System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas— Clinton Presidential Records: White House Office of Records Management (WHORM) Subject Files, Clinton Presidential Records: White House Staff and Office Files, Clinton Presidential Records: ARMS Emails, and Clinton Presidential Records: TRP Emails, Clinton Presidential Records:

The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Subject file was compiled by the White House Office of Records Management and is a series of categories designated by a letter/number combination.

Staff and Office files were maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

The Automated Records Management System (ARMS) is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential email. The ARMS database is comprised of six sub-series of email records called "buckets." The buckets generally represent a specific White House office. The buckets are titled: NPR for National Performance Review, OPD for Office of Policy Development, POTUS for President of the United States, WHO for White House Office, CEA for Council of Economic Advisers, and Default for emails not associated with an office.

The Tape Restoration Project (TRP) is a database consisting of restored emails from the Automated Records Management System (ARMS) from July 1994 through June of 2000. The TRP is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential record email. The TRP database is comprised of the same six sub-series of email as in ARMS. TRP email are arranged by topic, there-under by bucket, and there-under chronologically by creation date.
