**System of Arrangement**

Records that are responsive to this FOIA request were found in the following collection areas – Clinton Presidential Records: White House Office of Records Management (WHORM) Subject Files; Clinton Presidential Records: Electronic Daily Diary; Clinton Presidential Records: Automated Records Management System [Email]; Clinton Presidential Records: NSC Cable, Email, and Records Management System. The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Subject file was compiled by the White House Office of Records Management and is a series of categories designated by a letter/number combination. WHORM files are processed at the document level. The Electronic Daily Diary is a log of the President’s daily activities and is arranged chronologically by date. The Automated Records Management System (ARMS) is a database that contains email records of the Executive Office of the President. This system maintained unclassified Presidential email. The ARMS database is comprised of six sub-series of email records called "buckets." The buckets generally represent a specific White House office. The buckets are titled: NPR for National Performance Review, OPD for Office of Policy Development, POTUS for President of the United States, WHO for White House Office, CEA for Council of Economic Advisers, and Default for emails not associated with an office. FOIA 2014-0595-F includes WHORM records from these subject codes: CO148 Serbia - Montenegro.
