Dear Sirs!

Herewith I am giving you my note to the Headquarter Zone Command Austria from 24 th of June 1947 also the Answer from that Office date 8 July 1947.

I would be very pleased if you could help me that I can have back the three pictures, which are still my own property. Laywer Dr. Czerny, who is the administrator of Schloss Mittersill, gave me the advice to submit the following request to you:
The former "Sven Hedin Institute" gave me the order to paint various animals from Asia. Thereupon I delivered the following oil paintings, which never have been paid, so that consider same as my own property:

1. Kragenbär fighting with a Serau
2. Tragopan-Fasan in Rhododendron thicket
3. Schapi in the high mountains.

I hereto attach a coloured sketch of two of my pictures. I want to ask Military Government to assist me in re-establishing my rights, since I did not receive any payment from my former consigner. Also the frame is still my property.
It can be proved that the paintings are my property, as I painted them myself and at any time can submit sketches. On hand of the Sven Hedin Institues, respectively of the liquidators no payment receipt can be submitted.

Hoping to receive a positive notification I remain

respectfully

Attention Mr. Herbert Leonard:

Dear Mr. Leonard,

When Hitler invaded Austria in March 1938, I was deprived of my valuable ART-COLLECTIONS and LIBRARY, which I collected for 40 years.

A part of my library has been restored to me, so far it was deposited in the NATIONAL LIBRARY in VIENNA, however a large part of my library has not been found, among them very valuable items. It is very possible, that a large part of my books may be found among the books, which have been sent to Linz, to Aussee and to Germany, as some of them have already been traced in Grundlsee and in Munich. Only a few of my books are bearing my Ex libris, as I was just putting Ex libris into my books, when the Nazis seized my property.

I dont know, whereto my art-collections have been carried, but it is very likely, that they have been stored in Aussee, Linz, etc. and brought to Germany.

I would appreciate it very much, if it would be possible to trace my books and objects of art among the books and art-collections which are stored in Munich.

I beg to enclose lists as well of the books, which have not been restored to me, as of my art-collections. I have marked the most valuable items with a red cross.

I thank you very much in advance for your trouble and I remain, with best regards,

Yours very truly,

Oscar Ladner

Reference is made to the letter of this office dated 22nd August 1947.

The undersigned submits a report on the above painting as follows:

The owner of the painting, i.e. [illegible], formerly a Polish citizen, but domiciled in Vienna, was arrested in 1939 for racial reasons. He is now an American citizen.

The Art Protection Officer was not allowed to enter, all pictures among them the painting in question were stored with the Reichs Property Office.

Later on the objects were seized by the Office of the Generalbevollmächtigten für Sonderfragen Z/St 75-e/1948 in Linz in 1948 and transferred to the former Führerbau in Munich, which took them into custody. The pictures are registered in our original lists as property of Mr. Hermann Göring.

Whereas 30 of the objects were located in the cave of the Lost Salt Mine Altaussee, the painting "Lucas Cranach" was transferred to the so-called "Führerbau" in Munich in 1943, together with other art treasures destined for the Linz Art Museum.

The Bundesdenkmalamt would be much obliged for any steps to include the painting in one of the next shipments from Munich to Austria.

All objects from the Neue Galerie have been transferred during the war to the Castle Lesenwicz near Neuzburg and to Klosterneuburg/Kierlinger Hof respectively. The objects stored at the Castle Lesenwicz have already been transferred by the American authorities to the Central Collecting Point, Munich, whereas the stock at Klosterneuburg was not affected by looting completely.

Item no. 1 (Inv.No. 72) was sold, after numerous changing various ownerships, by the Gallery Welz, Vienna, to Herrn Oscar Bondy, Vienna - Breslau.

1. Attached is a list of sculptures and paintings in the possession of Johannes Hinrichsen, former art dealer in Berlin, now Austrian citizen living in Alt Aussee, Land Upper Austria, where he has maintained a summer residence for the past 20 years.

