Total, Welfare Reform proposals .....	625	3,162	3,276	3,671	3,506	4,334	17,949

Note: All savings are paygo, unless otherwise stated.

<sup>1</sup>The budget includes a proposal to pay incentive payments to States that increase adoptions from the foster care system. The budget assumes incentive payments of up to \$108 million over 1999-2002 for these payments. It is anticipated that reduced foster care payments would offset the outlays from any incentives paid.

<sup>2</sup>Also affects Bureau of Land Management, Fish and Wildlife Services, and Forest Service. Current proposal would make available all new receipts to the collections agency (no net savings).

<sup>3</sup>Net Government savings is \$300 million less annually because of offsetting costs to the Medicaid program.

<sup>1</sup> Net of income offsets.

<sup>2</sup> Net of deductibility for income tax purposes.

<sup>3</sup> The aviation excise taxes are proposed to be reinstated effective April 1, 1997. In addition, the Administration proposes that aviation excise taxes be repealed effective October 1, 1998 and replaced with cost-based user fees.

## Summary of Budget Savings

President Clinton has achieved a balanced budget agreement that provides funding for critical investments in education, health care, and the environment while strengthening and modernizing Medicare and Medicaid -- just as he promised last year. We have cut the deficit 77% -- from \$290 billion in 1992 to an expected \$67 billion this year. This historic achievement will finish the job, giving the American people the first balanced budget in a generation, while meeting the President's goals:

- ✓ *The First Balanced Budget in a Generation.*
- ✓ *Saves over \$200 Billion over 5 Years & over \$900 Billion over 10 Years.*
- ✓ *Largest Increase in Education Funding in 30 Years - including \$35 billion in tax cuts to make college more affordable.*
- ✓ *Entitlement Savings of Nearly a Half Trillion Dollars over 10 Years.*
- ✓ *Strengthens and Modernizes Medicare -- extending the life of the Trust Fund more than a decade through long overdue structural reforms.*
- ✓ *Expanded Health Coverage for as many as 5 Million Children.*

<i>Tax Cut</i>	85	250
<i>Net Savings</i>	-204	-906

## FACT SHEET ON THE BUDGET AGREEMENT

May 16, 1997

### **DEFICIT REDUCTION**

- **First balanced budget in a generation.** Budget balances by 2002 -- for the first time since 1969.
- **Finishes the job.** The 1993 Economic Plan has already reduced the deficit 77%, from \$290 billion in 1992 to an expected \$67 billion this year. This budget agreement finishes the job, balancing the budget by 2002 -- with \$204 billion in net budget savings over the next 5 years.
- **Keeps budget balanced through 2007.** The agreement will maintain budget balance until 2007, and save \$906 billion over the next 10 years.

### **CONSERVATIVE ASSUMPTIONS**

- **Proven record on forecasts.** For four years in a row, growth has been higher and the deficit has been lower than predicted. For example, CBO predicted growth for 1996 of 2.0 percent and the Administration predicted 2.2 percent. Actual growth was 2.4 percent. CBO forecast a deficit of \$197 billion, and the Administration forecast a deficit of \$211 billion. The actual deficit was \$107 billion.
- **Conservative assumptions.** The assumptions used in this agreement are similarly conservative. The real growth assumption over the next 5 years (2.2 percent per year), for example, is lower than the Blue Chip private sector consensus (2.3 percent). It is intended to reflect average growth over different stages of the business cycle. Since 1973, over several business cycles, growth has averaged 2.6 percent per year.
- **80% of the \$225 billion in additional CBO revenue either already assumed or used for deficit reduction.** The majority of the \$225 billion adjustment had already been assumed in the budget negotiations.

### **DISCRETIONARY SPENDING**

- **Budget agreement achieves 99% of the President's budget for non-defense discretionary spending over the next 5 years.** \$61 billion of savings in non-defense discretionary outlays over the next 5 years -- a 10% real cut by 2002. \$77 billion of savings in defense spending over the next 5 years -- an 11% real cut by 2002.

## ***TAX CUTS***

- **\$85 billion in net tax cuts.** \$85 billion in net tax cuts over the next 5 years and \$250 billion in net tax cuts over the next 10 years.
- **\$35 billion for the President's education tax proposals.** The agreement includes a commitment to provide roughly \$35 billion over 5 years for post-secondary education, including a deduction and tax credit.
- **Other commitments.** The agreement commits the House and Senate Leadership to seek approval of various proposals, including:
  - \$500 per child tax credit
  - The welfare-to-work tax credit
  - Capital gains tax relief for home sales
  - The Administration's EZ/EC proposals
  - Tax relief for brownfields legislation
  - Tax relief for FSC software
  - Tax incentives to spur DC growth

## ***ENTITLEMENT SAVINGS***

- **Extends life of Medicare Trust Fund for more than a decade.** Contains Medicare savings of \$115 billion over 5 years including payment reductions and long overdue structural reforms, extending the life of the Trust Fund for at least a decade. Helps protect the Medicare Part A Trust Fund by reallocating a portion of home health care costs to Part B and phasing in these costs over 7 years into the Part B premium.
- **Modernizes Medicare.** Modernizes Medicare by:
  - Increasing the number of health plan options such as preferred provider organizations and provider sponsored organizations;
  - Implementing a new prospective payment system for skilled nursing home facilities, home health, and hospital outpatient departments; and
  - Increasing financial incentives for managed care plans in rural communities.
- **New Medicare improvements.** Establishing new benefits including: helping detect breast cancer, colon cancer, and helping manage diabetes; and reducing excessively high outpatient hospital coinsurance.
- **Reforms Medicaid while maintaining Federal guarantee.** Medicaid savings of \$13.6 billion through reductions in DSH payments and increased state flexibility, while maintaining the Federal guarantee. Setting aside \$1.5 billion for low-income protections to help ease the impact of Medicare premiums.

## ***CHILDREN'S HEALTH CARE***

- Invests \$16 billion to expand health care coverage to as many as 5 million children through one or both of the following: expanding Medicaid coverage by improving outreach initiatives and adding new options for coverage and/or a capped mandatory grant program.

## ***EDUCATION***

- **Largest increase in education investment in 30 years.**
- **Fully Funds Education and Training.** Adopts the President's FY 1998 request for discretionary education and training programs.
- **Higher Education Tax Cuts.** Provides roughly \$35 billion over five years for postsecondary education tax cuts consistent with the President's HOPE Scholarship and tax deduction proposals.
- **Largest Pell Grant Expansion in Two Decades.** Increases the maximum Pell Grant for low-income college students to \$3,000 -- the largest increase in two decades. Provides a \$1.7 billion increase in funding -- a 25% increase in FY 1998.
- **America Reads Challenge.** Adopts the President's budget request to launch a child literacy initiative consistent with his America Reads program.

## ***WELFARE TO WORK***

- **Fully funds the President's welfare-to-work jobs initiative.** Adds \$3 billion, the full amount requested by the President for the Welfare-to-Work Jobs Challenge, to the TANF block grant to fund welfare-to-work efforts in high-poverty, high-unemployment areas. A share of the funding will go to cities and counties with large numbers of people in poverty.
- **Preserves food stamps for people willing to work.** Provides \$750 million to create additional work slots for able-bodied unemployed childless adults subject to the time limit on food stamps. Also allows States to exempt a limited number of persons falling into this category who are willing to work but would otherwise be ineligible for food stamps.
- **Welfare-to-work tax credit.** The President and the Congressional leadership have agreed to seek a welfare to work tax credit to encourage employers to give welfare recipients the chance to work.

## ***RESTORING BENEFITS TO LEGAL IMMIGRANTS***

- **Benefits for legal immigrants.** Restores full SSI and Medicaid benefits for disabled legal immigrants currently receiving assistance; and for legal immigrants in the country prior to August 23, 1996 who are not now receiving benefits but subsequently become disabled.

## ***ENVIRONMENT***

- **EPA operations, enforcement, and research.** Provides a 9 percent increase, to \$3.4 billion, for EPA's operating program -- which finances most of EPA's research, enforcement, and regulatory programs.
- **Doubles the pace of Superfund cleanups.** Pending agreement on detailed policies, adopts the President's proposals for Superfund cleanups of an additional 500 sites by the end of the year 2000.
- **Brownfields initiative.** Boosts funding by \$75 million in 1998 to provide grants to communities for site assessment and development planning and to leverage state, local, and private funds to foster redevelopment.
- **National Parks.** Provides a 6 percent increase for operation of the National Parks, and an 89 percent increase (\$234 million) for Everglades Restoration.

**President Delivers First Balanced Budget Agreement in a Generation**  
**Historic Agreement Promotes the Country's Values and Priorities**  
May 16, 1997

*President Clinton has achieved a balanced budget agreement that promotes our values, providing critical funding for education, health care, and the environment while strengthening and modernizing Medicare and Medicaid. We have cut the deficit by 77%, from \$290 billion in 1992 to roughly \$67 billion this year. This historic achievement will finish the job, while meeting the President's goals.*

**GOAL: To achieve the first balanced budget in a generation.**

- ✓ Budget balances by 2002 -- for the first time since 1969.
- ✓ Saves over \$200 billion over five years and over \$900 billion over ten years.

**GOAL: To ensure that every 8 year-old can read, every 12 year-old can log on to the Internet, and every 18 year-old can go to college.**

- ✓ A child literacy initiative consistent with the President's America Reads challenge to help children learn to read well and independently by the end of the third grade.
- ✓ Expands Head Start to 1998 level in the President's budget, which assumes path to one million kids in 2002.
- ✓ Fully funds Technology Literacy Challenge Fund with at least \$425 million in FY 98.
- ✓ Largest single increase in higher education since the G.I. Bill in 1945.
- ✓ Provides largest Pell Grant increase in two decades -- four million students could receive a grant of up to \$3,000, an increase of \$300 in the maximum grant.
- ✓ \$35 billion of tax cuts targeted to higher education to make college more affordable for America's families, consistent with the President's HOPE Scholarship and tuition tax deduction.
- ✓ Adopts President's full training and employment budget, including Job Corps.

**GOAL: Expand health coverage for as many as 5 million uninsured children.**

- ✓ Provides \$16 billion for children's health care, including Medicaid improvements and investments, and/or a new capped mandatory grant program that supplements states' efforts to cover uninsured children in working families.

**GOAL: Secure and strengthen Medicare and Medicaid.**

- ✓ Extends the Medicare Trust Fund at least a decade through long overdue structural reforms.
- ✓ Expands coverage of critical preventive treatments of diseases such as diabetes and helps detect breast cancer and colon cancer earlier.
- ✓ Preserves the federal Medicaid guarantee of coverage to our nation's most vulnerable people.

**GOAL: Strengthen environmental protection and enforcement.**

- ✓ Provides \$3.4 billion in 1998 -- a 9% increase over 1997 -- for EPA operations, research, and enforcement programs to protect public health from environmental threats.
- ✓ Provides funding to cover the expansion of the Brownfield Redevelopment Initiative to help communities clean up and redevelop contaminated areas.
- ✓ Likely to double the pace of Superfund cleanups -- 500 additional sites cleaned up by the end of 2000.

