System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas— Clinton Presidential Records: (SAS) Automated Records Management System [Email]; Clinton Presidential Records: (SAS) Tape Restoration Project [Email]; and Clinton Presidential Records: (SAS) Lotus Notes. The Executive Office of the President (EOP) subsystem of the Electronic Records Archive (ERA) contains electronic records created or received by Clinton Administration officials. These records are stored in Search and Access Sets (SAS) that represent their originating computer program. The Automated Records Management System (ARMS) is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential email. The Tape Restoration Project (TRP) is a database consisting of restored emails from the Automated Records Management System (ARMS) from July 1994 through June of 2000. The TRP is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential email. Lotus Notes is a database that contains files created in the Lotus Notes system. The Lotus Notes system was used as an email management system during the Clinton Administration. This database contains drafts of email, mailing lists, attachments, and other items likely intended for email.

Access
