System of Arrangement

Records that were responsive to this FOIA request were found in four collection areas – Clinton Presidential Records: WHORM Alpha Files, Clinton Presidential Records: WHORM Subject Files, Clinton Presidential Records: Counsel's Office; and Clinton Presidential Records: ARMS Emails. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. WHORM Subject and WHORM Alpha files are processed at the document level. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. The WHORM Alpha file was compiled by the White House Office of Records Management and is a series of documents arranged by name of persons, organizations, or events. Please note that a single asterisk "*" indicates that the category is entirely processed and open