**GOAL: Move people from welfare to work and treat legal immigrants fairly.**

- ✓ A Welfare-to-Work tax credit to help long-term welfare recipients to get jobs.
- ✓ Provides funding to preserve food stamp benefits for people willing to work.
- ✓ Provides \$3 billion to states and localities to move recipients in disadvantaged areas into jobs.
- ✓ Restores \$10 billion in disability and health benefits for legal immigrants.

**GOAL: Cut taxes for America's hard working families.**

- ✓ A Child Tax Credit to make it easier for families to raise their kids.
- ✓ \$35 billion of tax cuts targeted to higher education to make college more affordable
- ✓ A Welfare-to-Work tax credit to help long-term welfare recipients get jobs.
- ✓ Establishes additional Empowerment Zones and Enterprise Communities.

## **Strong Growth, Strong Exports, Strong Investment, And Low Inflation: The Economy Under President Clinton**

*October 31, 1997*

**TODAY'S GDP DATA SHOW THAT THE AMERICAN ECONOMY CONTINUES TO ENJOY STRONG GROWTH WITH LOW INFLATION. OVER THE PAST YEAR, THE ECONOMY HAS GROWN AN IMPRESSIVE 4 PERCENT -- BOOSTED BY \$125 BILLION IN NEW EXPORTS.**

- **4.0 Percent Growth Over Past Year.** Over the past year, the economy grew a strong 4 percent -- the fastest rate in nearly a decade. In the third quarter of 1997, the economy expanded at a 3.5 percent annual rate. And since President Clinton took office, growth has averaged 3.0 percent per year -- relative to 1.3 percent per year under President Bush and 2.4 percent per year during the Reagan-Bush years.
- **Exports Up \$125 Billion Over Past Year.** Over the past year, exports have grown 15 percent -- that's \$125 billion more in American exports, helping to create high-paying American jobs.
- **Investment is Booming.** In the third quarter, investment in business equipment rose 22 percent in at an annual rate, after rising 23 percent in the second quarter. That's the first time investment has grown by more than 20 percent for two quarters in a row in almost 15 years. And since President Clinton has taken office, investment has grown more than under any President since John F. Kennedy.
- **Private-Sector Growth is Strong.** Over the past year, the private sector grew an impressive 4.7 percent. This means that since President Clinton took office, the private sector of the economy has grown by 3.6 percent per year, compared to 3.0 percent under President Reagan and 1.3 percent under President Bush.
- **Inflation Remains Low.** Inflation as measured by the GDP price index was 1.9 percent over the past year, down from 2.4 percent during the previous 12-month period.

### **IN RECENT WEEKS, WE HAVE HAD MORE GOOD NEWS FOR THE AMERICAN ECONOMY:**

- **Since President Clinton took office, the deficit has been cut from \$290 billion to \$23 billion -- a 92% drop.**
- **The Homeownership rate hit its highest level in American history.**
- **The economy has now produced over 13 million new jobs and the unemployment rate is below 5% for the first time in 24 years. All the while, inflation remains low and stable.**

## EXPERTS AGREE THAT THE AMERICAN ECONOMY IS STRONG

- *Alan Greenspan, 7/22/97:* "The recent performance of the economy, characterized by strong growth and low inflation, has been exceptional -- and better than most anticipated."
- *Martin Zimmerman: Chief Economist, Ford Motor Co.:* "The U.S. economy is in remarkable shape." [Wall Street Journal, October 31, 1997]
- *Fortune, 6/9/97:* "Business is booming, inflation is falling, jobs are plentiful, and American industry is way out in front. The U.S. economy is stronger than it's ever been before."

## **Delivering A Balanced Budget with Real Benefits for Families in Alaska**

*Building on the success of the 1993 Economic Plan, which President Clinton and Democrats in Congress enacted, this year's budget finishes the job, delivering the first balanced budget in a generation, plus the largest investments in education and health care in a generation. This balanced budget provides real benefits to families who work hard and are trying to do the best for their kids. Top priority is placed on what all parents want for their kids: good health and a strong education.*

**TUITION TAX CREDITS TO OPEN THE DOORS OF COLLEGE AND PROMOTE LIFELONG LEARNING.** The balanced budget includes the largest investment in higher education since the G.I. Bill in 1945 -- delivering a major victory for parents trying to pay for their children's college and for working people trying to upgrade their skills. It includes both President Clinton's \$1,500 HOPE Scholarship to help make the first two years of college as universal as a high school diploma and a Lifetime Learning Tax Credit for college juniors, seniors, graduate students and working Americans pursuing lifelong learning to upgrade their skills. This 20% tax credit will be applied to the first \$5,000 of tuition and fees through 2002 and to the first \$10,000 thereafter.

- ✓ **12,000 students in Alaska would receive a HOPE Scholarship tax credit of up to \$1,500.**
- ✓ **15,000 students in Alaska would receive the Lifetime Learning Tax Credit.**

**A \$500 CHILD TAX CREDIT TO HELP FAMILIES RAISING CHILDREN.** To help make it easier for families to raise their children, the balanced budget includes a \$500 per-child tax credit for children under 17. *Take a family with a mother, father, and two kids, with an income of \$40,000. In 1999, they will receive a child tax credit of \$1,000.*

- ✓ **The Balanced Budget delivers a child tax credit to 87,000 families in Alaska.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in Alaska the Balanced Budget provides \$5 million in 1998 and \$26 million over five years.**

- ✓ **The Balanced Budget delivers a child tax credit to 43,000 families in the District of Columbia.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in the District of Columbia the Balanced Budget provides \$14 million in 1998 and \$69 million over five years.**

---

## Delivering A Balanced Budget with Real Benefits for Families in Florida

---

*Building on the success of the 1993 Economic Plan, which President Clinton and Democrats in Congress enacted, this year's budget finishes the job, delivering the first balanced budget in a generation, plus the largest investments in education and health care in a generation. This balanced budget provides real benefits to families who work hard and are trying to do the best for their kids. Top priority is placed on what all parents want for their kids: good health and a strong education.*

**TUITION TAX CREDITS TO OPEN THE DOORS OF COLLEGE AND PROMOTE LIFELONG LEARNING.** The balanced budget includes the largest investment in higher education since the G.I. Bill in 1945 -- delivering a major victory for parents trying to pay for their children's college and for working people trying to upgrade their skills. It includes both President Clinton's \$1,500 HOPE Scholarship to help make the first two years of college as universal as a high school diploma and a Lifetime Learning Tax Credit for college juniors, seniors, graduate students and working Americans pursuing lifelong learning to upgrade their skills. This 20% tax credit will be applied to the first \$5,000 of tuition and fees through 2002 and to the first \$10,000 thereafter.

- ✓ **255,000 students in Florida will receive a HOPE Scholarship tax credit of up to \$1,500.**
- ✓ **311,000 students in Florida will receive the Lifetime Learning Tax Credit.**

**A \$500 CHILD TAX CREDIT TO HELP FAMILIES RAISING CHILDREN.** To help make it easier for families to raise their children, the balanced budget includes a \$500 per-child tax credit for children under 17. *Take a family with a mother, father, and two kids, with an income of \$40,000. In 1999, they will receive a child tax credit of \$1,000.*

- ✓ **The Balanced Budget delivers a child tax credit to 1,333,000 families in Florida.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in Florida the Balanced Budget provides \$279 million in 1998 and \$1.304 billion over five years.**

## **Delivering A Balanced Budget with Real Benefits for Families in Georgia**

- ✓ **217,000 students in Massachusetts will receive the Lifetime Learning Tax Credit.**

**A \$500 CHILD TAX CREDIT TO HELP FAMILIES RAISING CHILDREN.** To help make it easier for families to raise their children, the balanced budget includes a \$500 per-child tax credit for children under 17. *Take a family with a mother, father, and two kids, with an income of \$40,000. In 1999, they will receive a child tax credit of \$1,000.*

- ✓ **The Balanced Budget delivers a child tax credit to 580,000 families in Massachusetts.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in Massachusetts the Balanced Budget provides \$45 million in 1998 and \$228 million over five years.**

## **Delivering A Balanced Budget with Real Benefits for Families in Michigan**

*Building on the success of the 1993 Economic Plan, which President Clinton and Democrats in Congress enacted, this year's budget finishes the job, delivering the first balanced budget in a generation, plus the largest investments in education and health care in a generation. This balanced budget provides real benefits to families who work hard and are trying to do the best for their kids. Top priority is placed on what all parents want for their kids: good health and a strong education.*

**TUITION TAX CREDITS TO OPEN THE DOORS OF COLLEGE AND PROMOTE LIFELONG LEARNING.** The balanced budget includes the largest investment in higher education since the G.I. Bill in 1945 -- delivering a major victory for parents trying to pay for their children's college and for working people trying to upgrade their skills. It includes both President Clinton's \$1,500 HOPE Scholarship to help make the first two years of college as universal as a high school diploma and a Lifetime Learning Tax Credit for college juniors, seniors, graduate students and working Americans pursuing lifelong learning to upgrade their skills. This 20% tax credit will be applied to the first \$5,000 of tuition and fees through 2002 and to the first \$10,000 thereafter.

- ✓ **227,000 students in Michigan will receive a HOPE Scholarship tax credit of up to \$1,500.**
- ✓ **278,000 students in Michigan will receive the Lifetime Learning Tax Credit.**

**A \$500 CHILD TAX CREDIT TO HELP FAMILIES RAISING CHILDREN.** To help make it easier for families to raise their children, the balanced budget includes a \$500 per-child tax credit for children under 17. *Take a family with a mother, father, and two kids, with an income of \$40,000. In 1999, they will receive a child tax credit of \$1,000.*

- ✓ **The Balanced Budget delivers a child tax credit to 982,000 families in Michigan.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in Michigan the Balanced Budget provides \$92 million in 1998 and \$467 million over five years.**

It includes both President Clinton's \$1,500 HOPE Scholarship to help make the first two years of college as universal as a high school diploma and a Lifetime Learning Tax Credit for college juniors, seniors, graduate students and working Americans pursuing lifelong learning to upgrade their skills. This 20% tax credit will be applied to the first \$5,000 of tuition and fees through 2002 and to the first \$10,000 thereafter.

- ✓ **16,000 students in North Dakota will receive a HOPE Scholarship tax credit of up to \$1,500.**
- ✓ **19,000 students in North Dakota will receive the Lifetime Learning Tax Credit.**

**A \$500 CHILD TAX CREDIT TO HELP FAMILIES RAISING CHILDREN.** To help make it easier for families to raise their children, the balanced budget includes a \$500 per-child tax credit for children under 17. *Take a family with a mother, father, and two kids, with an income of \$40,000. In 1999, they will receive a child tax credit of \$1,000.*

- ✓ **The Balanced Budget delivers a child tax credit to 74,000 families in North Dakota.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in North Dakota the Balanced Budget provides \$5 million in 1998 and \$26 million over five years.**

# Delivering A Balanced Budget with Real Benefits for Families in Ohio

*Building on the success of the 1993 Economic Plan, which President Clinton and Democrats in Congress enacted, this year's budget finishes the job, delivering the first balanced budget in a generation, plus the largest investments in education and health care in a generation. This balanced budget provides real benefits to families who work hard and are trying to do the best for their kids. Top priority is placed on what all parents want for their kids: good health and a strong education.*

**TUITION TAX CREDITS TO OPEN THE DOORS OF COLLEGE AND PROMOTE LIFELONG LEARNING.** The balanced budget includes the largest investment in higher education since the G.I. Bill in 1945 -- delivering a major victory for parents trying to pay for their children's college and for working people trying to upgrade their skills. Top priority is placed on what all parents want for their kids: good health and a strong education.*

**TUITION TAX CREDITS TO OPEN THE DOORS OF COLLEGE AND PROMOTE LIFELONG LEARNING.** The balanced budget includes the largest investment in higher education since the G.I. Bill in 1945 -- delivering a major victory for parents trying to pay for their children's college and for working people trying to upgrade their skills. It includes both President Clinton's \$1,500 HOPE Scholarship to help make the first two years of college as universal as a high school diploma and a Lifetime Learning Tax Credit for college juniors, seniors, graduate students and working Americans pursuing lifelong learning to upgrade their skills. This 20% tax credit will be applied to the first \$5,000 of tuition and fees through 2002 and to the first \$10,000 thereafter.

