclusive of the Attorney General, to furnish bond to protect the officers and directors of the company as well as the Attorney General in the event that creditors' claims not shown on the books are asserted and allowed prior to the expiration of the waiting period.

If only a minority interest in a company has been vested, the management is generally not designated by the Office. No dissolution orders are issued, but the plans for distribution adopted by the officers are passed on by the Office if supervisory powers are in effect.

## Procedure in Liquidating Unincorporated Enterprises

In liquidating the vested assets of unincorporated enterprises, the procedure followed is first to take possession or control of the vested properties. The property is then inventoried and appraised. In preparing for and carrying out the sale of the property, the Office's General Order No. 26<sup>5</sup> is followed: this order requires, except as provided therein, that property be offered for sale through sealed bids publicly opened and recorded. When public offerings do not produce adequate bids, negotiations are undertaken with prospective purchasers in order to obtain satisfactory offers. Receivables, claims, and other assets are reduced to cash, generally through negotiation with the other parties involved.

**CLAIMS.**—Claims asserted against unincorporated vested enterprises must necessarily be handled in a different fashion from those made against corporations in which interests have been vested. A corporation, as a legal person, can proceed to pay claims against it or can be sued by claimants the validity of whose claims is questioned. When the Office assumes control of an unincorporated enterprise through the issuance of a vesting order taking title to the assets of a company, there frequently are outstanding claims against the property that arose from ordinary business transactions prior to vesting. Such claims can be paid only by the Office. The procedure adopted for payment of such claims is contained in Public Law 671, 79th Cong., 2d sess., approved August 8, 1946.<sup>6</sup> For a fuller discussion of claims, see Chapter VII, "Claims and Suits."

### Progress of Liquidation

Of the 186 companies fully liquidated, 6 were liquidated during the past fiscal year.

Table 21 indicates the general progress of liquidation. From the dates of assumption of control to June 30, 1952, total assets have been reduced from \$85,846,000 to \$53,451,000. In some cases, liquidation of remaining assets has involved certain difficulties. Legal matters have delayed the disposition of substantial amounts of cash held by a few companies. Certain of the receivables, claims, and deposits are difficult of collection while others may prove uncollectible. Silesian-American Corporation alone has physical properties located in what was formerly German-occupied Poland and is now Russian-held Poland valued at more than \$30,000,000, the collection of any part of which appears very remote.

The net worth of liquidating companies as of dates of assumption of control and as of June 30, 1952, is reconciled as follows:

## LIQUIDATION OF BANKS AND INSURANCE COMPANIES

During the fiscal year the Office completed the liquidation of Meiji Fire Insurance Company, Ltd., of New York. The Office continues its supervision of the liquidation of 15 banks and 1 insurance company.<sup>7</sup> The majority of these institutions are being liquidated by the appropriate state officials<sup>8</sup> or by liquidating trustees<sup>9</sup> under the supervision of this Office.

<sup>3</sup> See footnote 2, table 15, p. 25.

<sup>4</sup> Less than \$500.

<sup>5</sup> Since Dec. 7, 1941, 21 banks and 8 insurance companies owned or controlled by enemy nationals have been put into liquidation by or under the supervision of this Office. The figure of 21 banks represents a correction of the 22 banks indicated in previous *Annual Reports*.

<sup>6</sup> Many of the vested institutions were being liquidated by state authorities prior to the establishment of the Office of the Custodian. In order not to interfere with the liquidation proceedings of the state authorities, vestings were addressed to the "excess proceeds" of such institutions remaining after the payment of creditors preferred under state law.

<sup>7</sup> In some jurisdictions the liquidation of the enemy-owned or controlled banks was not undertaken by state authorities. These liquidations are being conducted either by liquidating trustees (where the bank was a domestic corporation and stock therein was vested), or by this Office (where "all property" of the bank was vested).

Liquidations have now advanced to the point where domestic assets in kind have been reduced from \$24,544,000 to \$1,410,000 by the end of the fiscal year 1952. The majority of the remaining assets represent receivables due the vested enterprises.

The two principal factors in reducing total assets have been the payments of dividends to creditors and the distribution to the Office of cash and assets in kind, such as receivables and securities. Nonliquid assets of \$26,932,000 book value distributed to the Office are no longer shown on the balance sheets of the companies. The liquidation of these assets presents a difficult task. A substantial amount of the assets in kind distributed to the Office consists of claims against other enterprises vested by the Office. The disposition of these claims must be carried out in conformance with the claims procedures established by the Office under section 34 of the Trading With the Enemy Act, as amended.<sup>10</sup> The collection of many foreign claims has been complicated by the fact that the assets of the debtors have been seized or blocked by friendly foreign governments. During the fiscal year, however, this Office received approximately \$60,000 representing the net proceeds of collections made in 1940 and 1941 in South American countries for the New York agencies of Japanese banks. These proceeds previously had been regarded as blocked property by the South American countries.

During the fiscal year the New York Superintendent of Banks, as Liquidator of the business and property in New York of the Yokohama Specie Bank, Ltd., turned over, in compliance with turnover directives issued by this Office, the sum of \$664,515 as vested "excess proceeds" of the liquidation not required to be held as reserves for contingent liabilities.

Prior to the beginning of the fiscal year all except two of the banks and insurance companies in the process of liquidation by state authorities and liquidating trustees had declared 100 percent dividends to creditors. The San Francisco Branch and the Los Angeles Branch of the Yokohama Specie Bank, Ltd., had declared 80 percent dividends. During the fiscal year these two banks in liquidation declared additional 20 percent dividends to creditors. Accordingly, the record for all banks and insurance companies liquidated or in the process of liquidation by state authorities and liquidating trustees under the supervision of this Office is payment of 100 percent of approved claims. The claims of creditors of those banks and insurance companies which are being liquidated by this Office must be settled in accordance with sections 32 and 34 of the Act, as amended.<sup>11</sup>

### Liquidation of Assets

At the outbreak of war, the United States branches and the domestically incorporated subsidiaries of Japanese banks were holding, either as capital or as collateral for loans, over \$4,000,000 in dollar bonds of Japanese issues. During the war, under a law enacted in 1941 relating to the treatment of foreign currency bonds, the Japanese Government invalidated these bonds and others in which the Attorney General is interested by reason of the vesting of Japanese business enterprises in the United States, by converting them into Japanese currency bonds. Although trading in dollar bonds of these issues was resumed in the United States during the preceding fiscal year, the bonds which had been converted into Japanese currency bonds could not be traded, inasmuch as they had been placed on a proscribed list

by the Securities and Exchange Commission on the representation of the Japanese Government that they were invalid. As a result of the efforts of a mission from this Office to Japan to have these bonds revalidated, the Japanese Diet on November 29, 1951, enacted legislation authorizing the revalidation of these bonds.

#### Decline in Net Worth

## Selected Vested Enterprises

Three of the most important business enterprises in which majority interests have been vested and which were under the control of the Office of Alien Property during the fiscal year are discussed in this chapter. General Aniline & Film Corp. and its wholesale dyestuff distributor, General Dyestuff Corp., remained under the control of the Office at the close of the fiscal year, while the vested interests in Schering Corp. were sold during the period.

### GENERAL ANILINE & FILM CORPORATION

#### Interest of the Office

The Office of Alien Property now holds 475,809 of the 527,659 outstanding shares of common A stock and all of the 2,050,000 outstanding shares of common B stock of the corporation. Vested during the past fiscal year by Vesting Order No. 17676, dated April 11, 1951,<sup>1</sup> were 4 shares of the common A stock in the name of Banque Commerciale de Bale, Basle, Switzerland, and owned beneficially by nationals of Germany. Also vested during the fiscal year by Vesting Order No. 18112, dated July 2, 1951, were 133 shares of the common A stock in the name of Credit Suisse, Zurich, Switzerland, and owned beneficially by Reinhold Bartenstein, a national of Germany. The Office returned 13 shares of the common A stock by Return Order No. 1266, dated May 2, 1952, to Benjamin Kopf, of Mexico City, Mexico.

On April 7, 1952, the Supreme Court reversed the judgment of the Court of Appeals for the District of Columbia which had affirmed the order of the District Court denying the Kaufmans' motion to intervene in the section 9 (a) suit brought by I. G. Chemie of Basle, Switzerland, against the Attorney General.<sup>2</sup> In its decision the Supreme Court held that non-enemy stockholders of nonenemy foreign corporations have a severable interest in the corporate assets seized by the Custodian and that the rights of innocent stockholders to an interest in the vested assets proportionate to their stockholdings must be fully protected. On June 16, 1952, a motion was filed with the Special Master by Ernest Attenhofer, Basle, Switzerland, seeking leave to intervene in the I. G. Chemie case individually and on behalf of 554 nonenemy shareholders of plaintiff corporation owning 24,411 shares of I. G. Chemie stock, domiciled in Switzerland, and also on behalf of all other nonenemy shareholders similarly situated.

<sup>1</sup> Although this vesting order was issued during the 1951 fiscal year, it was not included in the number of shares owned by the Office as shown in the 1951 *Annual Report* due to the fact that the vesting was of an omnibus account and the shares were not identified until the 1952 fiscal year had started.

<sup>2</sup> *Kaufman v. the Societe Internationale, et al.* No. 172, October 1951 term, 343 U. S. 156. For a background of this and other claims see *Annual Report, Office of Alien Property Custodian, fiscal year ended June 30, 1945*, p. 64; and *Annual Reports, Office of Alien Property, Department of Justice, fiscal years ended June 30, 1949*, pp. 40, 78-79, *June 30, 1950*, p. 35, and *June 30, 1951*, p. 37. Also see pp. 78-79.

## Management

There were two changes in the membership of the board of directors of the corporation during the fiscal year. Mr. John S. Bugas resigned on April 9, 1952, and was replaced by Mr. E. M. Barlow on April 22, 1952. Mr. Cary R. Wagner resigned on June 10, 1952, as vice-president in charge of operations although retaining his membership on the board of directors.

## Business Operations

**NEW PRODUCTS.**—During the fiscal year, the General Aniline Works Division placed in production 40 new dyestuffs, 9 new auxiliaries, and 17 new intermediates. In addition, 40 new dyestuffs and 12 new intermediates were developed to the point where trial production could be undertaken. Improvements in the manufacturing processes have been made for 178 dyestuffs, 21 auxiliaries and 110 intermediates, of which about half have been incorporated into the manufacturing processes and the remainder await factory trials.

Among the new products recently introduced by the General Aniline Works Division of the corporation are new synthetic detergents for household and industrial uses, some new types of Heliogen and Anthragen pigments, and "J" powder, a new carbonyl iron powder for high frequency applications. In the acetylene program, specifications for a plasma extender based on polyvinylpyrrolidone were developed in cooperation with the National Research Council and FDA. Facilities for the commercial production of PVP and its intermediates, butyrolactone, pyrrolidone, and vinylpyrrolidone, were installed and taken into operation.

The Ansco Division placed on the market in limited quantities a new high speed medical X-ray film of substantially improved quality, resulting from fundamental advances in emulsion technology. Also introduced was a professional type color motion picture negative film, color balanced for tungsten illumination to complement the daylight type film introduced last year. Six new cameras were put on the market including the precision 35mm Ansco Karomat, which has been unusually well received in the higher price range of cameras.

The Ozalid Division's program to find means of surface treating and sensitizing all Standard papers in a one-pass operation has been worked on intensively. A formulation has been successfully developed, and the new technique is being introduced in production as rapidly as facilities will permit. Substantial cost savings are expected when this program becomes fully effective. The division has produced various types of specialized paper products and reproduction machines for the armed services during the year.

During 1951, a decision was reached to transfer Divisional long range research activities from the Central Research Laboratory at Easton to the Ozalid plant at Johnson City. The physical transfer was completed in the early part of 1952, and it is felt that the Ozalid Division will be able to concentrate more effectively on its long range research program as a result of this move.

**RESEARCH AND PATENTS.**—During the fiscal year, the corporation expended \$2,658,767 on basic research, while \$3,426,986 was spent on process development. The total of \$6,085,753 was approximately 5 percent greater than the amount spent during the preceding fiscal year.

The corporation held 3,219 unexpired domestic patents as of June 30, 1952. Pending were 694 domestic patent applications, compared with 696 a year ago.

## Financial Information

The corporation increased its domestic assets by \$14,036,965 over the total of the previous year, accounted for by increases in cash of \$2,147,455, inventory of \$5,245,369, investments of \$6,276,326, and fixed assets of \$1,031,919.

Total liabilities increased by \$12,873,358, due to an increase in long term debt of \$19,000,000, offset by a reduction in Federal tax liability and vouchers payable of \$6,126,642. Net sales for the 1951 fiscal year amounted to \$94,086,372, a decline of some \$12,000,000 from the previous period's total. After allowance for Federal income taxes of \$2,915,758, the corporation earned a net profit of \$1,786,392.

The corporation declared and paid dividends of \$732,658 during the fiscal year 1952, of which the Office of Alien Property received more than \$680,000. Net worth increased from \$85,618,386 as of June 30, 1951, to \$86,672,213 as of June 30, 1952.

<sup>4</sup> An investment in common stock of I. G. Chemie is included in this item and is carried at a value of \$7,595,300 as of Mar. 31, 1942. The stated value of this investment was later reduced substantially as a result of distribution of I. G. Chemie shares in lieu of cash dividends. Investment in this Swiss company is listed among assets located in enemy and formerly enemy-occupied countries because the Alien Property Custodian vested the I. G. Chemie holdings of General Aniline & Film Corp. shares, having found I. G. Chemie to be a cloak for I. G. Farbenindustrie of Germany.

<sup>5</sup> This item consists of royalties payable on patents in which the Office has vested the interest of I. G. Farbenindustrie and other monies owing to the Office as successor to I. G. Farbenindustrie.

<sup>6</sup> The participations of the common A shares and common B shares in the book value of the equity may be calculated on either of two proportions. The alternative proportions to be used are stipulated in the company's certificate of incorporation, as amended. The part of the book value of the equity that is here ascribed to the vested A and B shares is proportional to their participations in dividend rights. If the part of the book value of the equity ascribed to the vested shares is made proportional to their participations in liquidation rights, the book value of the vested shares is \$81,836,163.66 and the book value of the unvested shares is \$4,836,043.94 as of June 30, 1952.

## GENERAL DYESTUFF CORPORATION

### Interest of the Office

All of the 8,678 outstanding shares of capital stock of General Dyestuff are held by the Office of Alien Property.

On May 27, 1952, hearings began in the District Court for the District of New Jersey on the motion filed by E. K. Halbach<sup>3</sup> to set aside the settlement reached between the Office of Alien Property and himself on February 2, 1945, involving the contested ownership of 4,725 shares of capital stock of the corporation. The court rendered its verdict on July 21, 1952, dismissing the motion. Plaintiff has filed a notice of appeal in the matter.

### Management

On July 27, 1951, Mr. Bennett Crain was elected to the board of directors of the corporation and on May 8, 1952, Mr. J. S. Bugas resigned his membership. Mr. S. H. Williams was appointed vice-president of the corporation on May 8, 1952.

### Business Operations

General Dyestuff Corporation serves as the exclusive selling agent and distributor in the domestic and foreign markets for dyestuffs and textile auxiliaries manufactured by General Aniline & Film Corp. Net sales in the foreign market were 8.5 percent of total net sales, compared to 11.1 percent last year.

