pursuant to para 1,f of ND Law No. 52 (rev.).

- 8 US POW effects released 11 October 1948 to Lt. Thies, Summary Court Officer. Albanian effects undelivered due to lack of mission or diplomatic representation. British representative took delivery of 200 effects against receipt, 12 November 1948. PWD IRB, dated 1 November 1948, requests authority to mail four checks drawn on the Albanian National Bank to that institution. I believe it would be well to await a reply to our letter to that bank concerning Albanian currency before approaching them again.
- 9 Released to PdL 15 November 1948; delivered 22 November 1948.
- 10 Closed.
- 11 Received additional information from RCB 15 October 1948; papers under study by PWD. Substantial part has been identified as French property. RCB asked to secure further information on remaining unidentified items. Currencies in PWD reconciled with Annex A. PWD visited by representatives of French Missions who raised question of removal of gold coins to Gold Res. French desire a list of subject coins in order to file a claim with Tripartite Commission. French will also look into question of obtaining further identification data re foreign securities. IRB, dated 19 November 1948, received from PWD; now under study.
- 12 Closed.
- 13 Platinum and other precious metals; to be released to the PdL in accordance with Mr. Bennett's decision 12 November 1948.
- 14 Released to LCB Hesse 8 November 1948.
- 15 Two parts: German securities, PWD IRB indicates no identification is possible, hence should probably be turned over to Amtsgericht-Mitterungsstelle at such time as all German assets of this nature are assembled and one turnover can be effected. (See Item No. 29). Foreign securities, PWD believes that these securities are restitutable to the Netherlands, although the Netherlands Mission cannot submit a claim without detailed list of our holdings.
- 16 Released to the PdL 24 November 1948.

**SUBJECT:** Monthly Report of the Office of the Finance Adviser on Assets Held by the Foreign Exchange Depository, Frankfurt/Main, for the Month Ending 31 December 1948.

**TO :** MR. JACK BENNETT  
MR. JO FISHER FREEMAN

**ITEM**  
**NO. 1 ACTION TAKEN DURING DECEMBER 1948:**

- |    |   |
|----|---|
| 1. | Closed.   |
| 2. | Released to the Rdt 30 December 1948.   |
| 3. | Received concurrence from Restitution Branch, Property Division to return these assets to the French Government, 4 January 1949.  |
| 4. | Closed.   |
| 5. | Release letter dispatched to FED 29 December 1948.  |
| 6. | Closed.   |
| 7. | Foreign securities to be inventoried, made part of the "Foreign Securities Master List" and deposited with the LCB Hesse under the provisions of RG Law No. 53. The German securities should be deposited with the LCB Hesse and held for the account of the owner, but blocked pursuant to para 1,f of RG Law No. 52 (rev.).                           |
| 8. | Albanian effects undelivered due to lack of mission or diplomatic representation. FED I.M.S., dated 1 November 1948, requests authority to mail four checks drawn on the Albanian National Bank to that institution. I believe it would be well to await a reply to our letter to that bank concerning Albanian currency before approaching them again. |

Monthly Report of the Off of the Fin Adv on Assets Held by the FED, Frkft/H., for the Month Ending 31 Dec 48

- 9 Closed.
- 10 Closed.
- 11 Received additional information from RCB 15 October 1948; papers under study by FED. Substantial part has been identified as French property. RCB asked to secure further information on remaining unidentified items. Currencies in FED reconciled with Annex A. FED visited by representatives of French Missions who raised question of removal of gold coins to Gold Pot. French desire a list of subject coins in order to file a claim with Tripartite Commission. French will also look into question of obtaining further identification data re foreign securities. IIS, dated 19 November 1948, received from FED; now under study.
- 12 Closed.
- 13 Release letter dispatched to FED 6 December 1948, however, release will not be made to the BdL until the FED separates the Ferben metal from the other metal in this shipment.
- 14 Closed.
- 15 Two parts: German securities. FED IIS indicates no identification is possible, hence should probably be turned over to Justizricht-Interlegungsstelle at such time as all German assets of this nature are assembled and one turnover can be effected. (See Item No. 29).  
Foreign securities. FED believes that these securities are restitutable to the Netherlands, although the Netherlands Mission cannot submit a claim without detailed list of our holdings.
- 16 Closed.
- 17 Closed.
- 18 Closed.
- 19 Includes German securities (except for a 100 Ruble Russian bond) and a few inexpensive items of jewelry and tableware; origin Saxony. Recommended that entire shipment be turned over to IIS Nosse.