- ✓ **117,000 students in Washington will receive a HOPE Scholarship tax credit of up to \$1,500.**
- ✓ **144,000 students in Washington will receive the Lifetime Learning Tax Credit.**

**A \$500 CHILD TAX CREDIT TO HELP FAMILIES RAISING CHILDREN.** To help make it easier for families to raise their children, the balanced budget includes a \$500 per-child tax credit for children under 17. *Take a family with a mother, father, and two kids, with an income of \$40,000. In 1999, they will receive a child tax credit of \$1,000.*

- ✓ **The Balanced Budget delivers a child tax credit to 586,000 families in Washington.**

**HEALTH CARE FOR UNINSURED CHILDREN.** The balanced budget includes the largest single investment in health care for children since the passage of Medicaid in 1965 -- an unprecedented \$24 billion over five years to cover as many as five million children throughout the nation. This investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **To expand health coverage to uninsured children in Washington the Balanced Budget provides \$47 million in 1998 and \$231 million over five years.**

## **Delivering A Balanced Budget with Real Benefits for Families in West Virginia**

*Building on the success of the 1993 Economic Plan, which President Clinton and Democrats in Congress enacted, this year's budget finishes the job, delivering the first balanced budget in a generation, plus the largest investments in education and health care in a generation. This balanced budget provides real benefits to families who work hard and are trying to do the best for their kids. Top priority is placed on what all parents want for their kids: good health and a strong education.*

**TUITION TAX CREDITS TO OPEN THE DOORS OF COLLEGE AND PROMOTE LIFELONG LEARNING.** The balanced budget includes the largest investment in higher education since the G.I. It ensures that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.

- ✓ **The Balanced Budget provides \$24 billion to expand health coverage to uninsured children in the United States.**

## **Tuition Tax Credits**

Using a nationally-representative sample of postsecondary students and data on Pell Grant recipients, an estimate was derived for the proportion of the total national number of recipients of the tax benefit. Using that ratio, the number of recipients for each State was determined, based on the total number of recipients estimated by the Treasury Department. Based on Treasury's estimate of the revenue loss associated with each of the tax credits, a dollar amount was derived for each State using the same ratio as the State/national number of beneficiaries.

## **Child Tax Credit**

The state-by-state child credit estimates depend on two principal pieces of information. First, using the Department of Treasury's individual income tax model, an estimate was generated for the aggregate number of taxpayers and children in 1998 that would receive a child credit under the Taxpayer Relief Act of 1997. Second, using U.S. Census Bureau's March Current Population Survey, tabulations were made of the number of families with children in each state with incomes between \$15,000 and \$110,000. Families in this income range from the group primarily affected by the child credit in the recent tax bill. The number of taxpayers with children in each state as a percentage of total taxpayers with children in the country are used to distribute the aggregate number of taxpayers with children receiving the child credit across states.

## **Children's Health Care**

Federal children's health allotments: Calculated by the U.S. General Accounting Office using data from BLS and the March CPS. Formula: States get a proportion of the full amount based on their share of the following: 1998-2000: product of the state's proportion of low-income uninsured children and a geographic cost adjuster; 2002: product of the 75% of the state's proportion of low-income uninsured children, 25% of the state's proportion of low-income children, and a geographic cost adjuster; and for 2002-2007: product of the 50% of the state's proportion of low-income uninsured children, 50% of the state's proportion of low-income children, and a geographic cost adjuster.

## **PRESIDENT CLINTON DELIVERS THE FIRST BALANCED BUDGET IN A GENERATION AND A MAINSTREAM TAX CUT**

- ✓ **Roughly \$900 Billion in Net 10 Year Deficit Savings.**
- ✓ **First Balanced Budget since 1969.**
- ✓ **Largest Investment in Higher Education Since the G.I. Bill in 1945:**
  - **\$1,500 HOPE Scholarship to Help Make Two Years of College Universally Available.**
  - **20% Tuition Tax Credit for College Juniors, Seniors, Graduate Students and Working Americans pursuing Lifelong Learning to upgrade their skills.**
- ✓ **Single Largest Investment in Health Care for Children Since 1965.**
- ✓ **A \$500 Per Child Tax Credit for Approximately 27 Million Families.**
- ✓ **Critical Long-Term Entitlement Reforms -- Extends Solvency of Medicare Trust Fund for at Least a Decade.**
- ✓ **Brownfields and Empowerment Zones Tax Incentives to Revitalize Our Nation's Distressed Areas.**
- ✓ **A \$ 3 Billion Welfare-to-Work Jobs Initiative Targeted to High Poverty Areas.**
- ✓ **Treats Legal Immigrants Fairly -- Restores Health and Disability Benefits.**

### **THE FIRST BALANCED BUDGET IN A GENERATION**

#### **FIRST BALANCED BUDGET SINCE 1969**

- ✓ **Net savings of roughly \$900 billion over ten years.**
- ✓ **1993 Economic Plan has cut the deficit more than 75% from \$290 billion in 1992 to \$67 billion or lower in 1997. This agreement finishes the job -- balances the budget in 2002 and puts the budget in surplus at least through 2007.**

#### **SINGLE LARGEST INVESTMENT IN HEALTH CARE FOR CHILDREN SINCE THE PASSAGE OF MEDICAID IN 1965**

- ✓ **An unprecedented \$24 billion for children's health care.**
- ✓ **Guarantee of meaningful health coverage including full range of benefits to as many as 5 million uninsured children.**
- ✓ **Provisions to ensure that states use this investment to provide health care coverage to children who do not currently have health insurance and that there are adequate cost protections so that families are not burdened with excessive costs so that care is affordable.**

## CRITICAL LONG-TERM ENTITLEMENT REFORMS

- ✓ **Between \$400-\$450 billion in ten-year Medicare savings.**
- ✓ **Extends the life of the Medicare Trust Fund for at least a decade.**
- ✓ **Prepares Medicare for the 21st century -- more choice, competition, improved payment systems.**
- ✓ **\$4 billion in preventive benefits to fight diseases like breast cancer, diabetes & colon cancer.**
- ✓ **\$1.5 billion to help pay the premiums of low-income Medicare beneficiaries.**

**PROTECTS THE PRESIDENT'S CRITICAL DOMESTIC PRIORITIES.** The Budget Agreement, which will be enacted in the Appropriations bills in the fall, includes 99% of total amount of President's 5-year Domestic Discretionary Budget.

- ✓ **Largest education investment in 30 years.**
- ✓ **Pell Grant expansion -- maximum grant increased to \$3,000.**
- ✓ **New child literacy initiative consistent with President's America Reads.**
- ✓ **Head Start expansion -- on track to 1 million children in 2002.**
- ✓ **Full funding for President's training budget, including Job Corps.**
- ✓ **President's FY 98 budget request for EPA Operating Budget**
- ✓ **National Park Service full funding for operations budget, plus land acquisition and state assistance, and Everglades Restoration.**
- ✓ **Superfund -- clean-up of 500 toxic sites in next four years (if policies can be worked out).**
- ✓ **COPS -- funding on track to put 100,000 more police officers on streets by 2000, plus full funding for overall Violent Crime Reduction Trust Fund.**

## MOVES PEOPLE FROM WELFARE TO WORK & TREATS LEGAL IMMIGRANTS FAIRLY

- ✓ **\$3 billion to help states and local communities move people from welfare to work.**
- ✓ **\$12 billion to restore both disability and health benefits for 350,000 legal immigrants in 2002 who are currently receiving assistance or become disabled, ensuring that they will not be turned out of their apartments or nursing homes or otherwise helpless.**
- ✓ **Preserves the minimum wage and other labor protections for welfare recipients moving from welfare to work.** Does not include the House-passed provision to leave workfare participants unprotected by the
- ✓ **Fair Labor Standards Act and other employment laws.** Protects workers from displacement by those leaving the welfare rolls, and establishes a strong process for workers to raise grievances with an independent agency.

---

---

## A MAINSTREAM TAX CUT

---

---

*On December 15, 1994, President Clinton proposed the Middle Class Bill of Rights, which included a \$500 Child Tax Credit, an expanded IRA to allow people to withdraw money tax-free and without penalty for education, and a tax deduction for post-high school education expenses. Each of the President's proposals is included in this budget:*

### A CHILD TAX CREDIT FOR APPROXIMATELY 27 MILLION FAMILIES.

- ✓ **\$500 Per-Child Tax Credit for approximately 27 million families with 45 million children under 17.** The credit begins to phase out for couples with incomes above \$110,000.
- ✓ **13 million children from families with incomes below \$30,000 will receive the child tax credit -- up to 7.5 million\* more than would have under the Congressional plans.** Families earning under \$30,000 such as young teachers, police officers, farmers, and nurses who work hard and play by the rules will now receive the Child Tax Credit. \*Comparison to House passed bill; vs. Senate bill: 5.9 million.

## **A VICTORY FOR MIDDLE CLASS PARENTS TRYING TO PAY FOR THEIR CHILDREN'S COLLEGE AND FOR WORKING PEOPLE TRYING TO UPGRADE THEIR SKILLS.**

- ✓ **\$1,500 HOPE Scholarship to make the first two years of college universally available.** The final agreement includes the President's initiative to help make the 13th and 14th grades as universal as a high school diploma is today. Students will receive a scholarship of 100% on the first \$1,000 of tuition and fees and 50% on the second \$1,000.
- ✓ **20% Tuition Tax Credit for college juniors, seniors, graduate students and for working Americans pursuing lifelong learning to upgrade their skills.** The 20% credit will be applied to the first \$5,000 of qualified education expenses through 2002, and to the first \$10,000 thereafter. The President has long understood that the economy is changing and that people need the opportunity to enhance their skills throughout their working lives. This is why the President insisted on the 20% tuition tax credit that is in the final bill and was a major improvement over the bills passed by Congress.