### Financial Information

Net sales for the fiscal year 1952 totaled \$47,858,829, a decline of more than \$17,000,000 from the total of the previous fiscal year. After provision for Federal income taxes of \$32,607, the corporation earned a net profit of \$306,745. Net worth increased from \$8,055,023 as of June 30, 1951, to \$8,361,768 as of June 30, 1952. As in previous years, the corporation did not declare or pay dividends.

<sup>3</sup> For a background of the settlement, see *Annual Report, Office of Alien Property Custodian, fiscal year ended June 30, 1945*, pp. 72-74.

## SCHERING CORPORATION

### Interest of the Office

The Office of Alien Property during the years 1942-44, had vested 44,000 shares (100%) of the issued and outstanding no par value common stock and 2,225 shares (41%) of the issued and outstanding no par value preferred stock of Schering Corp. On June 1, 1949, all the outstanding preferred stock (5,375 shares) were redeemed and retired by the corporation. The Attorney General received \$233,625 for the 2,225 vested preferred shares.

An amendment to the certificate of incorporation was approved September 23, 1949, eliminating the authorized and unissued preferred stock and providing a ten for one split of the common stock, increasing the number of shares held by the Attorney General from 44,000 to 440,000 shares of no par common stock, comprising the entire issued and outstanding stock of the corporation.

### Pre-Sale Actions

By Vesting Order No. 18710, dated January 15, 1952, the Office vested all rights and interests which Schering, A. G., the former German parent, might have in the goodwill of the business of Schering Corp. in the United States or in any trade-marks and trade-names in respect of such business. These rights and interests were then sold at private sale to Schering Corp. on January 16, 1952, for the sum of \$10.00.

By virtue of various vesting orders the Attorney General had acquired certain rights and interests in patents and patent applications which had been subject to agreements between Schering Corp. and Schering, A. G., its former German parent. It was felt desirable, in the interest of and for the benefit of the United States, to make these rights and interests available to qualified licensees. As a consequence, in accordance with a directive issued by the Attorney General on January 5, 1952, an agreement was entered into, by and between the Attorney General and Schering Corp., effective January 1, 1952, under the terms of which all of the corporation's patents issued on patent applications filed during the period of German control of the corporation, that is prior to April 18, 1942, be transferred and assigned to the Attorney General to be administered in accordance with policies and procedures generally applicable to other patents held by him pursuant to the Trading With the Enemy Act, as amended. Under these policies and procedures royalty-free revocable licenses are issued to any qualified applicant. The agreement provided that all other patents heretofore or hereafter issued on patent applications filed on or after April 18, 1942 and before January 1, 1952, shall be made available by the corporation for licensing to any qualified applicant on a non-discriminatory, non-exclusive, reasonable royalty basis. The Attorney General granted a non-exclusive, irrevocable, non-assignable, royalty-free license to the corporation to make, use and sell each of the inventions described in the patents transferred to him.

All royalties accruing after January 1, 1952, under licenses granted by the corporation under patents transferred to the Attorney General were also transferred to the Attorney General. The only exception was the rights under the "Cortisone Agreement", which were reserved to the corporation. All licenses heretofore issued by the corporation under the patents assigned to the Attorney General, except as to the "Cortisone Agreement", may be surrendered by licensees either by their express terms or by reason of the corporation's agreement with the Attorney General.

The arrangements under the agreement affect only the corporation's United States patents and the compulsion to license requires the corporation to grant non-exclusive licenses to make, use or sell under the corporation's patents for manufacture in the United States. The arrangements do not affect patents issued on applications filed subsequent to January 1, 1952.

In preparation for the sale of the vested shares of Schering Corporation, the Attorney General issued Special Order No. 31 on January 18, 1952. In conformity with this order, the corporation on January 18, 1952, filed a registration statement with the Securities and Exchange Commission, which was amended by Amendment No. 1, filed January 29, 1952, and was made effective January 31, 1952.

#### Sale

A prospectus was issued on January 31, 1952 in connection with the invitation of the Attorney General for sealed bids for the purchase of the entire stock of the corporation. The sale was advertised in the *New York Times* and the *Wall Street Journal* on February 1, 1952. Bids were to be opened at 3:30 p. m. on March 6, 1952, at the New York Office of the Office of Alien Property.

At the appointed time and place, 8 sealed bids were opened and the highest bid in the amount of \$29,131,960 was found to have been made by Merrill Lynch, Pierce, Fenner & Beane, Kidder, Peabody & Co., and Drexel & Co., representing an underwriting group. The next highest bid had been

submitted by F. Eberstadt & Co., Inc., also representing an underwriting group, in the amount of \$26,845,544.

On March 13, 1952, the Director of the Office of Alien Property delivered to representatives of the high bidder the original stock certificates of Schering Corp. for 440,000 shares of no par value common stock and in return received a certified check in the amount of \$89,100 in payment of expenses of the sale, together with a certified check in the amount of \$28,251,960, which with the bid deposit of \$880,000, totalled \$29,131,960, the bid price.

Subsequent to the sale, the 440,000 shares were split four for one and given a par value of \$.15 per share. The purchasers publicly distributed the 1,760,000 resulting shares of stock.

#### Financial Information

The net worth of Schering Corp. increased from \$1,185,898 as of March 31, 1942 (18 days prior to vesting) to \$11,551,477 as of December 31, 1951 (9 weeks prior to sale). This represents an increase of \$10,365,579 in net worth for the period during which the company was under the ownership and supervision of the Office of Alien Property. The sale price of the vested shares represents an amount in excess of \$17,500,000 above the book value of the company.

## Patents, Copyrights, and Trade-Marks

The Office of Alien Property controls directly and indirectly a vast amount of industrial and intellectual property consisting of patents, copyrights, and trade-marks, together with many contracts and license agreements relating thereto. The total number of vested patents comprise more than five percent of the number of unexpired patents registered with the United States Patent Office at time of vesting. The Office also supervises the administration of a large group of patents controlled by patent holding companies and other business enterprises, the majority of whose stock has been vested.

The copyright program of the Office embraces the administration of more than one-half million copyrighted literary and artistic works, such as scientific periodicals, technical treatises, motion pictures, and musical compositions.

Although the vesting of trade-marks has proceeded on a selective basis only, the Office is responsible for the control of approximately four thousand registered enemy trade-marks in the United States.

### VESTED PATENTS AND PATENT APPLICATIONS

There are three main categories of patent properties controlled by the Office. They are (1) patents and pending patent applications of nationals of enemy countries, and countries formerly occupied by the enemy; (2) interests of nationals of enemy countries and formerly enemy-occupied countries in patent contracts and license agreements; and (3) patents and pending patent applications owned by patent holding companies and other enterprises in which enemy interests have been vested.

#### Property Vested

Patent properties, exclusive of patent contracts and license agreements, vested by the end of the fiscal year 1952, were as follows: 41,176 patents, 362 part interests in patents, 4,706 patent applications, 529 abandoned patent applications, and 868 inventions on which patent applications had been prepared but had not been filed. Table 23 classifies these various properties on the basis of the nationality of the former owners.

The following properties, excluding patent contracts,<sup>1</sup> were vested or assigned to the Office during the fiscal year: <sup>2</sup>

#### Changes in Character of Property Since Vesting

Many of the patent properties controlled by the Office have undergone changes since dates of vesting. These changes have been due principally

<sup>1</sup> See p. 50, *infra*.

<sup>2</sup> The greater part of the vesting program was completed by June 30, 1944. Since then small numbers of patent properties have been vested each year. For a detailed statement of the vesting program, see *Annual Report, Office of Alien Property Custodian, fiscal year ended June 30, 1944*, pp. 90-93.

to the following: the prosecution of patent applications before the United States Patent Office, which reduces the number of patent applications and increases the number of patents held; the expiration of patents; and the return of patents and patent applications to American citizens and non-hostile foreign nationals. Table 24 indicates the changes in the patent holdings of the Office.

<sup>1</sup> The Patent Office will issue a patent only on a single invention. If a patent application covers more than one invention, one or more divisional applications must be filed.

<sup>2</sup> Of this number, approximately 24,320 patents have expired as of June 30, 1952.

**PATENT PROSECUTION.**—Only those patent applications relating to new products or processes which appear to be of value to American industry are being prosecuted by the Office. As of June 30, 1952, the Office has been granted a total of 3,049 patents on vested patent applications. The Office has also filed 48 applications on inventions and has had 95 divisional patent applications accepted by the Patent Office. At the end of the fiscal year, the Office still held 1,683 patent applications. Of this number, approximately 63 were still being prosecuted. Prosecution of a considerable number of the 1,683 applications still held by the Office has been abandoned.

**EXPIRATIONS.**—Patents granted by the United States Patent Office expire 17 years from the date of issue. As a result, a number of vested patents expire each year. Approximately 2,520 expired during the fiscal year 1952, making a total of 24,320 expirations since dates of vesting. After deducting expirations and returns of vested patents to American citizens and nonhostile foreign nationals, the Office still held approximately 18,291 unexpired patents at the end of the fiscal year.

**RETURNS OF PATENT PROPERTY.**—The Office returned to their former owners 325 patents, 19 part interests in patents, 9 patent applications, 16 part interests in patent contracts, and certain other industrial properties, under the authority of section 32 of the Trading With the Enemy Act, as amended.<sup>3</sup> As of June 30, 1952, the Office had returned 1,880 patents, 77 part interests in patents, 122 patent applications, 81 interests in 75 patent contracts, and 9 inventions.

## LICENSING OF VESTED PATENTS

### Licensing Policy

**ENEMY PATENTS.**—Patents formerly owned by nationals of Germany, under which there were no conflicting bona fide nonenemy rights out-

<sup>3</sup> 50 U. S. C. App. sec. 32.

standing at the time of vesting, are licensed on a revocable nonexclusive, royalty-free basis.

**FORMER ENEMY PATENTS.**—Patents vested from nationals of Japan are licensed under the same terms and conditions as are patents vested from German nationals. Patents vested from Italian nationals are licensed by the Office on a nonexclusive, nondiscriminatory, royalty-bearing basis. Where claims have been filed, royalty and other terms are to be agreed upon in advance by the applicant and the former Italian owner. These terms must be acceptable to the Office of Alien Property. The Office collects the royalties until such time as the patents and royalties may be returned to their former owners. When vested Italian patents are returned to their former owners, they will remain subject to all outstanding licenses granted by the Office.

Licenses for the use of patents vested from nationals of Bulgaria, Hungary, and Rumania generally are issued on a nonexclusive, royalty-bearing basis on terms acceptable to the Office.

**NONENEMY PATENTS.**—Section 32 of the Trading With the Enemy Act, as amended, authorizes the return of patents vested from friendly foreign nationals. Where claims have been filed with respect to any patent not yet returned, a nonexclusive, royalty-bearing license will be issued providing the applicant and the former owner can agree upon royalty and other terms acceptable to this Office. Where no eligible claims have been filed, formerly nonenemy-owned patents are licensed on a nonexclusive, royalty-bearing basis, the royalty terms to be agreed upon by the license applicant and this Office.

### Extent of Licensing

The extent of licensing of vested patents on a cumulative and fiscal year basis is as follows:

	Cumulative total to June 30, 1951	Licensed during period July 1, 1951, to June 30, 1952	Cumulative total to June 30, 1952
Number of licenses granted.....	13,179	107	13,286
Number of patents and patent applications licensed (counting each patent as many times as it was licensed).....	13,951	589	14,540

<sup>1</sup> This figure also includes all supplemental licenses granted for the use of patents which were not available for licensing at the time the original license was issued to a particular applicant.

Of the 3,286 licenses issued as of June 30, 1952, a total of 3,238 related to patents formerly owned by nationals of enemy countries and the remaining licenses covered patents formerly owned by nonenemies.

### Encouragement of Use of Vested Patents

To provide a readily available listing of vested patents for prospective users, the Office maintains libraries of "soft" copies and sets of abstracts of vested patents for public reference in the Washington office and the New York and San Francisco field offices. Upon request the Office supplies information on vested patents and patent abstracts to the public. During the fiscal year approximately 1,741 requests for general and technical information on vested patents were received, and over 211 orders for sets and sections of patent abstracts were filled.

## PATENT CONTRACTS

Interests in a large number of patents have been acquired by the Office, in addition to those vested directly, through vesting the foreign interests in patent contracts. Contracts, in which the rights and interests of foreign nationals have been vested, are of two principal types: (1) contracts whereby the patents have only been licensed to the American party, in which event title to the patents as well as the contract interests have been vested; and (2) contracts pursuant to which patents have been assigned outright and thus title to the patents is held by the American party to the contract.

A total of 1,218 interests of foreign nationals in 894 patent contracts have been vested as of June 30, 1952. A classification of vested interests in contracts according to the nationality of the former owners is presented in table 25.

### Problems of Administration and Disposition

The legality of patent contracts under the antitrust laws gives rise to one of the principal problems encountered by the Office of Alien Property in the administration and disposition of patent contracts.

**ILLEGAL CONTRACTS.**—The Office's policy with respect to illegal agreements is to cancel those under which rights and interests in patents were granted to Americans by their former owners who were nationals of Germany and Japan.<sup>4</sup> Any licensee who voluntarily relinquishes all claims relative

<sup>4</sup> Antitrust questions also arise with respect to patent property returned to eligible persons. In such cases, agreements containing provisions which restrain competition

to a patent involved and pays accrued royalties up to the date of the renegotiation, may be granted an irrevocable, nonexclusive, royalty-free license for the remaining life of the patent. All qualified applicants may then receive standard licenses. This procedure is also followed in cases in which patents were assigned. The Office of Alien Property cooperates with the Antitrust Division of the Department of Justice in the prosecution of any case in which a patent contract is involved in an antitrust civil action.

**LEGAL CONTRACTS.**—The policy of the Office regarding legal contracts is to permit Americans who have exclusive rights either by license or assignments under contracts with German or Japanese nationals to give up these rights in exchange for irrevocable, nonexclusive, royalty-free licenses. All other qualified applicants will then be granted standard licenses.

The Office attempts in all cases to respect the legally acquired rights of the American party to the contract. However, where the right to terminate the contract is held by the Office, it may do so if there appears to be significant demand on the part of other American nationals for licenses under the patent. When a patent contract is terminated, the American party is relieved of all future obligations under the contract.

**PATENTS MADE AVAILABLE FOR LICENSING.**—During the fiscal year 668 patents and patent applications have been made available for unrestricted, royalty-free licensing as a result of negotiations conducted by the Office with the American parties to patent contracts.

A total of 4,746 patents and patent applications has been made available for licensing by the Office through interpretation<sup>5</sup> or termination of certain contracts during the period March 11, 1942, to June 30, 1952.

This total broken down by type of licensing permitted is as follows:

Type of licensing	Number of patents and patent applications
Unrestricted royalty-free licensing.....	4,534
Restricted royalty-free licensing.....	138
Unrestricted royalty-bearing licensing.....	65

**COLLECTION OF ROYALTIES.**—As of June 30, 1952, the Office had collected a total of \$23,031,741 in royalties due under vested patents and patent contracts. Of this amount, \$1,251,833 was collected during the fiscal year. Table 26 classifies royalty collections by nationality of former owners of the rights to royalties.