2. As you will notice from the list, Mr.Hinrichsen contends that he acquired all of this property legally prior to the war. Mr. Hinrichsen has apparently always been a man of great wealth and was an internationally known art dealer. Therefore, his contention may well be true. The Bundesdenkmalamt advises that Mr. Hinrichsen has an excellent reputation and is universally considered a man of unimpeachable rectitude and a thoroughly correct art dealer and collector.

3. It is requested, however, that a check be made to ascertain if you have any claims against this property which, incidentally has been inspected by various art missions in the past, as well as by Mr. Edgar Breitenback of the Art Collecting Center in Munich, without any claims being made against it.

U.S.Army of Occupation
Central Assembly Point
of Objects of Art stolen

Munich
Germany, American Zone.

Gentlemen : -

I beg to advise you that my Brother-in-law, Mr. Simon Aszkanazy, has been kidnapped by the Nazis in his apartment in Vienna, Austria, three days after the "Anschluss" and has lost his life under the hands of the Nazis (17th March 1938) after an unsuccessful attempt of extortion by them. His widow, my Sister, Mrs. Anna Aszkanazy, after having fled from Vienna the very day the Nazis occupied Austria, is now Canadian Citizen like myself and lives with me at the above address.

Their common apartment in Vienna, III., Neulinggasse 14 was thoroughly plundered by the N.S.K.K. (National-Sozialist. Kraftfahrer-Korps), a Nazi Formation, and many truckloads of their properties carried away. Among these were the following Oil-Paintings:

Inventory Nr.	Catalogue Nr	Painter	Object	Material	Measures
664	683	Nicolaus Berchem	Cows in Landscape	Oak	39x50cm
5692	1225	Roeland Savery	Paradise, with numerous animals (Orpheus)	Oak	68x97cm
1706	1239	Gerard Seghers	Holy Family in Landscape	Canvas	60x76cm
569	1628	Jan v.d. Hecke	Fruits	Oak	50x67cm
2377	-	Jan Thom.v.Ypern	Amor	Canv.	116x82½cm

These paintings have been bought from the "Kunsthistorisches Staatsmuseum" in Vienna on December 21st, 1923 and were kept since then in their apartment. The Inventory and Catalogue Numbers are those of the Museum and pasted on small paperlabels to the back of the paintings. Another paperlabel on the back of each paintings shows the round stamp of the "Kunsthistorisches Staatsmuseum" with typwritten text: "Aus dem Inventar der Gemäldegalerie gestrichen."

289

It is probable that the Nazi-robbers did not care to remove these labels, so that they may be of help in identifying the paintings.

The "Kunsthistorisches Museum" in Vienna, to whom I addressed myself for help in the search for these paintings advises me to ask you if some of them may have found their way to your assembly point. If so I should very much appreciate if you would be kind enough to tell me what should be done to restitute them to their rightful owner, Mrs. Anna Aszkanazy.

With many thanks for your troubles

Very sincerely yours

J. Mahler

The Officer in Charge,
Zentralamt fuer Vermoegensverwaltung,
Britische Zone,
Bad Nenndorf, Land Niedersachsen.

Dear Sir,

I would request you to order investigations being made in respect of the picture collection of my late grandfather, Mr. Wilhelm Kuffner, 35, Gymnasium Strasse, Vienna XIX, who died in 1924. I am one of the persons interested in his estate and I am approaching you on my own and on behalf of the other members of the family. I am a British subject.

The collection in question remained in my grandfather's house after his death. The pictures had been valued in 1917 by a well-known expert and I enclose a list of the pictures as they were then valued, the present day value would of course be a multiple of the old value.

When in spring 1938 after the Nazi occupation of Austria the family was thrown out of the house, a group of unknown Nazis looted all valuable equipment and all the pictures and nothing has been known about them since. The members of my family, so far as they survived, are spread all over the globe, but they requested me now to try to trace the pictures.