## **TAX INCENTIVES TO REVITALIZE OUR NATION'S DISTRESSED URBAN AREAS.**

*A key component of the President's tax cutting agenda has been to spur economic activity in distressed areas of our nation's cities. This budget reflects the President's agenda:*

- ✓ **A New Tax Cut Plan Helps to Clean Up and Redevelop Brownfields.** The 3-year Brownfields tax incentive will reduce the cost of cleaning up thousands of contaminated, abandoned sites in economically distressed areas by permitting clean-up costs to be deducted immediately for tax purposes. This will, in turn, encourage redevelopment of these areas. *The Treasury Department estimates that this \$1.5 billion tax incentive would leverage more than \$6 billion for private sector cleanups nationwide, allowing redevelopment of 14,000 brownfields.*
- ✓ **New Empowerment Zones (EZs).** The budget includes a second-round of EZs -- 15 urban and 5 rural EZs. The new EZs will benefit from a different blend of tax credits from the first-round communities. For example, the EZs will be eligible for the Brownfields tax incentive, special expensing of business assets, and qualification for private-activity bonds.

## **HELPING MOVE PEOPLE FROM WELFARE TO WORK**

- ✓ **A Welfare to Work Tax Credit.** This provision will give employers an added incentive to hire long-term welfare recipients by providing a credit equal to 35% of the first \$10,000 in wages in the first year of employment, and 50% of the first \$10,000 in the second year, paid to new hires who have received welfare for an extended period. The credit is for two years per worker to encourage not only hiring but retention.
- ✓ **\$3 Billion to Help Move 1 Million People from Welfare to Work.** Includes President's proposal to create \$3 billion Welfare to Work Jobs Challenge to move long-term welfare recipients into lasting, unsubsidized jobs. These funds can be used for job creation, job placement and job retention efforts, including wage subsidies to private employers, and other critical post-employment support services. The Labor Department will provide oversight but the dollars will be placed in the hands of the localities who are on the front lines of the welfare reform effort.

---

---

**PRESIDENT CLINTON DELIVERS  
THE LARGEST SINGLE INVESTMENT IN CHILDREN'S HEALTH  
CARE SINCE THE PASSAGE OF MEDICAID IN 1965**

---

---

*The President fought hard to ensure that the Budget Agreement includes \$24 billion to provide meaningful health care coverage to as many as five million of our nation's ten million uninsured children. This investment includes a meaningful benefits package, ensures that states use this money to cover uninsured children and not replace existing public or private spending, and guarantees adequate cost-sharing protections for families.*

- ✓ **INVESTS UNPRECEDENTED \$24 BILLION FOR UNINSURED CHILDREN.** The President insisted on increasing the investment for children's health from \$16 billion to \$24 billion by including revenue from a new tobacco tax. Because of the President's leadership, this budget will contain the largest children's health care budget increase since the enactment of Medicaid in 1965. Including these additional revenues in the children's health initiative will not only further reduce the number of uninsured children, but it will also serve as a financial barrier to help prevent our children from starting smoking in the first place.
- ✓ **ENSURES MEANINGFUL HEALTH CARE COVERAGE, WHILE ALLOWING STATES TO DESIGN THEIR OWN BENEFITS PACKAGES.** The President fought hard to ensure that this investment guarantees the full range of benefits -- from checkups to surgery -- that children need to grow up strong and healthy. The President also worked to ensure that prescription drugs, vision, hearing, and mental health coverage now offered at the state level are extended to millions of uninsured children.
- ✓ **GIVES STATES THE FLEXIBILITY TO DESIGN BENEFITS THAT MEET THEIR NEEDS.** States will be able to choose from any of four benefits packages: (1) the FEHPB model; (2) the benefits package of the most popular state HMO; (3) the state employee plan; and (4) the actuarial equivalent of any of the three stated benefit plans as long as prescription drugs, vision, hearing, and mental health services now offered in these plans are guaranteed to equal at least 75 percent of the value of these services.
- ✓ **SUPPLEMENTS, NOT SUPPLANTS, CURRENT HEALTH CARE COVERAGE.** Includes provisions to ensure that states provide health care coverage to children who do not currently have health insurance. It requires that states maintain their current Medicaid eligibility levels of spending to access Federal dollars to ensure that this investment is not used to replace public or private money that already covers children.
- ✓ **ENSURES ADEQUATE COST-SHARING PROTECTIONS.** The President fought to ensure that families are not forced to shoulder excessive costs for their children. The Agreement guarantees that families under 150 percent of poverty will be protected against overly burdensome cost sharing.

## PRESIDENT CLINTON DELIVERS A \$500 CHILD TAX CREDIT FOR APPROXIMATELY 27 MILLION FAMILIES

### MAIN FEATURES OF THE CHILD TAX CREDIT:

- **Age.** Covers children under 17.
- **Amount per child.** \$400 in 1998. \$500 thereafter.
- **Income limits.** Begins to be phased out for couples making over \$110,000 and for one parent families making over \$75,000.
- **"Stacking."** Child tax credit will be calculated or "stacked" before the EITC, and will therefore be available for the up to 7.5 million children in working families who have incomes below \$30,000 and who were denied the child tax credit under the congressional bills.
- **For families with more than two children -- Refundability to cover out-of-pocket income and payroll taxes.** Because many large families have little income tax liability, but pay significant out-of-pocket payroll taxes, the child tax credit for these families is partially refundable. These families will receive a child credit for their income taxes plus the extent to which their out-of-pocket (employee share) payroll taxes exceed their EITC.
- **Savings Incentive.** Taxpayers will be given the opportunity to contribute \$500 each year to an education Individual Retirement Account (IRA). Earnings would accumulate tax-free in the account, and no taxes will be due upon withdrawal for an approved purpose.

### A CHILD TAX CREDIT FOR FAMILIES WHO WORK HARD AND PAY TAXES.

**13 million children from families with incomes below \$30,000 will receive the child tax credit -- up to 7.5 million\* more than would have under the Congressional plans.** Families making under \$30,000 like young teachers, police officers, farmers, nurses and others who work hard and play by the rules will now receive the Child Tax Credit. \*Comparison to House passed bill; vs. Senate bill: 5.9 million.

**President Clinton worked to ensure that under any final agreement, these young parents would receive a child tax credit to make it easier for them to raise their children.**

*Consider a family of four with two small children: the father is a rookie police officer making \$23,000, and the mother has chosen to stay at home. Both congressional bills would have denied this family, and millions of others, the child tax credit. Under the final agreement, this family will receive a child tax credit of \$675.*

	President Clinton's Proposal	Agreement	House Bill	Senate Bill
<i>Child Tax Credit for family of rookie police officer making \$23,000</i>	\$767	\$675	\$0	\$0

## **PRESIDENT CLINTON DELIVERS EDUCATION TAX CUTS TO HELP MIDDLE CLASS FAMILIES PAY FOR COLLEGE**

### **THE PRESIDENT'S HOPE SCHOLARSHIP AND TUITION TAX CREDIT**

From the beginning, promoting expanded educational opportunity has been the centerpiece of President Clinton's budget and his middle class tax cut proposal. Promoting education is the centerpiece of this final tax cut bill:

- ✓ **\$1,500 HOPE Scholarship to make the first two years of college universally available.** The final agreement includes the President's program to advance the goal of making the 13th and 14th grades as universally available as a high school diploma is today. Students will receive a scholarship of 100% on the first \$1,000 of tuition and fees and 50% on the second \$1,000.
- ✓ **20% Tuition Tax Credit for College Juniors, Seniors, Graduate Students and working Americans pursuing lifelong learning to upgrade their skills.** The 20% credit will be applied to the first \$5,000 of tuition and fees through 2002, and to the first \$10,000 thereafter.. The President has long understood that the economy is changing and that people must have the opportunity to enhance their skills throughout their working lives. This is why the President insisted on the 20% tuition tax credit that is in the final bill and is a major improvement over the Congressionally-passed bills.

### **A SUMMARY OF ADDITIONAL EDUCATION TAX CUTS**

- **Education and Retirement Savings Accounts.** Allows penalty-free IRA withdrawals for undergraduate, post-secondary vocational, and graduate education expenses. Additionally, taxpayers are given the opportunity to deposit \$500 into an education IRA. Earnings would accumulate tax-free and no taxes will be due upon withdrawal for an approved purpose.
- **Employer-Provided Education Benefits.** Extends Section 127 of the tax code for three years, which allows workers to exclude \$5,250 of employer-provided undergraduate education benefits from their taxable income.
- **Student Loan Interest Deduction.** Allows a deduction for up to \$2,500 per year of interest on education loans for expenses of students enrolled at an institution of higher education. This deduction will be available even if the taxpayer does not itemize deductions.
- **Community Service Loan Forgiveness.** In most circumstances, a loan that is forgiven is considered income and is therefore taxable. To encourage programs that offer loan forgiveness to borrowers who take lower-paying, community-service jobs, the agreement excludes from taxable income both loan amounts forgiven through programs run by nonprofit tax-exempt charitable or educational institutions. Currently, the exclusion generally covers only certain forgiveness arrangements between students and government entities.
- **Repeal Cap on Tax Exempt Bond Issuance by Colleges and Universities.** Repeals the \$150 million bond cap that affects private higher education institutions and certain other charitable institutions. The repeal applies to tax-exempt bonds issued by these institutions to finance new capital expenditures.

## **PRESIDENT CLINTON DELIVERS A BUDGET THAT STRENGTHENS AND PRESERVES MEDICARE**

*The Budget Agreement preserves and strengthens the Medicare program, saving \$115 billion over five years and extending the life of the Medicare Trust Fund for at least ten years. It modernizes Medicare by including new market-oriented reforms that have proved successful in the private sector plus \$4 billion in new preventive benefits. As this agreement strengthens and preserves the Medicare program, it also creates a Medicare Commission to examine the long-term needs of the program so that Medicare will be prepared for the retirement of the baby boomers.*

- ✓ **SAVES APPROXIMATELY \$115 BILLION OVER FIVE YEARS.** Includes about \$115 billion in savings over five years and between \$400-\$450 billion over ten years.
- ✓ **EXTENDS THE LIFE OF THE MEDICARE TRUST FUND FOR AT LEAST TEN YEARS.** This agreement will keep Medicare solvent until at least 2007.
- ✓ **IMPLEMENTS NEW MARKET-ORIENTED REFORMS INCLUDING:**
  - (1) Empowering the Secretary of Health and Human Services to implement competitive market mechanisms;
  - (2) Opening up new options that offer more choice among competing health plans and have proven effective in the private sector, including Preferred Provider Organizations (PPOs) and Provider Sponsored Organizations (PSOs);
  - (3) Providing Americans with meaningful choices by reforming annual Medigap enrollment; and
  - (4) Building on Medicare's success in controlling hospital costs, restructuring the payment systems for home health, agencies, skilled nursing facilities and hospital outpatient departments so that rates are set in advance through a prospective payment system.
- ✓ **INCLUDES \$4 BILLION OVER FIVE YEARS FOR NEW PREVENTIVE BENEFITS.** Expanding coverage for mammograms and colorectal screening and improving self-management of diseases like diabetes.
- ✓ **ENSURES NEW PREMIUM PROTECTIONS FOR LOW-INCOME MEDICARE BENEFICIARIES.** The budget agreement invests \$1.5 billion over five years to pay the premiums for beneficiaries up to 135 percent of poverty. Beneficiaries over 135 percent of poverty to as high as 175 percent of poverty will get assistance as well.
- ✓ **TAKES STEPS TO ENSURE THAT VULNERABLE HOSPITALS ARE PROTECTED.** The Agreement reduces the Medicare Disproportionate Share Hospitals cut from \$2.4 billion in the Senate-passed bill to \$600 million over five years.
- ✓ **ESTABLISHES A MEDICARE COMMISSION.** The agreement creates a 17-member Medicare Commission which contains eight Democrats and eight Republicans and a Chair who will be selected jointly by the President and the Congressional leadership. The Commission will release a report in 1999 and require an 11 of 17 majority to ensure that its recommendations are bipartisan.

