Summary of Conclusions

It was agreed:

1. Political Process:

a. State will prepare press guidance and other necessary steps to react should the Haitian military and members of the Haitian Parliament install an illegitimate government.

b. State will raise the proposed French UNSC "political" resolution at the foreign minister level later this week, with a view to having it sidelined.

c. NSC and State will prepare a political actions plan encompassing recommendations for Special Advisor Gray's activities and other measures to increase pressure on the Haitian military. (S)

2. Sanctions:

a. Leon Feurth will chair an interagency task force on sanctions enforcement that will meet initially on 11 May. Relevant agencies should identify their representative to the task force and cooperate actively in its work.

b. NSC will circulate a decision paper on a unilateral commercial airline sanction. The paper will address questions raised, including how USG personnel would move in and out of Haiti. State will ask Ambassador Swing on his views about how best to implement such a measure.

c. The Haiti Sanctions Task Force will examine the possibility of freezing all private financial transactions by Haitians domiciled in Haiti. (S)

3. Migration:

a. Locating the MPC: Our priorities for locating a Migrant Processing Center (MPC) are:

-- ashore (in the Dominican Republic, Turks and Caicos, or Jamacia);

-- at a dock in those locations

-- at sea (although there are logistical problems that the Haiti Migrant Task Force should examine). (S)

The Task Force should pursue the ashore, at dock, and afloat options simultaneously. (S)

b. Diplomatic Activity on the MPC: A Presidential envoy will go to the Dominican Republic next week to discuss sanctions enforcement, citing the MPC, and US assistance programs. A senior level approach will be made to the UK regarding Turks and Caicos as a site for the MPC.

c. Third Country Resettlement: A Secretary of State letter will be sent immediately to possible third countries asking them to afford refugee status or safe haven status to some number of Haitians seeking protection. For the less wealthy countries, we will note that funds for resettlement will be available through UNHCR. The US will make funds available to the UNHCR for this

CLINTON LIBRARY PHOTOCOPY

purpose. The Task Force will examine further how much money will be needed and where it should come from. A second communications will be sent to these countries after we know more about the location of the MPC and the role of UNHCR.

d. Operation of the MPC: DOD will be the "landlord" for the MPC and will contract with a commercial cruise ship immediately. As landlord DOD will arrange for the operation of the logistics and security of the center. State, with support from INS, will administer the migrant processing. USCG will transport migrants to the MPC and (for those being returned) back to Haiti. These roles are without prejudice to a later decision on what agency should pay for various MPC related costs. The Task Force will examine further agency role on medical support.

P1/(b)(1)

f. Follow-on Work: The Task Force should examine North Coast sites for returning migrants and expansion of in-country processing, including a possible additional in-country processing center. (S)

Summary of Conclusions

It was agreed that the Safehaven plan would be initiated immediately by:

1. An Announcement by Bill Gray on 5 July concerning initiation of Safehaven. (U)

2. Immediate broadcasting of this information on VOA and through USIS on Haitian commercial radio stations. USCG cutters may inform boat migrants of the policy, so that those who have boats capable of taking them back to Haiti may choose to return directly rather than go to Guantanamo. ~~(S)~~

3. Consultations with Jamaican government on decision that all Haitians at MPC-Kingston who have not yet been screened for political refugees status be instead interviewed for safehaven, beginning on 5 July. (C)

[redacted] P1/(b)(1)

5. The approximately 400 Haitian migrants at Guantanamo and Jamaica who have already been given US political refugee status (based upon interviews at MPC-Kingston) would be resettled in the US. (C)

6. In country processing for political refugee status in the US would continue in Haiti, with additional staff sent to Haiti for this purpose. (C)

7. MPC-Kingston would perhaps go into stand by status once the current wave effect has been diminished. MPC-Grand Turk would be completed in mid-July. These two facilities would be used if the capacity at Guantanamo is exceeded, or if weather conditions precluded operations at Guantanamo. (S)

8. Temporary sites at US bases in Panama would open at a rate of 2500 a week, growing to 10,000 by the second week in August. At the same time, the US, Panama, and UNHCR would plan for a follow-on facility elsewhere in Panama. NSC will lead a team to negotiate an MOU with Panama. (S)

9. Expansion of Guantanamo would continue from its current capacity to 20,000. (U)

This PC was held; however, there was no SOC or minutes, it resulted directly in a memo to the President. That memo summarized the PC decisions, recommended POTUS decisions, was #30189.

Larry -

As you may know, I track PC/DC meetings. I need your help on one from last month. The computer tells me that we sent a notification for a 2 August PC on Haiti but I show nothing more on this meeting, leading me to believe that it may have been postponed or cancelled. Can you look in your records and tell me whether it took place? I usually use a summary of conclusions and/or minutes to confirm this but I can find neither in this case. Can you help me?

- Kyle

Subject: RE: Package 20923 [UNCLASSIFIED]

I just spoke with Felicia in NESA. She said that the meeting will be rescheduled shortly, so they would like to just re-submit the package under the same number. I told her that was fine and to make sure she sends back to WWD all of the originals that she has related to this package.

So, I guess the long answer to this is probably FRO rather than FFA so that it doesn't get lost in the shuffle.

Summary of Conclusions

Subject to confirmation by the Principals Committee it was agreed to:

- Maintain the momentum toward possible NATO air strikes, using the coming week to develop a consensus among allies on the nature and timing of a NATO decision the following week. (Action: State) (S)
- Rather than seeking a NATO ultimatum, to press NATO to be ready to initiate air operations "at times and places of our own choosing" if Milosevic fails to comply with requirements already established by the UN, NATO and Contact Group. (Action: State) (S)
- To use the coming week to finalize military preparations, including by securing NAC authorization to issue an Activation Request (ACTREQ) for all air options, ensuring that targeting is based on the objectives agreed by the PC and developing a "lighter" ground option for implementation of a peace settlement. (Action: State, DoD) (S)
- To pursue other ways to leverage Milosevic, including military-to-military contacts with General Perisic. (Action: State, DoD) (S)
- To continue to develop further humanitarian relief strategies for best-case and worst-case scenarios. (Action: State, USAID) (S)
- (b)(1)
- To explain our objectives and efforts to the Organization of the Islamic Conference (OIC). (Action: State) (S)
- To initiate an intensive effort over the coming week to develop Congressional and public support. (Action: All) (S)

