## Summary

This collection consists of records concerning the Clinton Administration’s policies on fair housing. The records include memos, letters, speeches, correspondence, and testimonies. The records include material from the Department of Housing and Urban Development (HUD), Cabinet Affairs, and Legislative Affairs. The topics covered by these records include the enforcement of Fair Housing Act of 1968, the Fair Housing Amendments Act of 1988, Community Development Block Grant (CDBG), Housing Opportunities for Persons with AIDS (HOPWA), and HUD’s involvement in Welfare to Work programs. There are also records concerning two secretaries of HUD, Henry Cisneros and Andrew Cuomo.

## Scope and Content Note

The materials in FOIA 2006-0220-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA request 2006-0220-F contains materials from several agencies, White House offices, and individuals, including the Department of Housing and Urban Development (HUD), Cabinet Affairs, Legislative Affairs, and various persons and organizations involved in community development and fair housing issues across the United States. The records show HUD’s involvement in enforcing fair housing laws originating in the Fair Housing Act of 1968, and the Fair Housing Amendments Act of 1988. The records describe HUD’s fair housing programs to provide equity in housing and to combat housing discrimination, including the Community Development Block Grant (CDBG), and Housing Opportunities for Persons with AIDS (HOPWA). The records also reflect HUD’s involvement in Welfare to Work and housing vouchers legislation, and in bringing charges against persons for housing discrimination. The records contain memos and

letters from the Secretaries of HUD, Henry Cisneros (1993-1997) and Andrew Cuomo (1997-2001), to various senior advisors and to the President and the Vice-President, detailing their schedules and HUD's efforts and accomplishments in addressing housing problems across the country. The White House Office of Records Management (WHORM) Alpha File contains few records. The White House Office of Records Management (WHORM) Subject File contains constituent letters expressing concern over the possibility of the elimination of HUD programs due to budget cuts. There are HUD series records in the processed files of the Administration History Project that are responsive to this request. Other previously processed and open material responsive to this request include records from the Press Secretary, The White House Healthcare Interdepartmental Working Group, and the Federal Records: President's Advisory Board on Race. Shadow folders that contain markers pointing to the location of these open records are included in this FOIA. The White House Staff and Office Files contain correspondence, publications, memoranda, speeches, and testimonies.

**Record Type**

Textual

**System of Arrangement**

Records that were responsive to this FOIA request were found in four collection areas – Clinton Presidential Records: WHORM Alpha Files and WHORM Subject Files, Clinton Presidential Records: White House Staff and Office Files, and the previously opened material mentioned above. As policy, Staff and Office files are processed at the folder level, meaning that individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. WHORM Subject and Alpha Files are processed at the document level.

**Access**

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201-2207) and the Freedom of Information Act (FOIA) (5 USC 552 as amended); therefore, records may be restricted in whole or in part in accordance with statutory exemptions.

**Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

**Provenance**

Official records of William Jefferson Clinton’s presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

**Processed by**

Staff Archivist, 2008. Previously restricted materials are added as they are released.