## **THE BUDGET AGREEMENT PROTECTED THE PRESIDENT'S PRIORITY PROGRAMS, INCLUDING EDUCATION, ENVIRONMENT AND LAW ENFORCEMENT**

*The Budget Agreement achieved 99% of the President's budget for non-defense discretionary spending over the next 5 years. While priority items are protected, there are \$61 billion of savings in non-defense discretionary outlays over the next 5 years -- a 10% real cut by 2002. These priorities will be ratified in the appropriations process under the budget agreement.*

### **LARGEST INCREASE IN EDUCATION INVESTMENT IN 30 YEARS**

The budget agreement endorsed President Clinton's overall plan for investing in education and training -- \$63 billion more than the Republican plan over five years. With the tax cuts for education, this represents the largest increase in the Federal investment in education in 30 years. The agreement specifically calls for:

- ✓ **Increases funding for Head Start to continue on road to achieve enrollment of 1 million kids in 2002.**
- ✓ **Largest Pell Grant increase in two decades - boosts the maximum 1998 Pell grant from \$2,700 to \$3,000, and expands the program to more poor independent students.**
- ✓ **Adopts the President's budget request to launch a child literacy initiative consistent with his America Reads program.**
- ✓ **Increases funding for bilingual (27% increase) and immigrant education (50% increase).**
- ✓ **Includes all of the \$579 million increase in funding requested by the President in his FY 1998 budget of \$5.3 billion for Training and Employment Services, including Job Corps.**

### **BOLSTERS ENVIRONMENTAL ENFORCEMENT AND KEY PROGRAMS**

- ✓ **Provides a 9% increase for EPA's Operating program which includes research, enforcement, state grants and regulatory programs.**
- ✓ **Doubles the pace of Superfund cleanups, if policy details can be worked out.**
- ✓ **Provides a 6 percent increase for operation of the National Parks, and a more than doubles funding (\$156 million) for Everglades Restoration.**

### **PUTS MORE POLICE ON THE STREET**

- ✓ **Protects funding for the Community Oriented Policing Services (COPS) initiative, which should put 100,000 more police officers on the street by 2000.**

### **URBAN INITIATIVES**

- ✓ **Expansion of Community Development Financial Institution Fund.**

## PRESIDENT CLINTON DELIVERS TAX CUTS TO CLEAN UP AND REVITALIZE URBAN AREAS...

- ✓ **THE BROWNFIELDS TAX INCENTIVE WILL REDUCE THE COST OF CLEANING UP THOUSANDS OF CONTAMINATED, ABANDONED SITES IN ECONOMICALLY DISTRESSED AREAS** by permitting clean-up costs to be deducted immediately for tax purposes. This will, in turn, encourage redevelopment of these areas. The tax incentive will be available for three years. *The Treasury Department estimates that this \$1.5 billion tax incentive would leverage more than \$6 billion for private sector cleanups nationwide, allowing redevelopment of 14,000 brownfields.*
- ✓ **THIS PROPOSAL IS A MAJOR PRIORITY FOR MANY OF AMERICA'S MAYORS.** Chicago Mayor Richard Daley, writing recently on behalf of the U.S. Conference of Mayors, urged Ways and Means Chairman Archer to include the President's Brownfields proposal in the tax bill: "This is a high priority for communities across the nation." [Letter to Chmn. Archer, 6/11/97]
- ✓ **CREATES NEW EMPOWERMENT ZONES.** Under the President's 1993 Empowerment Zones and Enterprise Communities initiative, participating communities develop a strategic plan to spur economic development, and they receive Federal tax benefits, social service grants and flexibility in use of Federal funds in order to put these plans into effect. The EZs and ECs are urban or rural areas with high poverty and unemployment rates.
  - *A Strong Start since 1994.* The 105 communities selected as EZ/ECs in 1994 amassed over \$8 billion in public-private commitments. In the six urban Empowerment Zones, the private sector has made or pledged \$2 billion in new investments.
  - *A Second Round to Build on Successes.* In response, the President proposed, and the bill includes, a second round of EZs -- 15 urban and 5 rural EZs. The new EZs will benefit from a different blend of tax credits from first-round EZs. They will be eligible for the Brownfields tax incentive, special expensing of business assets, and qualification for private-activity bonds.

## ...AND TO MOVE PEOPLE FROM WELFARE TO WORK

- ✓ **A WELFARE-TO-WORK TAX CREDIT.** This provision will give employers an added incentive to hire long-term welfare recipients by providing a credit equal to 35% of the first \$10,000 in wages in the first year of employment, and 50% of the first \$10,000 in wages in the second year, paid to new hires who have received welfare for an extended period. The credit is for two years per worker to encourage not only hiring, but also retention.
- ✓ **\$3 BILLION TO HELP MOVE 1 MILLION PEOPLE FROM WELFARE TO WORK.** Includes President's proposal to create \$3 billion Welfare to Work Jobs Challenge to move long-term welfare recipients into lasting, unsubsidized jobs. These funds can be used for job creation, job placement and job retention efforts, including wage subsidies to private employers, transportation and other critical post-employment support services. The Labor Department will provide oversight but the dollars will be placed in the hands of the localities who are on the front lines of the welfare reform effort.
- ✓ **PRESERVES THE MINIMUM WAGE AND OTHER LABOR PROTECTIONS FOR WELFARE RECIPIENTS MOVING FROM WELFARE TO WORK.** Does not include the House-passed provision to leave workfare participants unprotected by the Fair Labor Standards Act and other employment laws.
- ✓ **PROTECTS WORKERS FROM DISPLACEMENT BY THOSE LEAVING THE WELFARE ROLLS,** and establishes a strong process for workers to raise grievances with an independent agency.

## **PRESIDENT CLINTON FOUGHT TO PROTECT OUR MOST VULNERABLE PEOPLE**

*Several provisions in last year's welfare reform bill had nothing to do with the goals of welfare reform. The President said so at the time and promised to work to correct these provisions. That's why he fought to ensure that any agreement protects the most vulnerable in our society. The President fought to better protect:*

### **CHILDREN**

- ✓ **KEEPING THE MEDICAID GUARANTEE.** Preserves the Federal guarantee of Medicaid coverage for the vulnerable populations who depend on it, and contains additional investments to extend coverage to uninsured children. Also ensures that 30,000 disabled children losing SSI because of the new tighter eligibility criteria keep their Medicaid coverage.

### **LEGAL IMMIGRANTS**

- ✓ **CURRENT RECIPIENTS.** Restores both SSI and Medicaid benefits for immigrants now receiving assistance, ensuring that they will not be turned out of their apartments or nursing homes or otherwise left helpless.
- ✓ **CURRENT RESIDENT NONRECIPIENTS.** Does not change the rules retroactively. Immigrants in the country as of August 22, 1996 but not receiving benefits at that time who subsequently become disabled will also be fully eligible for SSI and Medicaid benefits. The budget will restore benefits to over 350,000 legal immigrants in FY 2002.
- ✓ **REFUGEES AND ASYLEES.** Extends the SSI and Medicaid eligibility period for refugees and asylees from 5 years after entry (the limit in the welfare bill) to 7 years to give these residents more time to naturalize. Adopts Administration proposal to treat Cuban and Haitian entrants and Amerasian immigrants as refugees to preserve benefits for these groups that have endured extraordinary hardships.

### **POOR ELDERLY AND DISABLED, INCLUDING CITIZENS**

- ✓ **RECIPIENTS OF STATE SSI SUPPLEMENTS.** Does not include the House-passed provision that would have repealed the maintenance-of-effort requirement applying to State supplementation of SSI benefits which would have permitted States to reduce or eliminate benefits to almost 3 million poor blind, elderly and disabled individuals.

### **PEOPLE WHO WANT TO WORK BUT CAN'T FIND A JOB**

- ✓ **235,000 MORE WORK SLOTS.** Last year's welfare reform bill restricted food stamps for able-bodied childless adults to only 3 out of every 36 months, unless they were working. This move ignored the fact that finding a job often takes time. The budget bill provides nearly \$1 billion for an estimated 235,000 work slots over 5 years and food stamp benefits to those who are willing to work but, through no fault of their own, have not yet found employment.
- ✓ **ALLOWS STATES TO EXEMPT UP TO 15 PERCENT OF THE FOOD STAMP RECIPIENTS (70,000 Individuals Monthly) WHO WOULD OTHERWISE BE DENIED BENEFITS AS A RESULT OF THE "3 IN 36" LIMIT.**

## AN HISTORIC BALANCED BUDGET: BUILDING ON THE PRESIDENT'S STRONG RECORD OF DEFICIT REDUCTION AND GROWTH

*President Clinton has achieved a balanced budget agreement that includes critical investments in education, health care, and the environment while strengthening and modernizing Medicare and Medicaid -- just as he promised last year. This achievement finishes the job of balancing the budget, a key priority for the President since he took office.*

**ONLY FOUR YEARS AGO.** In 1993, the President inherited a budget deficit of \$290 billion that was expected to explode to over one-half trillion dollars in 2002. A decade of large deficits had weakened the foundation of our economy and sapped our power and prestige abroad. Unemployment was 7.5% in 1992, and job growth was sluggish.

**THE PRESIDENT PASSES HIS 1993 ECONOMIC PLAN.** President Clinton addressed this problem of fiscal instability immediately on a pledge to cut the deficit in half. Working with Democrats in Congress, he implemented an economic program designed to reduce the deficit and to invest in critical priorities, such as education and training. **The 1993 economic plan has exceeded all expectations: the deficit has fallen by more than 75%, dropping for a likely fifth year in a row to \$67 billion or lower in 1997; equipment investment has been the strongest since Kennedy was President; the economy has produced over 12.5 million new jobs; and the unemployment rate this year is the lowest in 24 years.**

**THE PRESIDENT ACHIEVES BIPARTISAN AGREEMENT TO FINISH THE JOB.** The President began his second term determined to fulfill his goal of balancing the budget. As we head into the next century, this bipartisan agreement protects our priorities, solidifies the nation's economic foundation, restores faith in our ability to govern ourselves, and bolsters America's preeminent position in the world economy. The balanced budget agreement includes roughly \$900 billion in 10 year net deficit savings and delivers the first balanced budget in a generation.

The First Balanced Budget in a Generation*		
1993	\$310	\$255
1994	\$302	\$203
1995	\$301	\$164
1996	\$298	\$107
1997	\$347	\$67
1998	\$387	\$90
1999	\$429	\$90
2000	\$475	\$83
2001	\$521	\$53
2002	\$576	\$1 Surplus

**BUDGET STAYS IN BALANCE.** In addition to delivering a balanced budget in 2002, the budget agreement delivers budget surpluses for each of the second five years of the budget window, 2003-2007, putting the nation on a solid fiscal path at a critical time as the baby boom generation edges toward retirement.