Summary of Conclusions

Subject to confirmation by the Principals Committee it was agreed to:

- Maintain the momentum toward possible NATO air strikes, using the coming week to develop a consensus among allies on the nature and timing of a NATO decision the following week. (Action: State) (S)

- Rather than seeking a NATO ultimatum, to press NATO to be ready to initiate air operations "at times and places of our own choosing" if Milosevic fails to comply with requirements already established by the UN, NATO and Contact Group. (Action: State) (S)

- To use the coming week to finalize military preparations, including by securing NAC authorization to issue an Activation Request (ACTREQ) for all air options, ensuring that targeting is based on the objectives agreed by the PC and developing a "lighter" ground option for implementation of a peace settlement. (Action: State, DoD) (S)

- To pursue other ways to leverage Milosevic, including military-to-military contacts with General Perisic. (Action: State, DoD) (S)

- To continue to develop further humanitarian relief strategies for best-case and worst-case scenarios. (Action: State, USAID) (S)

(b)(1)

- To explain our objectives and efforts to the Organization of the Islamic Conference (OIC). (Action: State) (S)

- To initiate an intensive effort over the coming week to develop Congressional and public support. (Action: All) (S)

Summary of Conclusions

It was agreed that:

- Ambassadors Hill and Walker should see Milosevic as soon as possible to press for (1) the withdrawal from Kosovo of MUP reinforcements normally based outside Kosovo and (2) the withdrawal of all MUP from Malisevo. The two ambassadors should also continue to press the UCK leadership to exercise

restraint in Malisevo and elsewhere to facilitate these withdrawals. **(Action: State)** (C)

- Early development of local police to replace the MUP remains a priority. Prior to the election of local Kosovar authorities, newly-constituted local police should be community-based with an appropriate link to the OSCE mission. **(Action: State.)** (C)

- A political settlement should provide for elections as soon as conditions permit and the necessary OSCE implementing structure can be put in place. To achieve the aim of early elections, a thorough voter registration campaign may need to take the place of a pre-election census. **(Action: State)** (C)

- Ambassador Hill should aim to conclude an interim political settlement prior to the end of December. The goal is a settlement endorsed by the Contact Group and agreed by representatives from Belgrade and a broad spectrum of the Kosovar Albanian community. As a fallback, Ambassador Hill should be prepared to press Belgrade to enact unilaterally the contents of the agreement as an elaboration of Milutinovic's 11-point declaration of October 13th. The DC will meet with Ambassador Hill in early December to provide instructions prior to the final negotiations. **(Action: State, NSC)** (S)

- The ExComm should:
  - determine how best to coordinate contacts with UCK representatives;
  - provide an assessment of the full range of inducements and penalties available for dealing with the UCK.

to the Kosovar Albanians as a "basis" for negotiations rather than as a "take-it-or-leave-it" proposition. While Ambassador Hill should try to conclude an agreement by the time of the U.S.-EU Summit, we should not make this a deadline or raise undue expectations. (Action: State) (S)

- To prepare for the possibility of an agreement not being reached by the end of the year, the ExComm should examine the feasibility of:
  - preparing to conduct elections as soon as possible after signature of a political settlement early next year;
  - conducting elections prior to a signed agreement with the aim of broadening Kosovar Albanian support for and participation in the negotiating process. (Action: ExComm) (S)
- The USG press line on FRY democratization should be reviewed to strike the right balance between promoting political pluralism and supporting our negotiating strategy. (Action: NSC, State) (S)
- Deputies should review USG strategy toward Montenegro, which should seek to:
  - (b)(1)
  - advance democracy and the independent media;
  - avoid any perception that the USG is encouraging secession. (Action: NSC, State) (S)

Summary of Conclusions

It was agreed that:

- USG strategy must not rely on the OSCE's Kosovo Verification Mission (KVM) managing a series of crises like the present one

involving the seizure of eight VJ soldiers by the Kosovo Liberation Army (KLA). The USG should use a successful resolution of the current crisis to convince all sides of their mutual interest in (1) taking steps to avoid further incidents, (2) cooperating with KVM, and (3) pursuing positive change on the ground and an interim political settlement. (Action: State) ~~(S)~~

- The three-track strategy described in the State Department paper should be presented to NSC Principals after being modified to reflect the Deputies' discussion. The revised paper should:

  - describe and assess the following two options for the negotiations: (1) continuing to focus on an interim political settlement; or (2) shift emphasis to pursuing the incremental implementation of a settlement based on the commitments already made by Belgrade;

  - describe and assess two broad options for handling the KLA: (1) seeking to co-opt KLA moderates and isolate the extremists by creating positive change on the ground and offering to bring the KLA into the political process; or (2) threatening to apply negative pressure if the KLA fails to abide by the cease-fire, cooperate with KVM or allow negotiations to proceed; and,

  - identify which elements are currently funded or unfunded. (Action: State) ~~(S)~~

- The USG should consider what strategy to pursue if conditions deteriorate to the point that the three-track strategy described in the State Department paper can no longer be implemented and consideration must be given to the withdrawal of KVM. (Action: NSC) ~~(S)~~

involving the seizure of eight VJ soldiers by the Kosovo Liberation Army (KLA). The USG should use a successful resolution of the current crisis to convince all sides of their mutual interest in (1) taking steps to avoid further incidents, (2) cooperating with KVM, and (3) pursuing positive change on the ground and an interim political settlement. (Action: State) ~~(S)~~

- The three-track strategy described in the State Department paper should be presented to NSC Principals after being modified to reflect the Deputies' discussion. The revised paper should:

  - describe and assess the following two options for the negotiations: (1) continuing to ~~pursue~~ focus on an interim political settlement; or (2) ~~immediately~~ shifting emphasis focus on to pursuing the incremental implementation of a settlement based on the commitments already made by Belgrade;

