Gentlemen:

As legal representative of the estate of the late Mr. F.G. Gutmann, Jemstede, Haarlem, near Amsterdam, Netherlands, as regards to his art treasures, I would like to ask you the following information.

Mr. Gutmann owned a very important painting, "Portrait of a Young Man", Florentine school, 15th century close to Botticelli. I know positively that the painting has been in Mr. Gutmann's collection in Holland shortly before the outbreak of the war and as far as I have been informed, it has not yet been found amongst the art treasures of the above mentioned collection.

Since this picture is of high importance and a valuable asset for the estate, I would like to ask you assistance in tracing the picture and in case it still could be found in Germany to inform me immediately.

Enclosed please find a photograph of the painting, panel 18 by 11 inches. The picture was exhibited at the exhibition of Italian Art in Amsterdam, Netherlands, 1935, catalogue no. 81, where you can find some more details about the picture.

During my stay in Europe last year, I was of course in touch with the proper authorities for tracing looted goods in Holland as well as in France, and I know that fortunately some of the art treasures of the Gutmann estate were traced already and partly returned to Holland.

Dear

I shall be very pleased to hear from you as regards the Botticelli portrait.

Very truly yours,

Frederic A. Stern

The collection Eugen Gutmann

This collection was brought together by the late Eugen Gutmann and consists of old goldsmithworks, bronces, miniatures and so on. A catalogue has been made by Otto von Falke in 1912. After Mr. Eugen Gutmann's death the heirs have not shared the collection, but each one is given the right on a certain percentage. In 1931 we have got the property of 50% of the collection, the other 50% then being owned by three members of the Gutmann family, each member having one third. One of them, Mr. Orsini-Baroni has given his part of the collection to our firm as collateral for his accet-balance with us.

Later the 50% not owned by us have become the property of Baroness von Essen who is living in Rome and is of Swedish nationality. This transfer has however not touched our lien on another 16 2/3 % of the collection. The position of our firm is now thus that we own 50% and have a lien on another 16 2/3 % of the collection.

The collection was kept in Huize Bosbeek in Bennebroek. When in our country the anti-jewish laws were promulgated Mr. Gutmann received inside information that soon further laws were to be expected making it impossible for Jews to dispose of their property. As Mr. Gutmann would fall under the anti-jewish laws and our firm was registered under decree 189/1940 as a jewish firm, there was a great risk that the collection would ultimately be confiscated as jewish property. To forecome this the following decision was taken by the management of our company and Mr. Gutmann who was its director:

The administration of the collection was given to Mr. L. Orsini-Baroni, Massa Pisana, Italy, whom the anti-jewish laws did not touch. Further the collection was to be brought to Germany, as we had heard that certain German authorities would like that, and consigned to Messrs. Boehler and Haberstock, Munich and Berlin. Mr. Orsini-Baroni gave power of attorney to Mr. H.A. Lumbert, Goethe-strasse 4, Fürstenfeldbruck near Munich. The contract between

Messrs. Goehler and Haberstock and Mr. K. Gutmann was made the 10th of March 1942 by Mr. Dietz. For a copy see annex No. 1. In May 1942 the collection was dispatched to Munich. That Mr. Gutmann sought contact with Messrs. Goehler and Haberstock can be explained through the fact that he could expect them to be helpful, which proved to be true when our company came under German trusteeship. Our presumption that the transport to Germany would help to save the collection was proved by the fact that it was placed by the "Sicherheitspolizei" on the list of "art-treasures of national value" and that the export of the collection was prohibited.

You will see from the above that Mr. Gutmann as well as our company were forced to act as we did for otherwise it would have been practically a certainty that the collection would have been lost for us. We do not know whether the collection has suffered from the war. In annex No. 2 you will find a specification of all the items of the collection where under the heading "von Falke" numbers are given, which correspond with the book of "von Falke" mentioned above. You will find in it a description of the several items as well as an illustration of the greater part of all the items. The said book, which we hand you herewith, might be usefull in your investigations.

Baroness Toinon von Essen is represented in Holland by Mr. J.R.A. Schelle, who also acts as the counsellor of our company. Besides Baroness Toinon von Essen is holder of about 77% of the shares of our company and the power of attorny she trusted Mr. Schelle with is a general one, thus as well applying to her business relations with our firm as to her private affairs. The interests of Baroness Toinon von Essen and of our company are absolutely identical and this point is increased by the fact that the collection is one of the principal assets of our company. It is therefore her as well as our interest if the collection could be traced and the consent obtained to bring the collection back to Holland.

Dear Mr. de Vries,

I beg to enclose:-

I am the owner of the whole collection which in 1938 was valued at fl. 50,000 to 60,000.

My last address in Amsterdam was Prins Hendriklaan 40 where N.V. Revisa also had its last registered office address. N.V. Revisa was transferred to Willemstad, Curacao on September 30, 1940, and I am the sole Director of the Company. I lived in Holland from 1933 to 1940, and have applied for registration. My present address is as above, and the London address of N.V. Revisa is also 20 Berkely Court, Baker Street, London N.W. 1.

If you desire to have these particulars and lists in Dutch, I could get a translation done, but I preferred sending it to you as it was originally drawn up.

Yours sincerely,

To The Collecting Point
for art objects
Wiesbaden

According to the informations in the Dutch press, there is a collection of art objects, confiscated by the Germans in the occupied countries.
My collection of paintings, tabel silver, shot guns, furniture and clothes was taken by the Germans partly with a truck in Varsaw [Cytadela], partly by the German manager Hitfort in my land property BORKOW, by KALISZ in Poland. The most important was a painting of Salvator Roza ± 1 m x 1.50 m. representing a landscape in Spain in the mountains, in stormy weather with a flock of cows and one white cow in the middle [caracteristic for Salvator Roza]