Year	Surplus*
2003	\$5
2004	\$20
2005	\$24
2006	\$30
2007	\$34

\* Numbers from the budget agreement. Final Budget numbers from reconciliation still being tallied.

## The Balanced Budget Delivers a Mainstream, Middle Class Tax Cut

### How Typical American Families Will Benefit

#### Example #1

Consider a family of four with an income of \$40,000 a year. The father is a carpenter who makes \$25,000, and the mother works at a local department store and makes \$15,000. They have two children, a son who is 14 and a freshman in high school and a daughter enrolled full-time in her first year at a state university. Her tuition is \$5,000 a year.

This family benefits from the tax cut in at least two ways. They will receive a child tax credit of \$500 for their son, plus a HOPE Scholarship of \$1,500 for their daughter. In total, they will receive a \$2,000 tax cut.

#### Tax Cut

Family of four with two children  
aged 14 and 18 and \$40,000 income:

Child Tax Credit for 14 year old	\$500
HOPE Scholarship for 18 year old	<u>\$1,500</u>
<b>Total tax cut:</b>	<b>\$2,000</b>

\* Tax Year 1999

#### Example #2

Consider a family of three making \$55,000 a year. The father has a degree in accounting and works for a local business in the accounting department. The mother works part-time at the local library. They have one daughter aged 7. The father would like to return to school to prepare for his CPA examination. He is going to attend the local liberal arts college. He has signed up for two courses with total tuition of \$4,000.

This family will receive a \$500 child tax credit for their daughter and an \$800 tuition tax credit to help pay for the father's course work.

#### Tax Cut

Family of three with one child  
aged 7 and \$55,000 income:

Child Tax Credit for 7 year old	\$500
Tuition tax credit	<u>\$800</u>
<b>Total tax cut:</b>	<b>\$1,300</b>

\* Tax Year 1999

### Example #3

Consider a family of three making \$80,000 combined. They have a daughter who is 17 years old and is trying to decide where to go to college. She is leaning towards a private liberal arts school. Her parents are staring at tuition payments in excess of \$10,000 a year for four school years and wondering how they will pay for it.

This tax cut will help. Their daughter will be eligible for a \$1,500 HOPE Scholarship in each of her first two years in college. During her junior and senior years, she will be eligible for a tuition tax credit of \$1,000. (because four school years fall across five tax years she will be eligible for another \$1,000 in the fifth year).

<u>Year</u>	<u>Tuition Tax Credits</u>
1998	\$1,500 Hope Scholarship
1999	\$1,500 Hope Scholarship
2000	\$1,000 Tuition Tax Credit
2001	\$1,000 Tuition Tax Credit
2002	\$1,000 Tuition Tax Credit
<hr/>	
<b>Cumulative Tax Cut to Help Pay for Daughter's Education</b>	<b>\$6,000</b>

### Example #4

A single mother lives with her six year old daughter in California. She's been working as a bank teller for several years and her pay is now \$20,000 a year. Working towards becoming a loan officer, she is taking one course a semester towards a bachelor's degree. Her tuition is \$1,000. This family will receive a \$500 child tax credit for the daughter and a \$200 tuition tax credit.

<u>Tax Cut</u>	
Family of two with one child aged 6 and \$20,000 income:	
Child Tax Credit for 6 year old	\$500
Tuition Tax Credit	<u>\$200</u>
<b>Total tax cut:</b>	<b>\$700</b>

\* Tax Year 1999

# Bipartisan Budget Agreement

May 15, 1997

- I. Bipartisan Budget Agreement between the President and the Leadership of Congress
- II. Summary Tables
- III. Description of Agreement by Major Category
  - A. Discretionary Programs
  - B. Mandatory Programs
- IV. Budget Process
- V. Letters pertaining to tax issues

## **Bipartisan Budget Agreement between the President and the Leadership of Congress**

1. The elements of this Bipartisan Budget Agreement provide for deficit reduction amounts that are estimated to result in a Balanced Budget by fiscal year 2002.
2. The Bipartisan Budget Agreement is approved by the President, the Speaker of the House of Representatives, the Senate Majority Leader, and the Senate Minority Leader. The President and the Congressional leadership agree to engage in a coordinated effort seeking to enact the Bipartisan Budget Agreement. Their coordinated effort shall seek to produce support for the Agreement by a majority of Democrats and Republicans in both the House and the Senate. This agreement represents commitments to good faith efforts; it does not purport to amend or suspend rules of the House or Senate. If bills, resolutions, or conference reports are deemed to be inconsistent, remedial efforts shall be made by all parties to assure consistency. Such efforts shall include bipartisan Leadership consultation and concurrence on amendments and scheduling as necessary.
3. Agreed upon budget levels are shown on the tables included in this agreement, including deficit reduction levels, major category levels for discretionary, mandatory, and tax and receipt changes.
4. Discretionary priority spending will be protected by the amounts set forth in this Agreement.
5. Agreed budget process items will be included in the budget resolution (as appropriate) and reconciliation, and are set forth in the budget process description included in this Agreement.
6. An increase in the debt limit sufficient to extend the limit at least to December 15, 1999 will be included in a reconciliation bill carrying out this Agreement.
7. Both Houses shall pass the 1998 budget resolution with reconciliation instructions fully reflecting the Bipartisan Budget Agreement. Such budget resolution shall contain 602(a) allocations consistent with this Agreement and shall instruct appropriate Committees to report, with or without a recommendation, legislation necessary to implement this Agreement. Conference reports on the reconciliation bills and appropriations bills that reflect the Bipartisan Budget Agreement shall be voted in both houses of Congress.

8. It is the intention of the leaders that Congress shall present the revenue reconciliation bill to the President after the spending reduction reconciliation bill. This assumes a good faith effort by all parties to enable such a legislative process to succeed.
9. If during the reconciliation process it is determined that the target of a balanced budget in fiscal year 2002 cannot be achieved, all parties to the agreement commit to seeking additional savings necessary to achieve balance.
10. To the extent possible, efforts will be exercised to exclude other mandatory savings and appropriations riders unacceptable to the Congressional Leadership or the Administration, as so identified in official Administration announcements, letters, Statements of Administration Policy, or other communications.

MAY-16-97 10:59 FROM:OMB DIRECTOR ID: PAGE 3/3

# Protected Domestic Discretionary Priorities

(Funded at levels proposed in the President's FY 1998 budget.)

## Department of Commerce

- National Institute of Standards and Technology (NIST)

## Department of Education

- Education Reform (includes Technology Literacy Challenge Fund)
- Bilingual and Immigrant Education
- Pell (\$300 increase in 1998 maximum award amount, to \$3,000)
- Child literacy initiatives consistent with the goals and the concepts of the President's America Reads program.

## Department of Health and Human Services

- Head Start

## Department of the Interior

- National Park Service: Operation of the National Park System, Land Acquisition and State Assistance; and Everglades Restoration Fund (including Corps of Engineers)
- Bureau of Indian Affairs, Tribal Priority Allocations

## Department of Labor

- Training and Employment Services, including Job Corps

## Department of Treasury

- Community Development Financial Institution Fund

## Environmental Protection Agency

- EPA Operating Program
- Superfund appropriations will be at the President's level if policies can be worked out.

## Violent Crime Reduction Trust Fund, including COPS

## Spectrum Auctions

(outlay savings in billions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Spectrum	---	-3.5	-3.5	-4.5	-14.8	-26.3	-32.3

Note: Estimates for 1998-2002 were developed by the Congressional Budget Office (CBO). CBO has not formally provided estimates for 2003-2007. Tentative estimates for 2003-2007 are provided.

Four auction proposals and a penalty fee are assumed with expected receipts totaling \$26.3 billion over five years and \$32.3 billion over ten years (CBO scoring).

1. Auction of 78 Megahertz (MHz) of spectrum currently allocated to analog broadcasting: Codify current Federal Communications Commission (FCC) plans to reclaim surplus "analog" broadcast spectrum after broadcasters have migrated to new digital channels.
2. Auction of 36 MHz of spectrum currently allocated to television channels 60-69: 24 MHz will be reserved for public safety uses (e.g., police and emergency vehicle communications).
3. Broaden and Extend FCC Auction Authority: Expand the FCC's current authority to auction non-broadcast spectrum and extend FCC auction authority beyond 1998, when it currently expires. This proposal continues a policy to allocate spectrum via auctions.
4. Auction "Vanity" Toll Free Telephone Numbers: Authorize the FCC to award new generations of toll-free vanity telephone numbers (e.g., 1-888-BALANCE) through an auction.
5. Spectrum Penalty: As authorized by current law, a penalty fee would be levied against those entities who received "free" spectrum for advanced, advertiser-based television services, but failed to utilize it fully.

## Student Loans

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Total, Student Loan savings	- 241	- 240	- 151	- 81	- 1,050	- 1,763	- 1,996

The Agreement provides for outlay savings of \$1.763 billion over five years and \$1.996 billion over ten years from the student loan programs:

- savings will be achieved without increasing costs, reducing benefits, or limiting access to loans for students and their families
- savings will be derived as follows:
  - (a) \$1,000 million over five years from guaranty agency reserves
  - (b) \$603 million over five years, and \$606 million over ten years, from section 458.
  - (c) \$160 million over five years and \$390 million over ten years from elimination of the \$10 per loan fee paid to institutions participating in the direct loan program.

## Civil Service Retirement

(deficit reduction in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Increased Agency Contributions	-597	-591	-586	-582	-577	-2,933	-2,933
Increased Employee Contributions	---	-214	-423	-571	-621	-1,829	-1,985

- Increase agency contributions (except Postal Service and D.C.) for Civil Service Retirement System (CSRS) by 1.51 percentage points effective October 1, 1997 through September 30, 2002.
- Phase in increased employee contributions to the Civil Service Retirement System (CSRS) and Federal Employees Retirement System (FERS).
- Employee contributions would increase 0.25 percentage points January 1, 1999; an additional 0.15 percentage points January 1, 2000; and a final 0.10 percentage points for a total cumulative increase of 0.50 percentage points January 1, 2001. Increased contributions remain in effect through December 31, 2002.
- Legislation provides that agency contributions to FERS would remain unaffected by this change.
- The CBO March Baseline is explicitly assumed for all Civil Service Retirement options, including any potential FEHB options.

## U.S. Postal Service

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
End Transitional Payment for Worker's Compensation	---	-25	-33	-32	-31	-121	-261

- The proposal would repeal the payment to the U.S. Postal Service (USPS) to finance workers compensation benefits for employees injured before the USPS was created in 1971. USPS would be required to pay these costs out of the Postal Fund.

## Veterans Home Loan Benefit Fund

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Allow VA to use refund offset to collect deficiency balances...	-90	0	0	0	0	-90	-90

- This provision would allow VA to collect outstanding VA loan guaranty debts by Federal salary offset or Federal income tax offset. Currently VA is prohibited from using non-VA Federal offsets to satisfy debts unless the debtor consents in writing, or if a court has determined that the debtor is liable to VA for the deficiency.
- This will save the program \$90 million in outlays in the first year of implementation.