  - describe and assess two broad options for handling the KLA: (1) seeking to co-opt KLA moderates and isolate the extremists by creating positive change on the ground and offering to bring the KLA into the political process; or (2) threatening to apply negative pressure if the KLA fails to abide by the cease-fire, cooperate with KVM or allow negotiations to proceed; and,

  - identify which elements are currently funded or unfunded. (Action: State) ~~(S)~~

- The USG should consider what strategy to pursue if conditions deteriorate to the point that the three-track strategy described in the State Department paper can no longer be implemented and consideration must be given to the withdrawal of KVM. (Action: NSC) ~~(S)~~

- The USG should press NATO:

  - to issue a statement condemning the massacre at Racak, demanding that the FRY cooperate with an ICTY investigation and comply with its previous commitments to the OSCE and NATO, and recalling that the NATO Activation Orders for air operations remain in effect;

  - to dispatch Generals Clark and Naumann to Belgrade to impress upon President Milosevic the gravity of the situation and NATO's expectations and to report back to the NATO Council;

  - to ask General Clark to brief the NATO Council on his updated planning for air operations. (Action: State) (S)

- Objectives for NATO air operations should remain basically unchanged, i.e., to degrade Belgrade's ability to conduct repressive security operations in Kosovo. The majority of targets in the Limited Air Response should be in Kosovo, although a number of facilities elsewhere in Serbia that support operations in Kosovo should also be targeted. (Action: JCS) (S)

- A pol-mil timing plan for air strikes should be developed. (Action: NSC) (S)

- The USG should discourage the United Kingdom from calling for an early meeting of the UN Security Council to avoid undercutting our efforts in NATO. (Action: State) (S)

- Congressional leaders and staff should be informed of the current situation and the U.S. response. (Action: NSC, State, DOD, CIA) (U)

of the OSCE Kosovo Verification Mission (KVM) would cause the United States to withdraw its participation from KVM and that this would inevitably lead to the full withdrawal of the mission. (Action: NSC) (S)

- The Deputies would propose for the PC's consideration the following four options based on the assumption that Milosevic refuses NATO's demands:

  - securing NATO support to issue an ultimatum, backed by the threat of air strikes, in order to strengthen KVM's authority and secure Belgrade's commitment to cooperate with the ICTY and to proceed with "Track II" of our strategy, including local police and local elections;

  - committing NATO to deploy a military force to assist the KVM in implementing an interim political settlement once agreed by the parties;

  - using air and if necessary ground forces to impose an interim settlement;

  - (b)(1)

- Sub-options of the fourth option should be further developed. (Action: NSC) (S)

Summary of Conclusions

It was agreed that:

- Ambassador Walker should remain in place, despite Belgrade's declaring him persona non grata, as long as Belgrade does not seek to hinder his ability to perform his functions or endanger him physically. (Action: State) (S)

- Ambassadors Hill and Pardew should meet with Milosevic and deliver U.S. requirements for "status quo ante plus." (Action: State) (S)

- USG should use the meeting of Contact Group political directors to build consensus for USG strategy. (Action: State) (S)

- USG should aim to have the NAC agree to issuing an ultimatum on Saturday, January 23. The NAC decision should authorize SACEUR to conduct air operations after 96 hours unless there is a NAC decision to stop these operations. The USG would ask SYG Solana and General Clark to deliver the ultimatum to Belgrade. (Action: State) (S)

- Further consideration should be given to options for the "day after" air strikes if the ultimatum does not succeed in securing NATO's requirements. (Action: NSC) (S)

- Ambassador Walker should remain in place, despite Belgrade's declaring him persona non grata, as long as Belgrade does not seek to ~~remove~~ hinder his ability to perform his functions or endanger him physically. (Action: State) ~~(S)~~

- Ambassadors Hill and Pardew should meet with Milosevic and deliver U.S. requirements for "status quo ante plus." (Action: State) ~~(S)~~

- USG should use the meeting of Contact Group political directors to build consensus for USG strategy. (Action: State) ~~(S)~~

- USG should aim to have the NAC agree to issuing an ultimatum on Saturday, January 23. The NAC decision should authorize SACEUR to conduct air operations after 96 hours unless there is a NAC decision to stop these operations. The USG would ask SYG Solana and General Clark to deliver the ultimatum to Belgrade. (Action: State) ~~(S)~~

- Further consideration should be given to options for the "day after" air strikes if the ultimatum does not succeed in securing NATO's requirements. (Action: NSC) ~~(S)~~

- a FRY agreement to accept the Hill-Petritsch draft interim settlement;

- a statement to Milosevic that, unless he agrees to these conditions, NATO will use force to achieve compliance;

- Accepting proposal to add 1,000 VJ border forces as long as they are command and control/logistics personnel and COMKFOR is authorized to review the situation in 90 days;

- Accepting a flexible 5km security zone;

- Accepting deletion of reference to ICTFY as long as the overall agreement retains reference to compliance with the Tribunal and it is understood that KFOR has the right to assist it in fulfilling its investigative and judicial responsibilities in Kosovo;

- Supporting UK proposal inviting the UN Security Council to endorse the Framework Agreement if necessary to secure support for Annex 1A; and

- The United States will break silence on NATO's Concept of Operations to clarify responsibilities between KFOR and KVM and ensure that key and supporting military tasks are consistent with the January 29 Principals' decision. (S)

- Public security issues should be addressed by establishing an Multinational Specialized Unit (MSU) under KFOR command and control and clarifying KVM authorities, as well as -- if feasible -- arming monitors and setting up contact teams. Annex 2 should be adjusted as necessary and be ready to table on February 10. (S)

- JCS, DOD and OMB should work to refine the projected number of forces that would be required to implement a peace agreement, likely force structure, possible U.S. troop contribution and associated costs for review by Deputies and Principals. (S)

- Agencies should analyze the implications of the Roberts Amendment on preparations for a possible U.S. force contribution. (S)

- The next round of consultations with the Hill should take place this week and confirm that the decision whether to commit U.S. forces depends upon whether there is a satisfactory peace agreement to implement; provide Congress more information about the force structure, projected U.S. troop contribution and costs; and describe our exit strategy. - Accepting proposal to add 1,000 VJ border forces as long as they are command and control/logistics personnel and COMKFOR is authorized to review the situation in 90 days;

