Extent

83 folders, approximately 574 pages

Summary

This collection consists of correspondence between the White House and Congress from July 1993 through December 1993 relating to the Health Care Task Force. The topics covered by this collection are health care form, specifically funding of the new plan, loss of revenue for physicians and individual coverage.

Scope and Content Note

The materials in FOIA 2006-0225-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA request 2006-0225-F contains White House correspondence to and from Congress concerning the Health Care Task Force. Records were considered responsive to this FOIA if they were dated from July 1993 to December 1993. The Task Force on National Health Care Reform was created by President Clinton in January 1993 and was charged with developing a comprehensive national health care reform package. The Task Force was chaired by First Lady Hillary Rodham Clinton. The White House Office of Records Management (WHORM) Alpha Files contain no relevant records. The WHORM Subject Files include letters sent by Congress to the White House on the subject of health care reform and the White House responses to those letters. The majority of the congressional letters were written to express the concerns of their constituents. Topics include funding for health care reform, the possible loss of revenue for physicians, and the plan’s coverage for specific groups: individuals with mental illness, veterans, federal employees, Medicare/Medicaid recipients, etc. The White House Staff and Office Files – CF include a list of meetings between the White House Health Care Interdepartmental Working Group members and members of Congress. The White House Staff and Office Files contain correspondence regarding the maintenance of

records by the Health Care Task Force and various requests by Congress to view those records.

Record Type

Textual

System of Arrangement

Records that were responsive to this FOIA request were found in three collection areas—Clinton Presidential Records: WHORM Subject Files-General, Clinton Presidential Records: White House Staff and Office Files-CF, and Clinton Presidential Records: White House Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. WHORM Subject and WHORM Alpha files are processed at the document level. The WHORM Subject file was compiled by the White House Office of Records Management and is a series of categories designated by a letter/number combination. A complete listing of the categories with detailed descriptions is provided in our research room.

Access

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 22) and the Freedom of Information Act (FOIA) (5 USC 552 as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of William Jefferson Clinton’s presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Topical Subjects

Health care reform
Health care reform--Government policy
White House Health Care Task Force (U.S.)
United States. Health Security Act

Processed by

Staff Archivist, August 2008. Previously restricted materials are added as they are released.
