Summary

The Press series spans Bruce Reed’s tenure in the administration from 1993 through 2000, and includes a compilation of White House News Reports, consisting of news articles from the Washington Post, the New York Times, the Wall Street Journal, and other major news organization publications. The series also includes Presidential Documents published in the Federal Register, press releases, press briefings, and meeting reports. The records in this series include letters, memos, reports, news clippings, and facsimiles.

Scope and Content Note

The materials in FOIA 2010-0383-F are a selective body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA request 2010-0383-F contains material regarding the Office of the Comptroller’s revisions to Part 5 of Title 12 of the Code of Federal Regulations. Part of these changes included allowing “bank operating subsidiaries to engage in activities that had previously not been allowed.” The White House Office Staff and Office Files contain materials responsive to this FOIA. Folders contain fact sheets, memoranda of the Council of Economic Advisors and the Comptroller of the Currency, press releases, publications, and transcriptions of speeches of the Comptroller of the Currency. The majority of these materials date to November 1996.

System of Arrangement

Records that are responsive to this FOIA request were found in these collection areas-- Clinton Presidential Records: White House Staff and Office Files. Staff and Office files were maintained at the folder level by staff members within their individual offices and document all levels of administration activity. Staff and Office files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Access

Collection is open to all researchers. Access to Clinton Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of William Jefferson Clinton’s presidency are housed at the Clinton Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Staff Archivist, 2011. Previously restricted materials are added as they are released.