It appears from newspaper reports that a considerable number of pieces of art looted by the Nazis have been recovered since the end of hostilities and I am wondering whether the collection or some part of it could not be traced. I would be truly thankful if you would order the investigations in Austria and Germany and would also kindly inform the other occupying Powers and the Austrian and German authorities of my request.

Our Vienna representative Dr. Jur. F.Nowotny, of Vienna, 1, Getreidemarkt No: 2, would be in a position to give you any further information you might require; perhaps you will be good

I am, dear Sir,

Subject: Missing articles of art from the collection of Mrs. Drobiner Schenkel, Hollywood, California

Re : 2 paintings by Jerzy Kossak and Wojciech Kossak

Dear Sir:

1. From a shipement from the warehouse of Petter, Meissner and Co., Wien II, Asperngasse 2, Austria to Hollywood California via Hamburg, Germany, 2 oil paintings were removed, during shipment in March 1939.
2. The paintings in question are identified as follows:
   a) 1- Napoleon's return from Moscow
      size: approx, 6' by 4'
      signed: by Jerry Kossak

   b) 1- Military Squadron
      size: approx. 5' by 3'
      signed: by Wojciech Kossak

3. It will be greatly appreciated if you will check your records if they contain any information about the present whereabouts of the works of art.

4. Any other information or advice on what to do to locate these missing paintings will be greatly appreciated. There is reason to believe that Nazi authorities confiscated these items while in transit through Germany.

5. Thanking you for your co-operation and early reply,

Very truly yours,

AMERICAN LEGATION
Boltzmanngasse
VIENNA IX., AUSTRIA

Sirs :

We, Dr. S. Z. Kantor (husband) and Irma A. Kantor (wife) are residing at 159-00 Riverside Drive, Apt 4F, Borough of Manhattan, County and State of New York. American citizenship was conferred upon us by the United States District Court, Southern District of New York, on the eleventh day of July 1946, and we obtained citizenship paper (certificate of naturalization) No 6693109 (husband), and citizenship paper (certificate of naturalization) No 6693109 (wife), both dated the eleventh day of July 1946. By decree of Court our names were changed as part of the naturalization from Siegfried Z. Kantor to Samuel Z. Kantor and from Irma Kantor to Irma A. Kantor. We have been presenting the certificates of naturalization to the notary public before signing this application.

As American citizens we are making the following sworn statement :

We left Austria by order of the Gestapo on August 8, 1938, and stored our furniture, paintings, silverware, and other valuables with the Vienna warehouse Adolf Stern, II, Rueppgasse 11. This enterprise was organized and taken over by the firm "Metropol - Spedition Alexander Poetsch", main office at Franz Josephs Kai 19. We retained the lawyers Dr. Josef Tafler and Dr. Hans Schmid, I. Oppolzergasse 6, Vienna, and by their intermediary we were informed of the fact that our property was confiscated by the Gestapo (Vugesta, I Bauernmarkt 24) as enemy property, under No. 2004, on May 27, 1941, because, on September 3, 1939, the day of the declaration of war, we were resident of France. By a letter of the Metropol Spedition Alexander Poetsch, dated June 26, 1946, we were advised that, with the exception of 17 rugs (oriental rugs), all our property was handed over to the Gestapo (Vugesta) on May 23 (four days before the serving of the formal confiscation decree) and on this day brought to the "Messehallen, Wien - Prater". The 17 oriental rugs (out of a total of 18 oriental rugs) remained at the warehouse until July 10, 1941. On this day, by order of the Gestapo (Vugesta), the 17 rugs were handed over to the Dorotheum (I. Dorotheergasse) and sold at auction during the time from July until October 1941 at a price of Reichsmark 5289 (about one tenth of the real value). The Dorotheum which is responsible for this kind of mala fide selling of enemy property refuses to give us the names of the purchasers of the rugs.