## PATENT RIGHTS OF VESTED CORPORATIONS

### Administration of Corporate-Owned Patents

Many valuable patents are controlled indirectly by the Office through the vesting of enemy interests in American corporations. These patents are licensed on a nonexclusive, reasonable royalty basis. The principal objectives of this policy are to promote competition in the fields affected and to provide a source of royalty revenue to the vested enterprises. A license will not be granted if in the opinion of the Attorney General it would be prejudicial to the maintenance of competition in a specific field. An agree-

or tend to create monopolies in violation of the antitrust laws must be modified as a condition of return and the claimant must furnish appropriate assurance that the objectionable provisions will not be reinstated.

<sup>5</sup> Many patent contracts grant licenses within restricted fields and hence do not cover the full scope of the patent, or in the case of nonexclusive licenses the contracts may contain "most favored" licensee provisions. Such contracts must be carefully analyzed in order to ascertain the scope and character of the rights of the Office to issue additional licenses.

ment on the royalty rate to be charged is negotiated directly by the applicant for a license and the vested company concerned. Each agreement must be submitted for review and approval by the Office before it may be signed by the vested enterprise. If an agreement cannot be reached as to the terms and conditions of a license by the license applicant and the vested company, then the Office attempts to conciliate their differences.

In accordance with this policy, patents of General Aniline & Film Corporation continue to be available on a nonexclusive, reasonable royalty basis.

### COPYRIGHTS: GENERAL

The Office of Alien Property controls and administers copyrights and related rights in books, periodicals, motion pictures, music, plays, paintings, photographs and other types of literary and artistic works. After works of foreign origin have been vested, the Office grants licenses for their exploitation. The various types of exploitation licensed include, among others, the republication of books, periodicals and sheet music and the publication of translations and revisions thereof; the production, distribution and exhibition of motion pictures, the theatrical performance of plays and operas; performances on radio and television; and the recording of musical compositions. The Office also administers vested prewar contracts made between foreign copyright owners and American exploiters and collects the royalties payable thereunder.

### Vesting

The vesting program is now confined to German and Japanese interests in works produced prior to 1947. Vesting action is usually taken only where the work is being exploited in the United States, its territories or possessions (e. g. under a prewar contract) or an application is received for a license to exploit it. However, German-owned motion pictures produced

prior to 1947 are vested upon identification and practically all of them had been vested by the end of fiscal year 1952. As a result of the termination of the war with Germany and the peace treaty with Japan arrangements for the exploitation in the United States of works produced after 1946 may now be made directly with nationals of Germany and Japan.

An estimated 664,968 foreign works and the foreign interests in 550 prewar contracts covering thousands of works have been vested between March 11, 1942, and June 30, 1952.

### Royalties

By the end of the fiscal year 1952, the Office had collected \$3,869,121 in royalties under licenses issued by it on vested works and under prewar contracts. A total of \$157,197 was collected during the fiscal year.

Table 27 shows the total receipts of the Office from copyrighted works and the nationalities of the former owners of these works.

### ADMINISTRATION OF PREWAR COPYRIGHT CONTRACTS

The Office of Alien Property, in administering prewar copyright contracts on literary works and music, is responsible for protecting and managing the Government's interest in the vested property. However, in addition to collecting systematically the royalties provided for in the contracts, the Office cooperates with the American copyright exploiters to enable them to continue exercising their specified rights and, at the same time, protects the interests of authors and composers. Various problems must be dealt with in the administration of these contracts, such as making arrangements for taking up options, tax adjustments, disputed royalty payments, the extension of interpretation of rights under the contracts, the allowance of expense deductions from royalties, and the determination of conflicting

323893

claims filed with respect to the property and of respective interests of various claimants. In the return of properties to eligible claimants, full accounting cooperation has been given, but administration continues on all properties which are presently ineligible for return.

As of June 30, 1952, the Office had collected a total of \$3,471,435 for the exploitation of literary works and musical compositions under prewar contracts in which the foreign interest has been vested. Of that amount, approximately \$3,000,000 was collected on music and over \$450,000 was collected on books.

#### Music

The administration of prewar contracts for the exploitation of music is complicated by the variety of uses to which musical compositions are applied. Such uses include television and radio broadcasting, concert and other performances, publication of sheet music and orchestrations, mechanical recording and motion picture synchronization. The prewar contracts between European licensing societies and large American groups granted different rights to different groups for the exploitation of extensive catalogs of compositions by various European authors. Over \$1,000,000 has been collected for the use of music on radio. One music publisher paid approximately \$600,000 under prewar contracts which he had with German publishers. Royalties have been paid on numerous operas, and it is estimated that approximately \$55,000 has been derived from *Der Rosenkavalier* and *Salome*, by Richard Straus. On light operas, such as *Blossom Time* and *The Chocolate Soldier*, approximately \$146,000 was collected.

#### Books

The Office continues to receive royalties on many books covered by prewar contracts, including such a wide diversity as Spengler's *Decline of the West*, Richter's *Organic Chemistry*, Gerhart Hauptmann's *Dramatic Works*, Doerner's *The Materials of the Artist*, *Emil and the Detectives* by Kaestner, *Fundamentals of Hydro and Aero-Mechanics* by Tietjens, and poetry of Rainer Maria Rilke. Approximately \$25,000 has been collected on Hitler's *Mein Kampf*.

### ADMINISTRATION OF VESTED WORKS

There were 943 licenses for the exploitation of vested works in force at the end of the fiscal year. Of these, 754 were book licenses and 80 were motion picture licenses. During the fiscal year, 62 new licenses were issued and many licenses were amended to include additional vested works under them or to extend the life of the licenses. An additional 591 individual works were licensed during the year.

#### Books and Periodicals

Licenses granted by the Office for the exploitation of vested books and periodicals include the following uses: republication in the foreign language; publication of English translations; publication of revised editions, including translations; use in new works of articles, text excerpts, tables, charts, diagrams, and photographs; and reproduction on microcards of technical and scientific works and journals.

Commercial licenses for the publication of vested books provide for a royalty of 10 percent of the retail price of reproductions in the foreign language and of 7 percent on English translations. In the case of a post-1946

revision or enlargement of an earlier vested edition, the Office licenses the use of the material in the earlier edition at a royalty of 3 percent of the retail price of the new edition in the foreign language or at a royalty of 2 percent in the case of English translations. Permission to use the new material in the post-1946 edition must be obtained by the American publisher from the foreign owner. The royalty for the use of excerpts, drawings, tables, etc., usually is a flat fee which varies with the value of the material used.

In order to help defray the expenses of vesting and preparing the license, an administrative fee of \$15 is charged for each license except those issued to a Government agency. An advance royalty payment of \$50 for each book and of \$5 for each periodical are required under commercial licenses. Commercial licenses provide for a 6-months' period of exclusivity to the first licensee in order to give him time to prepare the work for publication. The administrative fee and advance royalty payments are not returnable.

The Office continues to receive royalties from the publication of many outstanding works, such as *Beilstein's Handbook of Organic Chemistry*, *Wien-Harms Handbook of Experimental Physics*, *Bücker's Handbook of Musicology*, *Höubner's Methods of Organic Chemistry*, *Köchel's work on Mozart's compositions*, *Gmelin's Handbook of Inorganic Chemistry*, *Landolt-Bornstein's Physico-Chemical Tables*, and *Klein's Handbook of Plant Analysis*. In addition to several licenses covering translations to be used as college text books, six licenses authorized Government agencies to publish translations of scientific works for use in the rearmament program. Expensive technical works also are being reproduced on microcards and made available to libraries and others unable to purchase them in book and periodical form.

#### Music

Licenses issued for the use of music are royalty-bearing with rates charged in accordance with general trade practice. The royalty rate for sheet music and orchestrations is 10 percent of the retail price and for recordings 2¢ for each record, except that where the licensee publishes a new English version the rates are reduced. Considerable royalties also have been collected from radio and television performances and for the use of songs in motion pictures. The compositions licensed by the Office include both classical and popular music. Among the more recently popular compositions are *You Can't Be True*, *Lili Marlene*, and *Truly Lulu (China Night)*.

#### Motion Pictures

By the end of the fiscal year 1952, the Office had vested over 6,000 motion pictures in addition to an estimated 3,215,000 feet of captured motion picture footage not yet identified. Most of the motion pictures are German productions and they include features, documentaries, newsreels, military training films, travelogs, and other shorts. During the fiscal year, 22,304,444 feet of previously unidentified film were examined and cataloged, bringing the total of vested film inventoried to 33,643,444 feet.

The Office licensed the use of vested motion pictures for distribution to commercial theaters, for television exhibition and for sale of 16 mm. prints for non-commercial exhibitions. In addition, licenses are issued covering remake rights and the use of stock-shot footage in the production of new pictures. The expansion of television has resulted in a substantial increase in the demand for motion pictures. Licenses frequently provide for the addition of English language sound tracks or titles to the foreign

323894

motion pictures and there has been a revival of interest in some of the silent pictures regarded as classics. Among the better known pictures licensed are *The Blue Angel*, *Die Fledermaus*, *Cabinet of Dr. Caligari*, and a large quantity of footage used in the television serial *Crusade in the Pacific*. Applications have been received for a number of outstanding color pictures, such as *Baron Munchhausen*, *Immensee* and *Girl of My Dreams*, not yet released in this country.

Films are licensed for governmental use on a royalty-free basis. Licenses for commercial exploitation are royalty-bearing with the rates conforming to established trade practices. Terms of licenses, such as the amount of advance and guaranteed royalties, vary with the value of the individual pictures and the type of exploitation licensed but generally an advance royalty is required and the Office receives 50 percent of the distribution receipts in excess of the cost of making additional prints, dubbing, subtitling or synchronizing. The customary rate for stock-shot footage is \$2.50 per foot.

Where there is only one application for a motion picture available for licensing, the motion picture is licensed to the person making such application unless there appears to be a general interest in the picture, in which case other applications are solicited. Where two or more applications are received for a single motion picture, the license is awarded to the applicant who has offered terms and conditions which, in the opinion of the Office of Alien Property, are likely to yield the greatest monetary return to the Government.

#### Miscellaneous Works

During the year licenses were issued for the theatrical performance of a musical play, for the publication of photographs from the Hoffman Photographic Collection and the *Illustrierter Beobachter*, and for the reproduction of illustrations and text material in new books and articles on such varied subjects as world history, physiology, theology, medicine, methomathematics, physics, education, biology and psychology.

#### TRADE-MARKS

The trade-mark interests held by the Office include trade-marks and trade-names and the goodwill of the business in the United States with which the marks and names have been used, registrations of trade-marks in the United States Patent Office, contracts relating to trade-marks, commercial prints and labels, and residual or reversionary rights acquired by enemy nationals through contract or otherwise in trade-marks and trade-names of American enterprises.

#### Vesting Policy

The renewed trade in German goods resulting from the general policy of the United States to encourage the rebuilding of Germany industry in the Western Zone has required modification of the trade-mark policy of the Office. At present trade-marks are vested only where such action is essential for the protection of the American purchasing public or of the trade-mark itself.

The basic trade-mark vesting program and the objectives of the policy relating to trade-marks adopted during World War II are discussed in an earlier Annual Report.<sup>6</sup> Even during the period of the war a policy of

<sup>6</sup> See *Annual Report, Office of Alien Property Custodian, fiscal year ended June 30, 1944*, pp. 114-115.

selective vesting was followed, trade-mark property being recognized as essentially individual in character, licensable and transferable only under restricted conditions. As a result of this policy of selective vesting, fewer than 600 registered trade-marks, interests in trade-mark contracts, and residual trade-mark rights have been vested as of June 30, 1952. Most of these trade-mark and trade-mark rights were owned prior to vesting by nationals of Germany.

#### Description of Trade-Mark Vestings

During the fiscal year 1952, the German residual or reversionary rights in trade-marks owned by four American corporations were vested.

**VESTED CONTRACT INTERESTS.**—The contract interests vested during the fiscal year were those of various enemy nationals in Kalio, Inc., New York; Reversionary interests of German-nationals in trade-marks of Heine & Co., New York; E. Leitz, New York; Schering Corp., New Jersey; Kalio, Inc., and General Dyestuff Corp., New York, were vested during the fiscal year. During the period March 11, 1942, to June 30, 1952, royalties amounting to \$1,884,151 had been collected by the Office under trade-mark agreements outstanding at the time of vesting. Table 28 presents the nationality of the owners whose interests were vested.

### **Old Trade-Marks of Enemy and Former Enemy Nationals**

In addition to the modification of the vesting policy of the Office, an increasing number of licenses have been issued to American attorneys representing German nationals under the provisions of Title 8 CFR, Section 507.1 (b) of the regulations of the Office of Alien Property, permitting them to renew and reregister in the United States the trade-marks of German nationals in the Western Zones of Germany where trade between this country and the United States has been resumed, and the trade-marks of the German nationals are in use. The Office has issued 51 such authorizations during the fiscal year.

### **New Trade-Marks of Enemy and Former Enemy Nationals**

Under existing regulations of the Office of Alien Property<sup>7</sup> a general license has been issued permitting the application for and registration by nationals of Germany and Japan of trade-marks which were adopted subsequent to January 1, 1947, and by nationals of Bulgaria, Hungary, and Rumania of trade-marks adopted subsequent to May 15, 1946. Transactions affecting title to such trade-marks were also licensed.

### **Disposition of Vested Enemy Trade-Mark Interests**

A primary objective in the disposition of vested enemy trade-mark interests has been to prevent consumer deception through misuse of trade-marks. Consequently, those vested trade-marks never used in the United States or used only on imported goods will not be sold where such sale may result in deceptive use of the marks. Trade-marks used by American firms on goods made in the United States; however, may be sold to the users since the assignments in these cases represent a transfer of ownership or control without any effect on the products or their origin. In the case of trade-marks used as descriptive designations of patented products, the patents for which have been vested, these marks may be made available to American licensees under the vested patents. Certain restrictions are imposed, however, on the length of time for which these trade-marks may be used and the manner of use.

In a specific instance where an American corporation had established an agency with a German firm, J. A. Henckels & Co., Solingen, Germany, to handle the distribution of the cutlery products of the German firm in the United States under the "Twin" trade-mark, the American corporation was granted a royalty-bearing license to use the vested trade-marks of the German firm in the United States. Royalties from this source have amounted to \$29,681 as of the end of the fiscal year 1952.

During the fiscal year the vested trade-marks of Peter Mulhens of Cologne, Germany, including "4711", together with their 97 registrations, were transferred by assignment to Ferd. Mulhens, Inc., a wholly vested corporation. Ferd. Mulhens, Inc., was subsequently sold at public sale as a going concern, the trade-marks being included in the sale as assets of the corporation.<sup>8</sup>

Nine vested trade-marks and their registrations were returned to their Italian owners during the fiscal year under the provisions of sec. 32 (a) (2) of the Trading With the Enemy Act, as amended.

## Real and Personal Property and Interests in Estates and Trusts

The programs regarding real and personal property and interests in estates and trusts did not change significantly during the fiscal year. However, the emphasis which the Office has placed upon the sale and liquidation of vested property is manifest throughout the statistics in this chapter.

