Summary

These Clinton Presidential Records were declassified in response to a Mandatory Declassification Review request for specific documents from FOIA Case 2011-1037-F (Records related to the Republic of Latvia) withheld under FOIA exemption 1. This request, 2016-0314-M, was split into two segments because of the number of records requested for declassification. This is the first of two segments. Open records include memcons, letters, briefing papers, cables, and emails. Much of the record to be opened in this segment relates to a July 1994 trip that President Clinton took to Riga, Latvia and Warsaw, Poland. Included in this collection are records related to Estonia, Lithuania, and Russia.