Until now our lawyers did not succeed in getting any information about the whereabouts or the sale or the disposal of the goods delivered to the "Messehallen". Therefore, it should be assumed that the fine furniture, the high class silverware, the antiquities and at least a part of the paintings were assigned as "lawful prize" to a prominent Nazi and another part of the paintings to Austrian and German museums. It is impossible to enumerate all the valuables (f.i. a stamp collection, Vienna-Imperial china for 24 persons, laces, gobelins, embroideries, etc.) which we stored with the warehouse. We are limiting ourselves to the description of a part of the silverware and the most remarkable paintings and etchings.

The storing was done exclusively under the name "Dr. Siegfried Kantor" for reasons of expediency. But, with the exception of the personal belongings, the office furniture and the paintings and etchings in the office, all stored goods have always been the property of Mrs. Irma A. Kantor and, in this way, also reported to the Nazi authorities on the occasion of the filing of the so-called "Verzeichnis ueber das Vermoegen von Juden nach dem Stand vom 27. April 1938" (Record of Jewish belongings on April 27, 1938).

According to this opinion, the painting is a fruit-still-life on a board in front of a niche. The board is turned down and held by a chain of metal. The left chain is broken. In the lock in the center sticks a key on a blue ribbon. The still-life is composed of some oysters, a pipe with burning slow match (cord), a green claret glass with white wine, a pointed tumbler with some red wine, a few walnuts and cherries, a half-peeled lemon, an orange and white and blue grapes. Below and on the right side above a caterpillar, on the lowest corner of the right side a spider and on the edge of the table a chafer.
Brown frame, Glass pane. The painting has darkened.

32.) Gude H. Frederick : Evening on the Baltic near a Small Island with a Fishing Boat. 3 persons, particularly remarkable a woman with shawl. The boat is on the left side in the foreground. Oil-painting on canvas. Signed 1888, 54 : 85 cm. Gold-col. frame. Glass pane. We bought the painting at auction from the Gallery Wawra in Vienna whose catalogue contained a photo of the painting (1925-1930?). At the back of the painting the name of the small island (near Bregenz) is indicated. The picture won a prize at the so-called Jubilee Exhibition in Vienna (1898).

33.) Mozyn C. : Sea shore with Fishing-Boats at Low-Tide. Oil-painting on canvas, signed, 30 : 43 cm, gold-col. frame, Glass.

34.) Couturier, Philippe Leon : Poultry Yard. Oil-painting on canvas, signed, 44 : 38 cm, gold-col. frame, Glass pane.

35.) Es Jakob van : Still-life with Ham and Orange. Oil-painting on a copper-plete, signed, 30 : 38 cm, Brown frame and glass pane.

36.) Charlemont Hugo : Flower-Still-Life with Turtle and Caterpillars. Oil-painting on canvas, signed, 1883, 68 : 124 cm, gold-col. frame, Glass pane.

3.) Empire Menorah (chandelier for 8 candles). Weight : 450 g

4.) Hebrew prayerbook with two silver covers and silver fermoir, perforated and engraved, with a Hebrew inscription (engraved), in the Empire style. Below the silver covers red brocade which is seen through the filigree work of the cover garlands.

5.) A silver pan, engraved with Hebrew letters, for the Passover (Becher-Pan). Work of a German silversmith, 450 g of weight.

C. Silverware.

All our silverware was made by order by the Vienna silversmiths L.Jerosinski & J. Veugein, Vienna VII Zieglergasse 24. It is made in the Rococo style, every piece is marked with the letter "K" which is not engraved, but embossed and soldered on the piece. If such silverware should be located, the silversmiths can identify all pieces; they were delivered during the years 1925 and 1926. The total weight of the silverware was about 150 kilogramms. It consisted of more than 10 heavy centerpieces and trays, silver for 15 persons, for each person at least 20 different pieces; of a heavy toilet set (mirror, brushes, combs, phials, boxes etc.), chandeliers, and candlesticks.

The foregoing lists are by no means complete, but we believe that the investigation, nevertheless, may be facilitated by our information about the listed items.

Munich, Germany.

Attention Mr. Herbert Leonard.

Dear Sir:

I am an American Citizen and the son of the late Dr. Josef Hupka, who was professor of Law at the Vienna University up to the " Anschluss" in 1938.