## Veterans Compensation Program

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Round down monthly compensation benefits after applying COLA	-23	-51	-88	-101	-128	-391	-1,469

- Authorizes VA to permanently round-down monthly compensation benefit payments to the nearest dollar after applying the annual COLA in each year, an extension of current law.
- The practice of rounding down monthly benefit checks is consistent with all other major pension programs including veterans pensions and military and civilian retirement benefits.

## Medical Care Cost Recovery

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Mandatory Admin. Savings from moving receipts to discretionary	-118	-123	-128	-133	-139	-641	-1,427

- This proposal allows Medical Care to retain user fees to offset the cost of care provided in VA facilities. Currently, all receipts in excess of administrative costs are returned to Treasury. Under this structure, the administrative costs of debt collection are mandatory spending. Allowing the discretionary VA Medical Care account to retain all of these receipts and fund the cost of this activity out of its collections will result in a mandatory savings of \$641 million over five years and \$1,427 million over ten years.

## Veterans Pension Program

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Extension of OBRA Provisions for VA Pensions (See Note 1)	---	-133	-211	-143	-190	-677	-1,866

There are two OBRA savings provisions related to the veterans pension program. The overwhelming majority of the above savings are attributed to the \$90 benefit limit described below.

- This provision extends the current limitation on VA pension benefits to Medicaid-eligible recipients in nursing homes. Under this provision veterans get to keep a greater monthly benefit (the \$90 VA benefit). The full cost of the beneficiaries' nursing home care would be paid by the Medicaid program, where costs are shared with the states.
- This provision extends the authorization for VA to match income information submitted by beneficiaries with IRS and SSA records.

Note 1: The savings reflected in the table are net of Medicaid costs.

## Veterans Housing Benefit Fund

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Extend Loan Asset Sale Authority	-5	-5	-5	-5	-5	-25	-50

- This provision would extend VA's authority to guarantee VA securities issued in the secondary market directly, thereby enhancing their value.
- To cover obligations of VA's home loan program, VA secures its direct or "vendee" loans and guarantees the certificates sold to investors. VA has its own securitization vehicle which issues multiple-class pass-through securities and is taxed as a Real-Estate Mortgage Investment Conduit (REMIC). VA's REMIC currently carries the full faith and credit of the United States.

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Extend Higher Loans Fees/Resale Loss Provisions (OBRA) & increase home loan fees for non-veterans	-11	-228	-227	-224	-219	-909	-1,993

This includes two proposals—extend OBRA provisions and increase the fee for non-veterans financing through "vendee" loans.

- The OBRA provisions permanently extend three provisions that sunset September 30, 1998. This extends VA's authority to:
  - 1) charge borrowers using VA's home loan guaranty program a 2% instead of a 1.25% fee,
  - 2) charge veterans who use the loan guarantee benefit more than once a funding fee of 3 percent to reduce losses, and
  - 3) include expected losses on the resale of foreclosed properties.
- Second, this provision increases the fee for non-veterans using VA's vendee loan program to match FHA fees. When VA takes possession of properties resulting from defaulted veterans loans, the homes are ultimately sold to the general public. VA finances these properties through its vendee loan program, charging fees that are lower than those offered to veterans. This provision would raise these fees to 2.25% -- the same up-front funding fee that the general public pays for FHA loans.

## FHA Assignment Program

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Extend FHA Assignment	-136	-145	-147	-128	-110	-666	-1,126

- This assumes continuation of current law policy to provide FHA with tools to encourage lenders to forbear for only up to 1 year. This would improve the targeting and efficiency of HUD's current program, and allow FHA homeowners experiencing temporary economic distress to stay in their homes.

## Vessel Tonnage Duties

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Extend Vessel Tonnage Fees	---	-49	-49	-49	-49	-196	-441

- This proposal would extend vessel tonnage duties at their current levels through 2002. These duties, which would otherwise be reduced after 1998, are collected by the U.S. Customs Service from commercial vessels entering U.S. ports from foreign ports, based on their cargo-carrying capacity.

## Lease of Excess Strategic Petroleum Reserve Capacity

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Lease Excess SPR Capacity	---	-1	-2	-4	-6	-13	-43

- Proposal would lease excess Strategic Petroleum Reserve storage capacity to foreign nations for storage of their crude oil.
- Proposal assumes that a total of five million barrels of oil are stored with a fee of \$1.20 per barrel.

## Unemployment Trust Fund

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Raise UTF Ceilings	---	---	-200	-208	-216	-624	-624

- Increases the ceilings of the Federal FUTA-funded accounts in the Unemployment Trust Fund to increase trust fund solvency.

## Unemployment Benefits

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
UI Benefits Integrity	-118	-158	-160	-162	-165	-763	-1,658

- Provides savings in mandatory unemployment insurance (UI) benefits due to increased discretionary spending on UI integrity activities (e.g., increased eligibility reviews, tax audits).
- Assumes President's Budget requested level of funding for UI integrity (\$89 million in 1998) is provided in addition to continuing integrity activities already funded in the base UI administrative grants to obtain these savings.

## VA Medical Care Cost Recovery and SSA User Fees

(in millions of dollars)

		1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Estimated spending associated with the VA user fee proposal:								
	BA	604	628	654	681	710	3,277	7,282
	OL	544	620	651	678	707	3,200	7,788
Estimated spending associated with the SSA user fee proposal:								
	BA	35	75	80	90	100	380	1,065
	OL	33	73	80	89	99	374	1,054

The proposals described below are included in the 1998 Budget and are assumed in the Budget Agreement.

### VA Medical Care Cost Recovery Fees

- The 1998 Budget included a proposal to shift existing offsetting receipts from the mandatory side to the discretionary side. The Agreement assumes that Medical Care Cost Recovery fees are available to support domestic discretionary spending associated with VA Medical Care.
- The shift of the offsetting receipts from mandatory spending to discretionary spending has been incorporated into the Budget Committee's adjusted baseline.

### SSA Fees

- The Agreement assumes a proposal to increase existing fees to offset SSA-related spending.

## Earned Income Tax Credit

(deficit reduction savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Earned Income Tax Credit	---	-13	-36	-37	-38	-124	-332

- Treasury announced a package of legislative initiatives in April concurrent with the release of an IRS study on EITC noncompliance levels. Final scoring is not available.
- Other mutually acceptable EITC reforms targeted to reducing noncompliance and fraud may also be considered within these total savings targets.

## The Smith-Hughes Act of 1918

(outlay savings in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Repeat appropriations under Smith Hughes	-1	-7	-7	-7	-7	-29	-64

- Eliminate the mandatory appropriation under the Smith-Hughes Act of 1918 in favor of increased discretionary spending on job training and vocational education in the Administration's GI Bill for America's Workers.
- Eliminating this program would save \$29 million over five years and \$64 million over ten years.
- Activities funded under the Smith-Hughes Act can be supported by the Department of Education's vocational education program.

## Environmental Reserve Fund

(outlay increases in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Spending	10-Year Spending
Orphan share spending	200	200	200	200	200	1,000	2,028

- The proposal would provide new mandatory spending for orphan shares at Superfund hazardous waste cleanup sites. Orphan shares are portions of financial liability at Superfund sites allocated to non-Federal parties with limited or no ability to pay.
- The funds will be reserved for this purpose based on the assumption of a policy agreement on orphan share spending.

## Priority Federal Land Acquisitions and Exchanges

(outlay increases in millions of dollars)

	1998	1999	2000	2001	2002	5-Year Spending	10-Year Spending
Priority Federal Land Acquisitions and Exchanges	300	150	150	100	--	700	700

- Under this proposal, up to \$315 million would be available from the Land and Water Conservation Fund (LWCF) to finalize priority Federal land exchanges in FY 1998 and FY 1999.
- Funding from the LWCF for other high priority Federal land acquisitions and exchanges (totaling \$385 million) would be available in fiscal years 1999 through 2001.
- The funding will be allocated to function 300 as a reserve fund exclusively for this purpose.

# Major Mandatory Programs

## Medicare

(outlay savings in billions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Medicare, net	-6.5	-16.8	-22.7	-29.0	-40.0	-115.0	-434.2

- Reduce projected Medicare spending by \$115 billion over five years.
- Extend solvency of the Part A Trust Fund for at least 10 years through a combination of savings and structural reforms (including the home health reallocation).
- Structural reforms will include provisions to give beneficiaries more choices among competing health plans, such as provider sponsored organizations and preferred provider organizations.
- The Medicare program reforms provide beneficiaries with comparative information about their options, such as now provided Federal employees and annuitants in the FEHB program.
- Maintain the Part B premium at 25 percent of program costs and phase in over seven years the inclusion in the calculation of the Part B premium the portion of home health expenditures reallocated to Part B.
- Reform managed care payment methodology to address geographic disparities.
- Reform payment methodology by establishing prospective payment systems for areas such as home health providers, skilled nursing facilities, and outpatient departments.
- Funding for new health benefits including: (1) expanded mammography coverage; (2) coverage for colorectal screenings; (3) coverage for diabetes self-management; and (4) higher payments to providers for preventive vaccinations to the extent it will lead to greater use by beneficiaries. Invest \$4 billion over five years (and \$20 billion over ten years) to limit beneficiary copayments for outpatient services, unless there is a more cost-effective way to provide such services to beneficiaries as mutually agreed.

## Medicaid

(outlay savings in billions of dollars)

	1998	1999	2000	2001	2002	5-Year Savings	10-Year Savings
Medicaid, net	0.0	-1.5	-2.4	-3.6	-6.2	-13.6	-65.5

- Include net Medicaid savings of \$13.6 billion over five years.
- Net Medicaid savings include a higher match for D.C., an inflation adjustment for programs in Puerto Rico and other territories, Part B premium interactions, and \$1.5 billion to ease the impact of increasing Medicare premiums on low-income beneficiaries.
- The \$13.6 billion in Medicaid savings do not reflect the health care investments for children's coverage, protections for legal immigrants under welfare reform, or the extension of veterans' Medicaid income protections.
- Savings derived from reduced disproportionate share payments and flexibility provisions.
- Include provisions to allow States more flexibility in managing the Medicaid program, including repeal of the Boren amendment, converting current managed care and home/community-based care waiver process to State Plan Amendment, and elimination of unnecessary administrative requirements.

## Immigration, Nutrition Assistance and Work

(outlay increases in billions of dollars)

	1998	1999	2000	2001	2002	5-Year Spending	10-Year Spending
Immigrants	2.2	2.1	2.0	1.6	1.6	9.7	16.5
Nutrition Assistance	0.3	0.3	0.3	0.3	0.3	1.5	3.1
Welfare to Work	0.7	0.7	1.0	0.6	---	3.0	3.0
<b>Total</b>	<b>3.2</b>	<b>3.3</b>	<b>3.4</b>	<b>2.5</b>	<b>2.0</b>	<b>14.2</b>	<b>22.5</b>

### *Immigrants*

- Eligibility for legal immigrants. Restore SSI and Medicaid eligibility for all disabled legal immigrants who are or become disabled and who entered the U.S. prior to August 23, 1996. Those disabled legal immigrants who entered the U.S. after August 22, 1996, and are on the rolls before June 1, 1997 shall not be removed.
- Refugees and asylees. Lengthen the exemption for refugees and asylees from the first 5 years in the country to 7 years in order to provide SSI and Medicaid.