- Accepting a flexible 5km security zone;

- Accepting deletion of reference to ICTFY as long as it is understood that KFOR has the right to assist the Tribunal in fulfilling its investigative and judicial responsibilities in Kosovo;

- Supporting UK proposal inviting the UN Security Council to endorse the Framework Agreement if necessary to secure support for Annex 1A; and

- The United States will break silence on NATO's Concept of Operations to clarify responsibilities between KFOR and KVM and ensure that key and supporting military tasks are consistent with the January 29 Principals' decision. (S)

- Public security issues should be addressed by establishing an Multinational Specialized Unit (MSU) under KFOR command and control and clarifying KVM authorities, as well as -- if feasible -- arming monitors and setting up contact teams. Annex 2 should be adjusted as necessary and be ready to table on February 10. (S)

- JCS, DOD and OMB should work to refine the projected number of forces that would be required to implement a peace agreement, likely force structure, possible U.S. troop contribution and associated costs for review by Deputies and Principals. (S)

- Agencies should analyze the implications of the Roberts Amendment on preparations for a possible U.S. force contribution. (S)

- The next round of consultations with the Hill should take place this week and confirm that the decision whether to commit U.S. forces depends upon whether there is a satisfactory peace agreement to implement; provide Congress more information about the force structure, projected U.S. troop contribution and costs; and describe our exit strategy. Summary of Conclusions

It was agreed that:

- We should continue efforts to persuade the French to drop their proposal to specify in Annex 1A that the UN Security Council is invited to authorize the establishment of KFOR. We should also continue to work with the UK and France to find a mutually acceptable alternative formulation. (Action: State) ~~(S)~~

- Provisions concerning the drawdown of VJ/MUP forces and KLA forces should parallel each other as much as possible. (Action: USDEL Rambouillet) ~~(S)~~

- Preliminary estimates suggest a potential U.S. force contribution of just under 4,000 at a cost of $900 million to $1.3 billion for FY-99 and $1.1 to 1.7 billion for FY-2000. Civilian costs would likely constitute another 10 percent. ~~(S)~~

Summary of Conclusions

It was agreed that:

- Embassy Belgrade and USDEL Rambouillet should protest in the strongest terms our concern about incidents directed against KVM. (Action: State) ~~(C)~~

- Options for addressing a negative answer from both sides on the proposed settlement should be presented to Principals for decision and include (1) close down Rambouillet and limit our engagement; (2) close down Rambouillet and have Chris Hill return to the region; (3) continue Rambouillet; and (4) change terms of negotiation. (Action: NSC) ~~(S)~~

- Given concern about a possible Serb offensive, a proposal to approach Milosevic with an offer to crackdown on sources of KLA funding and weapons in exchange for his drawing down to the VJ and MUP levels specified in the October 1998 agreements should be presented to Principals for review. Summary of Conclusions

It was agreed that:

- Embassy Belgrade and USDEL Rambouillet should protest in the strongest terms our concern about incidents directed against KVM. (Action: State) ~~(C)~~

- Options for addressing a negative answer from both sides on the proposed settlement should be presented to Principals for decision and include (1) close down Rambouillet and limit our engagement; (2) close down Rambouillet and have Chris Hill return to the region; (3) continue Rambouillet; and (4) change terms of negotiation. (Action: NSC) ~~(S)~~

- Given concern about a possible Serb offensive, a proposal to approach Milosevic with an offer to crackdown on sources of KLA funding and weapons in exchange for his drawing down to the VJ and MUP levels specified in the October 1998 agreements should be presented to Principals for review. contained in the State Department paper on "Getting to March 15." This should include:

- using Senator Dole's visit to Kosovo, a KLA visit to Washington and outreach to Albanian-Americans to help confirm Kosovar Albanian agreement to the interim settlement prior to March 15;

- continuing to put pressure on Belgrade, including through the dispatch of senior-level envoys, independent of the position of the Kosovar Albanians; and

- continuing to link the threat of air strikes to both agreement on an interim settlement and FRY compliance with its October commitments. (Action: State, DOD)

Summary of Conclusions

It was agreed that:

- The USG should lay the groundwork for a NATO statement indicating that Serb intransigence at Evreux would provide justification for air strikes. At the same time, the USG should ensure that NATO retains Serb non-compliance with its October commitments as a separate justification for air strikes, while signaling that agreement to the interim settlement is the best way for Belgrade to come into compliance. (Action: State) ~~(S)~~

- The USG should continue to insist on a NATO-led implementation force. (Action: State) ~~(S)~~

- The USG should ensure that Contact Group allies take a common approach in dealing with the FRY, using the following day's "quad" meeting in Brussels and contacting the German MFA prior to Foreign Minister Fischer's planned trip to Belgrade. (Action: State) ~~(S)~~

- NSC Principals will need to consider how to notify Congress prior to the deployment to Macedonia of U.S. personnel in NATO's ACE Rapid Reaction Corps headquarters. (Action: NSC) ~~(S)~~

Summary of Conclusions

Principals agreed that a political resolution of the conflict in Kosovo should be based on the following principals outlined in State papers(*):

1. Kosovar autonomy within FRY, with separate parliament and executive, police and judiciary, and representation at Federal level;

2. Links to Serbia, including joint Serbia-Kosovo bodies to address economic, cultural, and religious affairs;

3. Guarantees for the protection and welfare of minorities;

4. Democratic elections for offices in Kosovo and at Federal level;

P1/(b)(1)

6. Protection from Federal level action on issues declared to by Kosovo to affect its fundamental interests;

7. International guarantees, including the phased lifting of sanctions against FRY linked to implementation of the agreed political resolution, the application of new sanctions or other punitive measures against parties obstructing implementation, and international monitoring of all aspects of compliance.