### REAL ESTATE

#### New Vestings and Acquisitions

The Office vested or otherwise acquired real estate valued at \$130,000 during the fiscal year 1952.

#### Description of Real Estate Holdings

Real estate valued at \$8,446,000 was directly vested or otherwise acquired by the Office during the period March 11, 1942, to June 30, 1952. Table 29 gives the classification of the property according to nationality of its former owners and the method of its acquisition by the Office.

In addition, the Office has directly vested or otherwise acquired from distribution of estates and trusts such minor items of real property as mineral and oil rights valued at \$62,000 and ground rents and leaseholds valued at \$134,000.

#### Administration and Sale of Real Estate

Net income from real estate after taxes, insurance, and other expenses, amounted to \$1,576,000 as of June 30, 1952, of which \$104,000 was received during the fiscal year. Income from mineral and oil rights, ground rents, and leaseholds amounted to an additional \$138,000 as of June 30, 1952, of which \$41,000 was received during the fiscal year. Taxes and insurance on real estate paid by the Office during the fiscal year amounted to approximately \$47,000.

#### Status of Real Estate Holdings as of June 30, 1952

The Office held real estate valued at \$1,310,000 at the end of the fiscal year, compared to \$2,412,000 at the close of the fiscal year 1951. Of the total of 489 parcels of real estate held, 310 are improved, 166 are unimproved, and 13 are farm properties. Table 30 classifies according to sales status all parcels of real estate held by the Office as of June 30, 1952.

#### MORTGAGES

The Office during the fiscal year acquired mortgages valued at \$10,000 through the distribution of vested interests in estates and trusts. Total value of mortgages acquired to June 30, 1952, was \$1,632,000.

#### Status of Mortgage Holdings as of June 30, 1952

The value of mortgages sold, liquidated, returned, or otherwise disposed of amounted to \$1,202,000. The following summary shows the net value of mortgages vested and acquired and the value of those disposed of during the period March 11, 1942, to June 30, 1952:

Mortgages vested and acquired:

#### Income From Vested Mortgages

The net income from mortgages received by the Office during the fiscal year amounted to \$4,000, bringing the total net income from mortgages to \$118,000 as of June 30, 1952.

#### STOCKS, BONDS, AND OTHER SECURITIES

##### Vestings and Acquisitions of Stocks, Bonds, and Other Securities

NEW VESTINGS AND ACQUISITIONS.—The Office vested directly \$2,185,000 worth of stock, \$491,000 of bonds, and \$4,000 of other securities during the fiscal year ended June 30, 1952. In addition, \$2,558,000 worth of stock and \$719,000 of bonds were acquired in the same period as distributions from liquidating business enterprises, estates and trusts, and transfer of minority interests in business enterprises.

TOTAL VESTINGS AND ACQUISITIONS.—Vestings and acquisitions brought the total stocks and bonds seized by the Office during the period March 11, 1942, to June 30, 1952, to \$32,861,000 of stock, \$19,908,000 of bonds, and \$162,000 of other securities. The totals of these securities and the methods of acquisition are shown in table 31.

## Sale and Liquidation of Stocks and Bonds

The program for the disposition of the Office's holdings of stocks, bonds, and other securities requires that these securities be sold as rapidly as possible through established channels in accordance with the marketability and value of the securities. The procedure may be summarized as follows:

1. Securities listed on a stock exchange are sold through the regular selling facilities offered by member brokers.
2. Unlisted securities that are actively traded are sold through established brokers by "over-the-counter" sale to their customers.
3. Unlisted securities that are not actively traded but are valued in excess of \$10,000 generally are sold by the Office on a "sealed bid" basis.
4. Securities that are inactive, unlisted, and are valued at less than \$10,000 may be sold at private sale through negotiation with prospective purchasers, who in many cases may be actively interested in the enterprise.
5. Bonds that have matured or have been called for redemption are redeemed at value by the issuer. Bonds due for redemption in the near future are held to maturity instead of being sold. U. S. Treasury Bonds are redeemed and sold in accordance with an agreement between the Office and the Department of the Treasury whereby the latter arranges the sale of the bonds in order to coordinate the purchase and sale of Government securities by Federal agencies with the Government's financing requirements. U. S. Savings Bonds, which may not be sold on the market, are redeemed. During the fiscal year, due to the allowance of title and debt claims, it again was necessary to request the Treasury to liquidate for the Office's account certain Government obligations in advance of maturity.

Many securities are not being sold by the Office because of certain foreign policy considerations and because of legal and governmental restrictions. Some blocks of securities cannot be sold because section 9 (a) suits for their return are pending. Securities against which title claims have been filed are not being sold as a matter of policy. Other securities are not being sold because of possible return to nonhostile nationals of Italy. Certain other domestic and foreign securities and enemy issues are being withheld from sale because of their expected disposition under the reciprocal terms of international agreements. Foreign securities and those securities affected by suits for return or by title claims comprise the bulk of all presently held securities that cannot be sold at this time. Unmarketable or worthless securities issued by corporations now inactive, defunct, or in liquidation represent a small part of total holdings.

## MORTGAGE PARTICIPATIONS

Mortgage participations, that is fractional interests in real estate mortgages, in the amount of \$8,000 have been vested directly by the Office and another \$2,000 have been acquired from estates and trusts during the fiscal year. In the same period the Office has received \$12,000 as proceeds of liquidation.

The amounts of mortgage participations vested or acquired during the period March 11, 1942, to June 30, 1952, and the amounts disposed of as of the latter date are presented in the following summary:

## OTHER PERSONAL PROPERTY

Various other types of personal property vested or acquired by the Office consist of notes, claims,<sup>1</sup> and credits, bank balances, interests in life insurance and annuity contracts, and currency and coin.

### Notes, Claims, and Credits

The total estimated value of notes, claims, and credits vested or acquired by the Office is \$30,755,000. Of this amount, \$25,728,000 was directly vested while \$27,000 was acquired from the distribution of assets of estates and trusts, and \$5,000,000 as distributions from business enterprises.<sup>2</sup>

**COLLECTIONS.**—As of June 30, 1952, the Office had collected \$22,407,000 of the total estimated value of \$30,755,000 of notes, claims, and credits vested and acquired. During the fiscal year collections totaled \$4,727,000 and interest accruals received amounted to \$11,792.

### Bank Balances

Bank balances amounting to \$1,785,000 were vested during the fiscal year raising the total for the period March 11, 1942, to June 30, 1952, to \$34,743,000.

### Currency and Coin

Currency and coin vested during the fiscal year amounted to \$1,328,000, bringing the total amount vested to \$9,985,000.

### Insurance

During the fiscal year the Office vested German and Japanese interests in insurance contracts valued at \$209,000, of which \$149,000 was German and \$60,000 was Japanese. The sum of \$491,000 was received by the Office during the fiscal year from the liquidation of vested interests in insurance and annuity contracts. For the period March 11, 1942, to June 30, 1952, the Office had vested a total of \$3,854,000 in interests in insurance and annuity contracts and has received for the same period a total of \$2,931,000 as proceeds from the liquidation of these interests.

## INTERESTS IN ESTATES AND TRUSTS

### Estates and Trusts Vestings

Of the vesting orders issued during the fiscal year 1952, 117 involved interests in estates and trusts. Of this total, 97 involved decedents' estates, 11 involved trusts under wills, 8 related to trusts inter vivos, and 1 to guardianship estates.

<sup>1</sup> The discussion of claims in this section relates to those vested in the Attorney General. Claims asserted against the Attorney General are discussed in Ch. VII, "Claims and Suits."

<sup>2</sup> The amount of \$5,000,000 carried as distributions from business enterprises in liquidation is a figure estimated by the Office as being collectible. Face value of these distributions due from domestic creditors is \$15,938,000, most of which came from banks and insurance companies in liquidation.

323899

Interests in estates and trusts vested during the past fiscal year were valued at \$644,000, of which German nationals were the former owners of \$643,000, and Japanese were the former owners of \$1,000. The new vestings were comprised of the following: \$456,000 of decedents' estates; \$47,000 of trusts under wills; \$140,000 of trusts inter vivos; and \$1,000 of guardianship estates.

Vestings of interests in estates and trusts have amounted to \$86,680,000 for the period March 11, 1942, to June 30, 1952. The value of the enemy interests in the different classes of estates and trusts and the number of estates and trusts involved are presented in table 32.

### Administration

The vesting of enemy interests in estates and trusts means that the Office has succeeded to the rights of the former owners. It, therefore, is incumbent upon the Office to insure that distribution of the assets comprising the estate or trust by the administration, executor, trustee or other fiduciary is correct and in conformity with the terms of the decedents' will, agreement, trust, instrument or court decree. During the fiscal year the Office completed its administration of the vested interests in 187 cases of estates and trusts. There remain 1,131 trusts in which the Office has a remainder interest or receives income periodically. In addition, there are 1,121 estate cases which have not been fully administered or with respect to which the Office has not yet received the distributive shares of the vested interests.

Generally, properties received by the Office from decedents' estates consist of cash; this is so because the Office is usually only one of several beneficiaries and, to effect distribution in proper shares, it is necessary to liquidate estates. In many cases, however, securities, personal property, real estate, and other types of property are received. If the interests vested from trusts are life estates or annuities, the Office receives periodic income payments. If the interests vested are those of remainderman, the Office does not receive anything until right to possession of the assets is acquired by the death of the life tenant or other condition of the trust. If the Office has vested a guardianship estate, the guardian normally files a final report with the court which discharges the guardian and turns over the estate to the Office.

### Distribution of Principal

For the period March 11, 1942, to June 30, 1952, the Office has received the sum of \$47,234,000 representing distributions of principal from vested estates and trusts. Of this amount, \$3,429,000 was received during the fiscal year 1952. The cumulative total is comprised of \$31,331,000 in cash and \$15,903,000 in other kinds of property, principally stocks and bonds. Of this noncash property, the Office had liquidated \$8,223,000 by the end of the fiscal year.

The different types of property received in distribution from vested estates and trusts and the amount of each type which has been liquidated are indicated in table 33.

The first column of table 33, carried over from table 32, indicates the value of the interests in the four types of estates and trusts that have been vested. The second column shows the amount of assets distributed from each of the four types of estates and trusts (minus figures), with the resultant increases in the Office's holdings of various other types of property (plus figures). The third column indicates the subsequent liquidation of the noncash items of property received from distribution (minus figures), with the corresponding increase in cash (\$8,223,000). The fourth column lists the amount of property (minus figures) returned to nonhostile persons by administrative action of the Office under section 32 of the Trading With the Enemy Act, as amended,<sup>5</sup> or pursuant to court decisions in actions brought under section 9 (a) of the Act. **Distribution of Income**

The Office has received \$4,816,000 as direct income from estates and trusts and \$960,000 as income from property distributed in kind from estates and trusts through June 30, 1952. Of these amounts, \$585,000 and \$175,000, respectively, were received during the fiscal year.

## Claims and Suits

Although the claims program of the Office of Alien Property continued at peak activity during the fiscal year, there was a small decrease in claims filed during the year as compared with those filed during the 1951 fiscal year, with respect to property vested during World War II.

The present claims program of the Office with respect to World War II vestings of property is based primarily upon sections 32 and 34 of the Trading With the Enemy Act, as amended, which were added to the Act in 1946 by Public Laws 322 and 671, Seventy-ninth Congress, Second Session.<sup>1</sup> Section 9 (a) of the Act is also involved in the claims program. This section relates to the return of vested property. It is discussed in further detail, *infra*, pp. 69-72. Under the provisions of section 32, the Office is authorized to make administrative returns of property to persons who, although technically enemies or allies of enemies, were not hostile to the United States and who fulfilled certain other stated conditions.<sup>2</sup> Section 34 authorizes the payment of debt claims to certain creditors of former owners of vested property. Thus, two types of claims are processed by the Office: *title claims* by which the claimants assert ownership interests in the vested property, and *debt claims* by which creditors seek payment of obligations owed prior to vesting by the former owners of vested property. A claim based on a debt secured by a mortgage or other lien may be treated as a title claim if the lien constitutes a proprietary or title interest in the property.

As of June 30, 1952, there had been filed with the Office of Alien Property on approved forms a total of 61,300 claims relative to World War II vestings of property, of which 14,256 were title claims and 47,044 were debt claims. At the beginning of the 1952 fiscal year, there were pending 52,088 claims, of which 8,727 were title claims and 43,361 were debt claims. During the 1952 fiscal year, there were filed 1,108 claims—823 title claims and 285 debt claims. For the fiscal year 1953, it is estimated that there will be filed an additional 750 title claims and 300 debt claims, a total of 1,050 claims. It is further estimated that the total number of title claims on file and to be filed will seek the return of between \$300,000,000 and \$350,000,000 worth of vested property, while debt claims now on file and to be filed will seek payment of between \$450,000,000 and \$500,000,000 of such property.<sup>3</sup>

<sup>2</sup> Under sec. 2, of the Trading With the Enemy Act, as amended (50 U. S. C. App. sec. 2) persons resident within enemy or enemy-occupied territory during the war were classified as enemies independently of their citizenship.

<sup>3</sup> Since in many instances the accounts against which debt claims are asserted are insolvent, the amounts to be paid out in respect of debt claims will be far less than the amounts sought. And, of course, with regard to both title and debt claims many such claims will be disallowed for various reasons.

## TITLE CLAIMS

### Section 32

Originally eligible for administrative return under section 32 of property vested under the Trading With the Enemy Act, as amended, were the following principal groups: nonenemy governments, corporations of nonhostile countries that are not enemy-controlled, certain American citizens regardless of their residence during the war, citizens of allied and neutral countries not voluntarily resident in enemy countries during the war period, and enemy citizens who continuously resided outside enemy or enemy-occupied territory since December 7, 1941, and who were not engaged in business in such territory.

Section 32, as amended by Public Law 671, Seventy-ninth Congress, Second Session, approved August 8, 1946,<sup>4</sup> also makes eligible for return certain victims of political, racial or religious persecution who would otherwise have been ineligible because of enemy citizenship or voluntary residence in an enemy country.

Public Law 370, Eightieth Congress, First Session, approved August 5, 1947,<sup>5</sup> which also amended section 32, names as ineligible for a return the Governments of Germany, Japan, Hungary, Bulgaria, and Rumania. Despite its earlier enemy status, the Government of Italy is not ineligible. Public Law 370 also made eligible nationals and residents of Italy who were previously ineligible.

Section 32 was further amended by the so-called "dual national" proviso which was added by Public Law 859, Eighty-first Congress, Second Session, approved September 29, 1950,<sup>6</sup> in order to enable the Office to return vested property to (1) those persons who possessed American citizenship at all times since December 7, 1941, despite concurrent enemy citizenship and presence in enemy territory, and (2) those American women who lost their citizenship solely because of marriage to enemy aliens (thereby acquiring enemy citizenship) and who reacquired their citizenship prior to September 29, 1950.

The most recent amendment to section 32 is Public Law 378, Eighty-second Congress, Second Session, approved June 6, 1952,<sup>7</sup> which amended the "dual national" proviso added by Public Law 859, *supra*, by increasing the aggregate value of returns to "dual nationals" from \$5,000,000 to \$9,000,000 and by defining the value of the property in terms of its book value.

