Summary

This collection consists of records related to candidates and potential candidates for the US Circuit Court of Appeals during the Clinton Administration. This collection consists of material from the Counsel's Office files of Doug Band (1995-1999) and Sarah Wilson (1998-2001), including articles, clippings, correspondence, court cases, forms, lists, memoranda, publications, and resumes used in selecting and vetting judicial candidates for nomination to the US Court of Appeals.

Scope and Content Note

The materials in FOIA 2006-1067-F (Segment 5) are a selective body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related material. This collection consists of records related to candidates and potential candidates to the US Circuit Court of Appeals during the Clinton Administration. These records primarily come from the Counsel's Office files of Doug Band (1995-1999) and Sarah Wilson (1998-2001). This collection consists of articles, clippings, correspondence, court cases, forms, lists, memoranda, publications, and resumes used in selecting and vetting judicial candidates for nomination to the US Court of Appeals.

System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas—Clinton Presidential Records: White House Staff and Office File. Staff and Office files were maintained at the folder level by staff members within their individual offices and document all levels of administration activity. Staff and Office files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Access

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Presidential Records Act (PRA) (44 U.S.C. Chapter 22, as amended) and the Freedom of Information Act (FOIA) (5 U.S.C. 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (17 U.S.C. Chapter 1) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of William Jefferson Clinton's presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).
