System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas — Clinton Presidential Records: White House Staff and Office Files, Clinton Presidential Records: WJC Schedules. White House Staff and Office Files were maintained at the folder level by staff members within their individual offices and documents all levels of administration activity. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
