523 folders, approximately 16,837 pages

Summary

This collection consists of records related to Guam. These records discuss Guam’s political status, proposed legislation (namely the Guam Commonwealth Act), economic development, tourism, the United States Military’s use of land in Guam, immigration, and President William J. Clinton and First Lady Hillary Rodham Clinton’s visits to Guam. This collection consists of correspondence, memoranda, press clippings, reports, and speeches concerning Guam.

Scope and Content Note

The materials in FOIA 2006-0193-F are a selective body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. The Territory of Guam was ceded to the United States by Spain in 1898 as part of the Treaty of Paris. Guam was captured by Japan in 1941 during World War II. The United States fought the Battle of Guam on July 21, 1944 and retook posession of the island. Guam provided the United States with a strategically important base in the Pacific. The Territory of Guam is governed by the Organic Act of Guam, signed into law August 1, 1950. The Organic Act designated the island of Guam as an unincorporated territory of the United States. The Act established executive, legislative, and judicial branches, and transferred Federal jurisdiction of the Island to the Department of the Interior. The 1952 Immigration and Nationality Act granted U.S. citizenship to all Guamanians born after April 11, 1899. In 1968, the Elective Governor Act allowed the people of Guam to choose their governor and lieutenant governor. FOIA request 2006-0193-F consists of correspondence, memoranda, press clippings, reports, and speeches concerning the Territory of Guam. The responsive records cover many topics concerning Guam, but primarily focus on the following: the political status of the Territory, political reform, proposed legislation affecting

the Territory, the proposed Guam Commonwealth Act, economic development, the tourism industry, the United States Military's use of land in Guam, presidential visits to Guam, and immigration policy. A primary concern in this collection is Guam's efforts at obtaining some form of self-rule while maintaining a relationship with the United States. Guam's formal quest for commonwealth status began in 1982 following a referendum vote by the people of Guam to seek Commonwealth status. Negotiations began, and continued in some form, through the Reagan and Bush Administrations and were active during President Clinton's years in office. Under the Clinton administration, federal review of the Guam Commonwealth Bill continued with the assistance of the administration's Special Representatives for Guam Commonwealth. Although the Guam Commonwealth Bill was not passed under this administration, several other bills pertaining to Guam became law under the Clinton administration, including the Guam Excess Lands Act, a bill establishing a standard time zone for Guam, a bill regarding the elections of a delegate from Guam, the Guam Omnibus Opportunities Act, and the Guam Organic Act Amendments of 1998. Also of note are the visits of both First Lady Hillary Rodham Clinton and President Clinton to Guam during the Clinton administration. In September of 1995, the First Lady visited Guam on her way to the Fourth World Conference on Women in China. President Clinton visited Guam and made several public appearances in November of 1998.

Record Type

Textual

System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas—Clinton Presidential Records: White House Office of Records Management (WHORM), Clinton Presidential Records: WHORM Alpha Files, Clinton Presidential Records: WHORM Subject Files, Clinton Presidential Records: WHORM (OP), Clinton Presidential Records: WHORM Various Office, Clinton Presidential Records: WHORM Unclassified NSC Records Management System, Clinton Presidential Records: White House Staff and Office Files, Clinton Presidential Records: Automated Records Management System (ARMS) [Email], Clinton Presidential Records: Tape Restoration

Project (TRP) [Email], and Clinton Presidential Records: NSC Cable, NSC Email, and NSC Records Management System. The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Alpha file was compiled by the White House Office of Records Management from 1993 – 1996 and is a series of documents arranged by name of persons, organizations, and events. The WHORM Subject File was compiled by a letter/number combination. In addition, there are WHORM, WHORM Counsel, WHORM (CL), WHORM (OP), WHORM (Too Late), WHORM (Various Offices); and WHORM (Alpha Project) series. Staff and Office files were maintained at the folder level by staff members within their individual offices and document all levels of administrative activity. WHORM files are processed at the document level; whereas, Staff and Office files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. The Automated Records Management System (ARMS) is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential Records email. The ARMS dataset is comprised of 6 sub-series of email records called "Buckets". The buckets include NPR, OPD, POTUS, WHO, CEA, and Default. ARMS emails are arranged chronologically by creation date. The Tape Restoration Project (TRP) is a database consisting of restored emails from the Automated Records Management System from July 1994 through June of 2000. The TRP is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential record email. The TRP dataset is comprised of 6 sub-series of email records called "Buckets". The buckets include NPR, OPD, POTUS, WHO, CEA, and Default. ARMS emails are arranged chronologically by creation date.

Access

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (17, USC 101) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of William Jefferson Clinton’s presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Geographic Place

Guam

Processed by

Staff Archivist, December 2010. Previously restricted materials are added as they are released.