Principals agreed that the U.S., working with the Contact Group and other allies and partners, should lead international efforts to achieve political resolution based on these principles by:

- Seeking to establish a climate for negotiation through cessation of violence, elimination of checkpoints and other obstacles to freedom of movement by all parties, withdrawal of FRY and Serbian security forces to barracks or from Kosovo, withdrawal of Kosovar fighters to designated areas, full international monitoring of the ceasefire;

- increasing pressure against Milosevic through international sanctions P1/(b)(1) P1/(b)(1) and strengthening the Kosovar team by broadening participation and bringing the UCK into the political process;

- Facing the parties with a full range of incentives and disincentives to encourage them to accept the package of principles as the basis for a negotiated resolution, notionally including:

  For Milosevic -- *sticks*: a full range of punitive measures not limited to continued and additional

CLINTON LIBRARY PHOTOCOPY

international sanctions -- *carrots*: phased lifting of sanctions and normalization of international relations linked to implementation of the agreement;

For Kosovars -- *sticks*: no protection from proportionate FRY/Serbian response to violent provocations, disruption of UCK financing and logistics, lifting of UNSCR 1160 to permit re-supply of FRY/Serbia weapons -- *carrots*: a place at the table for political representatives of UCK;

- Holding a decisive peace conference outside FRY, under U.S. leadership, to conclude the negotiated resolution.

Principals agreed that, to support the above peace strategy:

- plans should be drafted immediately to build up around Ibrahim Rugova a negotiating team that can credibly speak for the Kosovar side; planning must propose how the Kosovo Liberation Army (UCK) can be brought into the political process, including concrete incentives and disincentives (action: State); (S)

- plans should be drafted immediately to further increase pressure on Milosevic to suspend violence and engage seriously in negotiations including further sanctions, such as a visa-ban on senior FRY and Serbian government officials responsible for repression, P1/(b)(1)

P1/(b)(1)

In this context:

P1/(b)(1)

-- Milosevic should be offered no relief from sanctions or other concessions at this time. (S)

Principals agreed that, working with Russia and other Security Council members, the U.S. should seek a UNSC resolution endorsing international observers in Kosovo, if possible under Chapter VII (action: State).

CLINTON LIBRARY PHOTOCOPY

Principals agreed on urgent consultations with key allies, especially UK and France, with a view to establishing a legal basis for possible NATO action in Kosovo not requiring UN authorization (action: State and USUN).

Principals agreed to continue accelerated NATO contingency planning; in that context, an assessment should be prepared immediately considering possible triggers or thresholds for NATO action, as well as what force might accomplish the mission without creating a destabilizing one-sided military vacuum (action: DoD).

Principals agreed that a Congressional strategy should be prepared immediately (action: NSC).

*NOTE: In some instances, general conclusions have been fleshed out, where consistent with interagency thinking. Please advise NSC if it is felt this may not be the case.

* In some instances, general conclusions have been fleshed out, where consistent with interagency thinking. Agencies should advise NSC if this is not the case.

Summary of Conclusions

outlined in State papers: *

Principals agreed that a political resolution of the conflict in Kosovo should be based on the following principals:

1. Kosovar autonomy within FRY, with separate parliament and executive, police and judiciary, and representation at Federal level;

Reason: 1.5(a),(d)
Declassify on: April 9, 1998

* On some instances, we have fleshed out the general conclusion where we believe it is consistent with interagency thinking.

2. Links to Serbia, including joint Serbia-Kosovo bodies to address economic, cultural, and religious affairs;

3. Guarantees for the protection and welfare of minorities;

4. Democratic elections for offices in Kosovo and at Federal level;

(b)(1)

6. Protection from Federal level action on issues declared to by Kosovo to affect its fundamental interests;

7. International guarantees, including the phased lifting of sanctions against FRY linked to implementation of the agreed political resolution, the application of new sanctions or other punitive measures against parties obstructing implementation, and international monitoring of all aspects of compliance.

Principals agreed that the U.S., working with the Contact Group and other allies and partners, should lead international efforts to achieve political resolution based on these principles by:

- Seeking to establish a climate for negotiation through cessation of violence, ~~removal~~ elimination of checkpoints and other obstacles to freedom of movement by all parties, withdrawal of FRY and Serbian security forces to barracks or from Kosovo, withdrawal of Kosovar fighters to designated areas, full international monitoring of the ceasefire;

- increasing pressure against Milosevic through international sanctions (b)(1) (b)(1) (b)(1) and strengthening the Kosovar team by broadening participation and bringing the UCK into the political process;

- Facing the parties with a full range of incentives and disincentives to encourage them to accept the package of principles as the basis for a negotiated resolution, notionally including:

  For Milosevic -- *sticks*: a full range of punitive measures not limited to continued and additional international sanctions -- *carrots*: phased lifting of

sanctions and normalization of international relations linked to implementation of the agreement;

For Kosovars -- *sticks*: no ~~objection to~~ protection from proportionate FRY/Serbian response to violent provocations, disruption of UCK financing and logistics, lifting of UNSCR 1160 to permit re-supply of FRY/Serbia weapons -- *carrots*: a place at the table for political representatives of UCK;

- Holding a decisive peace conference outside FRY, under U.S. leadership, to conclude the negotiated resolution.

Principals agreed that, to support the above peace strategy:

- plans should be drafted immediately to build up around Ibrahim Rugova a negotiating team that can credibly speak for the Kosovar side; planning must propose how the Kosovo Liberation Army (UCK) can be brought into the political process, including concrete incentives and disincentives (action: state); ~~(S)~~

- plans should be drafted immediately to further increase pressure on Milosevic to suspend violence and engage seriously in negotiations including further sanctions, such as a visa-ban on senior FRY and Serbian government officials responsible for repression.