Prior to the making of a return, section 32 requires certain conditions to be fulfilled by the person to whom the return is to be made: (1) that he was the owner of the vested property immediately preceding vesting; (2) that he did not use the property under any cloaking arrangement; (3) that he has no actual or potential liability under either the Renegotiation Act or the Royalty Adjustment Act; and (4) that the return is "in the interest of the United States." In fulfilling the requirement that

a return is in the national interest, the Office of Alien Property, as a matter of policy, consults with other interested Government agencies so that it may "be advised of the public interest in such matters as national security, foreign relations, financial and fiscal policy, and commercial and antitrust policy, as they relate to the return of vested property." The procedures necessary for making this investigation have been developed and are followed relative to all returns made under section 32.

### Section 9 (a)

Section 9 (a) provides for administrative return of vested property to persons who are not enemies as defined in section 2 of the Act. As pointed out above (footnote 2, p. 67), the latter section defined as enemies persons resident within enemy or enemy-occupied territory during the war, independently of their citizenship. A number of claims have been asserted by nationals of Germany and Japan, who although ineligible for return under the provisions of section 32, allege they are not enemies as defined in section 2. In the recent decision of the Supreme Court in the case of *Guessefeldt v. McGrath*, 342 U. S. 308 (1952), it was held that the provisions of section 39 of the Act (50 U. S. C. App. sec. 39) that no returns of vested property shall be made to nationals of Germany and Japan did not bar section 9 (a) relief to such nationals who are not enemies as defined in section 2. Accordingly, the claims of such persons, if they are not eligible under section 32, receive administrative consideration under section 9 (a).

### Time Limitation for Filing Title Claims

Notice of claim for the return of property pursuant to sections 9 (a) or 32 (a) must be filed by April 30 1949, or within 2 years of the date of vesting, whichever is later, as provided by section 33 of the Trading With the Enemy Act, as amended.<sup>8</sup> World War I claims seeking administrative return under section 9 must have been filed by August 9, 1948.

### Administration of Sections 32 and 9 (a)

The Office of Alien Property is responsible for the administration of sections 32 and 9 (a), except that section 9 (a) claimants are also entitled to litigate their claims in the federal courts.<sup>9</sup> Forms for asserting a claim for the return of vested property may be secured directly from the Office of Alien Property in Washington, D. C., or its field offices in New York, San Francisco, and Honolulu, T. H., its offices abroad in Manila, P. I., Munich, Germany, and Tokyo, Japan, or from the United States Attorneys' offices throughout the United States. All title claims are filed on Form APC-1A.

Title claims are processed by the Claims Branch of the Office which has the sole authority to recommend to the Director of the Office the allowance of such claims without the requirement of a hearing. The Hearing Examiners hear those claims which are not recommended for allowance.

<sup>8</sup> 60 Stat. 925, 50 U. S. C. App. sec. 33. For further details, see *Annual Report, Office of Alien Property, Department of Justice, fiscal year ended June 30, 1950*, pp. 68-69. It should be noted that a bill to amend sec. 33 further by extending the time for filing claims of certain Italian nationals under sec. 32 for an additional period of six months was introduced in the House of Representatives (H. R. 4611, 81st Cong., 2d Sess.). The Eighty-second Congress adjourned without enacting this bill. Similar bills have been introduced in the Eighty-third Congress, but no final action has yet been taken thereon.

<sup>9</sup> For a discussion of section 9 (a) suits, see pp. 77-81, *infra*.

The decision whether a return of vested property is in the interest of the United States under section 32 rests with the Director of the Office. The procedures necessary for the processing of claims filed by foreign residents were instituted after extensive negotiations between certain foreign governments and the Attorney General, with the cooperation of the Department of State.<sup>10</sup>

All procedures involved in the disposition of claims are governed by the Rules of Procedure for Claims, as amended.<sup>11</sup> A copy of these rules may be obtained upon application to the Chief, Administrative Branch, Office of Alien Property, Washington 25, D. C.

#### Disposition of Claims: Vested Property Returned

The Office processed a total of 1,093 title claims during the fiscal year 1952.<sup>12</sup> Returned to former owners during the fiscal year were \$5,765,000 of cash and appraisable property; 325 patents, 19 part interests in patents, 9 patent applications, 16 interests in patent contracts, and certain other industrial properties. The total amount of property returned has now reached \$42,465,000<sup>13</sup> and 1,880 patents, 77 part interests in patents, 122 patent applications, 81 interests in 75 patent contracts, and 9 inventions.

#### Discussion of Particular Claims

EDGAR AUSNIT, PRESIDENT, AND OTHERS, CLAIM NOS. 26 AND 676.—This case involved the scope of the "freezing controls" which were established in 1940 by Executive Order No. 8389. Claimants sought a return of a four-fifths interest in a forge plant which had been vested by the Alien Property Custodian. It appeared that in 1939 a contract had been entered into by the United States Ordnance Engineers, Inc. (USOE), a United States corporation, and Industria Romana Mecanica si Chimica S. A. (Iremece), a Rumanian corporation, whereby USOE agreed to furnish and install in Rumania a forge plant at a price of approximately \$800,000. However, the forge plant was never shipped to Rumania, and in December 1941 an agreement was executed between claimants, Iremece, and USOE whereby claimants agreed to transfer to Iremece certain capital stock in a Rumanian corporation in exchange for Iremece's interest in the forge plant. The legal issues involved included the questions whether the 1941 agreement was required to be licensed by the Treasury Department since it had been entered into after October 9, 1940, the date when the restrictions of Executive Order No. 8389 became applicable to nationals of Rumania, and if so, whether the failure to secure a license invalidated the transfer to claimants. Claimants argued that the prohibitions of Executive Order No. 8389 did not apply to a transfer of personal property such as a forge plant, and that even if they were applicable, the transfer was not a nullity. The Director of the Office in his decision dated March 14, 1952, affirming the decision of the Hearing Examiner disallowing the claims, held that the transfer of the forge plant was within the scope of Executive Order No. 8389 and that since it was unlicensed it was a nullity and claimants acquired no interest thereunder.

<sup>10</sup> For further details of these procedures, see *Annual Report, Office of Alien Property, Department of Justice, fiscal year ended June 30, 1950*, pp. 69-70.

<sup>11</sup> 17 F. R. 11837, Dec. 31, 1952.

<sup>12</sup> Of these, the number allowed was 452; the number disallowed or withdrawn was 641.

<sup>13</sup> Not included in this amount are certain accrued patent royalties in the hands of third parties which were reassigned to claimants upon return of the patents.

TSUKASA AND TOMOE KIYONO, CLAIM NO. 37922.—This case involved a question of citizenship. The claimants, husband and wife, were natives of Japan who had lived in the United States for many years prior to World War II. In 1939, claimants and their daughters went to Japan intending to remain there for 2 or 3 years and were in Japan at the outbreak of war in December 1941. After the war claimants returned to the United States. Claimants argued that they were not barred by the provisions of section 32 of the Act relating to citizens of enemy nations because they ceased to be Japanese citizens prior to December 7, 1941, in that their long residence in the United States had resulted in their expatriation prior to their return to Japan. Claimants maintained that their expatriation should be determined by American law and they relied upon the Act of Congress of July 27, 1868, providing that expatriation was a national and inherent right of all people. The Hearing Examiner held that claimants' expatriation must be determined by the law of the country from which expatriation is claimed (in this case Japan) and that under Japanese law the claimants were at all times Japanese citizens. The Hearing Examiner further held that claimants, being Japanese citizens who resided in Japan during the war, were ineligible for a return under section 32.

BARON FRIEDRICH CARL VON OPPENHEIM, CLAIM NO. 41661.—This claim involved the question of the eligibility of a one-quarter Jew as a racial persecutee in Nazi Germany. The claimant was a German citizen who was present in Germany during the war. The record of the case contained a plethora of evidence including over fifty racial laws, decrees and regulations of Nazi Germany, numerous decisions of the Allied Restitution courts in Germany, legal commentaries and excerpts from the Nuremberg trials of Axis war criminals. The Hearing Examiner found that one-quarter Jews were discriminated against in many ways, including the following: they were prohibited from intermarriage; they were barred from becoming civil servants, state employees, notaries, or railway employees; upon certain conditions they were barred from practicing as physicians or lawyers; they were barred from performing active military service; they were unable to inherit from Jewish grandparents; they were restricted in access to schools; and they were designated in the Reich Citizenship Laws as a distinct racial group. The Hearing Examiner concluded that a one-quarter Jew in Germany during the war did not enjoy full rights of German citizenship and was therefore eligible for return.

ALEX SCHMIDT, CLAIM NO. 46043.—One of the issues in this case was whether the claimant was eligible for a return as a religious persecutee. As claimant was a German citizen who was present in Germany during the war, she was ineligible for a return unless she established that she was a "persecutee" under section 32. She attempted to show her eligibility as a religious persecutee by reason of her membership in and regular attendance at the Evangelical-Lutheran Church during the Nazi regime. Claimant showed that she was subjected to considerable pressure by the Nazis to dissuade her from attending church. She relied, not upon any positive law, decree or regulation interfering with the "lay" members of the church, but upon "color of law." The Hearing Examiner held that such threats and other persuasive action as the Nazis may have directed against her by which they demonstrated their lack of sympathy with her church going, were not sufficient to establish substantial deprivation of her rights of citizenship, and did not make her eligible for return as a religious persecutee. The claimant appealed to the Director who affirmed the Hearing Examiner's decision disallowing the claim.

323904

FIAT, S. P. A. OF TURIN, ITALY, CLAIM NOS. 40094 TO 40097, INCLUSIVE.—This case involved a return of property without hearing to Fiat, S. P. A., an Italian corporation engaged in the manufacture of automobiles with its principal plants at Turin, Italy. The return included, in addition to 89 patents and 4 disclosures of inventions relating to the automobile field, approximately \$285,000 in cash, machine parts and equipment and all of the stock in the European-American Trade Development Corp., valued in 1948 at \$76,000. This corporation was organized by Fiat in 1939 to promote the import and sale of Fiat automobiles in the United States. The cash returned to Fiat will be of inestimable aid to Fiat which is leading the continental automotive industry in modernization plans; and in this manner the economic recovery of Italy, a Marshall Plan country, is facilitated.

### DEBT CLAIMS

Section 34, which was added to the Trading With the Enemy Act, as amended, on August 8, 1946, by Public Law 671, Seventy-ninth Congress, Second Session,<sup>14</sup> established the basis on which the Office is authorized to pay claims of American creditors out of property vested from their debtors.

#### Provisions of Section 34

ELIGIBILITY.—Section 34 permits payment to the following debt claimants: (a) citizens of the United States or of the Philippine Islands, (b) corporations organized under the laws of the United States or any state, territory, or possession thereof, or the District of Columbia and the Philippine Islands, (c) other natural persons, who are or have been, since the beginning of the war, residents of the United States and who have not during the war been interned or paroled under the Alien Enemy Act,<sup>15</sup> and (d) the Attorney General. Legal representatives and successors in interest by operation of law, if they are persons who would not themselves be disqualified, are eligible to receive payment to the same extent as their principals or predecessors would have been.

Certain conditions must be satisfied before a debt claim can be allowed. Thus, a debt (1) must have been due and owing at the time of vesting of the debtor's property, (2) must not have arisen from any action prohibited by the Trading With the Enemy Act, as amended, and (3) must not have been owing to any person convicted of violation of certain statutes.

BAR DATE.—The Attorney General is required by the Act to set a final date for the filing of debt claims, with the provision that this date cannot extend beyond the expiration of 2 years after the date of the last vesting of property of a particular debtor, or August 8, 1948, whichever is later. A debt claim, if allowed, cannot be paid within 120 days from the date of publication of the first bar date, nor may it be paid out of property with respect to which a suit or proceeding for a return pursuant to the Trading With the Enemy Act, as amended, is pending, provided that such suit or proceeding was instituted prior to the expiration of the 120-day period.<sup>16</sup>

MONEY AVAILABLE FOR PAYMENT OF DEBT CLAIMS.—The payment of debt claims is to be made out of the net proceeds realized from the vested

property of the debtor after deduction of (a) expenses of the Office in connection with the debtor's property, (b) taxes paid by the Office (as later defined),<sup>17</sup> and (c) a cash reserve for the future payment of expenses and taxes.

PRIORITY OF PAYMENT OF DEBT CLAIMS.—Eligible creditors who have filed valid claims have the available money of a debtor distributed to them in an equitable manner according to the procedure provided for by section 34. In the event the available money of a debtor does not permit the full payment of all allowed claims, the statute provides for a system of priorities. The order of payment established is as follows: (1) wage and salary claims, not in excess of \$600; (2) claims of the United States entitled to priority under sections 191 and 193 of Title 31 of the United States Code; (3) all other claims for services rendered or expenses incurred in connection with such services, as for example, rent, goods and material delivered to the debtor, and for payments made to the debtor for goods or services not received by the claimant; and (4) all other debt claims.

DEBTS VESTED BY UNITED STATES NOT ENTITLED TO SPECIAL PRIORITY.—Debts transferred to the United States as a result of vesting are not entitled to the priority otherwise accorded claims of the United States.

JUDICIAL REVIEW.—The remedies provided by section 34 are exclusive. Although an initial administrative determination is required by law, the right of judicial review is preserved. If the aggregate of debt claims filed against a particular debtor does not exceed the money from which payment may be made, a claimant whose claim has been disallowed, in whole or in part, may file a complaint within 60 days after mailing of the determination, in the District Court of the United States for the District of Columbia for review of the disallowance of his claim, naming the Attorney General as defendant.

A claimant may also obtain judicial review of the schedule of payment of debts issued by the Office in insolvency cases, that is, cases in which the aggregate of debt claims filed exceeds the money from which payment thereof may be made.

#### Administration of Section 34

Procedures have been established by the Office, under the Rules of Procedure for Claims, whereby the initial consideration of debt claims is delegated to the Claims Branch of the Office.<sup>18</sup> The Chief of the Claims Branch may submit to the Director a recommendation for allowance of any claim which he deems entitled to allowance. The Hearing Examiners hear all claims which are not recommended for allowance by the Claims Branch.

#### Bar Dates for Filing Debt Claims

By Bar Order Nos. 1 to 10, inclusive, issued in previous fiscal years, final dates were fixed for filing debt claims in respect of all persons and corporations whose property was first vested between December 18, 1941, and December 31, 1949. Bar Order No. 11, executed July 23, 1951, fixed January 2, 1952, as the bar date for filing debt claims in respect of property first vested between January 1, 1950 and June 30, 1950, inclusive. Bar Order

<sup>14</sup> See p. 76.

<sup>15</sup> Form APC-IC is used by persons filing debt claims with the Office. This form may be obtained at the Office of Alien Property in Washington, at its field offices in New York, San Francisco, and Honolulu, T. H., its offices abroad in Manila, P. I., Munich, Germany, and Tokyo, Japan, or at the Office of the United States Attorney in each Federal district in the United States.

<sup>18</sup> In this connection, however, it should be noted that section 9 (a) provides that during the pendency of a suit under that section the property shall be retained in the custody of the Office.