### *Nutrition Assistance*

- Redirect existing food stamps employment and training funds and add \$750 million in new capped mandatory funding to create additional work slots for individuals subject to the time limits.
- Permit States to exempt 15 percent of the individuals who would lose benefits because of the time limits (beyond the current waiver policy), at a total cost of \$0.5 billion.

### *Welfare to Work*

- Add \$3.0 billion in capped mandatory spending through 2001 to TANF, allocated to States through a formula and targeted within a State to areas with poverty and unemployment rates at least 20 percent higher than the State average. A share of funds would go to cities/counties with large poverty populations commensurate with the share of long-term welfare recipients in those jurisdictions.

## Children's Health

(outlay increases in billions of dollars)

	1998	1999	2000	2001	2002	5-Year Spending	10-Year Spending
Children's Health	2.3	2.7	3.2	3.7	3.9	16.0	38.9

- Spend \$16 billion over five years (to provide up to 5 million additional children with health insurance coverage by 2002)
- The funding could be used for one or both of the following, and for other possibilities if mutually agreeable:
  1. Medicaid, including outreach activities to identify and enroll eligible children and providing 12-month continuous eligibility; and also to restore Medicaid for current disabled children losing SSI because of the new, more strict definition of childhood eligibility; and
  2. A program of capped mandatory grants to States to finance health insurance coverage for uninsured children.
- The resources will be used in the most cost-effective manner possible to expand coverage and services for low-income and uninsured children with a goal of up to 5 million currently uninsured children being served.

## Budget Process

- Extend discretionary caps to 2002.
  - Extend and revise discretionary caps for 1998-2002 at agreed levels shown in tables included in this agreement, and extend current law sequester enforcement mechanism.
  - Within discretionary caps, establish separate categories (firewalls) for Defense and Non-Defense Discretionary (NDD) at agreed levels shown in agreement tables for each year 1998-1999 with associated sequester firewall enforcement as provided in BEA for 1990-93.
  - Retain current law on separate crime caps (VCRTF) at levels shown in agreement tables.
  - Extend and update special allowance for outlays; extend existing adjustment for emergencies.
  - Cap adjustment for exchanges of monetary assets, such as New Arrangements to Borrow, and for international organization arrears.
- Extend PAYGO to 2002.
- Revise the asset sales rule, which prohibits scoring the proceeds of asset sales, to score if net present value of all associated cash flows would not increase the deficit; scoring, if allowed, based on cash effect, not NPV.
- The Superfund tax shall not be used as a revenue offset.
- Reduce paygo balances to zero, including those derived from budget agreement.
- Provide for debt limit increase sufficient to extend limit to December 15, 1999.

Congress of the United States

Washington, DC 20515

May 15, 1997

The Honorable William J. Clinton  
President of the United States  
The White House  
1600 Pennsylvania Avenue, N.W.  
Washington, D.C. 20515

Dear Mr. President:

We would like to take this opportunity to confirm important aspects of the Balanced Budget Agreement. It was agreed that the net tax cut shall be \$85 billion through 2002 and not more than \$250 billion through 2007. We believe these levels provide enough room for important reforms, including broad-based permanent capital gains tax reductions, significant death tax relief, \$500 per child tax credit, and expansion of IRAs.

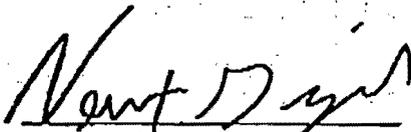

In the course of drafting the legislation to implement the balanced budget plan, there are some additional areas that we want to be sure the committees of jurisdiction consider. Specifically, it was agreed that the package must include tax relief of roughly \$35 billion over five years for post-secondary education, including a deduction and a tax credit. We believe this package should be consistent with the objectives put forward in the HOPE scholarship and tuition tax proposals contained in the Administration's FY 1998 budget to assist middle-class parents.

Additionally, the House and Senate Leadership will seek to include various proposals in the Administration's FY 1998 budget (e.g., the welfare-to-work tax credit, capital gains tax relief for home sales, the Administration's EZ/EC proposals, brownfields legislation, FSC software, and tax incentives designed to spur economic growth in the District of Columbia), as well as various pending congressional tax proposals.

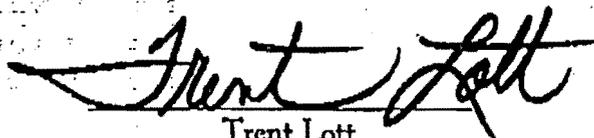

In this context, it should be noted that the tax-writing committees will be required to balance the interests and desires of many parties in crafting tax legislation within the context of the net tax reduction goals which have been adopted, while at the same time protecting the interests of taxpayers generally.

We stand to work with you toward these ends. Thank you very much for your cooperation.

Sincerely,

Newt Gingrich  
Speaker

Trent Lott  
Senate Majority Leader

Congress of the United States  
Washington, DC 20515

May 15, 1997

Mr. Erskine Bowles  
Chief of Staff to  
the President  
The White House  
Washington, D.C. 20502

Dear Mr. Bowles:

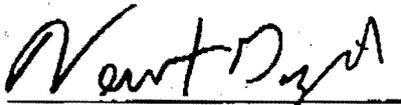

We are writing to express our desire for continued cooperation between Congressional staff and the staff of the various Administration agencies during the development of the current budget agreement.

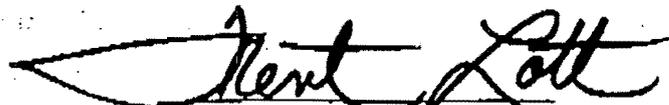

Much of the most difficult work in connection with the budget agreement will involve the development of the revenue provisions that will satisfy the parameters of the agreement. Historically, the staff of the Joint Committee on Taxation has provided technical legal and quantitative support to the House and Senate. The Budget Act *requires* the use of Joint Committee on Taxation revenue estimates. Ken Kies and his staff are committed to facilitating our work on the tax provisions of this budget agreement. You can be assured that they will cooperate with Administration counterparts in receiving Administration input as they carry out their statutory responsibilities.

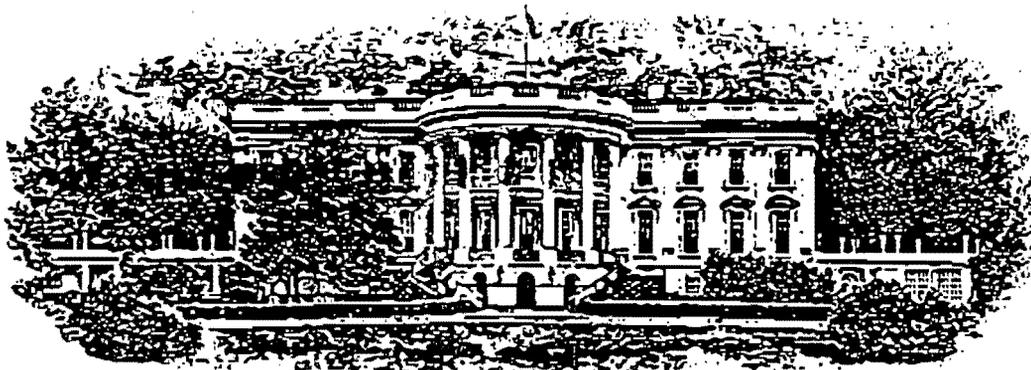

The revenue estimating staffs of the Joint Committee on Taxation and the Office of Tax Analysis at Treasury have a long history of cooperation and communication among analysts. It is our understanding that steps have already been taken to insure that the cooperative efforts of these two staffs will be intensified during the current budget process. It is also our understanding that the professional staffs at the Office of Tax Analysis at Treasury and the Joint Committee on Taxation will consult and share information necessary to understand fully the basis of their revenue estimates and to minimize revenue estimating differences. The proposal shall not cause costs to explode in the outyears.

Now that we have agreed upon the overall parameters of this significant agreement, an inordinate number of details concerning specific provisions must be drafted and analyzed by the JCT and the committees of jurisdiction. We look forward to working with the Administration.

Sincerely,

  
Newt Gingrich  
Speaker

  
Trent Lott  
Senate Majority Leader

Updates on talking points

**TALKING POINTS ON CBO ANALYSIS OF THE PRESIDENT'S FY 1998 BUDGET  
MARCH 4, 1997**

**Yesterday, CBO clearly certified that the President's FY 1998 budget balances in 5 years. (See Table 6 of the CBO document) This is only the second time in 17 years that a budget submitted by a President reaches balance based on both Administration and Congressional estimates. (The first was President Clinton's FY 97 budget)**

**The President Has Fulfilled His Commitment to Present a Budget that Balances Under Both Administration and CBO Estimates.** The bottom line is that CBO certifies that the President's budget reaches balance in 2002. So now both the Administration and CBO have concluded that our budget balances in 2002. The only remaining difference is whether or not we must undertake special measures -- such as a trigger mechanism to cut mandatory (except Social Security) and discretionary spending -- to achieve that goal.

**No Special Measures Will Be Necessary if Our Conservative Economic Assumptions Prove to Be Accurate.** We have a strong record on this front. For four years in a row, the deficit has been lower and growth has been higher than we had predicted. Since we took office, the actual deficit has on average been about \$50 billion lower than we had projected the year before. CBO has been less accurate: they have overestimated the deficit by \$59 billion on average. Furthermore, our current assumptions are equally prudent and conservative. Our estimates of GDP growth and inflation over the next 5 years are precisely the same as the Blue Chip private-sector consensus.

**Even CBO Concedes "Slight Differences" Account for Almost Entire Gap Between Administration and CBO Baselines.** To quote CBO: "*Although the Administration's economic projections are similar to CBO's projections that incorporate the effects of balancing the budget, slight differences in economic outlook essentially account for the entire \$60 billion difference in the baseline projections of the deficit in 2002.*" [CBO, 3/3/97]

**Yesterday, CBO Certified That Special Measures We Have Identified Would Indeed Bring the Deficit Down to Zero.** If our assumptions do not prove correct, we will pursue an expedited process with Congress to agree on how to close any budget gap. If that process breaks down, we have identified contingency measures to reach balance by 2002. Those measures include the sunseting of most of our tax provisions in 2001 and an across-the-board reduction in spending (except Social Security). The discretionary spending reductions would start in 2001 and the reductions in mandatory programs would begin in 2002. Today's CBO study shows that these measures -- which we believe will be unnecessary -- will work to bring the deficit down to zero.

**Look How Far We Have Already Come.** Two years ago, the President and Congress were embroiled in a budget battle that lasted straight into the next year. And unlike any other year since 1981 when the opposing party controlled the Congress, the President's budget has not deemed "dead on arrival." Now, CBO has certified that the President's plan reaches balance by 2002. The President's 1993 plan made the task of balancing the budget easier. That year, President Clinton inherited a record \$290 billion deficit. Four years later, the deficit has been cut 63% and is a smaller share of GDP than any other major economy in the world. Now, it's time to finish the job.

**We Have Put a Real, Credible Plan on the Table.** The President has submitted a balanced budget plan this year that even CBO certifies as being in balance by 2002. If some in Congress want to criticize that plan, they have an obligation to lay out a specific alternative. They should show how they would pay for their tax cuts, what programs they would cut, how much they would invest in education, and how much they would cut Medicare and Medicaid.