My father owneda valuable art collection. Before emigrating to Holland in 1939 he had to part with most of it, selling under duress. (He died in the C.C. Theresienstadt in 1944.)

So far only a series of drawings by Schwind has been located, in the Albertina in Vienna. In the hope that some others may be found in the Art Collecting Point I am listing here some important objects of my father's collection:

1.) SPITZWEG, " Schulkinder im Walde", a small oil painting, about 8 : 12 inches (22 : 29 cm). According to monographs of the painter there exist 2 different versions of the picture. The one that was owned by my father is shown on the enclosed photograph. (the photo was taken from a copy of the painting.)

2.) GOYA,"Capriches". Series of etchings in a very valuable edition, known as " Hofmann specimens ".

3.) GOYA, " Desastres de la Guerra", series of etchings.

4) Goya, " Tauromaquia", series of etchings.

Hitler was supposed to have been particularly interested in Spitzweg, therefore the painting may have been taken to a German museum. According to experts the approximate value of the picture amounts to something like 4000 Dollars.

The "Caprichos" are estimated at 3000,"Desastres de la Guerra " and " Tauromquia" at 1200 $ each.

I would be extremely grateful for any assistance you could give me in tracing the listed items.

Very sincerely yours,

Robert T Hupka

APO 403, U.S.Army

1. The attached letter was received at this office and the following information is forwarded for such answer to Mr. Hupka as you may care to make.

2. The Spitzweg "Schulkinder im Walde" has not been found in the Central Collecting Point and, so far as is known, it was never in the collections of Hitler or Heinrich Hofmann.

3. The Goya "Caprichos" - the so-called "Hofmann specimens" - have not been found. There is here one set of the "Caprichos". This set is bound in boards with a black paper covering the spine. The self-portrait is reproduced on cover which is a rather cheap board. The edges of the volume have been speckled with blue in a manner that suggests that this edition dates between 1840 and 1860. It is the belief of the undersigned that the set here comes from a late edition. There are no distinguishing marks, indications of ownership or other aids to identification other than those mentioned above. This set comes, however, from a repository known to have contained restitutable material.

4. It is suggested that Mr. Hupka be requested to give a definitive description of the "Caprichos". None of the other prints by Goya have been found here.

Investigation into
confiscated property

Office-Notice

Attached to this the copy of a letter of the Bundesdenkmalamt dated 22/1/48, Zl.373/48 is submitted concerning purchases of the dealer in works of art Kurt Koester in Hamburg. The two angel figures of bronze mentioned in it are described as follows:

No. 206. statue of bronze of a winged angel holding the perspiration shawl of Veronika in hand, wooden podestal, 23 cm, Austrian about 1700.
No. 208. statue of bronze of a winged angel holding the crown of thorns in hand, Austrian about 1700, height with wooden podestal 24 cm.

These two figures were acquired by the former treasurer of the Dorotheum, Eugen Primavesi, for the art collecting of Hitler ostensibly on behalf of Koester. Primavesi is living now in Wolfsberg in Carinthia. The figures are originate from the confiscated property of Ernst Pollack, Vienna I, Schubertring 7/10 and are claimed by the heirs of the injured, also being in possession of photos of the objects.

Interested in the discovery of confiscated Austrian property investigation of the dealer in works of art Koester by the Austrian Restitution Mission Karlsruhe concerning the two figures is requested.

Besides this the Bundesdenkmalamt hopes to get important references to the discovery and the later restitution of Austrian works of art by a detailed general investigation of Koester.

There is a valuable painting of Pieter Brueghel jr. "wolf and shepherd" oil/wood, signed Brueghel 42;50, being originate from the collection E. Pollack too, which was delivered directly and evident without any compensation from the Dorotheum, Vienna I, to the former aide-de-camp of Baldur von Schirach, Herbert Mueller, Vienna XIX, Peter Jordanstr. 48. Mueller was killed in teh parliament on 7/2/45 during a bomb-raid on Vienna. His wife Johanna Mueller, born Schwabe, born 28/10/1909 in Berlin is supposed to have disappeared to Germany shortly after 7/2/45 without a notice of departure to the police in Vienna.

