System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas— Clinton Presidential Records: White House Office of Records Management (WHORM) (OP) and Clinton Presidential Records: WHORM Subject Files The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Subject file was compiled by the White House Office of Records Management and is a series of categories designated by a letter/number combination. In addition, there are WHORM (OP) series. WHORM files are processed at the document level; that is, individual documents are not selected and removed from a folder for processing.
