Summary

This collection consists of reports, memoranda, correspondence, news clippings, and schedules from the files of Ira Magaziner, Senior Advisor to the President for Policy Development. Magaziner assisted in implementing President Clinton’s Health Care Reform initiatives by coordinating policy development for the Task Force on National Health Care Reform. The records include draft reports produced by the working groups Magaziner formed to advise the Task Force.

Scope and Content Note

The materials in FOIA 2006-0770-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA request 2006-0770-F contains materials from the files of Ira Magaziner, Office of Policy Development. Ira Magaziner served as Senior Advisor to the President for Policy Development and assisted in implementing President Clinton’s Health Care Reform initiatives by coordinating policy development for the Task Force on National Health Care Reform; Hillary Rodham Clinton served as its chair. The records in this series include draft reports produced by the numerous working groups Magaziner formed to advise the Task Force. The working groups consisted of experts and professionals in their fields within the health care system, government agency employees, state employees, White House staff, and Congressional staff. The working groups gathered information within their areas of specialty, and reported to the Task Force accordingly. The records also contain memos to Ira Magaziner and others from individuals who were senior advisers on health policy, including members of the Cabinet. The records address the issues of the President’s Health Care Reform Plan, including topics such as proposed health alliances, the National Health Board, Medicare, Medicaid, veterans

benefits, coverage, and payment methods. The records also show how the administration addressed the perception of health care reform by using media opportunities and speaking engagements to inform the general public on the health care issues. The files of Ira Magaziner, Policy Development, contain correspondence, publications, news clippings, memoranda, schedules, and reports.

System of Arrangement

Records that were responsive to this FOIA request were found in Clinton Presidential Records: White House Staff and Office Files. Ira Magaziner’s files within the Office of Policy Development are organized by sub-series: Subject Files, Briefing Books, Legislation, and Reports and Studies. As policy, Staff and Office files are processed at the folder level, meaning that individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. In this case, there are non-health care related folders that were systematically processed as they were contained in the series.

Access

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Freedom of Information Act (FOIA) (% USC 552 as amended) and the Presidential Records Act (PRA) (44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of William Jefferson Clinton’s presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).