(b)(6) (b)(1)

In this context:

(b)(1)

-- Milosevic should be offered no relief from sanctions or other concessions at this time. ~~(S)~~

Principals agreed that, working with Russia and other Security Council members, the U.S. should seek a UNSC resolution endorsing international observers in Kosovo, if possible under Chapter VII (action: State).

significant SFOR drawdown following SFOR's six-month review in December. (Action: State) (S)

- Principals agreed to maintain pressure on Belgrade while exploring Serb autonomy proposals with aggressive U.S. counterproposals. Principals agreed that continued efforts to build a coherent Kosovar negotiating team and bring the UCK into a political process would not be helped by bringing financial and other pressures against the UCK at this time. (Action: State) (S)

- Principals agreed to continue accelerated NATO planning for a full range of contingencies. In order to enhance the credibility of possible NATO action in Kosovo, Principals agreed to consider stand-off air options that might be employed before and at lower political threshold than a full air campaign. (Action: Defense) (S)

- Principals agreed that under current circumstances, efforts to achieve a United Nations Security Council Resolution under Chapter VII would be counterproductive. (S)

- Principals tasked the Albania IWG to review options for advancing our interests in Albania. The IWG should explore what mechanism(s) could be used to ensure more effective coordination and application of international assistance, including a "Friends of Albania" group and/or a high-level coordinator or even a "Dayton-style" implementation process. In addition, the IWG should assess options for breaking the domestic political deadlock in Albania, including formation of a government of national unity or of technocrats. (Action: State, NSC) (S)

Summary of Conclusions

It was agreed that:

- The USG should press NATO to authorize by October 2 the issuing of an Activation Request (ACTREQ) for the limited air option and phased air campaign; this should be followed by a public statement by the NATO Secretary General explaining the decision as a response to the latest atrocities and Belgrade's continued non-compliance with UNSCR 1199. (Action: State) (S)

- The USG should agree to a meeting of Contact Group political directors in London on October 3 to discuss inter alia the possible elements of a political settlement; if other Contact Group members request, this could be followed up with a demarche in Belgrade by the United States, Russian and EU Presidency ambassadors. (Action: State) (S)

- The USG should press the UN Secretary-General to issue his report on compliance with UNSCR 1199 no later than October 5 while working to convince the French and German governments not to seek a further UNSCR following the report. (Action: NSC, State, DoD, USUN) (S)

- The USG should propose a special PJC meeting with the objective of keeping Russia on board while making clear that the Alliance is prepared to act despite Russian objections if necessary. (Action: State) (S)

- Subject to the President's approval, the USG should aim to secure NATO agreement on October 7 to authorize the issuing of an Activation Order (ACTORD) covering both the limited air option and the phased air campaign. (Action: State) (S)

- General Clark should be requested to consult with the USG prior to actual execution of air strikes to ensure close coordination of diplomatic and military activities. (Action: JCS) (S)

- The USG should plan to dispatch Ambassador Holbrooke to Belgrade immediately following the issuance of the ACTORD and prior to execution of air strikes to confront Milosevic with a clear set of demands aimed at attaining full compliance with UNSCR 1199. (Action: State) (S)

CLINTON LIBRARY PHOTOCOPY

[003a]

- The USG should formulate a strong message to the Kosovar Albanians and determine appropriate means for delivery. (Action: State) ~~(S)~~

- The USG should agree to NATO planning, without commitment, for a range of possible ground contingencies assuming a permissive environment. (Action: State) ~~(S)~~

- The USG develop and implement a strategy designed to weaken Milosevic P1/(b)(1)

- The United States should discourage allies from seeking a further UN resolution specifically authorizing the use of force. (Action: State, USUN) (S)

- The United States should continue to seek an ACTORD later this week. (Action: State) (S)

- The United States should clearly warn the Kosovar Albanians that provocative actions that disrupt our efforts, or seek to provoke a response by Serbian security forces, will cause NATO to adjust its response accordingly. (Action: State) (S)

- NATO should be asked to examine the full range of options to implement an agreement, including a civilian monitoring force (perhaps based on an augmented KDOM). (Action: State, DOD) (S)

- The United States should seek NATO agreement to a single ACTORD for the Limited Air Option and Phased Air Campaign, recognizing that the further NAC would likely be needed on the transition from the Limited Air Option to the Phased Air Campaign and on the transition between each phase in that campaign. (Action: State) (S)

- JCS should notify SACEUR of the U.S. forces committed to the Limited Air Option and Phased Air Campaign, recognizing that a Presidential decision would be required prior to an ACTORD authorizing their employment. (Action: JCS) (S)

- Any forward deployment of B-52s committed to the NATO operation should wait until after ACTORD approval. (Action: JCS) (S)

Summary of Conclusions

It was agreed that:

- Despite some progress, FRY compliance with UNSCR 1199 remains insufficient. The principal shortfall is Belgrade's failure to withdraw the MUP to pre-conflict levels. (Information: All) (C)

- To achieve further progress toward compliance, additional pressure should be brought to bear on Milosevic. This should include:
  - early steps toward establishing a NATO force in Macedonia;
  - retargeting and reconceptualizing the Limited Air Response;
  - preparing our allies for possible military action. (Information: All) (S)
- The United States will also maintain pressure on the Kosovar Albanians in general, and the UCK in particular, to comply with UNSCR 1199 and to ensure the safety of international monitors. (Action: State) (C)
- Principals will convey this approach to their counterparts in key allied capitals, and the NSC will prepare appropriate talking points for Presidential telephone conversations over the weekend. (Action: NSC, State, DoD) (U)
- Joint Staff will initiate a revision of the Limited Air Response to expand the target list and to shift its focus from demonstration to denial, while exempting barracks to which MUP and VJ forces are obligated to return. (Action: JCS) (S)
- The Secretary of State will issue a public statement welcoming UNSCR 1203 as a strong endorsement of the NATO and OSCE verification missions. USUN will encourage the UK, as presidency of the UNSC, to do the same. (Action: State, USUN) (C)
- The United States will adopt a public line indicating that there has been some, but insufficient progress toward compliance and underscoring NATO's determination to attain full compliance. (Action: All) (S)

- The United States will press key NATO allies to increase the pressure on Milosevic by publicly recalling SACEUR's authority to conduct air operations after October 27th and by rapidly deploying a NATO force in Macedonia. Such a force would be available to help extract OSCE verifiers in an emergency or prior to the conduct of NATO air strikes; its presence would also send a strong psychological signal to Milosevic and have a stabilizing effect in Macedonia. While we should expect our European allies to contribute the bulk of this force, the United States should not rule out participation in such areas as C4I and logistics support. (Information: All) (C)

- Principals will convey these points to their counterparts in key allied capitals, and the NSC will prepare appropriate talking points for Presidential telephone conversations over the weekend. (Action: NSC, State, DoD) (U)