No. 12, executed January 5, 1952, fixed July 1, 1952, as the bar date for filing debt claims in respect of property first vested between July 1, 1950 and December 31, 1950. Bar Order No. 12A, executed February 14, 1952, fixed July 1, 1952, as the bar date for filing debt claims in respect of property first vested by the Philippine Alien Property Administrator between July 1, 1950 and December 31, 1950, inclusive.

#### Procedures in Processing Debt Claims

The procedures instituted under section 34 (a) of the Trading With the Enemy Act, as amended, for determining the eligibility of debt claimants and the validity of their claims may be summarized as follows. A routine check with the Bureau of Internal Revenue is made by the Office after a debt claim has been filed to determine whether or not the alleged debtor is liable to the United States for unpaid taxes. The Office also makes similar inquiries of the General Accounting Office to determine whether the United States has any claims against each claimant. Within the Office itself certain inquiries are necessary to ascertain the value of the vested property against which each claim is asserted. Additional inquiries are also made within the Department of Justice to determine whether the claimant has been convicted of a violation of any of the statutes listed in section 34 (a).

#### Discussion of Particular Claims

**BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, CLAIM No. 5024.**—This case involved the question of the payment of pre-vesting interest under section 34 of the Act. The claim was based upon eight bills of exchange drawn by the German debtor and accepted and discounted by the claimant. The bills were drawn and accepted pursuant to the German-American Standstill Agreement of 1940, a non-governmental undertaking between banking institutions in the United States and Germany which was intended to continue American short-term banking credits to Germany. The question whether pre-vesting interest was payable depended in turn on whether the default in payment of the obligation occurred prior to June 14, 1941, the date when the restrictions of Executive Order No. 8389 became applicable to nationals of Germany, or subsequently, when the debtor because of freezing controls would not be in default for failure to pay the debt. The maturity date of the bills was August 18, 1941; the expiration date of the Standstill Agreement was May 31, 1941. The Director held that pre-vesting interest was payable because the express provision of the Standstill Agreement that all indebtedness thereunder would mature on the expiration of the Agreement took precedence over the later maturity dates provided in the bills of exchange. Thus, since the debt matured prior to June 14, 1941, interest thereon was allowable from the date of maturity to the date of vesting.

**KARL KUPFER, CLAIM No. 29830.**—This claim concerned the question whether a person who became a United States citizen by naturalization after the war and who had not resided in the United States since the beginning of the war, was eligible as a claimant under section 34. The claimant resided in Canada during the war; he entered the United States in 1946 and became an American citizen by naturalization in 1952. Section 34 provides for the payment of debt claims only of United States citizens and corporations or persons who resided in the United States since the beginning of the war. The issue concerned the date upon which American citizenship must have been acquired to make one eligible under the statute.

The Director disallowed the claim, holding that only those persons who had obtained American citizenship prior to the beginning of the war, were eligible under section 34, unless, of course, they were eligible as persons who had continuously resided in the United States after that date.

**FRED PETER SCHLOSSER, CLAIM No. 6076.**—This claim involved a conflict of laws question. The claim was for the balance of the purchase price under a prewar oral contract for the sale of the claimant's business in Austria to the German debtors. Although the contract was made in Austria, the purchase price was payable in dollars in New York City. Since the contract was not in writing, it was necessary to determine which Statute of Frauds was applicable. The Claims Branch contended that the District of Columbia, as the residence of the Director and the place specified in section 34 of the Act for court review of the Director's determination, was the forum for conflict of laws purposes in all proceedings under section 34. The Hearing Examiner held that under the facts of the case the forum was New York and that the New York rule was that its Statute of Frauds did not vitiate an oral contract made outside of New York and valid under the law of the place of contracting. Since the contract was valid in Austria, he concluded that it would be enforceable in New York and hence that a claim based upon the contract was allowable under section 34.

**JOHN POWELL AND CO., INC., CLAIM No. 44718.**—The issue in this case was whether the claimant was entitled to maintain its claim for the entire amount of the claim, or only for a portion thereof. The entire claim of \$10,000 was against a shipping line for damages to goods shipped by the claimant. The shipper insured the goods with a Japanese insurance company. After the goods were damaged, the insurance company paid the claimant \$8,000 and received the "usual loan receipt." An action was then brought by the shipper, claimant in this proceeding, against the shipping line in the United States District Court to recover the total damages of \$10,000. That action was still pending when the claimant sought payment of the debt under section 34 of the Trading With the Enemy Act, as amended. The Claims Branch moved to dismiss the claim to the extent of \$8,000 on the ground that the insurance company, a Japanese corporation ineligible as a claimant under section 34, was the beneficial owner of that portion of the claim. The Hearing Examiner granted the motion. On appeal to the Director, the claimant argued that the insurance company was not the beneficial owner of the portion of the claim in dispute and that, in the event that the claimant recovered the entire amount, the insurance company would be only an ordinary creditor of the claimant. The Director affirmed the decision of the Hearing Examiner dismissing the claim to the extent of the \$8,000 on the ground that the claimant's present position was contrary to its earlier assertions, to the terms of the loan receipt, and to the judicial decisions on the interest of an insurer under a loan receipt. The Director also held that the holder of bare legal title to a debt claim who has no beneficial ownership therein, cannot maintain a proceeding under section 34 for payment of an enemy's debt out of the enemy's vested property.

**LAWRENCE & TUTTLE, CLAIM Nos. 1523; 4056 to 4060, INCLUSIVE; 24633; AND 24801.**—These claims were for attorney's fees under contingent fee agreements. The claimants were employed by certain Japanese enterprises to bring actions for refunds of customs duties. Appropriate proceedings in the Customs Court were instituted therefor prior to the vestings of the assets of the companies. After vesting, the Alien Property Custodian was substituted for the enterprises as plaintiff in the court proceedings and

the actions were subsequently abandoned. The Director dismissed the claims, holding that there could be no recovery because the contingency upon which claimants' agreements were based had not occurred, namely, the recovery of the customs refunds, and because the employment was terminated, not by act of either party to the contract, but by force of the intervening sovereign action of vesting which destroyed the subject matter and frustrated the contracts.

#### Disposition of Claims: Payments Made

During the fiscal year, 425 debt claims were disposed of, with 79 claims being allowed, in the aggregate amount of \$437,227,<sup>19</sup> and 346 claims disallowed or withdrawn or disposed of through consolidation.

The debt claims allowed during the fiscal year related to a wide range of transactions: 23 of the claims, totaling \$47,127, were based upon legal services rendered to the debtors, and 10 claims, amounting to \$148,040, were founded upon loans of money, including bank loans in connection with the export of goods from Germany within the scope of the German-American Standstill Agreement, advances for the payment of taxes, and the purchase of food packages to be sent to the debtors in Germany. The sale and delivery of merchandise, including fuel oil, gave rise to 7 of the claims totaling \$203,023 and property management services formed the basis of 7 of the claims totaling \$14,999. The remaining claims allowed involved such diverse matters as rent, investment bonds, customs penalties, funeral expenses, transportation charges, Christmas bonuses, foreign bills of exchange, shipping losses and shortages, sales contracts, ship and custom brokers' commissions and fees, storage charges and sales contracts.

#### PAYMENT OF TAXES INCIDENT TO VESTED PROPERTY

Section 36 of the Trading With the Enemy Act, as amended, which was added to the Act by Public Law 671, Seventy-ninth Congress, Second Session, approved August 8, 1946, specifically authorized the Office to pay any tax assessed on vested property by the Federal Government or any State, territorial, or local government for any period prior or subsequent to the date of vesting.<sup>20</sup> The Office is obligated to pay tax liabilities on vested property notwithstanding any claim or suit filed or instituted against the property.

Procedures have been developed by both the Office of Alien Property and the Bureau of Internal Revenue regarding the payment of taxes on vested property. In addition, the Commissioner of Internal Revenue has promulgated rules relating to the application of the internal revenue aspects of section 36 of the Act. These rules were published in the *Federal Register* on April 16, 1948.<sup>21</sup>

#### SUITS AND OTHER JUDICIAL PROCEEDINGS

The Office of Alien Property was interested in a total of 1,826 suits and other judicial proceedings during the fiscal year 1952. There were pending

<sup>19</sup> Because of the insolvency of 7 of the debtors' accounts, payments totaling only \$214,529 were made on these allowed claims during the 1952 fiscal year.

as of July 1, 1951, 1,460 cases; 366 new cases were received; and 395 cases were closed, leaving a balance pending as of June 30, 1952, of 1,431 cases. The different types of litigation involved are presented in table 34.

#### Section 9 (a) Suits

A total of 157 actions under section 9 (a) of the Trading With the Enemy Act, as amended,<sup>22</sup> to recover vested property were handled during the fiscal year. Among the more important were the following:

**ALBERT V. McGRANERY (S. D. Cal.)**.—This is a suit for the recovery of property worth more than \$10,000,000, consisting of common and preferred stock of Rohm & Haas Co., Philadelphia, and accumulated dividends (the said stock, as a result of a merger, having been substituted for vested shares in Resin Products & Chemical Co., Inc.). In the course of the last year the value of the property has fallen from a high of about \$12,000,000 by reason of a decline in the market price of the common stock. Toward the end of the fiscal year the Attorney General won a summary judgment dismissing the suit, but, shortly after the end of the fiscal year, the plaintiff filed a notice of appeal.

**BANK WAEDENSWIL V. McGRANERY (D. C.)**.—This is an action to recover over 99 percent of the shares of stock of Kalio, Inc., and certain assets of Kalio which were vested. The most important of these assets are a majority of the common stock of Karl Lieberknecht, Inc., and 40 percent of the preferred stock of that company. The vested property is estimated to exceed \$5,000,000 in value. The plaintiff is a Swiss corporation which claims to have purchased in 1940 from Karl Richard Lieberknecht, a German, the shares of a Swiss holding company whose alleged sole asset was the Kalio shares. It is the position of the Office that no bona fide sale was intended or effected. Issue has been joined and extensive discovery proceedings are in progress. In the course of these proceedings, the court rejected plaintiff's contention that the Swiss Banking Secrecy laws excuse plaintiff from producing documents in Switzerland for defendant's inspection in the United States or from answering certain interrogatories.

**D'ESCURY ET AL. V. McGRANERY (D. C.)**.—This is a suit brought by two individuals claiming a remainder interest in property valued at approximately \$900,000. The plaintiffs allege their property interest arose by virtue of a contract of deposit between their paternal grandfather and

<sup>22</sup> 40 Stat. 419 (1917), 50 U. S. C. App. sec. 9.

Mendelssohn & Company, Amsterdam, Holland. Issue has been joined and the matter is awaiting trial.

**F. A. R. LIQUIDATING CORPORATION v. McGRANERY (D. Del.)**.—This action, brought by the successor company of Farnsworth Television & Radio Corporation, is for the return of over 100 television patents vested as the property of Fernsch, G. m. b. H., a German radio and television manufacturer. The plaintiff concedes the original German ownership of the property but contends that by virtue of an agreement made by cable on June 14, 1941, the day when freezing controls were applied to German property, the patents were traded to Farnsworth in exchange for a transfer of the latter's European patents to Fernsch. The Attorney General's answer was filed toward the end of the fiscal year and the case is now awaiting trial.

**I. G. CHEMIE v. McGRANERY (D. C.)**.—This extremely complex cloaking case involves approximately 97 percent of the stock of the General Aniline & Film Corporation of New York, a Delaware corporation.<sup>23</sup> A suit for the return of 455,448 shares of class A and 2,050,000 shares of class B common stock of that company was filed in the United States District Court for the District of Columbia on October 21, 1948, by Societe Internationale pour Participations Industrielles et Commerciales S. A. (also known as Internationale Industrie & Handelsbeteiligungen A. G.), of Basle, Switzerland (hereafter cited as I. G. Chemie). The complaint, which assigns a value in excess of \$100,000,000 to the stock, also seeks the return of some \$1,800,000 of vested cash which had been maintained by I. G. Chemie in American banks. The Government in its answer denies that I. G. Chemie is not an enemy and denies that I. G. Chemie is the owner of the shares. The Government also charges that I. G. Chemie conspired with I. G. Farbenindustrie of Germany, over a period of many years, to cloak the ownership of I. G. Farben properties in many countries of the world. By way of counterclaims, the Government asks affirmative judgments against I. G. Chemie in the amount of \$21,359,620.34. Of this amount \$9,489,220.73 is sought as taxes including penalties and interest owed by I. G. Chemie for income realized between 1929 and 1933. The remaining \$11,870,399.62 is sought as damages resulting from I. G. Chemie's refusal to recognize the Attorney General's title to shares of stock in I. G. Chemie received by the Attorney General as dividends on his vested General Aniline & Film stock.

During the fiscal year various motions were made and heard in the case. Hearings were held and testimony given on issues of fact referred to a master by the District Court. The parties have continued the extensive discovery proceedings begun earlier.

The intervention of Remington Rand, Inc., as a plaintiff in the suit<sup>24</sup> was terminated during the fiscal year when the Supreme Court denied the intervenor's petition for certiorari.<sup>25</sup>

Another intervention in this litigation has been made by two holders of a small number of shares of stock in I. G. Chemie on behalf of themselves and all other "nonenemy" stockholders. Their petition was dismissed by the lower courts but granted by the Supreme Court on April 7, 1952.<sup>26</sup> They seek, in the event I. G. Chemie is unsuccessful in its suit, an interest in the vested assets proportionate to their stockholdings in the corporation.

Since the Supreme Court's ruling, over 500 other stockholders have intervened to prove their individual nonenemy status and to recover their proportionate interest, in the event I. G. Chemie is unsuccessful in its suit.

**PUBLIC ADMINISTRATOR OF NEW YORK COUNTY (ESTATE OF FREIMANIS) v. McGRANERY (S. D. N. Y.)**.—This is a suit to recover approximately \$625,000 constituting a portion of the proceeds of insurance of three ships sunk during the war. The sole heirs of the estate which the plaintiff represents were, since 1939, physically present in Latvia, German-occupied Poland, or Germany itself. The legal issue presented is: whether a person who claims a residence nowhere but who is physically present at all material times in enemy territory is permitted by the Trading With the Enemy Act to maintain a suit for return. Factual issues involve the fact and validity of the German naturalization of the heirs and whether the conduct of the heirs in Germany constitutes the doing of business within enemy territory.

A motion to dismiss the suit on grounds that the plaintiff represented enemies was granted but the order of dismissal gave leave to the plaintiff to file an amended complaint. The amended complaint has been served and presents substantially the same issues as did the original complaint and is the subject of a pending motion to dismiss.

**ROYAL EXCHANGE ASSURANCE v. McGRANERY (S. D. N. Y.)**.—This is a suit by the British trustees of a £15,000,000, 25-year Sinking Fund Gold Loan of the German Potash Syndicate, to recover approximately \$6,000,000 deposited in various banks in the United States to the credit of Continentale Handelsbank, N. V. of Amsterdam. The trustees claim to have title to such funds under the terms of trust indentures executed by the German Potash Syndicate. Some of the more important issues involved in the litigation are (1) the technical enemy taint of the plaintiff; (2) the effect of the English Trading With the Enemy Act, 1939,<sup>27</sup> on the trust indentures; and (3) the construction under English law of the agreements under which the bond issues were floated. Issue has been joined. Proceedings for discovery and inspection of documents and reports in government custody were heard and determined as a preliminary to the institution of appropriate steps for the taking of depositions abroad.

