Dear Presidential Advisor:

The National Association of Governor's Committees on People with Disabilities, a collective association of the Governor's Committees in the states and territories of the United States will be conducting its annual Washington Update/Training Conference on November 7 - 10 1993 in Washington, DC. The Association provides an organizational forum at the national level to address issues and problems of disability, to interact with other national organizations and to facilitate a unified approach towards the resolution of problems both at the national level and collectively and individually at the state, county and local levels.

The Association is inviting leaders in the Clinton Administration and Congress with responsibility towards Americans with Disabilities to address our membership on **Monday November 8, 1993** during our meetings on Capitol Hill. As the Presidential Advisor of the National Health Care Reform Task Force your advice will be extremely valuable to our association. We are particularly interested in knowing how the Governor's Committees on People with Disabilities of the states and territories can assist you in your efforts to foster independence and self-direction on the part of all Americans with Disabilities.

If you are available, then we would accommodate your time schedule, please advise me of the best time on Monday November 8, 1993 for your address. If you would be unable to address our members, would you select another member of your staff and have that person contact me.

Sincerely,

Bob Cooper

Bob Cooper
Chairperson,

Planning Committee - Annual Washington Update/Training Conference

Re: NAGCPD Conference

Date: November 4, 1993

Regarding the National Association of Governor's Committees on People with Disabilities Conference, here's a quick reminder. Representatives from 22 states will be attending. Christy Ferguson will be praising the Chafee Plan and we need to get a representative there to present our side.

10:00 am Monday, November 8, 1993
2105 Rayburn Building

Bob Cooper, of the Governor's Committee in Rhode Island, is putting the meeting together and should be told who our representative is. His number is 401/277-3731.