- The United States will also maintain pressure on the Kosovar Albanians in general, and the UCK in particular, to comply with UNSCR 1199 and to ensure the safety of international monitors. (Action: State) (C)

- Joint Staff will initiate a revision of the Limited Air Response to expand the target list and to shift its focus from demonstration to denial, while exempting barracks to which MUP and VJ forces are obligated to return. (Action: JCS) (S)

- The Secretary of State will issue a public statement welcoming UNSCR 1203 as a strong endorsement of the NATO and OSCE verification missions. USUN will encourage the UK, as presidency of the UNSC, to do the same. (Action: State, USUN) (C)

- The United States will adopt a public line indicating that there has been some, but insufficient progress toward compliance and recalling that SACEUR retains the authority to conduct air strikes. (Action: All) (C)

Cannot find a case where a PC was held by telecon, but this was clearly a PC in my mind. With today's communications capabilities I don't think we should limit meetings to situations where the principals are physically in the same space. I can't find any difference between this and other PC's other than that it was conducted via telecon. I recommend we do Summary of Conclusions.

Kosovo
Humanitarian Compliance as of Oct. 24, 1998

Following is information on the various issues raised in UNSCR 1199 and subsequent documents, related to GOFRY compliance on humanitarian issues. This information has been collected since 9/23. Kosovo Humanitarian Working Group members, including DOS/PRM, EUR/SCE, DRL, PM, USAID/OFDA, OSD/PKHA and NSC have cleared this document in draft.

Refugee/IDP Return: According to KDOM, DART and UNHCR reports, many internally displaced persons (IDPs) have reported that they are not returning because of the continued deployment of MUP and VJ, as well as continued low-level skirmishes. Of the estimated 250,000 IDPs, approximately 30,000 have returned since 9/23. However, there have been an equal number of newly displaced. We estimate the total number of IDPs has remained virtually unchanged since 9/23. The Washington Post reported on 10/24 that four refugees were killed by FRY border patrol on 10/22, while attempting to return home from Albania. There are an estimated 17-20,000 Kosovo refugees in Albania.

Access for Aid Agencies: DART, UNHCR and NGOs report that access has improved greatly since 9/23. Serb authorities have not denied access for aid agencies to any areas of Kosovo, and have not delayed convoys at checkpoints. It is worth noting, however, that World Food Program canceled two convoys on 10/19, following weekend fighting, due to its own assessment of dangerous conditions.

Freedom of Movement for Aid Agencies: DART, KDOM and NGOs report greatly improved freedom of movement for aid agencies. Serb authorities have not limited these agencies from traveling on main roads. However, UNHCR and NGOs report significant concern about the extent of mining and traveling on secondary roads, which may be potentially mined.

Customs: DART, UNHCR and NGOs report no problems importing goods into the FRY or into Kosovo since 9/23. Flight clearance for OFDA humanitarian airlift was received on 10/23.

Visas: Five of eight visas requested by humanitarian NGOs have been issued as of COB 10/23. No visas have been issued to the Physicians for Human Rights workers and DRL representative, who will form the USG forensics assessment mission. Approximately 18 staff of ICTY, including 13 investigators from the Office of the Prosecutor, have not been issued visas. Visas have been issued to 12 DART members and the five Finnish forensic experts.

Radio and Radio Frequency Use: Seven NGOs applied for registration with the GOFRY this week, in order to formalize their status and legally use radios and radio frequencies. NGOs have not reported a response to their request.

Limitations on Commercial Imports: Reports from the field state that the GOFRY's prohibition on the import of commercial goods, including basic food commodities, to non-state stores in Kosovo remains in effect. Given the small number of state stores, this leaves much of the population without access to newly imported goods.

It was agreed that:

- OMB will work with State and NSC to determine how to meet FY99 funding requirements for Kosovo. (Action: OMB) (U)

- The USG should proceed with the strategy described in the State Department paper with two exceptions: (1) (b)(1) (b)(1) (b)(1) and (2) the USG should not take steps to interfere with Kosovo Liberation Army (KLA) funding until there is a fuller assessment of the probable effectiveness. (Action: State) (S)

- Ambassador Hill should continue with his proposed approach to negotiating an interim political settlement, although progress should be reviewed on a regular basis. (Action: State) (S)

- Pressure should be increased on Belgrade to bring its security forces into compliance with the Clark-Naumann agreement and to cooperate with the OSCE's Kovoso Verification Mission (KVM) in creating positive change on the ground. This should be done by profiling Belgrade's non-compliance and non-cooperation and taking steps within NATO to maintain the credibility of its Activation Order. (Action: State) (S)

- The USG and OSCE's Kosovo Verification Mission (KVM) should move forward quickly with creating positive change on the ground through training local police, preparing for local elections and implementing community development projects. (Action: State) (S)

- The USG should send a clear message to the KLA that further provocations or breaches of the cease-fire will not lead to NATO intervention but to international condemnation and sanction. (Action: State) (S)

- The USG should adapt its public line to condemn more forcefully acts of violence by the KLA and its role in provoking violence, while still acknowledging that Milosevic bears primary responsibility for the crisis in Kosovo. (Action: State) (S)

- The feasibility and effectiveness of interfering with KLA funding should be fully assessed. (Action: NSC) (S)

Summary of Conclusions

It was agreed that:

- OMB will work with State and NSC to determine how to meet FY99 funding requirements for Kosovo. (Action: OMB) (U)

- The USG should proceed with the strategy described in the State Department paper with two exceptions: (1) (b)(1) (b)(1) (b)(1) and (2) the USG should not take steps to interfere with Kosovo Liberation Army (KLA) funding until there is a fuller assessment of the probable effectiveness. (Action: State) (S)

- Ambassador Hill should continue with his proposed approach to negotiating an interim political settlement, although progress should be reviewed on a regular basis. (Action: State) (S)

- Pressure should be increased on Belgrade to bring its security forces into compliance with the Clark-Naumann agreement and to cooperate with the OSCE's Kovoso Verification Mission (KVM) in creating positive change on the ground. This should be done by profiling Belgrade's non-compliance and non-cooperation and taking steps within NATO to maintain the credibility of its Activation Order. (Action: State) (S)