**VORT v. McGRATH; NAUEN v. McGRATH, and VORT & BASCH v. McGRATH (D. C.)**.—These three interesting "cloaking" cases were tried in the District Court for the District of Columbia. Plaintiffs sued to recover 810 shares of stock valued at about \$1,000,000 in Herman Basch & Co., Inc., a corporation engaged in the dyeing of furs. After a protracted trial the District Court found that the plaintiffs had acquired stock in 1939 pursuant to a conspiracy to conceal continued ownership of it by the German partnership of Thorner & Co. It also found that the plaintiffs had subsequently acquired additional stock in 1943 and in 1947 from other parties to the conspiracy but in good faith. The Court held that the Attorney General should return to the plaintiffs 402 shares and should retain 408 shares, and plaintiffs were ordered to account to the Attorney General for dividends received on the stock which they were held not to be entitled to recover, with a credit for income taxes on those dividends. Both sides appealed and after the close of the fiscal year the Court of Appeals for the District of Columbia affirmed the lower court decision. There are also pending several other stockholder actions arising out of the vesting of the stock of Herman Basch & Co. and an action brought by the Attorney General against Paul Vort and the company for possession of the dyeing formula used by the company.

**RUOFF v. McGRANERY** (D. C.).—This is a suit for the return of \$1,000,000 of the property of Mrs. Madeleine duPont Ruoff, vested some time after her arrival in the United States in 1946 from Germany where she had lived for over 30 years. The case has involved a great number of procedural complexities which have delayed trial.<sup>28</sup> The appeal of the plaintiff's former attorney from the denial of his motion to intervene in the suit to press the claim against the Attorney General has resulted in affirmance<sup>29</sup> and a stay of proceedings procured by him has been terminated. Extensive discovery proceedings will be undertaken by both parties.

**UEBERSEE FINANZ-KORPORATION, A. G. v. McGRATH** (D. C.).—This is an action to recover shares of stock in various American corporations, including majority stock interests in Spur Distributing Company of Nashville, Tennessee, and Harvard Brewing Company of Lowell, Massachusetts. The total vested property is valued at approximately \$4,000,000. During the past year the United States Supreme Court granted a writ of certiorari<sup>30</sup> to review a decision of the Court of Appeals for the District of Columbia, affirming a judgment in favor of the Attorney General. On April 7, 1952, the Supreme Court affirmed the judgment as to the plaintiff, but in view of its decision on the same day in the case of *Kaufman v. Societa Internationale etc.*,<sup>31</sup> in which it was held that an innocent stockholder of a neutral corporation could intervene in a section 9 suit to assert a claim to a proportionate share of the corporation's vested assets, the Court vacated the judgment<sup>32</sup> and remanded the case to the District Court for the District of Columbia for the consideration of any application which might be made for the reopening of the case on behalf of Fritz von Opel, within thirty days from the date of remand. On May 29, 1952, a motion was filed by Frima Trust Establishment of Vaduz, Liechtenstein, Hans Frankenberg, Eugen Meier, Adolf Gaeng and Fritz von Opel for leave to intervene as parties plaintiff.

**WAGENKNECHT v. McGRANERY** (D. C.).—This is a suit brought by a Mexican national as the sole heir and executrix of her deceased husband, Don Edmundo Wagenknecht. The action originally involved the bulk of the property vested by the Attorney General as property of the Hugo Stinnes family of Germany, principally 53 percent of the capital stock of Hugo Stinnes Corporation and over a half million dollars of bonds and notes of Hugo Stinnes Corporation and Hugo Stinnes Industries, Inc. Two of the three causes of action in the complaint have been dismissed and the case is now at issue and awaiting trial on the remaining cause of action which seeks the bonds and notes described above.

A construction of section 39 of the Act was made by the Supreme Court during the fiscal year. Section 39 provides that property of any national of Germany or Japan vested after December 7, 1941, shall not be returned to the former owners except administratively under section 32. The Courts of Appeal for the Seventh Circuit and the District of Columbia Circuit had reached opposite results on the question whether section 39 prohibited the recovery of property under section 9 (a) by "nationals" who were not "enemies" as the latter term is defined in section 2. In *Guessefeldt v. McGrath*<sup>33</sup> the Supreme Court held that German citizenship alone does not

bar recovery and sent the case back for trial of the question of the plaintiff's "enemy" status. A definitive construction of the word "resident", upon which the meaning of "enemy" depends, is still to be obtained, since the Supreme Court split 4-4 in *Nagano v. McGrath*,<sup>34</sup> which presented the question. The *Nagano* case, which, like the *Guessefeldt* case, was sent back for trial, was tried after the close of the fiscal year and is awaiting decision.

#### Matters Involving Estates and Trusts

Litigation conducted by the Office involving interests in estates and trusts covers a broad range of legal problems. It involves, *inter alia*, filing objections to the accounts of fiduciaries, proving heirship, resisting invalid and exorbitant claims against estates, and construing wills and trust instruments.

The question whether or not foreign law affords reciprocal rights of inheritance to citizens of the United States is the principal issue in over one hundred cases pending in California, and a number of cases pending in Oregon, Montana, and Nevada. Statutes of these states condition an alien's right to inherit property upon the existence, in the alien's own country, of reciprocal rights of inheritance by United States citizens. In the case of Germany, the United States Supreme Court's decision in *Clark v. Allen*<sup>35</sup> has limited the operation of these statutes to estates in which a non-German decedent left personalty in the United States to German nationals.

In the *Estate of John Krachler* the Circuit Court of Multnomah County, Oregon, held that reciprocal rights of inheritance existed under German law as of December 1943. An appeal from this decision is pending in the Supreme Court of Oregon.

In the *Estate of Marie W. Peters*<sup>36</sup> the District Court of Appeal of California, Second District, held that the trial court had erred in striking evidence of the German law relative to the restriction of rights of succession by reason of antisocial conduct and with respect to a German statute providing for the escheat of Jewish property.

A question presented in a number of cases is the effect of state statutes requiring an alien to appear and claim his interest in an estate within a specified period of time in order to prevent an escheat to the state. Cases involving this question have been held in abeyance during the year pending the decision in the *Estate of Gerasimos Caravas* by the District Court of Appeal of California, Third District, in which this Office filed a brief as *amicus curiae*. In that case it was held<sup>37</sup> that such a statute was a statute of succession and not one of limitations and accordingly that the period fixed thereby could not be extended by reason of disability of the alien beneficiary due to the existence of a state of war. The decision has been appealed to the Supreme Court of California.

In the *Estate of Henrietta E. Garrett*, the Orphans' Court of Philadelphia County, Pa., *en banc*, held that the Attorney General had proved his right to a portion of an estate now valued at more than \$21,000,000 as successor to one of three heirs of the decedent. Appeals have been taken to the Supreme Court of Pennsylvania by 15 claimants, one of which was decided during the fiscal year, *In Re Garrett*.<sup>38</sup> In this case more than 26,000 persons had

filed claims to the estate which required hearings before a Master and two Examiners covering a period of fourteen years.

In *Orme v. The Northern Trust Company*, the Supreme Court of Illinois held<sup>39</sup> that the Attorney General had validly acquired the interests of certain enemy nationals and that, despite the termination of the war with Germany, he should be substituted for them in the case. This case, pending in the Circuit Court of Cook County, Ill., presents a problem with respect to the *Rule in Shelley's Case*. A testamentary trust of approximately \$2,000,000 was created with provision for the payment of income to three granddaughters of the testator for their lives and the remainder to their heirs. A granddaughter bequeathed her interest in the trust corpus to a person not a relative. It is claimed, in opposition to the position of the Office that under the *Rule in Shelley's Case* the granddaughter received the trust property in fee simple and had power to bequeath it by will.

The effect of the vesting by the Attorney General of the assets of an estate as a *res* upon the administration of the estate by a state court was decided in several cases during the year. In two cases it was determined that the Attorney General might vest as a *res* and obtain distribution of the assets of an estate and that the only remedies available to claimants to the property were those provided by the Trading With the Enemy Act, as amended. *Estate of Franziska Ritzler*, (Orphans' Court, Philadelphia County, Pa.); *Estate of Ludwig Dreyfuss*,<sup>40</sup> (Surrogate's Court, New York County, New York). The Supreme Court of Pennsylvania held, however, in *McGrath v. Board of Finance and Revenue*<sup>41</sup> that the Attorney General was not entitled under the statutes of Pennsylvania to payment from the state treasury of funds which had been paid into it without escheat and which he had vested as a *res*, upon his determination that they were owned by heirs of a decedent, "names unknown". On the other hand in the *Estate of Domenico Stagnaro* (District Court of Appeals, First District, California)<sup>42</sup> it was held that by a vesting of interests in an estate of heirs, names unknown, of a decedent, the Attorney General was entitled to distribution of the assets.

The Supreme Judicial Court of Massachusetts held in *Harvard Trust Company v. the Attorney General*<sup>43</sup> that the provisions of a decedent's will directing that certain property be distributed to her heirs at law in the event that the trustees should be unable to distribute it to named primary beneficiaries prevented the Attorney General from obtaining distribution of the assets. The court also denied the Attorney General's motion that he be reimbursed from the estate the amount of costs and expenses incurred by him in connection with the prosecution of his claim.

In the *Estate of Elizabeth M. Laise*, Superior Court, N. J., there was involved the meaning of a provision in a decedent's will if a German legatee should die before distribution, the legacy was to be paid to certain New Jersey charities. The legatee had died before actual distribution but after the 18 month period for distribution provided by statute. The court gave effect to the alternative bequests since there was no showing that the fiduciary had not completed distribution at the earliest possible date.

<sup>42</sup> 107 C. A. 2d 98, 236 P. 2d 593.

<sup>43</sup> 106 N. E. 2d 269.

In *Guaranty Trust Company v. First National Iron Bank of Morris-town*<sup>44</sup> the court held that in the absence of an express provision in a will for the disposition of the residue of a decedent's estate none could be implied and that the undisposed assets were to be distributed to the Attorney General who had vested the interests of the decedent's next of kin.

In *McGrath v. Idaho First National Bank* (U. S. D. C. Idaho), the court held that the Office was entitled to the assets of the estate for the reason that a bequest to a charity contained in a will executed within thirty days of the decedent's death was invalid under Idaho law, and the property passed to the next of kin whose interests had been vested by the Attorney General.

In the *Estate of Michael Heck*,<sup>45</sup> the Surrogate of New York County, N. Y., held that the amount of a bequest to a foreign currency should be computed at the exchange rate existing at the time of the decedent's death. It was also held in this case that the Attorney General is entitled to distribution of the interest of a legatee although the legatee died subsequent to the vesting order.

In the matter of *City Bank Farmers Trust Company (Trust of Charles Lagemann)*, pending in the Supreme Court, New York County, N. Y., a question is presented involving the construction of a trust instrument which provides that the trustees shall refrain from making payments to the beneficiaries if the government of any foreign country should attempt to seize while deposited in New York any part of the principal or income of the trust. It is contended by the trustees that the imprisonment of certain of the beneficiaries by the German government in 1937 and 1938 until the making of a "ransom payment" of \$120,000 by the trustees constituted such an attempted seizure.

In *First National Bank of Chicago v. Margaret Langhorst Bartholomay* (Superior Court, Cook County, Ill.) questions are presented as to whether the words "children of such child", used in a will, include a grandchild of a child of a testator, and whether the Attorney General may acquire beneficial interests in a trust which under Illinois law may not be normally alienable.

#### Matters Relating to Patents

The question of collectibility of royalties under patent license agreements which are illegal under the antitrust laws was raised in earlier fiscal years,<sup>46</sup> but still remains unsettled. A case which had been expected to produce an adjudication of the question, *Ketcham Wire and Manufacturing Co. v. McGranery* (W. D. Wash.) was disposed of by the trial court after the end of the fiscal year without reaching the point. The action was brought under section 9 (a) of the Act to establish that the plaintiff was the sole and exclusive licensee under certain patents vested by the Alien Property Custodian as the property of a national of Germany; to specifically enforce a licensing agreement relating to the patents, between plaintiff and the said German national, whose rights in the agreement had also been vested by the Alien Property Custodian; to declare that the agreement was not illegal under the Sherman Antitrust Act; and to enjoin the termination of the agreement by the defendant. The plaintiff and defendant made cross motions for summary judgment. The Government's motion was denied and the plaintiff's motion granted. It is expected that an appeal will be taken.

Meanwhile other cases are being processed to the litigation stage to raise the question of collectibility of royalties under patent license contracts which violate the antitrust laws.

#### Miscellaneous Litigation

*International Silk Guild, Inc. v. McGrath* (D. C.) was a complaint filed under section 34 of the Act for a District Court review of the determination of the Deputy Director of the Office of Alien Property reversing a hearing examiner and disallowing plaintiff's claim of \$68,362.08 against the vested assets of Asahi Silk Co., Ltd. Plaintiff claimed a contract had been entered into in 1936 among New York importers of silk from Japan, Japanese exporters, and the plaintiff whereby the importers agreed to pay a self-imposed assessment on each bale of silk imported, the exporters agreed to collect each assessment and forward it to the plaintiff which agreed to use the funds to promote silk in the United States. The District Court entered judgment affirming the Deputy Director's determination, disallowing the claim.

Plaintiff has pending before this Office seven claims totalling \$508,491.91 against vested assets of the other Japanese exporters, parties to the alleged agreement.

In *Codray v. McGranery* (D. C.) a question has been presented as to whether the Attorney General, if he declines to license a payment out of "frozen" funds, may be required by a court to vest the funds so that debt claims may be asserted under section 34 of the Act.

In *Cities Service Co. v. McGrath*,<sup>47</sup> the Supreme Court affirmed a decision by the Court of Appeals for the Second Circuit,<sup>48</sup> holding that the Attorney General may validly vest the obligation represented by a bearer bond issued by an American corporation, although the certificate is in Germany and cannot be surrendered.

### Organization

On July 10, 1951, the administrative organization of the Office of Alien Property was changed along the following lines:

323912

**OFFICE OF THE DIRECTOR.**—The Director supervises and directs all of the activities of the Office of Alien Property. The Deputy Director may exercise any of the functions of the Director.

**Legal and Legislative Section.**—The staff of this section handles all complicated legal problems and legislative matters. The Chief of the section is the personal legal adviser to the Assistant Attorney General and the Deputy Director and acts as Director in the absence of both.

**Hearing Examiners.**—Subject to review by the Director, the Hearing Examiners hear and determine contested debt and title claims and claims in which a hearing is deemed necessary by the Director or the Chief of the Claims Branch, arising under the Trading With the Enemy Act, as amended.

**MANAGEMENT AND LIQUIDATION BRANCH.**—The Chief, Management and Liquidation Branch, has general supervision over the following sections which comprise the Branch.

**Business Enterprise Section.**—This section is responsible for the administration and liquidation of all vested business enterprises and securities.

**Real and Personal Property Section.**—This section administers and liquidates real estate, mortgages, and tangible personal property.

**Patent Section.**—This section is responsible for the vesting of patents and patent contracts, copyrights, and trade-marks, and administers programs relating to these properties.

