Extent

210 folders, approximately 13,780 pages

Summary

This collection consists of memoranda of conversation (memcons) and memoranda of telephone conversation (telcons) between the President and various foreign heads of state from January 1993 to January 2001. It includes memcons, telcons, as well as talking points, cables, and emails regarding the conversations.

Scope and Content Note

This collection consists of memoranda of conversation (memcons) and memoranda of telephone conversation (telcons) between the President and foreign heads of state from January 1993 to January 2001. The records include memcons, telcons, talking points, cables, and emails. The majority of the records in this collection are closed for national security reasons.

Record Type

Textual

System of Arrangement

Records of this series were found in Clinton Presidential Records: White House Staff and Office Files, National Security Council. This series includes two sections: Memcons and Telcons. This series is arranged chronologically within each section.

Access

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Presidential Records Act (PRA) (44 U.S.C. Chapter 22, as amended) and the Freedom of Information Act (FOIA) (5 U.S.C. 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (17 U.S.C. Chapter 1) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of William Jefferson Clinton’s presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed by

Staff Archivist, 2018. Previously restricted materials are added as they are released.