- The USG and OSCE's Kosovo Verification Mission (KVM) should move forward quickly with creating positive change on the ground through training local police, preparing for local elections and implementing community development projects. (Action: State) (S)

- The USG should send a clear message to the KLA that further provocations or breaches of the cease-fire will not lead to NATO intervention but to international condemnation and sanction. (Action: State) (S)

- The USG should adapt its public line to condemn more forcefully acts of violence by the KLA and its role in provoking violence, while still acknowledging that Milosevic bears primary responsibility for the crisis in Kosovo. (Action: State) (S)

CLINTON LIBRARY PHOTOCOPY

- The feasibility and effectiveness of interfering with KLA funding should be fully assessed. (Action: NSC) ~~(S)~~

This was a short meeting appended at the last minute to a PC on Iraq. This is as close as I could come to any conclusions -- perhaps it's best to pretend it didn't happen!

Per Jim, we shouldn't do an SOC for this meeting. ~~He d~~ we can't seem to reconstruct it accurately enough.

Nina,

If JS means did this meeting take place, it did. If you recall, a PC on Iraq took place from 2:30-4:00pm. At 4:00pm, the "Iraq people" left (Todd, Riedel, ect) and Schulte, etc. came in. If this isn't what JS means, send back down and we will forward to Schulte for clarification (on JS question)

Tom

Need SOC from nearest previous DC — Principals had something else

Jim remembers the context, but thinks other topics were discussed at the meeting — could you send up the DC SOC that most immediately preceded this meeting? Thanks

Summary of Conclusions

It was agreed that:

- The USG should warn Milosevic that the expulsion of Ambassador Walker as Director of the OSCE Kosovo Verification Mission (KVM) would cause the United States to withdraw its participation from KVM and that this would inevitably lead to the mission's full withdrawal. (Action: State) (S)

- The Secretary of State should contact her Russian and Norwegian counterparts to ensure their full support for linking Ambassador Walker's retention to the future of the mission. (Action: State) (S)

- Subject to the President's agreement, the USG should begin to develop a consensus within the Alliance on a NATO ultimatum, backed by the threat of air strikes, that would aim to achieve a "status quo ante plus," including:

  - stricter limits on Serb security forces;

  - a KVM with greater authority and assurances of safety;

  - identify and bring to justice those responsible for Racak;

  - cooperation with the UN's International Criminal Tribunal for the former Yugoslavia; and

  - agreement to elements of autonomy for Kosovo including local police and elections. (Action: NSC, State, DoD) (S)

Summary of Conclusions

It was agreed that:

- The USG should secure NATO support to issue an ultimatum, and be prepared to conduct air strikes, in order to achieve a "status quo plus ante" to include:
  - retaining the OSCE's Kosovo Verification Mission in place with strengthened authority and guarantees for its security;
  - Milosevic's agreement to proceed with "Track II" of the strategy agreed by the Principals on January 15, including local police and elections;
  - Milosevic's agreement to cooperate with the ICTY in investigating the Racak massacre;
  - Milosevic's commitment to negotiate an interim political settlement. (Action: State) (S)
- The NATO ultimatum should be part of an overall political strategy that addresses the Kosovo Liberation Army, options for implementing a settlement, and options for the "day after" air strikes if the ultimatum does not succeed in securing NATO's requirements. (Action: State, NSC) (S)
- The APNSA and Secretary of State would call appropriate counterparts to make clear that Belgrade reversing its decision to expel Ambassador Walker is necessary but not sufficient to bring the FRY into compliance with its international obligations and commitments to the OSCE and NATO. - The USG should request the North Atlantic Council to task the NATO Military Authorities to plan for air operations beyond the initial package of strikes already planned in NATO. The planning should include options to respond to: (1) FRY offensive operations in Kosovo and (2) FRY attacks on NATO forces. (Action: State) (S)

- The VJ should be warned through military channels of the consequences to the VJ of NATO air strikes, so as to undermine VJ support for launching a military offensive in Kosovo. (Action: DoD) (S)

- Assuming that the talks in Paris will not produce an agreed interim settlement, the Principals should reconvene to consider the following two paths:

  - First, using a Kosovar Albanian "yes" and Serb "no" to pose a credible threat of NATO air strikes with the aim of securing Belgrade's acceptance of the interim settlement, while ensuring that NATO is ready to execute air strikes to reduce Belgrade's capability to conduct offensive operations in Kosovo;

  - Second, disengaging from the talks without a concluding threat of air strikes, while keeping NATO ready to respond to further FRY offensive operations or atrocities. (Action: NSC) (S)

- Deputies should prepare a timeline that takes into account the need for (1) deliberate planning for air strikes; and (2) intensive diplomatic efforts in Belgrade. (Action: NSC) (S)

- The first round of air strikes should not be launched without agreement in principle on a substantial follow-on package. With this in mind, Secretaries Albright and Cohen and Chairman Shelton will contact their counterparts to emphasize the need for careful planning and to build consensus for substantial air operations. (Action: State, DOD, JCS) (S)

- Secretary Richardson should not accept Milosevic's invitation to visit Belgrade unless Milosevic provides assurance that (1) he will not begin an offensive during or immediately after the trip; and (2) will discuss all implementation issues. Principals will consider further whether the Secretary should carry with him a letter from the President. (Action: State) (S)

- Ambassador Holbrooke should seek to secure Milosevic's agreement on two basic points: (1) an immediate cease-fire and (2) reductions in the VJ/MUP and establishment of a NATO-led implementation force based on Chapter 7 of the Rambouillet Accords.

- Ambassador Holbrooke should make clear that we would only be willing to consider changes to other parts of the agreement after acceptance of those two points and if the changes can be agreed by the Kosovar Albanians.

- NSC Principals would need to consider any requests from Milosevic for sanction relief.

- Ambassador Holbrooke should be ready to leave Belgrade immediately if Milosevic launches a major offensive. (Action: State) (S)

- Agencies should arrange for a series of update phone calls to key Congressional staff the following day. (Action: State, DOD, NSC) (C)