**INTERCUSTODIAL AND PROPERTY BRANCH.**—The Chief, Intercustodial and Property Branch, has general supervision over the following sections, and also is responsible for all inter-allied problems including conferences and liaison as well as inter-departmental liaison.

**Vesting Section.**—The Vesting Section is responsible for the identification, establishing of proof of ownership, and the vesting of all enemy-owned assets except patents, copyrights, and trade-marks.

**Collection and Custody Section.**—This section is responsible for obtaining compliance with vesting orders. It reduces to possession all intangible personal property, collects income on vested property, and is responsible for the administration of vested insurance policies and estates and trusts not in litigation. It also effectuates payment of claims by the Office.

**Foreign Funds Section.**—This section is responsible for licensing transactions with respect to blocked assets within the United States owned by certain designated foreign countries and their nationals and for releasing such controls from such property.

**CLAIMS BRANCH.**—The Claims Branch administers an integrated claims program including the processing of all title claims for the return of vested property and all debt claims pursuant to the Trading With the Enemy Act, as amended. This Branch has the sole authority to recommend to the Director the allowance of claims without the requirement of a hearing.

**LITIGATION BRANCH.**—The Chief, Litigation Branch, is in charge of all litigation involving the Trading With the Enemy Act, to which the Government is a party.

**ADMINISTRATIVE BRANCH.**—This Branch has charge of personnel matters within the Office, procurement, mail, files, records, and all other administrative services. The Chief of the Branch also acts as Budget Officer of the Office.

**Reports and Statistics Section.**—This section assembles statistical data on controlled properties, and prepares annual and other official reports.

**COMPTROLLER'S BRANCH.**—This Branch is responsible for the maintenance of accounting records pertaining to vested properties, the preparation of financial reports, and the review of financial data on vested and super-

vised business enterprises. The Chief of this Branch supervises the functions of the Disbursing Officer, who deposits for collection with the Treasurer of the United States currency, checks, and drafts paid to or received by the Office of Alien Property in the New York Office, transfers the proceeds to the Treasurer of the United States for the account of the Attorney General, and makes disbursements by the issuance of checks in the payment of all expenses and claims against the Office of Alien Property.

**OVERSEAS BRANCH.**—The Chief of this Branch exercises supervision over the European operations of the Office of Alien Property carried on by the Department of Justice Mission attached to the Office of the United States High Commissioner for Germany.

**FIELD OFFICES.**—The employees of the field offices are directly under the jurisdiction of the Managers of the field offices. The Managers are responsible for all activities in the field offices and are responsible to the Director and Deputy Director rather than the Branch Chiefs.

## Finances and Accounting

The administrative expenses of the Office of Alien Property are financed from funds acquired through the vesting and administration of property under the jurisdiction of the Office. A limit on the amount that may be expended for general administrative expenses each fiscal year is established by annual authorizations by the Congress. Direct expenses arising from the administration of specific vested properties are not included in this general limitation.

Detailed accounting records on all vested properties and on controlled business enterprises that are in the process of liquidation are maintained by the Office. The Administrative Division of the Department of Justice keeps the accounting records on administrative expenses of the Office of Alien Property. An annual audit of the books and records of the Office is conducted by a firm of certified public accountants.

### FINANCES

The regular authorization by the Congress for general administrative expenses for the fiscal year 1952 was in the amount of \$3,600,000 (Public Law 188, 82nd Cong., 1st sess., approved October 22, 1951).<sup>1</sup> The Office was authorized to spend an additional \$240,000 by Public Law 375, 82nd Congress, 2nd sess., approved June 5, 1952.<sup>2</sup>

Administrative expenses for the fiscal year ended June 30, 1952, totaled \$3,830,094.83. A statement of these expenses and the means by which the expenses were financed are shown in table 35. Comparative data for prior fiscal years are also shown in the table.

### ACCOUNTING

A report of Arthur Young & Co., certified public accountants, on its audit of the books of the Office of Alien Property for the fiscal year ended June 30, 1952 is presented at the end of this chapter.

## ACCOUNTANTS' REPORT

165 BROADWAY, NEW YORK 6.

Mr. PAUL V. MYRON, *Deputy Director,*  
*Office of Alien Property,*  
*Department of Justice, Washington, D. C.*

We have examined the general accounts maintained by the Comptroller's Branch of the Office of Alien Property for the purpose of controlling vested assets and recording accountability therefor for the year ended June 30, 1952, but we did not review the financial and statistical tables or the text which will be contained in the detailed annual report of the Office of Alien Property for such year. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. Such examination included test-comparison of assets recorded at principal balances or nominal amounts with the vesting orders issued therefor during the year; test-check of acknowledgments of vestings of real estate, patents, copyrights and trade-marks; test-check and confirmation of cash receipts; test-examination of vouchers covering administrative expenses and other disbursements; check of reconciliations and confirmations of year-end bank balances; count of securities and personal property in the custody of employees in offices of the Office of Alien Property in the United States and Honolulu; test-confirmation of vested assets in the custody of others at June 30, 1952; and review of procedures followed in the sale, return or other disposition of vested assets during the year ended June 30, 1952 as to compliance with the policies set forth in regulations governing such disposals. Examinations of the accounts maintained in the Manila Office of the Office of Alien Property and of certain transactions between the Overseas Branch of the Office of Alien Property and the American, British and French occupying authorities in Germany have been made by other independent accountants and reports on such examinations have been submitted to us.

The accounting records of substantially all of the vested enterprises in process of liquidation, and of a few vested enterprises which were in operation at June 30, 1952, were maintained in offices of the Office of Alien Property. We reviewed the available accounting records of substantially all such vested enterprises. Such review included test-check of the reconciliations and test-confirmation of bank balances at June 30, 1952; test-count or confirmation of securities; and review of major disposals of assets (other than sales made in the regular course of business) during the year ended June 30, 1952; but we did not audit the accounts of such enterprises.

The accounts of the operating vested enterprises, with a few exceptions of minor importance, were maintained in the offices of such enterprises and have been examined by public accountants at various dates during the year ended June 30, 1952. With respect to the principal operating enterprises, reports of such public accountants, submitted for our inspection, contain unqualified opinions as to the financial position of the enterprises. With respect to enterprises of lesser relative importance, the reports, in some instances, either did not express an opinion, or gave qualified opinions as to the financial position for reasons such as absence of auditors at stock-taking or inability to confirm accounts with foreign interests.

In our opinion, subject to the comments in the preceding two paragraphs, the exceptions disclosed as a result of our examination for the year ended June 30, 1952 were not relatively significant.

#### JOINT RESOLUTION

65 Stat. 451

To terminate the state of war between the United States and the Government of Germany.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the state of war\* declared to exist between the United States and the Government of Germany by the joint resolution of Congress approved December 11, 1941, is hereby terminated and such termination shall take effect on the date of enactment of this resolution: *Provided, however,* That notwithstanding this resolution and any proclamation issued by the President pursuant thereto, any property or interest which prior to January 1, 1947, was subject to vesting or seizure under the provisions of the Trading With the Enemy Act of October 6, 1917 (40 Stat. 411),\*\* as amended, or which has heretofore been vested or seized under that Act, including accruals to or proceeds of any such property or interest, shall continue to be subject to the provisions of that Act in the same manner and to the same extent as if this resolution had not been adopted and such proclamation had not been issued. Nothing herein and nothing in such proclamation shall alter the status, as it existed immediately prior hereto, under that Act, of Germany or of any person with respect to any such property or interest.

#### PROCLAMATION 2950

TERMINATION OF THE STATE OF WAR WITH GERMANY

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

#### A PROCLAMATION

WHEREAS, by a joint resolution, approved by the President on December 11, 1941, the Congress of the United States formally declared a state of war to exist between the United States and the Government of Germany (55 Stat. 796); and

WHEREAS on December 31, 1946, the President proclaimed the cessation of hostilities of World War II; and

WHEREAS it has been and continues to be the policy of the United States to bring about the conclusion of a treaty of peace with the government of a united and free Germany, but efforts to this end have been frustrated and made impossible for the time being by the policy of the Soviet Government; and

WHEREAS it has nevertheless been considered desirable to bring the existing state of war with Germany to a close and to remove Germany from its present enemy status, thus eliminating certain disabilities affecting German nationals; and

WHEREAS the rights, privileges, and status of the United States and the other occupation powers in Germany, and the rights and privileges of the United States and its nationals to which it or they have become entitled as a result of the war, as well as the right to exercise or enforce the same, derive from the conquest of Germany and the assumption of supreme authority by the Allies and are not affected by the termination of the state of war; and

WHEREAS the Congress of the United States by a joint resolution, approved October 19, 1951 (Public Law 181, 82d Congress), has resolved that the state of war declared to exist between the United States and the Government of Germany is terminated and that such termination shall take effect on the date of enactment of such resolution:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, pursuant to such joint resolution, do proclaim that the state of war between the United States and the Government of Germany declared by the joint resolution of Congress approved December 11, 1941 was terminated on October 19, 1951.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 24th day of October, in the year of our Lord nineteen hundred and fifty-one, and of the Independence of the United States of America the one hundred and seventy-sixth.

By the President.

HARRY S. TRUMAN

DEAN ACHESON,  
*Secretary of State.*

#### EXECUTIVE ORDER 10348

CONTINUING IN FORCE ORDERS AND REGULATIONS RELATING TO BLOCKED PROPERTY

By virtue of the authority vested in me by the Constitution and laws of the United States, including the Trading with the Enemy Act of October 6, 1917 (40 Stat. 411), as amended, and as President of the United States, it is hereby ordered as follows:

Executive Order No. 8389 of April 10, 1940, as amended, and Executive Order No. 9989 of August 20, 1948, and all delegations, designations, regulations, rulings, instructions, and licenses issued under such orders are hereby continued in force according to their terms for the duration of the period of the national emergency proclaimed by Proclamation No. 2914 of December 16, 1950.\*

HARRY S. TRUMAN

THE WHITE HOUSE,

*April 26, 1952.*

\*15 F. R. 9029, December 19, 1950.

(F. R. Doc. 52-4856; Filed, Apr. 28, 1952; 11:01 a. m.) (17 F. R., 3769, April 29, 1952.)

#### PROCLAMATION 2974

TERMINATION OF THE NATIONAL EMERGENCIES

PROCLAIMED ON SEPTEMBER 8, 1939, AND

MAY 27, 1941

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

#### A PROCLAMATION

WHEREAS by Proclamation No. 2352 of September 8, 1939, the President proclaimed the existence of a national emergency in connection with and to the extent necessary for the proper observance, safeguarding, and enforcing of the neutrality of the United States of America and the strengthening of our national defense within the limits of peace-time authorizations; and

WHEREAS by Proclamation No. 2487 of May 27, 1941, the President proclaimed the existence of an unlimited national emergency, requiring that the military, naval, air, and civilian defenses of this country be put on the basis of readiness to repel any and all acts or threats of aggression directed toward any part of the Western Hemisphere; and

WHEREAS acts of aggression against the United States of America by Axis Powers subsequently led to declarations by the Congress of the existence of states of war between the United States of America and Japan, Germany, Italy, Hungary, Rumania and Bulgaria; and

WHEREAS the state of war between the United States of America and Japan, which was the last of the aforesaid states of war still existing, was terminated by the coming into force this day of the Treaty of Peace with Japan signed at San Francisco on September 8, 1951:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do proclaim that the national emergencies declared to exist by the

proclamations of September 8, 1939, and May 27, 1941, terminated this day upon the entry into force of the Treaty of Peace with Japan.

Nothing in this proclamation shall be construed to affect Proclamation No. 2914, issued by the President on December 16, 1950, declaring that world conquest by communist imperialism is the goal of the forces of aggression that have been loosed upon the world, and proclaiming the existence of a national emergency requiring that the military, naval, air, and civilian defenses of this country be strengthened as speedily as possible to the end that we may be able to repel any and all threats against our national security and to fulfill our responsibilities in the efforts being made through the United Nations and otherwise to bring about lasting peace; and nothing herein shall be construed to affect the continuation of the said emergency of September 8, 1939, as specified in the Emergency Powers Interim Continuation Act, approved April 14, 1952 (Public Law 313—82d Congress), for the purpose of continuing the use of property held under the Act of October 14, 1940, ch. 862, 54 Stat. 1125, as amended.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-eighth day of April in the year of our Lord nineteen hundred and fifty-two, and of the Independence of the United States of America the one hundred and seventy-sixth.

By the President.

HARRY S. TRUMAN

DEAN ACHESON,  
*Secretary of State.*

(PUBLIC LAW 378—82D CONGRESS)

(CHAPTER 372—2D SESSION)

(S. 302)

(66 STAT. 129)

### AN ACT

To amend section 32 (a) (2) of the Trading With the Enemy Act.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the third proviso in subdivision (D) of paragraph (2) of the section 32 (a) of the Trading With the Enemy Act, as amended, is amended to read as follows: "*And provided further,* That the aggregate book value of returns made pursuant to the foregoing proviso shall not exceed book value of any such return, taken together with the aggregate book value of returns already made under such proviso does not exceed \$9,000,000; and for the purposes of this proviso the term on the books of the Alien Property Custodian for the purpose of accounting for the property or interest involved;".

Approved June 6, 1952.

<sup>1</sup> 81st. Cong., 2d sess., approved Sept. 29, 1950; 64 Stat. 1080, U. S. C. App. sec. 32. Public Law 378, 82d Cong., 2d sess., approved June 6, 1952, 66 Stat. 129, 50 U. S. C. App. sec. 32, amended Public Law 859 by raising the value of property returnable under Public Law 859 from \$5,000,000 to \$9,000,000 and by defining the term "value" as the value, at the time of vesting, of the property entered on the books of the Alien Property Custodian.

<sup>2</sup> Claims filed as of June 30, 1952, as listed above, are in addition to those listed in the *Annual Report, Office of Alien Property, Department of Justice, fiscal year ended June 30, 1951*, Appendix, Exhibit G, pp. 164-166.

<sup>3</sup> Claim No. 38742 requested the return of one-fifth of the property claimed in Claim No. 2302. Accordingly, the book value of the property subject to Claim No. 38742 has been calculated to be \$75,025.49. The book value of the property remaining subject to Claim No. 2302 is, therefore, \$300,101.74.

<sup>1</sup> The claims listed herein are those in which return orders were executed on or prior to June 30, 1952, although in some instances the property was not actually delivered to the claimant until after that date.  
<sup>2</sup> Since Public Law 859, cited above, limited returns of property to persons affected by it to the aggregate amount of \$5,000,000 of actual value, Exhibit G in the *Annual Report of the Office of Alien Property for the fiscal year ended June 30, 1951* listed property returned in terms of actual value. In view of the amendment of June 6, 1952 (Public Law 378, *supra*), defining value in terms of book valuation, the figures in this exhibit are in terms of book value and the exhibit is cumulative in that, in addition to the claims determined during the fiscal year ending June 30, 1952, it includes cases determined during the preceding fiscal year.

NOTE ON LIST OF EMPLOYEES

In the interest of economy, approved by the Joint Committee on Printing of the Congress, the list of employees of the Office of Alien Property is omitted from this printed report. The list has been prepared and forwarded to the President of the United States, the President of the Senate, and the Speaker of the House of Representatives. It may be inspected at the Administrative Branch of the Office of Alien Property, Department of Justice, Washington, D. C.
