Scope and Content

FOIA 2022-0050-F is a request for all video records from a White House intern event on July 6, 1995. The event is an intern group photograph opportunity event held on the South Portico of the White House, typically set up for each intern class that works at the White House so they can greet the President. President Clinton makes brief remarks to the interns, then greets each individually as they descend the South Portico steps.

Records that were responsive to this FOIA request were found in one collection area and one series— Clinton Presidential Records: Video Recordings of the White House Television Office and the series therein – Video Recordings Relating to the Clinton Administration. Processing is done at the individual tape level. While this method maintains tape run time integrity, it frequently results in the processing of video records that are not wholly responsive to the subject area.