According to an information of the police-management, Vienna, central reporting office, Johanna Mueller is immigrated from Berlin-Schlachtensee, Schleimannplatz 2 to Vienna on 9/11/40.

Between 7/4/42 and 25/9/44 she stayed with her three children in Weimar, Adolf Barktstr. 37.

There is the possibility that she took the painting with her in order to remove it to the country seat of Schirach in Kochel near Bad Toelz, Upper Bavaria as being intended from him, respective the painting has been deposited in the central depot in Munich in the meantime.

Subject: Paintings and Silver from Traunkirchen

Dear Sir:

This office has under control at the Art Depot in the Landhaus Linz the following paintings and one box of silver, which were removed from the Community Secretary of Traunkirchen.

1 - "Troika with Bivouac" (oil)
2 - "Troika with Russian Noble" (oil)
3 - "Frederic II" (oil)
4 - "Landscape with Castle Hohenzollern" (Watercolor)
5 - "Winter Mountain Landscape" (oil on canvas)
6 - "Winter Forest Landscape with Stork" (oil on canvas)
7 - "Hussar on White Horse"

There are two claimants for the above property, an Austrian (Frau Karl Auersperg-Brenner) and a German woman (Mrs. Luise-Henriette Schmalz of Kassel, Germany). It is believed Mrs. Schmalz and her husband lived in Schloss Feld, near St. Polten, (the Prinz's home) from the Anschluss until the end of the war.

The above paintings were checked by Frau Dr. Kirchner, your representative, and Miss Tucker and after checking both claim lists it was decided that paintings Nos. 1,2,3, and 7 belong to Mrs. Schmalz (these are claimed by her and are not on the Prinz's list) and paintings Nos. 5 and 6 belong to Prinz Auersperg-Brenner. Painting 4 is doubtful as it appears to be on both claim lists. The description, however, on the Prinz's list states, "Watercolor Landscape" size: 120 x 74 cm. No. 300. Mrs. Schmalz claims the silver but the Prinz's agent believes there is some of the castle silver mixed with it.

Ltr to Bundesdenkmalamt dated 1 November 1945

Inasmuch as Mrs. Schmalz brought her property willingly into Austria and there is no question of forced sale or confiscation, it is requested that your office accept jurisdiction and custody of the above property and decide who the proper owners are.

The paintings and silver will be released to Frau Dr. Kirchner, against receipt, at her convenience.

Attached for your files is extract from Field Report for the period 27 June to 2 July 1945, and letter from Mrs. Schmalz covering her claim. The Prinz'n claim list is on file with Dr. Kirchner in Linz.

SUBJECT: F.B. Pollock Claim

TO : Office of Military Government for Germany (US), Property Division, Restitution Branch, MFA&A Section, APO 403, U.S.Army

1. A claim for various watercolors and drawings by Rudolf von Alt has been received in this office from USFA. In his claim he refers to

"(1) signed R. Alt 1864, size 20 x 9 inch: View on the waterfront of Venice from Maria della Salute, in the center the Ducal palace; on the right side three officers in Austrian uniform standing on the pavement of the island. On the staircase of the beach an old man cowering down. The sea crowded by gondolas and boats."

2. Of the some 1500 Alts in the Central Collecting Point, the only one that approximates this description is that of which a photograph is here attached. There are some discrepancies in the measurements as this is 20 1/2 x 12 1/2 inches. As the writer recalls the topography of Venice the Ducal palace is seen from S. Giorgio Maggiore and not from Santa Maria della Salute.

3. Although this claim has been forwarded through USFA and restitution will be made through USFA, OMGUS is requested to decide whether or not this photograph should be forwarded to Mr. F.B. Pollock, 435 Riverside Drive, New York City 25, N.Y., for identification.
